**BLOCKED HOSPITAL AMBULANCE.**  
Negro Fined in Mayor's Court Yesterday For Obstructing Street.

William Elliott, colored driver of a delivery wagon for the Consumers' Ice Company, was arraigned before the Mayor yesterday charged with obstructing the street. Dr. Joseph Akerman, surgeon in charge of the James Walker Memorial Hospital, appeared as the prosecutor. Dr. Akerman said the hospital ambulance had an emergency call yesterday morning to come to the colored workmen injured in the collapse of the wall on Princess street. As the ambulance came down Red Cross, between Eighth and Ninth, the ice wagon blocked the way and as it returned to the hospital, the wagon again blocked the way on Red Cross, between Seventh and Eighth streets. The negro paid no attention to remonstrances; he said "The Mayor fined Elliott \$5 and costs, which amount was paid by his employers."

It will be of brick, two stories high, and equipped with every convenience.

## AMBULANCE BUSY

Many Emergency Calls to Hospital From Various Sources Yesterday and Last-Night

### WALL FELL ON WORKMEN

Boy Shot Through Hand—White Engineer Severely Cut—Negro Slashed at "Hobby Horses"—Man Had Foot Mashed Off on Rail.

From early morning until late last night the hospital ambulance was kept on the move, responding to no less than half a dozen emergency calls in addition to the regular number of what are known in hospital parlance as "sick calls." The chapter of accidents was due to no special cause and came from as many parts of the city as there were accidents. It carried out the truth of the old "saw" in the newspaper profession that "when it rains it pours" and "accidents never come singly."

Three colored brick masons, at work on the foundations at the rear of the new building of Mr. J. M. Bunting, on Princess, near Second street, were caught under a falling door yesterday morning about 7:30 o'clock and all of them were more or less injured. Those as Boone and Chas Jackson two of the number, had to be sent to the hospital in the ambulance, while the third was little hurt and was able to go home. When the old building on the site of the new one, now under course of construction at the location named, was torn away a week or two ago, the side of the livery stable in the rear, was left open and had to be plank up. An old sliding door was used as a part of the protection and it had been propped up from the outside. While making excavations for the foundation walls of the new building, it appears that the props were partially undermined. While the masons and helpers were busy on that end of the foundation, the props suddenly gave way and the door fell over on three of them. They were pinned to the ground under the planking but the wall, already a little above the level of the surface, broke a part of the weight else they might have been injured more seriously. The ambulance was at once summoned and Boone and Jackson were taken to the hospital by orders of John Harris, the colored contractor in charge of the work. Jackson has his arm hurt, while Boone, who is worst injured, was right seriously hurt about the back. They were both doing very well at the hospital last night.

**White Engineer Slashed.**  
Last night about 10:30 o'clock, a telephone message from Harbin's Palace Pharmacy notified police headquarters that a white man had been severely cut and was in front of the old "Marlborough House," on South Front street. The hospital ambulance was out responding to another call and the police patrol was sent in charge of Hall Officer J. J. Moore. The man proved to be Andrew Blair, 46 years old, an engineer at the Delgado cotton mills who lives with his family on Fifth street, between Castle and Queen, in this city. Officer Moore found the man lying on the edge of the sidewalk, bleeding profusely but perfectly conscious. He declined to say who cut him or where it was done. Policeman E. R. Chadwick first found the injured man, but could get no satisfaction from him. He appeared to have a stab in the right forearm, one under the left arm and a gash about three inches long under the right shoulder blade. He was taken at once to the hospital where his injuries were dressed by Dr. Akerman. He was not thought to be in a dangerous condition at an early hour this morning.

**His Foot Mashed Off.**  
Last night about 10 o'clock Mr. Joe Roderick, night watchman at Robinson & King's naval store yard at foot of Orange street, heard cries of distress below him and ran down the dummy line on Water street over which a shifting engine had just passed, going in the direction of the Wilmington Cotton Mills. Mr. Roderick ran in the direction of the cries of help and found Mr. Herring, a known white fisherman, about the market, lying by the side of the track, his right foot mashed into a pulp, evidently by the shifting engine that had just passed over. Mr. Roderick notified the police station by phone and in turn Police Captain Smith summoned the ambulance, which responded and took the injured man there. He was attended by Dr. D. W. Bulluck and it was found necessary to amputate the foot about half way up the calf of the leg. Herring had been drinking heavily and the presumption is that he lay down by the track, his right foot extending over the rail. He was unable to give any account of the accident and the crew of the shifting engine knew nothing of the trouble.

**Clives Graham, colored, 18 years old, was slashed under the left arm, a gash about two inches long and one inch deep, by a razor in the hands of another negro at the merry-go-round on the carnival grounds last night between 10 and 11 o'clock. Graham was taken to Bellamy's drug store and later sent out to the hospital. The wounded negro said he didn't know the name of the man who slashed him, but that he had trouble with him before and would recognize him if he should see him again. After having his wounds dressed, he was sent home.**

**Boy Shot Through Hand.**  
While carelessly handling an old four-barrel Derringer at his home, No. 1107 North Third street, yesterday about noon, Edward Niendorf, 14 years old, shot himself through the hand. One of the barrels of the pistol would not slip back on the handle and the boy struck the end of it with the palm of his hand. The barrel slipped back with a bang and the ball tore through

## CARNIVAL IS NO MORE

Financial Success of Red Men's Fall Festival Closed Last Night is Certain

### SHOW TENTS ATTACHED

Side Performance People Made Claim For Breach of Contract and Held up Three Tents—The Crowd's Last Night—Other Notes.

The carnival is over. The curtain dropped upon the scene of a week's gaiety as the clock struck twelve last night. The district to-day will present the view of "some banquet hall deserted" for long before the break of day this morning much had been accomplished in the way of tearing down the tented city and removing the paraphernalia to cars of the Seaboard Air Line for transportation to Maxton, N. C., where a fair will be given this week under the auspices of the Masonic fraternity.

The carnival here was a success in more ways than one. It provided a continuous round of pleasures for the young people of the city and many who came from the country to see the sights and it leaves with no apparent unpleasant after-effect. The shows were generally pronounced good, clean and were well patronized. From a financial point of view, the fair was a great success. It netted the Red Men something like \$1,000, which will be applied to a fund with which they propose at no distant day to erect for themselves a handsome lodge building in Wilmington. It will be, of course, several days before the exact amount of the proceeds will be known as all the expense accounts must be met and considerable will have to be expended in cleaning up and repairing the streets, as was guaranteed the city authorities.

**Attached Three Shows.**  
Last night just before the doors of the various attractions closed, Messrs. Jones and Adams, owners of the aggregation, were served with an attachment secured from the Clerk of the Superior Court by Kall Nader, alleging an indebtedness of \$2,400 as damages for breach of contract. Nader is a foreigner and owns the Oriental Theatre Show, which was a part of the carnival aggregation and located the past week on east side of Second, between Market and Princess streets. The plaintiff is represented by Wm. J. Bellamy, Esq., and alleges in his complaint that he had a contract with Messrs. Jones & Adams, of date August 2nd, by which he agreed to furnish for a season of twenty weeks an Oriental theatre show and Hindoo basket trick; that he and his company performed the first part of the contract, but that Jones and Adams dismissed them and terminated the contract contrary to law. The attachment was placed in the hands of Deputy Sheriff W. H. Cox and was served by him and Constable Savage between 11 and 12 o'clock, Deputy Cox taking charge of the Zoo and Constable Savage taking charge of the Bold Bank Robbery and the Oriental theatre tent, those being regarded of sufficient value to cover the claim if should be sustained. The carnival management at once sent for Mr. Bellamy upon the attachment of their property and he came down for a conference with them about 12 o'clock. Nothing, however, could be done without the Clerk of the Superior Court, and Mr. Bellamy advised his clients to wait until to-day. Bond will then be given for the property and a counter attachment may issue against the personal effects of the Oriental theatre people, who, it is claimed, are due the carnival management a commission on their receipts. The officers, who are in charge of the tent last night. The papers are returnable at Superior Court here on December 4th.

**Attachment Led to Confusion.**  
When the attachment was served on the animal show at Front and Market streets last night, Deputy Sheriff Cox went up on the platform in front as the show was in progress and cleared the platform. Policemen M. P. Newton and other officers in the vicinity saw the attachment, ran up to know the trouble. In the confusion, the policeman and Deputy Cox misunderstood the motives of each other and before the difficulty was over some rather hot words were exchanged. However, the trouble soon blew over and Deputy Cox remained in undisputed possession of the field. Zach Lumley, a young white man in the city, came between Officer Newton as he went to stop the commotion and was placed under arrest for interfering with an officer.

**GREAT MASONIC BAZAAR.**  
Arrangements Going Merrily On—Interest in the Fair.

As the time approaches, prospects grow brighter for a magnificent success of the Masonic bazaar to be given in the temple next month, the proceeds being for the purpose of installing an elevator in the building. The various committees are busy with arrangements for the big feat and every department of the work is being carried forward satisfactorily. In the near future the programme will be announced and it will be seen at once that the fair is to be on a grand scale. Donations are coming in rapidly and the Masonic fraternity generally is manifesting a lively interest in what is being done.

The flower show idea has been enthusiastically received and that promises to be one of the most brilliant features of the big event. The number of exhibitors will no doubt be large, and the crowds to see the show will no doubt be very large.

Two Defendants Take Their Cases to the Superior Court.

Two appeals from judgments by the Mayor in the municipal court were taken yesterday. Messrs. N. E. Talar and "Lutie" Croome were the appellants and each gave bond for their appeal to the Superior Court in sums of \$25 each. The cases were separate ones, the first named defendant being charged with disorderly conduct, near the front of the Dixie Cafe, and young Croome with an affray on the carnival grounds with a young man out of town, S. P. Hewett. Each was fined \$10 and costs from which they appealed.

Dr. C. T. Harper, city superintendent of health, became surety for Mr. Tolar, who, it seems, had some words with Officer Leon George. The policeman, it seems, gave the citizen as good as was sent and one word led to another until the arrest was made.

**At Lumina To-day.**  
The Consolidated Company will operate the half-hour schedule to-day from 1 to 8 P. M. From 9 A. M. to 1 P. M. cars will run every hour. It is the same schedule that was operated last Sunday. **Pleasure Boats at Wrightsville.**

**Grayling Sale Confirmed.**  
An order was received yesterday from Judge Purnell, confirming the sale of the tug Grayling to Mr. M. J. Corbett, for \$650. The court costs of the sale were something over \$200 and the claims aggregated something over \$1,000. It will be seen, therefore, that when all the costs are paid the "creditors" will receive only a part of their claims.

**Remains From Philadelphia.**  
The remains of John D. Greene, the young colored man who died in Philadelphia last week, arrived last night and the funeral will be conducted at 3 o'clock this afternoon from St. Stephen's church. The deceased had for several years been employed by a large electrical concern in Philadelphia. The family lives at Eighth and Church streets, this city.
