BIG SHOWS ARE HERE

Trains are Being Unloaded This Morning Near the Gun Club Grounds.

GRAND STREET PAGEANT.

Due in Down Town Section of City at 10 O'clock This Morning—Some of the Leading Attractions of Old and Reliable Tented Aggregation.

John Robinson's big shows will reach here early this morning on special trains over the W. & N. railroad from Newbern and two exhibitions will be given to-day on the grounds near Delgado Mills. Suburban trolley cars will run directly to the main entrance to the big tent upon a ten-minute schedule. The grand street pageant will leave the circus grounds, according to present arrangements, at 9 o'clock, reaching the down-town districts about 10 o'clock this morning. Drivers and teamsters are respectfully requested to either avoid the parade or have secure control of their horses. The comfort of all is the first consideration of the John Robinson management.

The street parade will traverse the principal streets of the city in the morning. In the parade will appear about forty wagons drawn by 5, 6 and 8-horse teams. A large callopie will be drawn by twenty-four ponies, to the delight of the children.

It is the longest and finest display ever given by any circus. If the weather is propitious and the water not too cold, the big double drove of performing elephants will be given a bath in the river.

Great care is necessary on one of these occasions, and all the trainers and keepers are on the quiv vive until it is over.

After an elephant is in the water he is a whole syndicate animal trust by himself, and his joy at being free and his own eyes causes all his elephant emotions to conflict with circus promotions. Hence the anxiety and concern of all the trainers.

The enormous elephant, "Queen," who may take a notion to jump in the Ohio river and try to swim to her winter quarters at Terrace Park, near Cincinnati, as she did at Pittsburg, when it was necessary to hire a tug boat and chain her ashore, where she received a severe lashing with a whip that did not even tickle her. After that, whenever she looked at the river, she was chained to her mate.

The elephant "Tullie" and "Tom" were enjoying themselves splashing water on the rest of the herd, and paid no attention to the appeals and calls of the keeper. The elephant "Tullie" became necessary to start a sargeant chorus among the camels which aroused the natural curiosity of all the elephants and they commenced splashing.

One thing noticeable at the grounds where Robinson's show appears is the courtesy of the employees. Every one is anxious and willing that the spectators shall see all. "We employ no one but gentlemen, and all of our employees know it," said one of the managers. The care and attention to ladies handling the crowd, the consideration of the John Robinson management.

Without doubt the circus is one of the largest and best managed that has visited the city in recent years, and should the day be fair will be viewed by thousands. Two performances will be given, beginning at 2 and 8 P. M. respectively.

John Robinson's big show will be in town to-day, and the show is a great enterprise. Over six hundred people travel with it. It is strong in the circus features and has one of the best traveling menagements in America.

The circus grounds will be located on the line of the suburban cars this side of Delgado station and very near the junction of the Gun Club. From morning until late at night cars will be run out to the grounds from Front and Princess every ten minutes. All the large cars and trailers will be used in handling the crowds. The circus grounds will be of more easy access on the cars this year than ever before.

Animals from every quarter of the globe are represented. There is a petting zoo of the small but big keepers has read wonderful stories of this animal in its haunts among the northern lights. There are real live tigers—a whole cage full of them—kept in cages and fed by hand. The keepers have feasted on many a luckless native. And lions—baby lions and some of them not babies. One big fellow stands and looks out the bars as if trying to determine something of his surroundings, and then lies down to dream of his native Africa and the happy days of his youth before he became a circus lion. This lion eats fifteen pounds of best steak for his dinner every day. What a blow to the beef trust if he should die!

To enter into details and describe every animal would require too much time, but the animals are numerous and fine representatives of their class. Here are to be found sacred cows—half a dozen of them—and horned horses tied fast to their cages. Ugly brutes, these latter are and were it not for spoiling the name and leading the people to think it an imposition, they should be immediately dehorned.

Several trained elephants will be found tied to stakes near the middle of the tent.

"Happy Hooligan" Not so Happy.

Maybe to the person who can become absorbed in one of the average comic supplements of one of the big New York dailies, "Happy Hooligan," the musical extravaganza presented at the Academy last night, would be pleasing. However, to the great majority of the theatre-going public there was little to commend itself in the show as it was seen last night. "His true there were some pretty faces, a 'shapely thorax' and a variety of fetching costumes, but as a rule the performance was disappointing. There were some strong features in character work, but these were eaten in a desert of mediocrity.

The store that's always busy—"Polvogis"—will have their opening days Thursday and Friday.

The largest assortment of Pattern Hats will be found at Polvogis—opening days Thursday and Friday this week.

MODEL RETAIL GROCERY.

Mr. E. W. Sanders Will Shortly Move into the New "Sivasa."

The "Sivasa" is the name of Mr. E. W. Sanders' handsome new store recently completed on Market, between Second and Third streets, and it is the purpose of the proprietor to make it the nearest, most convenient and cleanly establishment of its kind in the State. In fact, the opening of the new store will be the realization of a dream long cherished during Mr. Sanders' extensive experience in the grocery line. He knows the business from "a" to "hizard," to use a trite expression, and his salesmen and managers are the very best who can be obtained. The new store will give the proprietor and his employees just what they want to take care of the retail trade of the city.

The new building is modern in its every appointment; three stories in height; built of brick, trimmed with stone and fitted with the best plate glass show windows. The first floor will be devoted to the retail sale of department and the display of fancy stock. The basement has a cement floor and will be used for the storage of heavy goods. The second story will be occupied by the lighter stock in original packages, such as cereals, wooden and willow ware, etc. The store fixtures will be of the latest design, glass counters and show cases being used throughout to give a beauty effect and insure cleanliness. The building is fitted with an elevator, making the handling of stock easy and the delivery of everything prompt. Entrances at the rear will provide a place for the delivery wagons, relieving the front of the store of that congestion during shopping hours. In short, "The Sivasa" will be up-to-date in every particular, and Mr. Sanders is sure his efforts to please will be appreciated.

AFFAIRS OF THE CITY

Board of Audit and Finance in Regular Semi-Monthly Meeting Yesterday

PAY OF ELECTION REGISTRARS

Decided to Adhere to its Former Action in View of Attorney's Opinion of Law—Bill for Public Well Approved Upon Proviso.

The registrars for the late dispensary elections are still in arms and a majority of them are without their pay in consequence of the differences which arose months ago as to the amount of their compensation, the Board of Audit and Finance having ruled upon the opinion of the City Attorney that the registrars were entitled only to the pay allowed registrars in elections for members of the General Assembly, that is: One cent for each name transcribed from the old book and three cents for each new name recorded. The Board, however, decided as the law was silent upon the compensation for days of challenge, it would allow each registrar \$3 per day for that service. The registrars, however, very properly set up that one and three cents per name, respectively, was very poor compensation even if they did receive \$3 for a few days of challenges, but the Board of Audit and Finance could not see its way clear to overstep the law in the premises.

The matter came up for final consideration at yesterday afternoon's regular semi-monthly meeting of the Board at the City Hall at which only Chairman McQueen and Messrs. S. P. McNair and J. A. Orrell were present. Registrars W. W. Hodges and A. G. Hankins were present and respectfully presented their claim for more adequate compensation. Mr. Hodges presented an opinion from J. O. Carr, Esq., that the Board could very easily within the bounds of the law, make the compensation the same per diem as is paid the city registrars. City Attorney Bellamy was also present and submitted a written opinion that the registrars were to be paid only as the registrars in State elections are paid. The Board after discussion decided to adhere to its former action and approve warrants in line with the opinion of the individual members and the city attorney.

A communication from the Board of Aldermen with reference to action upon application for refund of taxes, etc., was read and the actions were concurred in.

The fixing of compensation for the city tax lister was deferred.

Bill of Lovry & Faulkner amounting to \$180 for the artesian well in the City Hall yard was approved subject to the analysis and the approval of the committee.

The usual bills for current expenses were examined and approved.

POSTAL ON THE MOVE.

Will Have New Office on Princess Near Front Street—Operator.

The Postal Telegraph-Cable Company last night moved its office from No. 119 North Front street to No. 104 Princess street, the store formerly occupied by the Turrentine Light Co. It is understood that the removal is only temporary, as the company at no distant time hopes to have an elegant new home on Front street. Superintendent Ribble, of this district of the company, with headquarters in Washington, D. C., is here superintending the removal. Mr. E. Roe, formerly of Pittsburg, Pa., will be added to the operators' force during the rush of Fall business with the Postal, which has an enviable reputation for promptness and reliability in the business world.

Sis. Baldwin "On a Tear."

A drunken woman on a street car is about the toughest proposition the ingenuity of man is called upon to handle. But the way Conductor Tom Croom, of Car No. 29, disposed of an intoxicated and disorderly female on his public conveyance last night challenges the admiration of the world.

About 10:30 o'clock "Sis" Baldwin, a notorious negro woman, boarded Conductor Croom's car at Front and Princess and she at once proceeded to make her presence known in an entirely obnoxious way, as soon as she had been seated. Conductor Croom spared his words with the woman but drove her car straight up to the police station and stopped. Police Sergeant O. S. Barnett was called out and the woman was removed to a cell in the station house. She yelled and cursed and fought all the way and even refused to shut up when behind the bars. Her conduct in the prison alarmed the neighborhood and she could not be quieted until the hall officers handcuffed and gagged her in the cell. She will perhaps be more composed when the Mayor passes up her case in the police court to day at noon.

Speaking Thursday Night

Hon. F. M. Simmons, United States Senator and State Democratic Chairman, will be heard with much pleasure at the Court House in Wilmington to-morrow evening. The speaking will begin at 8:15 o'clock and the public is cordially invited to hear him. C., Democratic elector for this district, will speak here on the night of Oct. 26th.

LOCAL PORT PARAGRAPHS.

Another Cotton Steamer Gone—New Fayetteville Boat Line—Market.

The river steamer "Eure" came down yesterday in place of the "City of Fayetteville" which is laid up at Fayetteville for repairs to her boiler.

The local cotton market was quoted nominal yesterday. New York spot was 10.30. Local receipts yesterday were only 1,961 bales against 8,010 same day last year.

The Chamber of Commerce has an inquiry from an experienced man in Lynchburg, Va., who would be interested in the formation of a stock company here for the operation of a large candy factory. Further particulars may be obtained from Secretary Kyle, of the Chamber of Commerce.

British steamer "Oayo Blanco," Capt. Radder, cleared yesterday for Liverpool with the sixth cotton cargo of the season from Messrs. Alexander Sprunt & Son. Another will probably be ready to clear to-night. There are now left in port six steamers for cargo and all of them are being rapidly sailed with the heavy staple from the two big compresses on the water front.

The rebel steamer "E. A. Hawes" is now running regularly on the Cape Fear to Fayetteville and is receiving a good share of the public patronage. Mr. J. A. Mann, 110 North Water street, an experienced boat man, is Wilmington agent of the line and would be glad to confer with shippers relative to rates. The veteran and popular Capt. W. A. Robeson is master of the boat and the schedule is Mondays and Thursdays for Fayetteville and Wednesdays and Saturdays from Fayetteville to Wilmington.

MISTAKE WAS FATAL.

Morphine Given to Child Instead of Medicine for Malaria Fever.

An overdose of morphine given by mistake Monday night to little Dora Ella Byrd, an eight-year-old school girl who lives with her mother at 109 Wright street, caused the child's death yesterday morning in spite of every effort made by physicians to counteract the effect of the drug. The child had been sick with malaria fever for a week and the morphine was given through mistake for other medicine left by the physician. The mistake was discovered soon after the morphine was given, but it was too late to fully revive the little girl. Her father was drowned only a few months ago at Point Peter, his body having remained in the river several days before it was recovered by the Rev. F. M. Burch, who sent yesterday afternoon for interment to the former home of the family near Bogus, Columbus county.
