**FIVE WERE DROWNED** 

Coasting Schooner "Clarence H." Capsized With All on Board Wednesday Night.

FOR WIMINGTON.

Gale Too Much for Well Laden Little Craft Wreck and One Body Washed Ashore Near Cape Fear Life Saving Station-All White Men.

While attempting to get over the bar into a safe harbor in the teeth of a stiff northwest gale late Wednesday night, the coasting schooner "Clareace H.," bound from Shallotte, Branswick county, to Wilmington, with a cargo of general merchandise, capsized off the mouth of the Cape S'ear river and all hands aboard, including crew of three and two passengers, all white, were drowned. The boat, bottom-up, with the body of one of the drowned men, washed ashore near Cape Fear Life Saving Station early yesterday morning and parties interested in Wilmington were at once notified. The bodies of the other dead had not been recovered according to latest information last night. The drowned men are:

Capt. Lucian Hewett, of Shallotte, master of the vessel, unmarried and aged about 28 years.

Mate Morriss Calson, of Shallotte, unmarried and aged about 36 years. Cook Robinson, son of Mr. Hartford Robinson, a well-to-do citizen of Brusswick county, aged about 20. Capt. James Lewis, of Brunswick county, a passenger, aged about 45 years and man of a family; former master of the sharple "C. D. Maffitt." Capt. William Lowis, of Federal Point, a brother of Capt. James Lewis, aged about 38 years and a well known

The body of the last named is the at once identified and his family, with that of the other lost brother, was at once notified.

The wrecked sharple was built a year ago last Summer, and is owned by Mess's. Jackson Stanland and W. A. Frink, of Shallotte; Mr. W. H. Phillips, formerly of Shallotte, but now of this city, and Mr. R. V. Leonard, of Wilmington, the last named being agent for the schooser here. She is 54 feet long, 144 feet wide, four feet deep and was 14 net tons register. Her value is about \$1,500, with no insurance. Of course, however, she will not be a total loss. The schooner left Shallotte Wednesday about 1 o'clock with cargo of naval stores, cotton and all the clothing and household effects of Mr. Phillips, who lately removed to Wilmington and with Mrs Phillips, was here awaiting their arrival. The steamer "Franklin Pearce," which arrived yesterday morning, left Shallotte after the departure of the schooner and Capt. Kermon said he passed her only a short way out. It is supposed-for the actual facts of the case may never be known-tost the gale struck the little craft between 9 and 10 o'clock Wednesday night and that the sails were so manipulated that she turned over. The wreck on the island yester day gave every evidence of that having been the fate of the craft. The wreck is in charge of Capt. J. E Bobiason, of the schooner "Bessie Moore," who has been engaged by the owners to al that the whitewash bucket will be look after their interests until Mesers. Patilips, Leonard and others from here can go down this morning. The dispatches said Prof. Langley The cargo is valued at from \$1,500 vas very much depressed when his to \$2,000. Mr. Phillips and wife, who were here awaiting the arrival of their household effects, were left with only

Dozen Freight Cars Piled Up on the Track Three Miles Beyond Navassa.

A RATHER UNLUCKY TRAIN.

Two Mishaps to No. 80 from Florence to Wilmington Yesterday - Brakeman Slightly lejared-W., C. & A. Tracks Were Blocked.

The Atlantic Coast Line suffered another very disastrous freight wreck yesterday and one which will perhaps cost the company thousands of dollars. Fortunately, however, no lives were lost and no one was seriously hurt. The story of the wreck is a series of mishaps which befel through freight train No. 80, from Wilmington to Florence, and due here at 7 o'clock yesterday morning. The chapter of accidents begins at Fair Buff, about 60 miles from Wilmington, on the W., C. & A. railroad, very early yesterday morning, when a box car of the train of about twenty-five, flew the track near the South Carolina line. The car was more or less demolished and the accident blocked the train for a few hours. The passenger train for Charleston was delayed two hours. The wrecking train was sent out from Wilmington and soon cleared the track.

The freight train proceeded and was making good time towards its destination when early the afternoon some disarrangement of a journal under a car near the middle of the train gave way and beween ten and fifteen other cars were derailed and piled up in a confused heap on the track and upon each side about seven miles from the city, between Malmo and Navassa station. Some of them are cross ways, others are on end and many of them are completely demolished. Persons who novelties as an adept manipulator, witnessed the heap of ruins say it is and Mildred in exhibitions of mental the worst freight wreck they ever saw before. The train had just passed over a long trestle and it was fortunate that the disarrangement under seen to-night, to-morrow at matinee the car did not occur a minute sooner. The engine and two cars in front of the train and the caboose and several other cars on the rear did not leave the track, else loss of life and serious injury to the crew would have certainly resulted. George Herring, a brakeman of this city, was badly shaken, up and more or less bruised by the shock, but no bones were broken. The wrecked cars were laden with cotton,

lumber, phosphate rock and other ma-

terial, much of which is smashed up

in the wreck. The injured brakeman

was brought to Wilmington and given

attention by Drs. Pride J. Thomas and

Jno. C. Wessell, of the A. C. L. Relief Department, after which he was sent to his home on Sixth street. Soon after the accident another wrecking train was sent out from Wilmington and Mr. W. J. Haylow, superintendent of transportation; Mr. Walter Forlong, engineer of roadway. and other Coast Line officials left at once for the scene. An extra train was sent to transfer passengers, mail and express from the train due here from the south at 1:45 P. M. and the same transfer had to be made for the return trip of the same train, causing a two hour delay. Although 40 or 50 men worked all last night in an attempt to clear the track it was still blocked and a transfer had to be made for the Charleston train due here at | called promptly at 8:30 o'clock and the 11:20 P. M. The transfer train dia not reach the city until 1:15 o'clock | Boney and E. O. Hunter, guards; J. this morning, and it was stated that a J. Loughlin, centre, and Albert Dosher transfer would again have to be made | and J Frank, forwards. For the this morning for the Charleston train leaving the city at 6 o'clock.

SENTRY AND A RED FLAG.

More about the Alley Controversy Be-

tween Mr. Bailey and the City. The alley controversy between Mr. E. P. Bailey and the city authorities reached the acute stage yesterday when Mr. Bailey, exercising his claim to police his own premises as he desires, placed a guard with a rifle on his shoulder and a red flig nailed to the ground in the alley leading from Second street to the Wilmington Iron Works. The guard was W. J. Johnson, the plumber who was recently pardoned by Governor Aycock, and he carried on his shoulder a Winchester repeating rifle. Chief Police Furlong saw the sentry pacing the alley, but he pulled up the red flag and flaunted it in Johnson's face, so to speak, and told Johnson that if he didn't "get off the earth" he would put him, gun and all in the guard house. That closed the incident.

Tramp on Coast Line Suffered from Fire

Built to Warm Himself. Isaac Bryan, colored, 17 years old, is at the James Walker Memorial Hospital suffering from burns of which he may die. The boy lives in Wilmington but had been to Rocky Point and told Dr. Akerman at the hospital that he was "travelling;" presumably on his way back to Wilmington. He built a fire near the railroad track to warm himself and either while asleep or in some other way his clothing caught the blaze and he was severely burned about the hips, thigh and lower parts of the body. He was brought to Wilmington on an A. C. L. train Wednesday afternoon and sent immediately to the

IS VAUDEVILLE POPULAR?

That of Class Purnished by Mildred and Ronclere Company is Great.

Without a single exception vaudeville productions in Wilmington heretofore have been a dismal failure and impatient critics have declared in their haste that no vaudeville is popular in the South. Not so with the Mildred and Rouclere company of entertainers who were seen and appreciated last night at the Academy by an audience which was large, considering the temperature both on the inside and outside of the theatre. Every minute of the time was full of startling and entertaining features and the company's own orchestra between curtains made a delightful hit.

The strongest acts were perhaps Mildred and Rouclers in the "Flight of Princess Iris," which has already set the town to talking and trying to explain; Kitamura's Royal Japanese Troupe; Rouclere in a series of original

With a change of bill almost throughout, the company will again be and to-morrow night.

THE ACT OF AN INCENDIARY.

Pire Probably Set to Residence Where Dance Was in Progress Last Night. While a dance was in progress last night shortly 11 o'clock at the home of Mr. A. S. Faircloth, No. 307 Dawson street, smoke was discovered to be coming up through the floor and ceiling, and further investigation proved that directly under an adjoining room a bleze had been started either by an incendiary or from some other most unusual source. An alarm was sent to the Department from box 47 at 11:18 o'clock, and the firemen soon extinguished the flames. There is no clue to the probable incendiary, and no motive can be assigned. The building

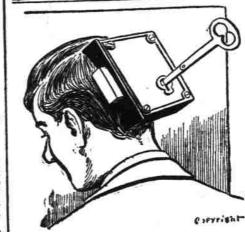

belongs to Mr. E. P. H. Strunck, and the damage is about \$15.

Championship Game To-night, The last game of basket ball in the Y. M. C. A. series until after the holidays will be played to-night between the Littles and the Loughlins, both of which are tied for first place and are thing as good as new. in fine trim for the decisive battle. The winner of the contest will be the undisputed champion for the present half of the season. The game will be Loughlins will line up with H. E. Littles, A. C. Boney and E. T. Hancock will play guards; F. DuPre, centre, and W. A. Little and Robt. Houston, forwards. The friends of

A SCALP LOCK is something to get hold of . But here are some other kinds of

LOCKS

that are far more useful.

To name all the different kinds of locks we carry would take a lot or space. Perhaps it is enough to say that we have every sort that is made for outdoor and indoor use—for trunks, crat-s, e<sup>c</sup>c.

We don't handle the low grade, hadly made and very cheap locks. Our prices are not high, but they secure excellent value.
