RUTH GIVEN HIS LIBERTY.

Author of " My Own Life as an Outcast Hasband" Says He Will Rewrite Book Before Selling Another Copy.

T. L. Ruth, the Wilmington man who was arrested in Raleigh for exposing for sale his book, "My Own Life as an Outcast Husband," which was considered to contain obscene mat-

ter, has been released from jail. Buth wrote to the Postmuster General, asking him to state whether or not the book was legal, and this reply was sent him :

"The enclosed printed book, submitted with your communication of the 28th ultimo, is third-class matter, and when sent in the mails unscaled is chargeable with postage at one cent per two ounces or fraction shereof "Respectfully.

"EDWIN C. MADDEN. "Third Assist. Postmaster Gen." It was upon this letter that Mayor Powell decided to release Ruth. He thanked the mayor heartily for giving him liberty, and declared that before he ever attempted to sell another copy of his book he would rewrite it and remove every feature in it which is considered objectionable.

DISTRICT

SPECIAL FROM WILMINGTON.

Nearly Two Hundred in Attendance and a Jolly Good Time--Clarkton and Chadbourn Well Represented-Se. cret Work of the Order.

[Special Star Correspondence.] WHITEVILLE, N. C., Dec. 8,-The K. of P. District Meeting here to night was an immense success—a great credit to District Deputy Jno. F. Littleton, who arranged it, and the twentyfive hospitable Pythians, of Whiteville, who made possible such a glorious fruition of the efforts of the District Deputy. The meeting was held in the Court House and upwards of 200 were in attendance, the lodges at Chadbourn and Clarkton being well represented. The delegation from Wilmington was, of course, the largest, all of the four lodges being about

equal in the attendance. Every member of the enthusiastic Whiteville lodge was a member of the committee of reception. The special train bringing 80 Pythians from Wilmington was met at the station by carriages, wagonettes and other vehicles, and the visitors were very quickly transported to the hall where here was a cordial exchange of greetings and a renewal of friendships. Preliminaries having been gone through with, the guests were invited to an enclosed apartment of the room, where an elegant collation was enjoyed The menu was tempting, consisting alize of the substantials and delicacies of the season. The Whiteville Knights were most hospitable in their attentions and all were delighted with the repast, especially many of those who left Wilmington before the hour for their evening meal. In half an hour Knights from refreshment to business and the District Meeting was duly organized with the following officers at

nankind.

I attribute this happy condition to industry and Christian training; each one is too busy to attend to the other's ousiness. The idle boy and girl who were a mensee to peace and a burden upon the city are now producers of wealth to the extent of many thouand dollars annually. So could it be n every community, in fact so should it be. Let our motto be "Excelsior" and congratulate ourselves that it is now our turn upon the dissecting table of public comment, and the sharp knife of the skilled physician is going to lay bare every fact. I ask in all seriousness, "Shall the record be found wanting?" There is no use in dreaming of colonization in this country, nor indeed in far away Africa as a place of refuge from the stay, and if we are to survive at all as a people it will be in the Bouthland of this great country. But there is no desguising the fact. The fight is "now ," and a reientless warfare is being raged against ignorance and idleness everywhere. Industry, intelligence, ntegrity, and the capitalist, are going and in hand and like the octopus of

he sea they are reaching out their trong arms to every part of Christenom and are demanding that she con ribute of her wares to the happiness,

duce! produce! Go do something, and stamp of the hand of the artist or the mind of the master. I cannot adjust myself to accord happily with the idea that we will not be able to succeed in the South. I do not presume that there is any one of ordinary intelligence that entertains the hope of being zenship in a few decades? No, that is the work of the centuries: but there will a Joshua, lifting themselves up amid the very mountain peaks of a higher ments nor the platforms of political parties, nor an invitation to dine at the White House. But our means of brain and brawn. It is within the

country like a mighty river, and to tamp peace and prosperity over the Let us build up a solid consistent and sturdy manhood, a pure and exalted womanhood, ever keeping in mind this one great truth, that educa-

Believe above all things that omnipotence and justice are synonyms. It's the duty of every one m'st, the weak and the indolent, who are not equal to the requirement of the age in which they live. Think of the generally, and looking futureward, ereing her great water powers harnessed, mil's and factories dotting the banks of her rivers, and splend d coltage homes the peaceful thabitation of happy people, the barren sand hills made green; her spiendid foliage powing its head ladened with delicious uite by the hand of the coming boriculturist. The millions of acres of uncultivated lands converted into splended farms by the coming agriculurist. And the South taking her place as the greatest of the greatest country in the world. The process is a new one and was patented only two years ago by a Mr. Edson, of Oleveland, Ohio. By this process grease from any grease-producing product can be extracted. The plant here will utilize only the meal from cotton seed as it is produced by the oil mills. This meal will be so treated that the product will be a firstclass oil and also meal or fertilizers which will be far more valuable than Economy is one of the strong features of the process. Not a particle of the material will be wasted. This new method will demonstrate to the cotton oil mill people that they have been wasting valuable products. Donation Day Brought to \$700 for the Improvement of Grounds - wo Gentlemen Make Annual Gifts.

> The Board of Managers of the James Walker Memorial Hospital met in regular monthly session last night. All members were present, as follows: Capt. Walker G. MacRae, president; Dr. W. J. H. Bellamy; Messrs, Martin 8. Willard, D. C. Love, M. J. Corbett, Sam'l Bear, Wm. H. Sprunt, Geo. R. French and Jno. H. Rehder.

THE MEMORIAL HOSPITAL.

Dr. Joseph Akerman, superintendent in charge, submitted his report of the conduct of the institution during the month of November and it was approved with great satisfaction. The total number of days patients were treated was 980. The ambulance responded to 51 calls, which is the greatest number for any one month since it was put in operation, the previous best record having been 46 calls. A report was made on Donation

Day which was held on Nov. 25thand it showed that \$700 was received for the improvement of the grounds around the hospital. It is estimated that it will take \$1,400 to make the needed improvements. A committee was appointed to look into the matter and draw up plans and specifications for the work. The question of an annual donation

day was discussed and it was stated that already one gentleman has pledged to give \$50 and another \$10 annually to the hospital. This is considered a good nucleus on which to start and the matter will be pushed as much as possible, creating more interest throughout the community. The endowment plan was taken up
