THE WATER WORKS COMMITTEE

Mr. Matt J. Heyer Appointed to Represent Chamber of Commerce. President J. A. Taylor, of the Chamber of Commerce, yesterday named Mr. Matt J. Heyer as the representative from that body on the special committee to investigate the matter of a pure water supply and the practicability of the municipal ownership of a plant by the City of Wilmington.

It will be remembered that the matter of a pure water supply and municipal ownership was first brought to public attention and consideration by a resolution from Alderman Johnson, chairman of the Water Committee of the Board of Aldermen, on the subject of \$1,000 to get expert opinion as to the practicability of a better supply and outlining a plan for municipal ownership. The proposition went over to the Board of Audit and Finance and the Water Committee of that Board and the Water Committee of the Board of Aldermen was appointed and held. At that conference, it was decided to refer the whole matter of investigation into an enlarged committee composed of the Water Works Committee of the Board of Aldermen and two other members, one each to be appointed by the Board of Audit and Finance and by the Chamber of Commerce, which has now been done.

Policeman Leon George yesterday morning about daybreak captured one of the last of the eleven prisoners who recently broke jail at Lumberton. The negro's name is John Culbreth and he confesses that he is one of the escapees. He was picked up by Officer George at Front and Red Cross streets and is held at the police station awaiting the arrival of an officer from Lumberton.

UPON THREE CHARGES. Hartsfield Crandall Indicted Thrice By Ed. Littleton. Hartsfield Crandall and Ed. Littleton, both well known white men of the southern part of the city, are parties to an interesting criminal action started in Justice Borneemann's court yesterday and transferred by affidavit of removal to Justice Furlong's court. Littleton is the prosecutor in the case and is represented by Herbert McClannery and Walter P. Gafford, Esqs. He charges Crandall with forcible trespass, disorderly conduct and would have him held under bond to keep the peace. The defendant is represented by Wm. J. Bellamy and Woodus Kellam, Esqs., and the case is set for a hearing before Justice Furlong Thursday at 3 P. M. (Crandall was recognized for his appearance at that time.)

Death of a Boy. Willie T. Johnson, the 13-year-old son of Mr. W. P. Johnson, No. 812 South Front street, died Monday afternoon at 4 o'clock after a brief illness with fever. The funeral was conducted from the residence at 11 o'clock yesterday morning by Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, and the remains were laid to rest in Bellevue Cemetery. The pallbearers were Messrs. J. E. Tindall, W. P. Burns, John Marine and Nathan Davis.

Investigated Cutting Affair. Justice Furlong yesterday investigated the cutting affair between Owen Quince and George Newberry, negroes, at Eleventh and Market streets, Saturday night. They were each charged with an assault upon the other with a knife, Newberry having been wounded, necessitating his having to go to the hospital to be patched up. It was found, however, that he was the aggressor in the difficulty and both defendants were bound to Superior Court under bonds of \$50 each which they could not give and went to jail.

Mr. Jackson Appointed. Mr. Geo. C. Jackson, of this city, has received official notice from Head Consul W. H. Fairless of his appointment as Head Adviser of Jurisdiction "L," Woodmen of the World, embracing the States of North Carolina, Virginia, West Virginia, Maryland, Delaware and the District of Columbia. FIRE FIVE TIMES

Jealous Darktown Lover Employed Revolver at His Ebony-Hued Rival. THREE SHOTS TOOK EFFECT. Two Grazed His Head, Third Struck Him in Hip-Arrest of Negro for Reckless Shooting in Streets-Shooting.

Seated on the porch "entertaining a couple of lady friends," as he explained to the hospital attendants afterwards, John Phillips, a stock black individual of some 33 years experience in the vicissitudes of this life, was fired upon five times by a jealous rival last night about 11:30 o'clock at the house of one of the "ladies" he was entertaining at Seventh and Campbell streets. It was an exceedingly close call for Phillips, for two of the bullets laid wide the scalp on the top of his head as they went a little higher in the fleshy part of the hip.

The ambulance was summoned soon after the shooting and the injured man was transferred to the hospital. Dr. Akerman said the scalp wounds appeared rather more like those of a razor, though they may have been inflicted by a pistol. The wound in the hip is not dangerous and, as a whole, the negro will recover, if nothing unforeseen develops. He appeared very much alarmed and was of the opinion that there were more than one in the party who attacked him.

The policeman on the beat heard the firing and ran up to the house. The occupants of the house appeared to be respectable colored people, but were so badly frightened that they could give no connected account of what had happened. When the firing began they were precipitate in their flight and turned over chairs and everything else in sight in their endeavor to get out of range of the attacking party.

The shooting had many amusing features in it for everybody except the victim who will probably be laid up for some time as the result of his injuries. Phillips says he thinks he knows the parties who attacked him when he sees them but does not know their names.

Soon after the affair at Seventh and Campbell last night, Policeman Logan George got in close pursuit of a negro employed at the Independent Ice Company, whom the officer saw indulging in some reckless shooting in the street. The negro ran like a deer. A squad of Naval Reserves, returning from their regular weekly drill at the armory down town, happened to be passing and joined in the pursuit. The sight of the military uniform was too much for the negro in view of recent developments in that section of the city and he nearly went into hysterics after being caught and while waiting for the patrol wagon to come. If the negro had a pistol, he threw it away during the chase, for nothing was found on him by the officer after being caught. Whether he was implicated in the Seventh and Campbell street shooting, the police are now endeavoring to find out.

ALDERMAN KARR BACK. Heard Alarming Reports in New York of Race Trouble Here. Alderman J. A. Karr returned yesterday from a trip of a few days to his old home in New York. Mr. Carr said he enjoyed his trip very much but was somewhat disturbed by sensational stories in some of the yellow sheets of New York, which carried big reports of a race riot in Wilmington, the basis for the alarming newspaper reports having been the little excitement at Fifth and Harnett streets last night a week ago. Soon after his arrival, Chief Williams informed Mr. Carr, who is chairman of the Police Committee, that, in view of the distorted reports of his conduct upon that occasion, he desired a full investigation of the affair. Mr. Carr said the committee would probably be called together in a day or two to consider the matter.

MR. G. A. CROFT RETURNED. Commissioner From North Carolina to Lewis & Clark Exposition. Mr. George A. Croft, commissioner from the State of North Carolina to the Lewis and Clark Exposition at Portland, Oregon, returned yesterday after having been away since August 31st. Mr. Croft ably represented the State at the big Pacific Coast show as is evidenced from a number of newspaper clippings, which have found their way back to North Carolina, giving an account of his having preached the resources of the South in general and North Carolina in particular to the hundreds of prominent people with whom he came in contact in that great National gathering.

It was Mr. Croft's first visit to the Pacific Coast in 18 years and he says the development of that country has been phenomenal. He was especially impressed with the growth of Seattle, Wash., which had grown from almost a village to a very large city since he was last there.

Mr. Croft travelled 9,500 miles on the trip and says he enjoyed it very much. The personally conducted Seaboard Air Line party will be home later, Mr. Croft says, though they are likely to encounter much trouble with the strict quarantine around Memphis before they return.

FRANK KIRKHAM'S DEATH. Funeral in Florence This Morning-The Corner's Inquest. Young Frank Kirkham, the Wilmington boy who lost his life by being caught in a live wire and falling from a telephone pole in Florence, S. C., Monday, will be buried there this morning after services in the Episcopal church. The Florence Times of yesterday afternoon in its account of the accident says: "The accident was much discussed on the streets last night, and today there is indignation expressed at the negligence of the electric company in having their wires properly insulated, the city council is receiving its share of condemnation for permitting such a dangerous state of affairs to exist."

"Coroner Cooper empaneled a jury and held an inquest at 10 o'clock this morning. The verdict was that the deceased came to his death from a fall from a telephone pole after coming in contact with a live electric wire of the Carolina Light and Power Company."

Abused Sanitary Officer. Ben Jordan, colored, charged with cursing and abusing Mr. Isiah West, a collector in the sanitary department, was fined \$5 and costs by Justice Borneemann yesterday. Jordan lives in North street, and the offence was committed while Mr. West was there on some business connected with the sanitary department.
