my Telegraph to the Morning Star. BRISTOL, TERR., Nov. 8. - A fatal election row occurred in an election booth at Fairview, in Scott county, Virginia, to-day. The trouble arose over objections being made to C. P. Roller serving as a Republican judge. Roller, it is claimed, has been selected by Democratic election commissioners for service and the least of the least open commissioners. Osborne and Nickels, the two dead men, were Democratic judges and were brought into the quarrel on account of their official connection with the election. It is believed that Catron fired the shots that killed Osborne and Nickels. The two men who were killed shot Catron and

PERSACOLA, FLA., Nov. 3.-The heaviest rain known in this city for a period of twenty-four years fell here to-day. The precipitation was nearly eight inches. All trains are delayed, washouts having occurred at several places. For a number of hours this morning no engines could be moved from the Louisville and Nashville shops to carry out trains rains having washed over the tracks in front of the shops to a depth of twelve and four-teen inches. Many of the streets are impassable on account of washouts and in one instance a five-room cot-tage was undermined and has toppled over in a ditch.

McClellan Elected Mayor by a Plurality of 70,000 Over Low, Fusionist.

TAMMANY'S GREAT VICTORY

Grout Elected Comptroller and Forner President of Board of Aldermen-Utter Defeat of Pusionists-Triumph for Murphy.

By Telegraph to the Morning Star, NEW YORK, Nov. 3.-After a re markable campaign in which there was united against him nearly all of the newspapers and practically every minister of religion in the city, Geo. B. McClellan, son of the civil war general, was to-day elected third mayor of Greater New York, over Seth Low, Fusionist, the present mayor, by the large plurality of 70,-

Edward M. Grout was elected comp-troller and Charles V. Fornes presi-dent of the board of aldermen. These two men were originally on the Fusion ticket and were endorsed by Tammany, whereupon the Fusionists took their names from the Low ballots and nomicated other candidates. It was the nomination of Grout and Fornes by Tammany that caused Hugh McLaughlin, the veteran leader of the Kings county Democracy to bolt, and declare that he will not support men who were not Democrats. In spite of this defection, however, Mc-Ciellan, Grout and Fornes carried Kings county. The management of their campaign there was taken over by State Senator Patrick H. McCarren, when McLaughlin refused his aid. The surprise was the small vote for William S. Devery, former chief of police, who ran on an independent ticket which had practically no sup-

This result shows a tremendous change in public sentiment since Mayor Low's election two years ago, when he won by 31,632. At that time he carried all the boroughs but Queens, with a plurality in Manhattan and The Bronx of 5,683, in Brooklyn 2,567, and in Richmond 763. In Queens, Shep-ard, Democrat, had a plurality of 561. To-day, McCiellan carried Manhattan and The Bronx by about 58,000, a gain of 63,000; Brooklyn b/ about 6,000, a gain of 31,000, and Queens by about 5,000, a gain of more than 4,000. This makes a total net gain for McClellan of about 103,000, as compared with Shepard's vote of two years ago. Low carried only one borough-Richmond known early and at 8:15 Mayor Low sent a telegram of congratulation to

Colonel McClellan, who is at pre-sent a member of Congress, made the following statement:

"I am deeply grateful to my fellow citizens for their confidence in me. I renew the promise which I made be-fore the election. I have no bitterness of feeling for any one. I shall go at once to Washington to prepare for the extrordinary session of Congress and as soon as the question of Ouban reciprocity is disposed of, I shall turn my attention to the affairs of the city. "I expect the co operation of every citizen, whether he supported me or not, and regardless of his political views, in the advancement of the city's

"This victory should encourage and unite all Democrats for the presidential contest in 1904." Charles F. Murphy, the leader of

Tammany Hall, said: "The figures speak for themselves and the people have spoken. Of course we are pleased at the result. It bears out the figures we gave. If the elec-tion had been a week further off, the chances are that Devery would have solled a larger vote than Low," The victory, great as it is for Mc-Ciellan, is of more significance to Mr.

Murphy, who made up the Democratic ticket and who managed the campaign. Defeat to day would have meant for him deposition from his post as leader, with all its powers and opportunities, and the accession to control of another faction. Indeed plans had been made by certain independent Democrats, based on the be-lief that Low would be re-elected, to reorganize the Democracy of the city with Tammany left out. To Mr. Mc-Carren, also, the result meant much, for had McClellan lost, McLaughlin would have been again in control and McCarren and his friends would have

had little to hope for. The carrying of Brooklyn for Me-Ciellan caused astonishment, as it was believed the cry of "no red lights in Brooklyn" would cause an increased vote for Low in that borough.

The campaign was one of the most interesting in the history of New York city. From the day Mayor Low was re-nominated his supporters urged his re-election on the ground that no partisan question was involved, but that every man should vote to uphold the existing administration because it had given the city a business-like conduct of affairs, and because it had done much to stamp out the "red light" evil of the East side. It was argued Fusionist orators that the return by Fusionist orators that the return of Tammany men to office would mean a "wide open town," unre-stricted lawiessness and the renewed terrors of the infamous "cadet system," by which ignorant girls were forced into lives of shame, their earnings going to men whom they sup-posed to be their husbands. To these statements the Democrats

responded with the charge that Low's non-partisan claims masked an attempt to secure control of the city in the interest of Gov. Odell; that all of the credit for the good business administration under Low belonged to Grout, who was on the Democratic ticket, and that every Democratic ticket, and that every Democrat should cast his ballot for McClellan in view of the important bearing this city's vote would have on the Presidential election next year.

Returns from the State indicate the election of Republican mayors in Syracuse, Rome, Plattsburg, Rochester, Albany, Binghamton, Wateriown, Onelds and Elmirs. In Oswego, Utica, Schenectady and Amsterdam, Democratic mayors were elected. Returns from the assembly districts up State indicate a few gains by the Republicans, the returns up to 11 P. M. showing four assemblymen in districts formerly represented by Democrata. From many of the up-State assembly districts, however, no reports had been received. In New York county the Republicans had gained one assemblyman, seven districts being unreported. The Republicans gained a State senator in the twenty-third district, where a Republican succeeds Charles McClelland, Democrat,

who resigned to accept a Federal appointment. The Benate holds over and is strongly Republican.

The vote on the canal amendment was in almost every instance reported heavily against it, but from Eric county and Greater New York no report had been received up to 11 o'clock.

NEWARK, Nov. 3.—A very light vote was cast in all parts of New Jer-sey with the exception of Jersey City, Hoboken, Paterson and a few other cities in which mayors were voted for.

It is a foregone conclusion that the
Republicans continue to control both houses of the Legislature.

Eighty-one voting machines were tried in the State, a few being distributed in each county. They all appear to have worked satisfactorily. Nebraska.

Omaha, Neb., Nov. 8.—Twenty-one precincts outside of Douglass county (Omaha) give Barnes, Republican, for supreme judge, 2,173; Sullivan, fusion, 3,001. The first fourteen precincts showed a net Republican gain of \$18. The Republican fusion in of 318. The Republican-fusion increase throughout the State will probably elect eleven. LINCOLN, NEB., Nov. 3. -Based on returns from 115 voting precincls outside of Lancaster county (Lincoln) and Douglas county (Omaha) the Re-

publican State central committee at midnight made the claim of the elec tion of the entire Republican State ticket by not less than ten thousand plurality. This claim is considered conservative and newspaper returns tend to confirm it. The vote for the 115 precincts in the State gave Barnes, Republican, 9,643; Sullivan, Fusion, 8,192. The same precincts two years ago gave the Republican candidate 9,675, Fusion 8,107; a change so slight that it will require a fusion landslide from an unexpected quarter to over come the Republican plurality of 13,-000 of two years ago. RICHMOND, Va., Nov. 3.—The net result of the election in Virginia today seems to be an increase of the anti-Democratic strength in the General Assembly by a few votes, making it about 25 in the two houses. DENVER, COL., Nov. 3. -Both Re publicans and Democrats are claiming the election of Justice of the Supreme Court, the only office to be filled at this election, but all agree that the result will be close. Returns received from the State indicate the re-election of Governor J. C.
W. Beckham, Democrat, by a majority conservatively estimated at 14,000.
The vote cast was unusually heavy and the returns are very slow. Out of 119 counties in the State returns have been received from only twenty-two. These give Beckham 34,448; Belknap 22,035. Belknap carried five of these twenty-two counties, sixteen of which are nominally Democratic.

LOUISVILLE, KY., Nov. 3.—The re-

PROVIDENCE, R. I., Nov. 3.—At midnight the returns indicate the relection of Governor Garvin, Demo crat, by a greatly reduced plurality. At 3:30 A. M. only 85 of the 308 voting precincts of Baltimore city had been reported to the election supervisor's office. These, if the ratio of Democratic gains is maintained, indi-cated that Edwin Warfield, the Democratic nominee for igovernor, has car-ried the city by 7,000 or 8,000 plurality. Massachusetts, Boston, Mass., Nov. S.—John L. Bates was re-elected governor of Massachusetts to-day by a plurality of 85,849 over Col. Wm. A. Gaston, the

Democratic candidate. With returns complete from every lown and city in the State the total vote for governor was: Bates, Republican, 199,393; Gaston, Democrat, 163,-

Police Had Desperate Fight With a Mob Trying to Lyach a Negro Who Shot a White Man.

By Telegraph to the Morning Star. PITTSBURG, Nov. 3 .- Hugh Armstead, a negro, narrowly escaped lynching this evening for the probable fatal shooting of Patrick Butler, a watcher at the polls in the jail voting precinct. The shooting had no connec-tion with politics. Butler's account of the affair is that he, with several companions, were playfully contesting for the possession of a cane which belonged to Butler, and in the scuffle Armstead was struck by toe cane as he was passing. Without other provocation Armstead drew a revolver and fired.

After the shooting Armstead ran along Ross street, Fifth avenue and Smithfield street to the Monongahela river followed by an excited crowd of five hundred or more men who kept up a continual cry of "Lynch him." When the negro was finally captured the police had a desperate fight with the crowd to protect their prisoner.

Independence Proclaimed.

PANAMA, COLOMBIA, NOV. 8 .- The independence of the isthmus was proclaimed at 6 P. M. to-day. A large and enthusiastic crowd of all political parties assembled and marched to the headquarters of the government troops where Generals Tovar and Amaya, who arrived this morning, were imprisoned in the name of the republic of Panama. The enthusiasm was im-mense and at least three thousand of the men in the gathering were armed. Washington Advices,

Washington, Nov. 3,—The Navy Department received word to-day of the arrival of the Nashville at Colon last night through a cablegram from her captain, Commander Hubbard. The department found it necessary to conceal its purpose in dispatching the Nashville from Kingston to the Isthmus, and it was supposed that she was prevented from going to San Domingo because some of her machinery was out of order. As a matter of fact, advices received from the United States vice consul at Panama more than a week ago determined the State Department to have some vessel of the United States navy in isthmian waters. Indeed, it is probable that beginning with the termination of the ceremonies at Guan-tanamo connected with the turning over of the new coaling station, Admiral Coghian will be required steadily to maintain a naval force on the Atlantic side of the isthmus. There are other reasons than the Panama situation for this, as the reports coming to the State Department from the Central American countries north of Co-lombia reveal the existence of turbu-lent and dangerous conditions. Only this morning a cablegram came from one of the [United States consuls in Honduras stating that the people there were in a state of excitement over the reported intention of Nicaragua to attack Honduras.
