

## ...REASONS WHY...

Our goods are all bright, new, clean and up-to-date, bought right, sold right; therefore they move at the rate of nearly a car load per week without SPECIAL SALE, PRIZE OFFERS or other deceptions. Our company is composed of people of integrity and ability, evinced by the fact that all their past business undertakings have been successes; therefore we enjoy the largest confidence of those we buy from and those we sell to.

## WE BUY IN CAR-LOAD LOTS

Saving about one-half the freight, pay cash for our goods, saving the large cash discounts; therefore do not have to divide with the railroads and those we buy from. We assert without fear of successful contradiction that we have saved our customers hundreds of dollars already. We will save money for you if you trade with us.

## SPIRITS TURPENTINE

Raleigh News and Observer: Eastern North Carolina towns are moving forward as well as the larger places. More than one hundred thousand dollars have been handled by the Bank of Winterville since it was established. That's a fine little town, built upon successful factories and a splendid school.

Raleigh News and Observer: The negro, Thomas F. McCoy, yesterday began service as carrier on the rural free delivery route No. 4, out from Raleigh, in the Swift Creek section. This was unexpected, as a letter to Postmaster Bailey last week from Fourth Assistant Postmaster General DeGraw stated that the commission of McCoy had been revoked. Telegrams to the News and Observer from Mr. Thomas J. Pence, its Washington correspondent, said this was an error and the going to work of McCoy yesterday proves that there is something wrong in the matter. The order for McCoy to start on the route was received here by Postmaster Bailey in a telegram Saturday night. It was from DeGraw, and gave orders to start McCoy on the route on Monday, that a letter would follow. McCoy went to work yesterday, but the letter from DeGraw has not yet arrived. The opposition of the people on the route to the negro McCoy is a thing well known, and it had been hoped that the negro would not be put on them, and that Mr. N. E. Lawrence, the substitute carrier, would be retained. But the Republican administration thought differently, and they have forced the negro on the people of the route despite their protests.

Durham Special, June 18: Mrs. Catherine Cordelia Beaman, wife of Rev. Dr. R. C. Beaman, pastor of Trinity Methodist church, died suddenly this morning at 11:15 o'clock. Her death was caused by rheumatism of the heart. Tomorrow morning the remains will be taken to Goldsboro, where are buried several of her children, and interment will take place about 4 o'clock in the afternoon. Quite a number will go from here to Goldsboro to accompany the body, among these being several of the official members of the church. Mrs. Beaman was taken ill about a week ago and had been suffering from a mild attack of malaria and inflammatory rheumatism. Her condition was not such as to cause alarm, however, and nothing serious was anticipated until a few minutes before her death. Less than thirty minutes after a physician left the house she died, almost in an instant. The rheumatism, from which she suffered, had attacked her heart. Before her marriage Mrs. Beaman was Miss Catherine Cordelia Dudley, of Morehead City, daughter of Colonel Elijah Dudley. She was about fifty years of age. Twenty-six years ago, February 25, last, she became the wife of Rev. R. C. Beaman. Of this union there are now living three children: Miss Mary, Miss Catherine and James Southgate Beaman.

A dispatch from Bristol, Tenn., on Monday says: John W. Ashburn, alias J. W. Ash, who was arrested at Lexington, Ky., last week on a sensational charge of bigamy, was brought to Bristol to-day by Deputy Sheriff Riley, and is now in jail here. Ashburn recently married a Miss Davis, of Elk Park, N. C., in Bristol, and went from here to Lexington. He is said to have a wife and family in Virginia. Miss Davis comes from a prominent family at Elk Park, and her father had Ashburn brought back to Bristol and will prosecute him. His last wife, who is a young woman and quite beautiful, accompanied him and the officer back to Bristol and refuses to be separated from him, declaring her intention to live with him. Ashburn claims he thought he had a divorce from his first wife and admits the second marriage.

Durham Special, June 18: Freeman Jones, the negro charged with burglary and attempt to commit criminal assault on Mrs. J. W. Barker, was arraigned before Justice of the Peace J. E. Owens this morning. He waived examination and was committed to jail without bail. The brutal crime has stirred the people and while there is no probability of any attempt towards taking the life of the negro, the general expression on the streets is in favor of a special term of court and speedy trial for the brute. There is no question about his guilt. He said this morning that he did not know what he did, as he was drunk.

Greensboro Special, June 18: Dr. J. B. Matthews was in the city to-day, coming here from a sanitarium near Baltimore simply to renew his bond of \$5,000. This he will be compelled to do every three months. The doctor looks physically much worse but better mentally. He now looks like a sane man, an appearance he has not had since the killing of his wife. His brother, who was with him, says that it has only been within the last three weeks that he has been able to write a coherent letter. He returned to Baltimore about 2 o'clock.

Charlotte Observer: The Fuller Combing Gin Company has established offices and a temporary plant in Dilworth for the manufacture of the cotton gin on which the company owns the patents. The officers of the

company state that the demonstrative work, which has been carried on during the past season, has been so satisfactory and has so impressed all who have investigated the new principle of ginning cotton, that the necessity for manufacturing the machine on an extensive scale is at once apparent. In all probability the factory will be located at Chattanooga, Tenn., owing to the economic manufacturing conditions existing there, and exceptional facilities for distribution throughout the cotton belt. Chattanooga interests, after investigating the project, have subscribed for a large portion of the stock issued, leaving only a limited amount still to be placed. Many experts who have witnessed the operation of the Fuller gin, notably the delegation of English spinners who recently visited this country for the express purpose of investigating present methods of handling cotton and of suggesting necessary improvements, declared the value of the product of the Fuller gin to be at least two dollars per bale more than if ginned on the saw gin.

### GET INSIDE.

Your Friends and Neighbors in Wilmington Will Show You How.

Rubbing the back won't cure backache. A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys. Doan's Kidney Pills get inside—They cure sick kidneys. Here is Wilmington proof that this is so:

R. F. Rowan, clerk with L. W. Davis' Clothing House, residing on Castle street between Sixth and Seventh, says "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Belamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result. I will gladly recommend Doan's Kidney Pills every time for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all Druggists. Price 50c. and \$1.00. Trial bottle free."

## Bug Death!

What Bug Death Will Do.

Kills insects on the vegetables. Just the thing for Cantaloupes.

Works splendidly on tomatoes.

Does not injure plants, but really serves as plant food.

No danger as in using Arsenic.
