WRECK ON SOUTHERN

(Continued from Page One.)

wille division, left late this afternoon, having been called to Washington. It was Mr. Andrews' understanding that the entire official family of the Southern Railway Company had been summoned to be present at the funeral of President Spencer.

The identification was made this morning of the negro who was killed and burned beyond recognition. The victim was Benjamin Boswell, of Toledo, O., a dining car man who was taken aboard the president's car for the trip.

The death of William Pollard, the negro porter, in President Spencer's car, and J. W. Shaw, the negro fireman, both of whom died in the city hospital here last night, swelled the death list to eight. The latest word from the hospital regarding the injured indicated that all of them are doing nicely and probably will recover. The escape of E. A. Merrill, of New York, private secretary to Mr. Spencer, the only survivor in the party on the private car save the porter, was miraculous. The injuries he sustain are not serious and he will be able to leave the city hospital here probably by the first of the week.

Washington, Nov. 30.—The bodies of Charles D. Fisher and Frank T. Redwood, both of Baltimore, who were killed in the collision, at Lawyers, Va., when President Samuel Spencer, of the Southern Railway, lost his life, were sent to Baltimore early to-day.

D. W. Davis, the telegraph operator who was killed, when notified that he would be expected to accompany President Spencer and party, asked to be relieved, stating that it was the desire of his wife and himself to spend Thanksgiving with her parents in Alexandria, but it could not be arranged.

Superintendent of Transportation Taylor said to-day that all efforts of the company so far to locate Operator Mattoax, who was operating the block signal tower at the entrance of the block, in which the accident occurred, had failed. Mattoax is a native of Sandy Level, Va., and had been in the employ of the company for three years.

Practically two independent investigations are under way for the purpose of fixing the responsibility for the wreck, one by the division superintendent in charge of that division and one by the general superintendent of the Road.

New York, Nov. 30.—The body of Gen. Philip Schuyler, who was killed in the wreck on the Southern Railway, was brought to this city to-day. W. Pierce Hamilton and H. B. Hollins took the body in charge and sent it to Gen. Schuler's home at Ardsley, N. Y. The funeral will take place to-morrow at St. Barnabas Episcopal Church in Irvington, N. Y.

Funeral of Mr. Spencer.

Washington, Nov. 30.—The funeral of Superintendent Samuel Spencer, of the Southern Railway, who lost his life in the railroad collision at Lawyers, Va., early Thursday morning, will take place at St. John's Church, in this city at 2 o'clock Sunday afternoon. Rev. Roland Cotton Smith, rector, officiating. The body will be interred in this city. The burial service will be private. For five minutes during the funeral hour, beginning promptly at 2 o'clock, every train and all machinery of the entire Southern Railway system will be at a standstill as a mark of respect to the late president.

The active pall bearers will consist of 10 of the oldest negro porters in the service of the Southern Railway. The honorary pall bearers will include the vice presidents, and officials of the road. J. Pierpont Morgan and other prominent financiers of New York. The list given out to-night by the officials of the Southern Railway includes 38 of the leading railway men of the country, including J. Pierpont Morgan and Mr. Henry Walters, of New York and others.

Following is the general order issued to-night by the Southern Railway: "The funeral services of Mr. Samuel Spencer, late president of this company, will take place at St. John's Church, Washington, D. C., Sunday, the second day of December at 2 P. M., Eastern time. As a mark of respect for his memory, it is ordered that all trains on the lines of this company come to a full stop, wherever they may be, at the funeral hour, and remain standing for a period of five minutes.

"The fourth vice president and general manager will see that the order is carried out.

(Signed) "A. B. ANDREWS, First Vice President. President Samuel Spencer earned his first laurels in railroading on the section of the road in which he lost his life yesterday. That portion of the Southern system was formerly known as the Virginia Midland, of which Mr. Spencer was superintendent in 1877. This was the highest position he had held up to that time and he left it within a year for a promotion.

In order that as many Wilmington people may attend as possible Business Manager George D. Sitting in a smoking car, his head bound with bandages, was Engineer Kinney, of Spencer, who saved his life by leaping from his engine just before it ploughed through and set fire to the wrecked coach of No. 33, in which President Spencer was sleeping. Important Announcement. To have the largest stock of goods in any line, from which customers may select and from which to supply customers is a fortunate thing for any firm. The distinction of having the "largest stock" often claimed by several rival stores in the same line. Realizing the importance of having the largest stock of Furniture and house furnishings in Wilmington, it has been claimed by us for some time. On June the first, according to the sworn tax returns have more than twice as many goods as any furniture store in the city, else those with the largest stock falsified tax returns under depriving every branch of government from the school child old soldier. The records of the transportation companies show that since last we have received twice as many goods as any furniture store in the city. To be able to save purchasers money is so important a matter almost every one claims that. With our facilities for buying in large quantities, saving freight, cash, saving discounts, economical management, certainly us to the place. Our goods cost us from 20 per cent to 35 per cent less than if we bought differently. We sell goods on an average per cent less than we could if we bought in the usual way.
