The "Yellows" Won.

The exhibition game of basket ball at the Y. M. C. A. last night was won by the "Yellows" in the close score of 16 to 15. A large number of enthusiastic speciators were present and the game was quite a success. The lineup was as follows: "Reds," Albert Dosher and R. Schulken, forwards; W. L. Williford, centre; Wilbur Dosher and Richard Green, guards. "Yellows," J. S. Hooper and W. A. Little, forwards; Joe Loughlin, centre; A. C. Boney and LeRoy Smith, guards. Wilmington Anti-Saloon Forces Decide to Make Fight On Dispensary Issue.

THE MEETING LAST NIGHT

Sopies of Printed Petitions Calling for an Election Will be Submitted to Voters To-day-Something of the Provisions of the Watts Law.

By unanimous vote the Wilmington Anti-Saloon League, at a called meeting last night at the Y. M. C. A., decided to thoroughly canvass the city. through its Executive Committee for the purpose of securing the required number of petitioners to call an election upon the liquor question, under the provisions of the act passed by the last Legislature, commonly known as the Waits' Law. The issues will be both upon the establishment of a dispensary and the licensing of distilleries within the corporate limits. The decision of the League to begin the fight was after a long discussion as to whether or not the time was opportune for the throwing out of the skirmish lines; whether it would not be better for the present, at least, to accept a high license compromise; whether the masses were sufficiently aroused or whether the enemies of the open saloon were sufficiently well organized to reasonably expect success. The decision was at length in the affirmative, and to-day members of the Executive Committee from the several wards, with such assistants as they may enlist, will begin an active canvass for signatures in their respectve wards.

The meeting last night was held in the library of the Y. M. C. A., and between 35 and 40 sympathizers, including a good delegation from the clergy, were present. President Philander Pearsall was in the chair and Mr. W. B. Cooper, the secretary, When the meeting was called to order Rev. J. N. Cole, by request, very courteously stated that the gathone of persons interested in the promotion of temperance. At that suggestion, not wishing to intrude and having very naturally responded to the authorized notice of the meeting in the newspapers, Messrs. W. H. Coleman and G. W. Linder very gracefully retired. The meeting was then opened with prayer by Rev. J. L. Vipperman, of Brooklyn Baptist church. President Pearsall then very concisely stated the object for which the meeting had been called and declared in order a discussion of the subject in hand, which, as has been stated, was the propriety of setting on foot a movement for the elimination of the saloon and distillery and the establishment of a dispensary in their stead. Mr. Cooper read the draft of a printed petition for circulation, which he said had been drawn by an attorney and was, therefore, according to law. The petition is as follows:

Petition to be presented to the Honorable Mayor and the Honorable, the Board of Aldermen of the city of Wilmington, North Carolina, under sections 7 et. seq. of chapter 238 of Public Laws of North Carolina for the year of 1903, for the said governing board of said city to order an election to be held under the provisions of said act, to determine: (L) Whether intoxicating liquors shall be manufactured in the said city

of Wilmington, North Carolina. (3.) Whether dispensaries shall be established in said city of Wilmington, North Carolina.

To the Honorable, The Mayor, and Board of Aldermen of the city of Wilmington, North Carolina:

The undersigned being one-third of the registered voters of the city of Wilmington, North Carolina, and who were registered for the preceding municipal election, petition the Hon-orable, the Board of Aldermen of the city of Wilmington, North Carolina, to order an election to be held, after thirty (80) days notice, except within ninety (90) days of any city, county, or general election, to determine:

(1) Whether intoxicating liquors shall be manufactured in the said city of Wilmington, North Carolina. (2.) Whether dispensaries shall be established in the said city of Wil-

mington, North Carolina. Mr. B. F. Hall said before undertaking a movement of the kind in hand which would entail a hard-fought contest the League should be very certain of its grounds. If the movement is undertaken something should be done to arouse a favorable public ed into service and everybody should go to work. turned back to the open saloon. The dispensary was a fruitfu breeder of blind tigers. Mr. Barnes' objections were controverted by Rev. J. N. Cole,

who also suggested that what is to be done must be done quickly so as not to throw the election into the Christmas holidays. Several suggested that the first battle was with the Board of Aldermen, a majority of whom it was feared, was opposed to a dispensary election.

Mr. R. E. Blake would not have the eaders forget the value of personal work. The name of every voter should be taken with his views on the question and those lists should be submitted to the campaign committee at each meeting with a view to more strenuous effort. Mr. R. H. Beery suggested that the committee should look well into the matter of registration and technicalities in the way of the election. Rev. J. R. Marshall and others spoke along general lines, asking per-

tinent questions and throwing out suggestions about the plan of action. Mr. C. C. Covington counselled conservatism and referred to the magnitude of the undertaking. While he was in favor of no compromise, the question of high license and more stringent regulations in the way of closing hours, etc., was regarded by many good people as a proper solution for the present. Mr. Covington urged that phase of the question both before and after the vote was taken.

Rev. J. L. Vipperman renewed the motion to proceed with the petitions at once and the motion was adopted by a rising vote.

Mr. Cooper said in encountering objection to the dispensary, a strong argument was that half the net profits would go the school fund, providing an estimated revenue of \$16,000 for the schools, whereas all that tax now goes to the State. The other half goes to the city, yielding just as much revenue as at present. The machinery for the circulation of the petitions was then discussed and upon motion of Rev. C. B. Paul, the matter was left with the two members of the Executive Committee from each ward, with nstructions to enlist such helpers a they desire. The committee is as foi-

Marshall introduced Rev. S. F. Conrad, representing the North Carolina Baptist, of Fayetteville, who made a brief talk commending the League for the action taken and urging the importance of organization.

Provisions of Watts Law. The Watts Law under which it is proposed to hold the election is printed in the Public Laws of 1903, a copy of which is in possession of any magistrate. The opening sections of the act make it unlawful to sell or manufacture liquor except in incorporated towns, except by 'druggists on prescriptions, and in no case without license from town and county authorities and prescribing penalties for the violation. Section 7 makes it the duty of the governing body of any city or town to call a local option election upon petition of one-third of the registered voters therein, who were registered for the preceding municipal election. Thirty days notice of such election is required and the same is not to be held within 90 days of any other public election. The options to be determined are (1) whether intoxicating liquors may be manufactured (2) whether bar-rooms or saloons shall be established or (3) whether a dispensary shall be established. The total prohibition issue will not be submitted in the present instance. Such elections can be held no oftener than once in two years, and they are to be conducted under the same rules and regulations provided by the laws of North Carolina regulating municipal elections. Two boxes will be provided in the proposed election here, one "For Distilleries" and "Against Distilleries" and the second "For Dispensaries" and "Against Dispensaries." Tickets shall be of white paper and without device. The majority of the votes cast is required to carry the elec. sentiment. Speakers should be press- tion. SALE OF SEATS NOW ON.

Appearance of Miss Marie Wainwright Here on Tuesday Evening.

"Twelfth Night," which will be presented at the Academy Tuesday night, 21st. with Miss Marie Wainwright as Viola. is a genuine comedy, a perpetual Spring of the gayest and the sweetest fancies, and such also is the interpretation of the tender Viola and charming Cesario by Miss Wainwright. In artificial society men and women are devided into castes and classes, and it is rarely that extremes in character of manners can approximate. To blend into one harmonious picture the utmost grace and refinement of sentihumor, the most poignant wit and the most indulgent benignity, in short, to bring before us in the same scene Viola and Olivia, with Malvolio and Sir Toby, belonged only to nature and to Shakespeare. The stage settings provided for this popular revival are like the comedy itself, superb. Olivia's garden is said to be a scenic poem, the seacost of Illyria a stage picture of masterful skill and the rose bower an ideal trysting place for ideal lovers.
