FINE BASKET BALL GAMES.

VOL. LXXIII.-NO. 52.

Two Close Contests in Y. M. G. A. League Last Night - Little's Won and Tied Loughlin's in Percentage.

A double-header was played last sight in the Y. M. C. A. backet-ball eague, the contesting teams having seen the Yellows and Reds, of the Junior Department, and the Loughlin's and Little's, of the young men's class. Each game was a fine one and each abounded in sensational plays on both sides. The gallery and floors of the gymnasium were crowded with sympathizers of each of the four teams, and the contests were all the more exciting for the manifestation of such intense interest on the part of the spectators. The Junior game resulted in a victory for the Reds by a core of 16 to 14.

The Little-Laughlin gams resulted of 16 to 17, placing each team on a tie for first place in the percentage column. The game was one of the prettiest of the mason. No one would hazard an opinion on the result until the last whistle was sounded. Two minutes before the finish the score stood 15 to 16 in favor of the Loughlins and while one side wished to clinch the game by good defensive work the other was equally anxious to get in the additional points \$1,650. to win. The ball went into the strand was secured by the Littles. Then after some pretty passing, it was sent across the room to Houston, who after a live engagement with Cooper, turned and from a very difficult position caged the ball and won the game.

LOCAL DOTS.

- Specials cars at 2:30, 3:30 and P. M. will leave Front and Princess street junction to-day for Delgado and

#### BIG CITY CONTRACTS.

Board of Aldermen in Special Session Swept Deck Clear of Them.

PAVING TO ROGER MOORE.

Bld of \$1.73 Recommended and Accepted, Agreements for Heating Plant and Drainage System-Audit and Finance Board To-night.

Figuratively speaking, the Board of Aldermen at a barmonious special session last night swept the deck entirely clear of all big city contracts pending and the recommendations upon the several matters will probaoly be transmitted officially for final action to the Board of Audit and Fisauce at a special meeting of that body to-night. The "sweeping process" last night consisted of an award of the contract to Roger Moore for the Market street paving at \$1.78 per square yard; approval of the contract with W. E. Glenn for the Market street drainage at \$3,250, as slightly amended Tuesday night by the Board of Audit and Finance, and the approval o' he contract with C. M. Whitlock for the City Hall heating plant at

All those matters are now ready for final approval by the Board of Audit and Finance and the execution of the contracts between the successful bidders and Mayor W. E. Springer, in behalf of the city. The contract for the fire tug has not yet been agreed upon by Capt. Edgar Williams and the Fire Committee and it is hardly probable that an agreement will be reached at an early date. Capt. Williams objects to several provisions of the proposed contract which are regarded as highly necessary by the committee.

PROCEEDINGS OF THE BOARD. Immediately upon the opening of the bids for the Market street paving tion without contest, Mayor Springer promulgated a call for a special meeting of the Board of Aldermen last night at 8 o'clock and pursuant to that call every member was present at the hour indicated, vis: Mayor Springer presiding, and Aldermen Murrell, Karr, Moore, Sweeney, W. H. Yopp, Behrends, Hashagen, W. E. Yoppt Tiencken and Gafford; also Assistant Clerk and Treasurer C. H. White, City Attorney Bellamy, City Engineer Adams, Mr. Roger Moore, Mr. C. M. Whitlock and other citizens interested in the proceedings.

Mayor Springer stated that he had convened the Board to receive the recommendations of the different committees on pending contracts and the meeting was then opened for business. City Attorney Bellamy at the request of Alderman Sweeney read in their entirety, first, a proposed contract with Roger Moore for the Market street paving; the specifications, and finally the general instructions and conditions under which the bids for the contract were submitted. The provisions of the contract, which had been read in blank form from time to time before the Board, are well known to readers of the city papers. A 120day time limit with a penalty of \$10 per day for each day over that period the work is not completed is imposed upon the contractor, who is given day for day in excess of that time when any delay shall be occasioned by the city. The provision as to extra work and distance surplus earth is to be removed was amended, placing those matters not only in the hands of the City Engineer, but also under the direction of the Streets and Wharves Committee, as suggested by the Board of Audit and Finance in referring back similar amendments in the

drainage contract. Alderman Behrends asked as to the possibility of a conflict of time between the contractor for the drainage and the paving contractor. Mr. Behrend's precipitated a brief discussion during which the Mayor and City Engineer Adams explained that the contract required the drainage to be completed in 40 days from the execution of the contract and the paving contractor is given four months. Besides, the two unpayed blocks of the drainage route will be laid with the pipe first.

The discussion baying ended, Mr. Sweeney said he hoped all were satisfied and had enjoyed the reading of the lengthy plans, specifications, etc., and that the committee would recommend the award of the contract to Roger Moore for \$1.73 and the adopteon of the contract just read. Upon motion of Mr. Tiencken, and seconds by Mesers. Hashagen and Behrends, the committee's recommendation was unanimously adopted,

OTHER PENDING CONTRACTS. Assistant Clerk White read a communication from the Board of Audit and Finance, noting the minor changes in the drainage contract, placing the extra work and removal of the surplus earth in the hands of both the City Engineer and Streets and Wharves Committee, and the amended contract, after having been

read, was unanimously adopted. The contract for the heating plant for the City Hall, which the Board had inadvertently failed to approve at its last meeting, was then read and unanimously adopted. A time limit of 70 days is named in the contract and in order to rush the work as early as possible, Mr. Whitlock now has his list of

### Wharves Committee at the Mayor's HOSPITAL DONATIONS office yesterday morning at 11 o'clock.

both complied strictly with the plans and specifications. Mr. Roger Moore offered to do the work, with the fiveyear guarantee eliminated from the specifications, at \$1.73 per square yard, Would be Acceptable.

Auxiliary Organizations Are Great Benefi in Many Cities-Enclosing and Beautifying Grounds-Corporations interested in Philadelphia.

mously to recommend the award to Mr. Moore, and Mr. Riley said, of Mr. Frank R. Clark, of Augusta, Ga., vice president of the Georgia Vitrified Brick Co., from whom Mr. Moore will buy the brick, was present and spoke of the merits of his product. He already has large contracts for paving bricks to be used in his own city, Savannab, Valdosts and other important points. He gave results of experiments with the products of his yards and referred to the splendid test which they had stood under the A. C. L. machine in Wilmington. It is safe to say that the material will be the charity wards.

individual donors, and the generous subscriptions of corporations which have expressed their appreciation of

an aid society which would be perma-nent and which would have for its object to assist the Board of Managers in the work of the hospital? The interest of the ladies must be enlisted. and in such a society, better than in

'The noble work of the hospital must not be crippled. We feel well assured that the entire community desires that it shall be properly sus-tained, and we know of no better way of making this certain than to secure the organized co-operation of the ladies. We hope that Donation Day will not only result in securing a number of valuable contributions to the hospital, but that one of the things accomplished will be the permanent enlistment of the ladies of the community in this cause."

ADDITIONAL PAY TO VOLUNTEERS.

Gov. Aycock Was Approached by Washington Lawyers Regarding the Glaim. [Raleigh News and Observer.]

Gov. Aycock yesterday, speaking of the matter of some additional pay being due from the U. S. Government to the North Carolina volunteers in the Spanish-American War, and the reported meeting of the North Carolina delegation in Washington, at five miles in the country on the Mawhich was considered the advisability of recommending the employment of counsel to secure this additional payo'clock. The fire is supposed to have ment, sald that not long ago he re-ceived a letter from a firm of lawyers in Washington regarding this matter, and one of the firm came here to see him personally. The only State they mentioned as having been paid this additional sum at that time was Kentucky. The Governor says he did not understand the claim and requested Representative John H. Small

o look into it. It appears that the additional sum referred to is for the time between the volunteering for service and the regular mustering into the army. There were two acts of Congress providing for the pay of volunteers, one calling for the regular pay, and the other for pay for the time between volunteering and mustering in. The trouble seems to be in the construction of these two laws. The matter would now have to go into the Court of Claims for settlement, as it has passed the auditing de-

SENSATIONAL DISPENSARY MOVE.

"Little Eight" on Raleigh Board Recruits From "Big Nine [Special Star Telegram.]

Suggestions as to Endowments or Annual Subscrptions That

AID OF LADIES REQUESTED.

The STAR is informed by the Board of Managers of the James Walker Memorial Hospital that while the original purpose of Donation Day was to secure a fund with which to improve the grounds surrounding the hospital, they are very anxious to enlist the interest of the public to such an extent that the hospital may receive a number of fixed annual subscribers to the income of the hospital. The cash donations received on Donation Day will, as first intended, be used to enclose and improve the grounds, while all other donations, twhether of groceries, clothing, linen, medical appliances, or what not, will be used in

"There must, ho sever, be a number among the corporations and the public spirited citizens of Wilmington who are anxious that the hospital shall not be crippled in its great work, and who will be glad of an opportunity to aid this cause by promising an annual contribution," yesterday remarked a well known business man who has his heart in the work. "Reference has been made before to the wonderful position the Presbyterian Hospi-tal, of Philadelphia, occupies in

the hearts of the generous people of that city. That hospital has a very large number of annual subscribers to its income. These annual subscriptions range from \$1.00 to \$2,000. The atter amounnt is contributed annualy by the Pennsylvania Railroad. A number of corporations such as the Pulladelphia Rapid Transit Company, the Midvale Steel Company, the Otto Gas Engine Works contribute annually \$100 each, while a very great number of individuals contribute from \$5.00 to \$50.00. The president of this hospital in his annual report makes the following reference to this matter: We refer with pleasure to our list of

our service. These donations show an increase of about 20 per cent.' "In Philadelphia the 'Hospital Ladies Aid Society' contributes very largely to the success of the instituand its annual report is made at the same time as the hospital's report is published. It has life members who secure membership by payment of a certain amount and other membership is maintained by payment of annual dues, a minimum amount being fixed, but a great number paying very not be an excellent idea if, after the first Donation Day of the James Walker Memorial Hospital is passed, the ladies who are doing so much to make this a success should organize

any other way, could they work for this purpose. We feel sure the man-agers would welcome such an organ-

RALEIGH, N. C., Nov. 20.-Another surprise in the dispensary situation was sprung to night by the Board of Aldermen which voted that the terms of office of the dispensary commisof office of the dispensary commissioners elected two weeks ago shall expire next Monday night. This came about by Alderman Rogers' flopping over from the "big nine" to the "little eight," so all heretofore done was undone. One of the "big nine" was undone. One of the "big nine" was undone. It is presumed now avoidably absent. It is presumed now that the heard will elect new commissioners. that the board will elect new commis-sions at its December meeting. The dispensary must open January 1st.

COTTON AND NAVAL STORES.

News of the Markets and Shipping at the Port Yesterday-The Weekly and Crop Year Receipts.

Schooner "W. R. Perkins" arrived yesterday from New York, with cargo of cement for Roger Moore's Sons & Company.

The coasting schooners "Roamer." Capt. Marine, and "Carolyn," Capt. N M. Moore, arrived yesterday from New River points with full cargo of naval stores for Wilmington merchants. The local cotton market was quoted yesterday steady at 10% for middling.

Receipts for the day were only 1,761 bales, against 1,056 same day last year Receipts for the week ended yesterday were 23,789 bales, against only 12,234 same week last year. Receipts since Sept. 1st have been 221,164 bales, against 206,860 during a corresponding period last season. There was nothing doing in spirits urpentine yesterday and all other

tems of the naval naval store market remained unchanged from the previous day's quotations. Receipts for the week showed a falling off from same week last year in everything except crude. The figures were as follows: Spirits, 243; rosin, 1,279; tar, 693; crude, 790. In 1902: Spirits, 406; rosin, 1,721; tar, 828; crude, 501. Crop year to date : Spirits, '13,276; rosin, 46,180; tar, 20,038; crude, 19,637. In 1902 : Spirits, 14,762; rosin, 62,-836; tar, 30,085; crude, 17,566.

RESUME OF U. N. C. FOOTBALL.

Game in Richmond Thanksgiving-Death of Mr. Phillips-Dr. Smith.

[Special Star Correspondence.] CHAPEL HILL, N. C., Nov. 20 .-Possibly a resume of the foot-ball season and the present outlook will not 100 Barrels of Glassware. be amiss just at present, since we play our last game in Richmond on Thanksgiving Day against Virginia. Carolina started the sesson by winning four consecutive games, as follows: Guilford College 0, Carolina 15; Oak Ridge Institute 0, Carolina 45; South Carolina College 0, Carolina 17 Virginia Military Institute 6, Carolina 88. Then followed the Georgetown University, Virginia Polytechnic Institute and Kentucky University games, all of which were lost. In these contests our boys put up a hard fight individually, but were beaten by lack of team work. Last Saturday we met Clemson College on the gridiron and defeated her by a score of 11 to 6. This victory is all the more encouraging owing to the fact that we entered the game with a badly crippled team, three of our best players being out of the game on account of injuries. Since this game confidence in the team has increased wonderfully, as the team played magnificent ball and worked ike a machine throughout. When we meet Virginia in Richmond it will e with the best team that ever represented Carolins, and in the words of Heissman, Clemson's famous coach, "It is going to be all up with Virginia if Carolina plays as she did on last Saturday."
The remains of Mr. Samuel Phillips,

who died in Washington, D. C., on who died in Washington, D. C., on Wednesday, will be brought here to-day for burial. Mr. Phillips was a son of Dr. Phillips, who was for many years Professor of Mathematics in the University. He was a brilliant lawyer and served as Associate Professor of Law in the University from 1849 to 1868. For many years he was solicited. of Law in the University from 1849 to 1868. For many years he was solicitor for the national government, and since his removal from Chapel Hill shortly after the war he has held various government positions in Washington. At one time he was offered a Justiceship in the Supreme Court of North Carolina but declined the offer to continue his law practice.

his law practice.
