MUNICIPAL AFFAIRS.

Board of Aldermen Will Probably Meet Monday to Consider Important Contracts.

THE MARKET STREET PAVING.

Bids Will be Opened at Mayor's Office This Morning-Drainage, Fire Tur. Heating Plant and Other Mat-

ters-Andit and Pinance. In order to close up a number of important city contracts which are now pending, it is more than probable that a meeting of the Board of Aldermen will be held Monday night. On the following night the Board of Audit and Finance will be in regular semimonthly meeting and will be prepared to take final action upon any important maiters that may be sent over. The meeting of the Aldermen Monday night will really be one of the most important of the year. Bids for the Market street paving will be submitted, with the recommendation of the committee, for approval; the contract for the drainage on the same thoroughfare will be passed upon; the agreement for the maintenance of a fire tug will be submitted, with recommendation by the fire committee, and the contract for the heating plant at the City Hall will likewise be passed upon. THE HEATING PLANT.

After a number of conferences between Mr. C. M. Whitlock, the contractor, Chairman Murrell, of the committee, and City Attorney Bellamy, the contract for the installation of the new steam heating plant in the City Hall is now about agreed upon. The chief difference between the ctly and Mr. Whitlock was the time limit for completion of the work and the forfeitures. The contract is now in the hands of Mayor Springer and will probably be executed Tuesday night, The agreement is that the work shall be completed within 70 days from the signing of the paper. The character of the plant to be installed has already been referred to in these columns. One No. 836 Mercer Hot Water boiler, manufactured by the H. B. Smith Co. of Westfield, Mass., will be provided with shaking grates, a full set of fire tools, a hot water thermometer and an altitude gauge. The grates will be adapted to burning hard coa). The flues will be 14 inches mean diameter from boiler to stack, made of wrought iron and boited at all the connections. The amount of radiation must approximate 1,966 square feet. In different parts the building there will be 23 radiators, distributed as follows: Court room floor, five; City Clerk and Loughlins. The present standing of surce's office, two; Audit and Finance room, three; Mayor's office, three. In the basement there will be three in police headquarters and two umpire; D. W. Davis, time-keeper, and each in the white and colored wards of the city prison and two in the room where prisoners are brought for search and examination before being placed

in the prison. MARKET STREET PAVING. Bids for the Market street paving, which has hung fire for so long, will be received by the Streets and Wharves Committee in the Mayor's office until 11 o'clock this morning. The proposals as soon as possible after that hour will be opened by the committee, and the Mayor, who is chairman, is very anxious that a recommendation shall be made at once, so that the matter can immediately go before the Board Monday night and the Board of Audit and Finance Tuesday night. The history of the arrangements for the work is too well known to need elucidation here, and the public is sincerely hopeful that there will be no hitch in an award this o'clock and the interment will be in

THE FIRE TUG AWARD. The contract with Capt. Edgar Williams, of the steamer "Marion," by which that craft is to be equipped as a fire tug, is now in the bands of the Fire Committee, after having been duly approved by City Attorney Bellamy as to form and legality. A few changes may be made, but Chairman Moore, of the Committee, will probably be prepared Monday night to report that the agreement has been executed and that Capt. Williams has ordered or is ready to order the necessary equipment. The general agreement and appropriation tion for the maintenance of the tug have already passed both co-ordinate

boards of the city. MARKET STREET DRAINAGE. The contract with Mr. W. E. Glenn for the extensive drainage on Market street has also been drawn and approved as to execution, etc. by the Olty Attorney and it is now in the hands of Mayor Springer and will be finally passed by the Board of Audit and Finance Tuesday night.

DIXEY, NEW YORK STAR, CLOSES SOUTHERN TOUR

Pinal Production Here Last Night, A Triumphant Success - Distinguished Actor Has Appendicitis.

Wilmington theatre goers have witnessed no finer production of any class this season than that by the clever Henry E. Dixey and company in the great New York and London comedy success, "Facing the Music," which was seen last evening at the Academy by an audience which was comparatively large but which, as an appreciation of merit, should have packed the theatre to its standingroom capacity. The comedy situations changed incessantly and always to the convulsion of the audience with laughter. Henry E. Dixey as the star could not have asked an endowment of talent to better fit him for the role of "The Other Mr. Smith" and every member of the cast was almost equally Curaie" and the two Mrs. Smith, as well as "Ool. Duncan Smith" and 'Sergeant Duffell"all contributed especially to complications, which made a never-ending change of scenes and predicaments for the sporty "Mr. smith," which was, after all, the motive power which kept the audience on the top-shelf of hilarity from curtain up to curtain down.

The programme opened with curtain-raiser entitled "Over a Welsh Rarebit," in which Mr. Dixey appeared as "Grandfather Tom," and Mr. Scott Cooper, afterwards "Sergeant Duffel" in the comedy, as "Grandfather Dick."

The one regretable feature of Mr. Dixey's visit to Wilmington is that it marks the end of his Southern tour. On account of a threatened acute attack of appendicitis, of which he has been forewarned several days, he finds it necessary to cancel future dates in the South, and he and his excellent company will leave to day for their return to New the compress. The "Gadsby" which York. Mr. Dixey was hardly able to arrived at Southport the afternoon appear at Charleston night before last previous, passed up at 5:30 A. M. and stage all during the production. He was loth to give up, however, and decided to make the not overburdensome trip to Wilmington, but to close here. The company had been booked to appear at Durham, Raleigh and one or two points in South Carolins, but the dates had to be cancelled at the last moment, Mr. Dixey's illness is a source of sincere and personal regret to hundreds of enthusiastic admirers who saw him last night, but little dreamed of the fearful odds he was

battling against. Another incident of supreme courage and endurance on the stage, of which the audience knew nothing until the curtain went down, made a heroine of Miss Grace Heyer, who so cleverly played the part of the curate's wife last night. She had been unwell for a day or two, and the vigorous portrayal of the character assigned to her, especially in the last act, was too much for her weakened constitution. As the curtain went dows, she fell into the arms of the "curate" in a faint. Drs. R. E. Zachary, F. H. Russell and Pride J. Thomas were quickly summoned and the young woman had to be sent immediately to her hotel in a carriage.

Regular Monthly Meeting Held Last Night.

Interesting Reports Heard. The regular monthly meeting of Cape Fear Camp, U. C. V., was held last night, Commander Woodward presiding. Adjutant A. L. laid upon the table. Col. W. L. DeRosset, Col. Jno. D. Taylor and Capt. G. W. Huggins, members of the County Pension Board, donated to the relief fund of the camp all the fees arising from their membership on the Board.

Brigadier General James L. Metta made an interesting report of the recent reunion at Raleigh and Mr. Jno. E. Crow spoke with equal enthusiasm and interest of the late reunion of survivors of the Crater, near Peters-

burg, Va. Comrade B. G. Rankin was reported quite sick in the James Memorial

Hospital. Application for membership of F W. Cornish was acted upon favorably.
