THE COMING POULTY SHOW.

Third Annual Exhibition Under Auspices of the Wilmington Association,

Wilmington's great Poultry Show, to be held the week of December 14th will be under canvas on Market street, between Front and Second streets. Owing to the great number of entries for the coming show, it was found that the City Hall, where the show has heretofore been held, would be too small; so the management decided to exhibit under canvas this year, which has already been ordered and

will arrive in plenty of time. It is hoped to make the coming show the grandest in the history of the association, which has improved yearly since its organization. No doubt the ladies and children of the city will be glad to hear of the near approach of the exhibit, as it has always been clean and moral and devoid of all noise and disorder.

Supt. W. A. Bonits says look out for the big premium list, containing the large prises in gold and the merchants' special prises, which will be ready for distribution to-morrow.

OLDEST CAPE PEAR PILOT.

Capt. C. C. Morse Died Early Yesterday Moralag at Ills Southport Home.

Capt. Christopher Columbus Morse, the oldest marine pilot on the Cape Fear coast and a highly honored and respected citizen of Southport, died at 6 o'clock yesterday morning at his bome, aged about 77 years. Capt. Morse had been in feeble health some time and while his death was not wholly unexpected, it nevertheless came as a shock to the community in which he was born and had lived all

During the Civil War, Capt. Morse was one of the most daring of the blockede runners and was several times spoken of in war reports for distinguished bravery and seamanship. Capt. Morse's wife survives him, but she is very feeble and is not expected to last many days longer. He is also survived by two tons and two daughters, Capt. Thos. M. Morse, of Wilmington; Mr. Robt. Morse, of Southport; Mrs. Priculesu, of Jacksonville, Fis., and Mrs. Worthington, of New York.

The Board of Audit and Finance Gave Their Final Approval Last Night.

WITH SLIGHT AMENDMENTS.

Boeds Fixed for Paithful Performance of Agr:ements-The Property Owners Sust Pay Their Pro Rata Share of Paving Improvement.

Pursuant to call of Chairman H. O. McQueen, the Board of Audit and Finance met in special session at the City Hall last night for the purpose of finally passing upon the three important city contracts approved the night previous by the Board of Aldermen, viz : The Market street paving : Matket street drainage and City Hall heating plant. Members present, besides Chairman McQueen, were Messrs. Yates, Wilder and Orrell; absent, Mr. McNair. There were also present during a part of the meeting Mayor Springer and Mr. W. E. Glenn, contractor for the Market street drainage.

THE PAVING CONTRACT. The paying contract was first taken up and gone over very carefully. A few minor changes, which, however, will not necessitate the paper's going before the Aldermen again, were made and the whole was then approved with the understanding that all property owners abutting are to pay their pro rata share of the cost of the improvement (one-fourth on each side) and that the Board of Alde:men will take the necessary legal steps to enforce payment where same is refused. Mayor Springer came in while the contract was being discussed and made a statement as to those who have already signed agreements and those who have [promised to do. None has fistly refused to do so but those who have not yet signed are Mesars. C. C. Martin, the Pearsall Company and The public is also cordially invited. Bank of New Hanover, who will have to get an order from court to act in the

Bond for the faithful performance of the contract and to idemnify the city against possible loss in the paving matter was fixed at \$3,000 and the one-year guarantee bond was fixed at \$1,000

THE DRAINAGE CONTRACT. The drainage contract was next taken up and Mr. Glenn was heard in reference thereto. He asked that the total bond of \$2,500 be reduced and changed so as to be separate as to guarantee for one year and the indemnity bond against possible loss by damage suits. In lieu of the latter, Mr. Glenn was allowed to make an insurance policy against possible accidents of the kind suggested in the sum of \$2,500. The guarantee bond was fixed at \$1,000.

Mr. Glenn stated that he was informed by the Augusta Company that it would be impossible for him to get pipe within three weeks at the least and his time limit is only 40 days. No change was made in the time limit, but as a delay of 20 days or less would not interfere with the paving, the Board expressed the view that the Board of Aldermen and Streets and Wharves Committee would hardly object to allowing him 60 days from signing of the contract.

THE HEATING PLANT, There was some discussion of the the method of payment in the contract for the heating plant, but it was finally adopted, exactly as it came from the Aldermen.

ONE THOUSAND GIFT.

Mr. Hugh MacRae Has Made Notable Donation to Walker Memorial Hospital.

TO BE USED FOR CHILDREN.

Amount In Five Per Cent. Bonds and In come to Go to Worthy Cause-"Donation Day" at the Institution. The Endowment Fund.

It has just been made known that one of Wilmington's public-spirited and generous citizens has made a notable donation for the benefit of the Endowment Fund of the James Walker Memorial Hospital. With the understanding that the income shall be used for the children who may be sent to the hospital, Mr. Hugh MacRae has painted Red, White and Blue, emble- presented to the Board of Managers \$1,000 in 5 per cent, bonds of the Consolidated Ballways, Light & Power Co. Mr. Mackae's munificent donation

> will do much to relieve the suffering of many an unfortunate child, who may be sent to the hospital for treatment. If others of the generous citizens of Wilmington would follow the example, the Endowment Fund, which the Board of Managers desire so much to see grow to large proportions, would soon furnish a substantial addition to he revenue of the hospital. It has been said frequently since the opening of the James Walker Memorial Hospital that certain persons had expressed gratification that there was now a charity in our midst to which bequests and legacies could be given at a person's death. This is all very well and the managers expect to see from time to time that the James Walker Memorial Hospital has been remembered in the wills of decedents, but it is far better that one should follow the course pursurd by Mr. MacRae and become his own administrator. One can then see during his own life time the good which is being accomplished through his generosity. The hospital needs greater support from the com-

munity and it should have it. The appropriations from the city and county are now probably as large as they should be and the further wants of the hospital should be secur ed by individual gifts. The managers wenture to say that there is not a hospital of this character in the country which is not partially supported by voluntary, individual contributions and it is certain that the inauguration of an annual "Donation Day" will be welcomed by the public as affording them an opportunity to help sustain this invaluable institution. Thanksgiving Day follows Donation Day in the same week. What more favorable season could have been selected for asking from the public their contributions for this worthy cause?

DONATION DAY PROPER All arrangements for Donation Day at the hospital are now completed, and those interested in the cause are looking forward with much pleasure to that event. There will be no set programme. The hours will be from 2 to 6 o'clock and the public is invited. The reception committee of ladies, previously named, will be present to receive the guests, and there will also be committee to show all visitors through the magnificent institution, if they so desire to make the inspection. An abundant supply of choice refreshments has been secured through the kindly offices of the ladies and Hollowbush's Orchestra has generously offered to be present and furnish music between the hours of 4 and 5 o'clock. Also during the progress of the reception Mr. Brooke French and others will favor the visitors with a number of vocal selections. The Consolidated Railways, Light and Power Co. has promised an excellent schedule of cars to the hospital grounds. The attendance should be large and responses to the spirit of the day

should be many and generous. PARDONED FOR THANKSGIVING.

W. J. Johnson, White Plumber, Will Have

His Liberty This Week. Sheriff Stedman was yesterday officially notified of the pardon by Governor Aycock of W. J. Johnson, a white plumber of this city, who was convicted of perjury at the March, 1902, term of New Hanover Superior Court and sentenced by Judge Peebles to two years on the roads of this county. In order to maintain a charge of assault and battery with a deadly weapon against a Syrian merchant on South Front street, with whom he had a fight, Johnson swore in the Superior Court the Syrian struck him with a billet of wood, when, in fact, no deadly weapon was used, according to half a dozen other witnesses

who saw the encounter. Brooke G. Emple, Esq., represented Johnson at the trial and was instru-Porter mental in securing his pardon. He had only a few months to serv Governor Aycock makes his release effective November 25th so that he will be with his family here on Thanksgiving.
