Lewis Morrison in Faust—"When We Were Twenty-One" and Pauline Hall Opera Company.

Lewis Morrison himself positively appears at the Academy tomorrow night, in the part of Mephisto supported by a strong company drawn from the best of the "legitimate" school. Lewis Morrison has appeared in this part over five thousand times during the past twenty seasons and his performance is recognized by the best critics to be a flawless piece of acting which has gained him international fame.

LOCAL DOTS.

Mary Alice Johnson, of Brooks alley, was sent out to the hospital last night for the treatment of severe scalp wounds she had received on Nixon street earlier in the evening. The wounds are not dangerous.

TO THE LADIES.

Whenever you grace an occasion with your presence, there is always a beam of magnetic sunshine that enshines you to deeds, and so it has been during our Bazaar. To the success of our Masonic Bazaar, we owe it all to you, who have so diligently worked for but one end, "Success," and this it has been. Words fail us and our tongue refuses to answer to the feelings of our hearts when the time comes to thank you. Our fraternity as one man, thank you most sincerely for your kindly interest and hearty cooperation.

HENRY SCOTT TO DIE

Verdict of Guilty Returned and Sentence Pronounced in Federal Court

TO HANG ON JANUARY 26th

Closing Incident of Notable Trials—Place of Execution Continues Live Topic of Discussion—Condemned Men Express Themselves.

After what seemed for nearly 48 hours a hopeless division upon the question of guilty carrying with it the death penalty or guilty without capital punishment, the only alternative provided in the statute in such cases, the jury in the case of Henry Scott, charged with mutiny and murder upon the high seas, at 1:25 o'clock yesterday afternoon returned a verdict of guilty in the first degree and the defendant must die, according to sentence subsequently passed by Judge Purnell, on Friday, January 26th, the same date fixed for the legal execution of Adams and Sawyer, his shipmates, who were previously convicted this week.

The verdict had been reached half or three-quarters of an hour before, but some time was taken up in getting the prisoner, his counsel and court officials into the court room as is required before the formal return. The jury filed into the room weary-looking and with every appearance of having felt the intense strain under which they had labored for two nights and the best portion of two days. Mr. W. T. Mercer, acting as foreman of the jury, stood in reply to the formal inquiry by the clerk, replied "Guilty." Then the jury was polled and each of the twelve men for himself, answered the same. The District Attorney then prayed the judgment of the court and Mr. Bellamy, counsel for the defence, with a consciousness of duty well performed, arose and said that he knew no reason why judgment should not be pronounced; that his client had in all respects a fair and impartial trial and he had made no exceptions.

PAULINE HALL OPERA COMPANY

Pauline Hall Opera Company—Although the date of Pauline Hall Opera Company in "Dorcas" at the Academy next Saturday is still somewhat distant, the coming of the great prima donna is already creating more than passing comment among music lovers and admirers of comic opera in its highest forms. "Dorcas" is by Harry and Edward Paulson, authors of "Erminie," in which Miss Hall became the idol of New York theatre-goers when the opera had its long and memorable run at the Casino. Mr. J. Robertson Smiley, business manager of the company, arrived in the city yesterday to get everything in readiness for the coming of the attraction.

THE BAZAAR CLOSED.

Declared a Success Both Artistically and Financially—Elevator. The Masonic Bazaar closed yesterday afternoon. It was pronounced an artistic success by all who attended and a financial success by those in charge of the management. The ladies responded most nobly to the requests for assistance by the Executive Committee and without their cooperation and support, it would have been nothing like the success it was. Elsewhere in to-day's Star, the Masonic Temple Corporation returns its sincere thanks to the ladies for their kindly assistance. The proceeds of the Bazaar will be used in defraying the expenses of the installation of an elevator in the building, which is much needed.

NEW TRASH ORDINANCE.

The ordinance recently adopted by the Board of Aldermen providing a better system for the removal of trash, etc., in the street cleaning department of the city, is published officially in an advertisement elsewhere in to-day's paper. The success of the new system depends largely upon the co-operation of the public and every housekeeper and landlord should read the ordinance and suit their actions accordingly. There are, too, certain penalties attached to violation of the law which most people would do well to avoid.

MR. GEORGE A. LETFORD HERE.

Mr. George A. Letford, representing H. E. Bucklen & Co. of Chicago, and popularly known in this city and all over his extensive territory in the South as the "drummer medium," arrived in the city last night and will spend several days here. Mr. Letford has given a number of readings in Wilmington and the remarkable powers possessed by him as a spiritualist, have been the wonder of many groups of his friends during his periodical visits to this city.

ROYAL ARCANUM REINSTITATED.

A telegram received yesterday afternoon by Dr. S. Mendelsohn, from Supreme Regent Howard C. Wiggins, of the Royal Arcanum, from Rome, N. Y., notifies the members of Cornutus Harnett Council, Royal Arcanum, of this city, that the council has been reinstated as heretofore. The circumstances of the suspension of the Council are well remembered by readers of this paper.

FIRE YESTERDAY MORNING.

Heat from a stove in a bedroom at the residence of Dr. S. Mendelsohn, No. 511 Orange street, at 8 o'clock yesterday morning, caused a blaze which brought the Department out, in response to an alarm from box 48, and which damaged the house furnishings to the extent of about \$150 and the building about \$200. The loss is fully covered by insurance with the agency of Col. Walker Taylor.

Union Depot Arrangement Between Seaboard and Coast Line Again Being Urged

A PROBABILITY OF SUCCESS

Understood That Renewed Efforts by Chamber of Commerce Is About to Accomplish Desired Result Front Street Station.

It may be announced with a reasonable degree of certainty that arrangements are about concluded by which union depot facilities will be provided the Wilmington public by the Atlantic Coast Line and the Seaboard Air Line in this city. In other words, it has about been arranged so that the Seaboard Air Line passenger trains will run into and depart from the Front street station of the Atlantic Coast Line instead of the Seaboard depot, further removed from the business section of the city and very inconvenient to reach from any point of travel in Wilmington.

HIS RECORD BEFORE.

An old sailing master, whose name the District Attorney did not remember, approached that official yesterday and said that he had just come into port and entered the court room for the first time yesterday. He said he recognized Scott as a negro sailor once on his ship, when some negro sailors were made way with in a manner that was never explained. If Scott is the same man, the captain said he was a desperate negro and once had threatened the life of his son aboard a ship.

WILMINGTON BANKS TAKE PROGRESSIVE STEP—THE OFFICERS ELECTED.

The banks of the city took a progressive step yesterday in the organization of a Clearing House Association, the objects of which are the same as have made them necessary to the banking interests in all the large financial centres of the country. The meeting of local bankers was held in the offices of Messrs. Hugh MacRae & Company, and the organization was perfected by the election of the following officers:
