Periodical pains will certainly make you lose all your good looks, and quickly make you old, before your time. Do not suffer. Refuse to be a victim. You can be cured and your functions made as regular, easy and painless, as nature meant them to be-as nature planned all our functions, like digestion, breathing, etc., to be.

When you suffer periodical pains, like headache, backache, dragging-down sensations, pain in legs, arms, side, etc., it is because your weak female parts are in need of a tonic, that will give them the natural strength which they lack. This you will find in Wine of Cardui, the genuine, old, remedy and specific, for female diseases, which, for over 70 years, has been in constant use, in thousands of families throughout the country, during which time it has been of wonderful benefit to over a million women.
