

OUTLINES.

In Philadelphia yesterday John J. Kean, who was arrested on Monday for kidnaping a seven year old boy, was tried and sentenced to the penitentiary for 30 years, the trial and conviction having taken place in less than 24 hours after the criminal fell into the clutches of the law. The Democrats on the Senate Finance Committee voted with the Republicans yesterday in refusing to report Senator Tillman's resolution for investigating contributions by national banks to political campaigns. The North Carolina Bankers' Association met yesterday at Lake Toxaway, in the mountains of North Carolina, President C. N. Evans, of Wilmington, presiding. When the meat inspection amendment came up in the House yesterday, Chairman Wadsworth explained the agreement between the president and the Committee on Agriculture; referring to the changes to suit Mr. Roosevelt he said "it soothes the feelings of certain individuals," he was willing for them to all go in; Democratic Leader Williams declared there had been some muckraking in connection with the bill and defended Chairman Wadsworth (Republican), from reflections on his motives. The House yesterday with practical unanimity passed the meat inspection amendment agreed upon between President Roosevelt and the House Committee on Agriculture. In the Senate yesterday, Knox, of Pennsylvania, advocated a lock canal on the Isthmus. The House yesterday passed a bill authorizing St. Louis to erect a free bridge across the Mississippi River. Lawyer Cromwell again defied the Senate Committee yesterday by refusing to answer questions concerning the deal by which he sold the canal to the United States for the Panama Canal Company. New York market: Money on call steady, 3 1/2 to 4 per cent, ruling rate 3 1/2, closing bid 3 1/2, offered at 3 1/2; spot cotton quiet 24.95; flour steady but dull; wheat steady, No. 2 red 94 elevator; corn easy, No. 2, 59 1/2 elevator; oats steady, mixed 45 1/2; turpentine firm; rosin firm, stained, common to good, \$4.05. Since when did safe-guarding the rights and interests of the people become "radicalism"? It is reported that agrarian disorders have commenced in Russia again. That probably means that the Russia farmers have laid-by, speaking in agrarian terms. A North Carolinian was arrested in Philadelphia a few days ago for having four wives. Of course he is sorry he is in jail, but he would have been sadder there if he had been turned in when he got to thinking of taking his second chance in the matrimonial lottery. The Princess Chimay, who is still stuck on the Hungarian violinist Rigo, now in New York, has sent him a check for \$100 and he doesn't know what to do with it. She ought to send it to people who have got their route laid out and can't go the pace for lack of checks. The population editor of the Charlotte Chronicle has increased the population of Charlotte from 18,091 in 1900 to 41,500 up to date. Some of that big crowd that took in the Mecklenburg celebration, May 20th, must have liked the town so well that they concluded to camp right there. Uncle Joe, if we understand you correctly when you say that "the floor of the House is the place to discuss pending legislation," you mean to say that the floor of the White House is "no fifteen place" for a one-sided discussion with no speaker on hand to rule the gentleman out of order. The chorus girls of New York have appealed to Immigration Commissioner Watchorn to stop an importation of foreign chorus girls who have been engaged under contract by Director Conrad of the Metropolitan Theatre, contrary to the contract labor law. The foreign chorus girls will be in a tight place if they are held up and sent back. Says the Winston-Salem Sentinel: "Recently a number of college professors have moved from this State to accept positions in other sections. This kind of thing will continue until those in charge of our institutions of learning make up their minds to pay better salaries to instructors in the different branches." We have to pay the price if we expect to keep genius and learning in our State.

CREW OF THE SWEENEY IS SAFE IN NEW YORK

Captain Fennimore and Eight Men of Ill-fated Schooner Which Went Down Off Cape Fear Bar Last Tuesday Landed Yesterday.

Tidings of the crew of the ill-fated schooner Jennie Sweeney which went to the bottom of the sea five miles off the Cape Fear bar yesterday a week ago have at last been received. After a night on the billow deep in their small boat, exposed to the severest hardships, after abandoning their vessel and seeing her go to the bottom, they were picked up by the schooner Maggie M. Keough the following day and landed yesterday in New York. The story of their timely rescue and the first authentic account of the loss of the vessel are told in the following Associated Press telegram received last night by the Star: New York, June 19.—The schooner Maggie M. Keough, Captain Tilton, which arrived here today from Savannah brought into port the crew of the schooner Jennie Sweeney, which struck on the twenty-one foot lump of Frying Pan shoals, off Cape Fear bar, in a heavy northeaster Tuesday, June 12th, and went down two hours later. The crew of eight took to their boat and, after a night exposed to the severe weather, were picked up by the Maggie M. Keough, Captain Fennimore, of the Jennie Sweeney, said he called from Philadelphia for Mayport, Fla., May 29th with a cargo of coal. In the rough sea and misty atmosphere, he lost his bearings. When the schooner struck, finding the vessel badly damaged, Captain Fennimore ran for Smithville, but soon had to abandon the sinking craft. The survivors were picked up the following day. They saved only the clothes they wore. The Jennie Sweeney was built at Ways Landing, N. J., in 1875, and was owned in Philadelphia. Her tonnage was 574 net register.

THE MARINE HOSPITAL WILL REMAIN HERE

Secretary of Treasury Yesterday Issued Order Re-opening the Institution Here With Number of Others—A Decided Victory.

It will be welcome news to the commercial interests of the city and the Wilmington public generally to know that an order was made in Washington yesterday revoking the order for the closing of the Marine Hospital in this city, an institution of time-honored existence at this port and one of great importance to the shipping and maritime interests of all this section of the Atlantic Seaboard. The original order was received about two weeks ago and since that time the commercial bodies of the city, through Senator Simmons and Congressman Patterson, in Washington, have been quite active in their efforts to get a revocation of the order of Surgeon General Wyman closing the institution on July 1st. The success of their efforts is a notable one and quite a victory for the commercial bodies, the Chamber of Commerce, which carried on its negotiations through President Taylor, and the Merchants' Association, which took action in the premises through President Rogers. The original order is believed to have resulted from some friction between the Secretary of the Treasury and Surgeon General Wyman and the order re-establishing the hospital, with several others in the South, comes from the first named. The news first reached the city through the medium of private telegrams yesterday and by an Associated Press dispatch last night. The latter is as follows: Washington, June 19.—The Secretary of the Treasury has issued an order re-establishing the Marine Hospitals at Memphis, Tenn., Cairo, Ill., St. Louis, Mo.; Evansville, Ind.; Louisville, Ky.; Wilmington, N. C., and Vineyard Haven, Mass., which were discontinued by an order of the Secretary issued on the 8th instant. Congress has made provision for the maintenance of the hospitals and the members desire them to be continued.

THE SUMMER SCHOOL TO HANG IN AUGUST

Attendance Upon Training Institute Yesterday Increased to More Than 300.

THE DAY'S PROGRAMME Number of Interesting Addresses By Leaders of the Movement, Including Rev. N. M. Watson, of Wilmington.

The attendance upon the Sunday School Training Institute at Wrightsville Beach yesterday reached the proportion of between three and four hundred and still others are arriving daily. The interest, too, is all that could be desired and prominent persons identified with the movement speak of it as a success in every particular. Several prominent speakers on the programme have been unable to come, but their places have been filled by others and the institute in every way is proving a source of much pleasure and profit to all. The exercises yesterday opened with a half hour's discourse by Dr. Hamill on "Christ's Miracles," followed by the daily drills by Miss North, of Washington, D. C., with lapboard and pad sketching in illustration of the International Sunday School literature. Mrs. Hamill gave a talk on the Primary Lesson—Illustrated. The Teachers' Meeting was the subject of an interesting discourse by Dr. Hamill. The Superintendent and his class was the subject of a most interesting discourse by Dr. Carre, of Vanderbilt University. Dr. Scherer, of Newberry College, next spoke on "The Friendships of Jesus—Peter." Dr. Scherer is a most interesting and able speaker, and his presence has contributed no little to the success of the Institute. "The Teacher-Training Class" was most interestingly treated by Rev. N. M. Watson, pastor of Grace church, Wilmington. Rev. Mr. Watson is thoroughly identified with the work and is nothing if not practical. He was heard yesterday with a great deal of pleasure by the large number of visitors. "The Problem of Money" was a subject of interest assigned to Hon. J. E. Ellerbee, of South Carolina, but unfortunately he could not be present and the half hour given to that feature of the programme had to be taken by another. To-day the programme will be found quite interesting again. It is as follows: 9:15 A. M.—Christ's Parables and Discourses, by Dr. Hamill. 9:45 A. M.—Daily Drills and Sketching, by Miss North. 10:15 A. M.—Primary Mission Study, by Mrs. Hamill. 10:45 A. M.—The Art of Questioning, by Dr. Hamill. 11:15 A. M.—Quiet Hour of Personal Christian Experiences. 11:30 A. M.—Extending the School, by Prof. Carre. 12 Noon—The Friendships of Jesus—Paul, by Dr. Scherer. 4:30 P. M.—Men's Classes, by Mr. W. M. Jones. 5:00 P. M.—The Missionary Sunday, by Dr. Hamill. The Sunday School workers of the city generally are cordially invited to attend the sessions.

A LIVELY FISTICUFF

Alderman Johnson and Ex-Policeman Guy in an Encounter Yesterday.

STORIES OF THE AFFAIR Friends Pulled the Men Apart, Not However Before Number of Blows Were Exchanged—Sensation in Municipal Circles.

Growing out of charges preferred by Alderman E. F. Johnson against Policeman M. E. Guy in opposing the election of the last named to a permanent position on the police force of the city at Monday night's special meeting of the Board of Aldermen, a fisticuff ensued between the two men on Dock street, near Mr. Johnson's place of business, yesterday morning about 10 o'clock. The affair was the sensation of the day in municipal circles and was talked about freely on the streets by the people of the city in general. It appears that Mr. Guy, in company with a friend, drove down on Dock street in a buggy about the hour named and seeing Mr. Johnson on the opposite side of the street, called him over to the buggy and asked what he meant by making charges against him before the Board of Aldermen and accomplishing his defeat. Mr. Johnson says that he replied to Mr. Guy that he did not consider him a proper man for the police force, and as a public official had worked and used his influence against him. Mr. Johnson said he saw Mr. Guy very much wrought up and that he turned to go back across the street to his place of business and that as he did so, the former officer caught him in the back of the neck by the collar. As quick as he could, Mr. Johnson says he wrenched loose from his antagonist in order to face him and dealt him a blow in the eye and others about the face. Mr. Guy dealt the Alderman several blows in the face, but they seemed to have glanced as Mr. Johnson's face bore no signs of the conflict. His collar and vest, however, were torn loose and he suffered some from the exertion incident to such a conflict. Officer Guy had a cut under one eye and a bruise or two otherwise. Only a few blows had been exchanged when the two men seemed to have clinched and it was at this stage of the game that Mr. W. T. Mercer, Mr. D. C. Littleton, Mr. Boesch and others interfered, pulling them apart. Officer Guy is reported to have cursed the Alderman very vilely after the fight, but as soon as the excitement was over, Mr. Johnson, accompanied by Messrs. Mercer and Littleton, went around to Justice Furlong's court and submitted to an assault of which he was adjudged guilty and required to pay the costs. He also had a warrant issued for his antagonist, charging him with an assault, but before Deputy Sheriff Smith could see Mr. Guy, he had given himself up at the police station to Chief Williams and will be given trial before the Mayor at noon to-day. Mr. Karr, who led the fight for Mr. Guy's election on the Board of Aldermen Monday night, yesterday made a statement to the press stating that while he favored the election of Mr. Guy to the force, believing that he would have made a good officer, he

MUNICIPAL AFFAIRS

Board of Audit and Finance in Regular Semi-Monthly Session Last Night.

CITY CONTRACTS APPROVED Chesnut Street Paving Matter Not in Due Form—Concurrence in Some Appropriations By Aldermen, Non-Concurrence in Others.

A number of matters of interest, most of which came over from the special meeting of the Board of Aldermen the night before, were considered and acted upon at the regular semi-monthly meeting of the Board of Audit and Finance last night. The meeting was held in the office of the City Clerk and Treasurer, the room of the Board being now under repairs and in confusion, Chairman McQueen and all members of the Board were present except Mr. Yates. The paving of Chesnut street from Front to Water, was first taken up, a plan of the proposed improvement being submitted by City Engineer Matthew with an estimate of the cost which was placed at \$2,892, making the proportion to be paid by property owners \$1,410. Mr. Isa. Bear, of Sol Bear & Co., one of the owners at interest, was present and urged that the work be undertaken at once. The Board, however, held that under the new law the plans must be filed in the office of the City Clerk and Treasurer for a given period and notice must be given of the City Clerk and Treasurer for an improvement so that any property owners objecting may have an opportunity to be heard, and until the law is complied with, no action can be taken. The City Engineer stated that this matter would be attended to by the proper committee. The City Engineer stated that he believed the average cost of macadam is \$1.00 per square yard and that his calculation for the Chesnut street work was based on the difference in the cost of that and the Belgian block proposed to be used. The award of the contract to Thad. F. Tyler for building a cart shed in the city pound at \$290 was concurred in. The award of the contract to Mr. Tyler for the repair of the Sixth Street bridge over the W. & W. railroad tracks, was not concurred in, the Board being of the opinion that the general law of the State requires railroads to keep in repair and maintain such bridges over their lines. A case recently taken to the Corporation Commission from Durham was quoted as bearing on the case. Alderman J. A. Karr, of the Committee, was present and he was authorized to take the matter up with the Atlantic Coast Line people and reach some agreement. The general idea of the drainage proposed by the Board of Health and which the City Engineer estimated would cost in the neighborhood of \$2,000, was concurred in but the Board made the suggestion that before the work is undertaken that bids be advertised for. The proposition to re-establish the street lines of the city and place centre stones where needed at a cost estimated at \$2,500, was not concurred in. The City Engineer was present.
