

### OUTLINES

The American Bankers' Association yesterday filed an important complaint with the Interstate Commerce Commission, contending that the Southern Express Company and other express companies violate the new rate act of Congress in doing a banking business; it is further alleged that the express companies do a banking business cheaper than the banks and do it with the capital of the banks without charge—Yesterday was South Carolina Day at the Jamestown Exposition and it was made a brilliant success by Governor Ansel and his staff. The Second South Carolina Regiment, City Academy of South Carolina cadets, addresses social features, etc.—Dun & Co.'s weekly review of trade reports that better crop prospects has stimulated commercial and industrial activity and practically in all the branches the conditions are satisfactory—At the trial of Judge Loving in Houston, Va., yesterday for the murder of his daughter, the attorney for the prosecution and those for the defence argued before Judge Barkdale the instructions which should be given to the jury; the prosecution demanded that the jury should be charged against the unwritten law and instructed that no man has the right to become his own avenger; Judge Barkdale refused to so instruct the jury, thus leaving it to consider the unwritten law as extenuating homicide.—In New York yesterday there was a flurry in the money market, call money ranging from 6 to 12 per cent., causing some depression on the stock market.—In the fight against the 2-1 cent fare at Asheville yesterday long arguments were made by attorneys for the Atlantic Coast Line and the North Carolina Corporation Commission.—At Boise, Idaho, yesterday the attorneys for W. D. Hayward charged with the assassination of Governor Steunenberg continued the trial of the story of Harry Orchard, the self confessed murderer.—New York Market: Money on call strong and higher at 6 to 12 per cent., ruling rate 7-12, closing bid 10, offered at 12; spot cotton 15 points higher closing steady at 13.15 cents; four steady with trade quiet; wheat firm, No. 2 red \$1.00 1-2 elevator; corn barely steady No. 2, 63 1-2; oats steady, mixed 49 1-2; turpentine and rosin, quiet.

Says the Columbia Record: "A man can get drunk by inhaling the fumes of alcohol." Yes, but men will go right on getting it by the old and effective imbibing process.

That's an awful mess—that Loving-Estes affair in Virginia. There is talk now that, if Loving is acquitted, the Estes people will try to indict Miss Loving for perjury.

The price of calico and silk continues to advance, but men will go right on doing their best to make the price. You can't keep a working man down by making matrimony come higher.

Senator Knox is going around codding his Presidential boom, and making a noise like a man trying to cook his own goose. He is already entered in the race that has its wind-up in the camp of the "reactionaries."

The Hon. William J. Bryan's Communion says "Oklahoma's constitution is the best constitution there is in the United States today." He is judging the other constitutions from what they look like with the loopholes exposed to view.

Mr. F. H. Holland, who recently returned to Wilmington from Norfolk, says the Jamestown Exposition will far surpass the other big exhibitions both as to exhibits, spectacular features and general attractions. Wilmington will take his word for it, and will see it before it closes.

The entrance of Ashley Horne into the race for Governor has largely increased the element of doubt as to who will come under the wire first. His name commands respect wherever he is known, and he is certain to prove a formidable competitor for the Democratic nomination. Mr. Horne is in no sense a practical politician, but he is a successful farmer, banker, manufacturer and merchant.

The Fender Chronicle, Burgaw, says: "A trip to Canetuck township will convince anyone that it produces, or can, enough corn for Fender county. Upon the whole we venture to say that there is no better corn land in the world. Truly it is the Egypt of this country." People who look out of car windows and see some of the sand ridges in eastern North Carolina can't take in what The Chronicle says, but the lands referred to by it are in no wise second to the best in Arkansas or Texas. Come to eastern North Carolina if you want to strike it rich in soil and climate.

Annual Mill-end Sale Starts Monday at 10 o'clock at Rehder's.

## GOING TO EXPOSITION

### Adjutant General Robertson Announces Dates For North Carolina National Guard.

### MAYBE NAVAL RESERVES TOO

#### Sunday School Excursion Arrives at Raleigh From Several Points—Dr. Carlyle Returns From Fayetteville—Crops Good.

(Special Star Telegram.)

Raleigh, N. C., June 28.—The official announcement is made by Adjutant General Robertson, of the North Carolina National Guard, that the annual encampment of the Second and Third regiments will be at the Jamestown Exposition in connection with North Carolina Week, August 12th to 16th, inclusive.

Rifle range practice by the First Regiment will be at Camp Glenn, Morehead City, August 8th to 13th and thereafter the First Regiment will join the Second and Third at Jamestown from August 14th to 16th inclusive. Orders in detail for the movement of the troops will be issued later. It is understood also that at least four divisions of the Naval Reserves will be at the Jamestown Exposition North Carolina week. They are not designated yet, however.

A big Sunday School excursion from Hamlet, Sanford, Jonesboro and Pittsboro reached the city today over the Seaboard Air Line and returned this afternoon. The Sunday School parties of the several towns named enjoyed a picnic at Pullen Park and a baseball game between the B. B. E. team, of Raleigh, and the new Lee County Team from among the number of excursionists.

Prof. J. B. Carlyle, of Wake Forest College, was in the city yesterday, returning from Fayetteville, where on Wednesday night he delivered the graduating address before the class of students of the Highsmith Hospital Nurses Training School. Deserving of special mention in connection with the hospital, says Professor Carlyle, is the generosity on the part of Mrs. Eva Cochran, of New York, who has endowed six wards for the free treatment and care of the poor, and has rendered generous aid to the institution in other respects.

Rev. Livingston Johnson has returned from a visit to his mother in Scotland county, where he went from Parkton, where he preached last Sunday. He says the cotton crop in Scotland is the best he has seen this year, and that it is in remarkably good condition, considering the very unfavorable season.

### HEAVIER RAIL ON W. & W.

#### Big Improvement on Line Between Wilmington and Goldsboro.

In view of the vast improvement being made by the Seaboard Air Line in the same respect, it will be of interest to know that the Wilmington & Weldon division of the Atlantic Coast Line between this city and Goldsboro is also being re-laid with the heavier 70-pound rail. The work has progressed from Goldsboro as far towards Wilmington as South Washington, and it is said that the entire work will be completed by July 15th. The rail now on the Wilmington and Weldon is the 56-pound weight and the 70-pound material being put down in its place is from the main line where the still heavier 90-pound steel is being used. The 56-pound rail will be used at unimportant points on the system for sidings and switches. The work on the Coast Line is said to be progressing much faster than on the Seaboard, but on the latter road there is much to be done in connection with the laying of the rail in the improvements to the roadbed. This with the scarcity of labor is responsible for the rather slow progress on the Seaboard.

### Justice Bornemann's Court.

In Justice Bornemann's court yesterday Lawrence White was charged by Thos. Stirling with the larceny of \$6.05 from him. At the trial it developed that the defendant was only ten years of age, and therefore could not be convicted if the theft had been proved on him, which was not done. John Evans, charged with assault and battery on his wife, Carrie Evans, was fined \$5 and costs, \$8 in all. Justice Bornemann also issued warrants in nine civil cases which will come up for trial today at noon.

### Railway Clerks to Meet.

There will be an important meeting of Wilmington Local No. 45, Brotherhood of Railway Clerks, tonight at 8 o'clock in the hall on Third street. At this meeting arrangements will be made for an elaborate social which will be given tonight week in honor of a large number of new members to be inducted into the order.

## DEVELOPING EASTWARD

### "Carolina Heights" Will Be Attractive Suburb—The Park Proposition—Opening of Freight Line to County Rock Quarry.

With the advent of the car line to that section there has been and is still continuing a wonderful development to the eastward of the city. Since the Delgado car was added to the system the travel has been all and more than could be expected, and it is expected that the traffic on this extension will still further develop as the suburbs out there begin to be settled.

Mr. Thos. W. Wood, who has charge of the Carolina Heights property on the north side of the Market street road, is beginning to develop this attractive suburb and a limited number of building lots are now being offered to the public on terms to suit purchasers. The tract has been divided into lots and laid out into streets and avenues and very soon the work of laying granolithic sidewalks and water works will begin. The "Heights" very soon promises to be one of the most attractive suburbs of the city as a place of residence.

The map of this property shows a park reservation, the land for which was recently tendered by the owners to the city for acceptance. The tender was made through the citizens' committee appointed on this work, but for some reason the tender was never made through the committee to the Board of Aldermen. The Board of Aldermen meets in regular session Monday night, and it is hoped that at that time the committee will be prepared to tender the property to the Aldermen and there should be no doubt of its acceptance. It is susceptible of high improvement, is well located as to the established street car line and it would seem that the city could not afford to reject a proposition of so much importance.

In addition to the developments that are going on in this respect the convicts of the county have about completed grading the right of way for the spur track to the county rock quarry located on the Rhodes place to the east of the city. This extends from 17th and Princess streets due east to the National Cemetery fence and along with that to the Market street road and on out to the quarry. The Consolidated Company agreed to lay this track if the county would grade the right of way. This has now been completed and very soon the line will be in operation so that road material may be delivered where it is wanted.

Kicked by a Horse.  
Mr. Joseph Goldberg, who lives near Sixteenth and Market streets, this city, was painfully injured as the result of being kicked in the face by a horse while driving in a buggy with a companion in Federal Point township, about eight miles from Wilmington, day before yesterday. The horse was rather slow and Mr. Goldberg leaned forward to slap the animal on the back with the lines. The horse was frightened badly and kicked over the dash board landing with both hoofs squarely in the young man's face. His nose was broken and he was otherwise badly disfigured. Mr. Goldberg drove back to the city with his friend and the wounds were dressed by Dr. A. H. Harris after which the injured man was sent to his home.

Their Infant Dead.  
Mr. and Mrs. L. L. Sellars have the sympathy of friends in the death of their little daughter, Annie C., aged 17 months, which occurred last night at 9:30 o'clock at the family home, No. 309 Harnett street. Mr. Sellars is a well known Seaboard Air Line engineer and has a great many friends who will hear of his loss with regret. The funeral will be conducted at 4 o'clock this afternoon from the residence and the interment will be in Oakdale cemetery.

### Wants an Automatic Gate.

Mr. E. D. Pearsall, rural letter carrier on route No. 1 from Rocky Point, was in the city yesterday soliciting funds for an automatic gate to be placed at or near Island Creek, in New Hanover county. An effort was made to get the county to put in the gate, but the Commissioners could not see the obligation and declined the request. Mr. Pearsall says he must have the gate and is now after it by popular subscription.

### Ordination Sunday Morning.

A service of much interest to the parish will be the ordination of Mr. William J. Gordon by Bishop Strange at Saint James' Church Sunday morning at 11 o'clock. Mr. Gordon recently completed his studies north and comes to the East Carolina Diocese to begin his work.

### There were several very heavy

downpours of rain yesterday and the streets in places were flooded. At Second and Princess, where a sand trap became filled the water spread out over the entire surface and made things very disagreeable for pedestrians there.

### The greatest bargains ever offered

will be shown Monday at Polvogt's inventory sale.

### Week-End Dance Tonight

at gay Lumina. Trains every half hour.

### Ladies' Untrimmed Straw Hats 25

and 50 cents values only 10 cents each at Rehder's. Great Mill-end Sale starts Monday.

## CARS IN COLLISION

### Smash on City Line of Consolidated Company at Seventh and Princess Street.

### MR. J. B. LINDER HURT

#### Thrown by Impact into Glass Window, Being Cut Severely About Arm and Face—One Car Following Another.

A dangerous rear-end collision between two city cars of the Consolidated Company occurred yesterday evening a few minutes after 6 o'clock at Seventh and Princess streets in consequence of which Mr. Joseph B. Linder, a well known young Wilmingtonian, was thrown into a glass window and painfully cut on the arm and about the face while a large number of passengers on both cars were badly shaken up and frightened out of their wits.

Both cars were bound east from the Princess street junction. City Car No. 19, in charge of Motorman Christian Peterson and Conductor Gaskins, was immediately following the Delgado car in charge of Motorman Darden. They must have been running pretty close together and at a fair rate of speed, for comparatively few, if any, of the passengers knew what had happened before both cars came together with a crash. The Delgado car having stopped suddenly at Seventh and Princess for a passenger, Mr. Linder must have been standing on the rear of the city car for he was thrown directly into the window in front which was broken all to pieces. Other passengers were thrown forward in their seats and it was some minutes before anyone realized just what had happened. Motorman Peterson either could not hold his car with the brakes under the momentum and the wet track or the brakes may have been out of order. The affair is being investigated by the Consolidated officials with a view of fixing the responsibility.

Both cars had their fenders pretty badly smashed up and had to be sent to the shed. Mr. Linder, whose wounds were bleeding profusely, was able to go to Dr. Russell's office but not finding Dr. Russell in, he went on to the office of Dr. Morris Caldwell where the wounds were dressed. He will be laid up for several days. A long gash was cut in his arm and he also had a bad gash in the side of his face. After the accident he went to his home where he will be under the care of a physician for some days.

### Baseball This Afternoon.

There will be two fine games of baseball in the City League at Hilton Park this afternoon. The first will begin at 3 o'clock and will be between the Giants and Monarchs, the latter team having shut the Rattlers out by a score of three to two last Saturday afternoon. The second game will begin at 5 o'clock and will be between the Y. M. C. A. and Rattlers. The Y. M. C. A. has an unbroken record and a percentage of 1.000. It will be up to the Rattlers to play the game of their lives this afternoon. The Rattlers are said to have something up their sleeves for this afternoon and their friends are asked to come out and witness the disclosure.

### Shooting at Rocky Point.

Passengers arriving on the train from the north last evening told of a shooting affair at Rocky Point yesterday afternoon. It appears that the railroad agent there was offered some violence by a negro at whom he fired several shots. The bloodhounds from Burgaw were telephoned for and were brought down on yesterday evening's train. A party also came down on the train to Castle Haynes to head the negro off, as he was thought to be coming to Wilmington. It was impossible to get in communication with Rocky Point by telephone after night and no particulars were learned.

### Police Committee in Session.

The police committee of the Board of Aldermen, composed of Mayer Springer and Messrs. W. A. French, Jr., and K. W. Jewell, was in session for several hours at the City Hall yesterday afternoon making up its reports of certain adjustments, etc., that will be reported at the regular meeting of the Board Monday night. The committee will also report on the election of two members of the force to succeed Messrs. William Harris, dismissed, and J. J. Moore, resigned, to engage in business.

### Goes With Candyapps.

Mr. M. A. Scheout, who has been with Bryant's for some time, has taken a position at the Candyapps, on Princess street, and will begin his new duties there on Monday, the first of July. Mr. Scheout will be in charge of the ice cream department of the popular establishment of Mr. Capps and this means that the business will be conducted along up-to-date lines and that the best product will be turned out of the manufactory.

Week-End Dance Tonight at gay Lumina. Trains every half hour.

## HIS BODY IS RECOVERED

### Colored Errand Boy Who Was Drowned at Foot of Market Street Two Days Ago—Came Up Near Where He Went Down.

The body of James Green, the ten-year-old son of Dock Green, colored, who was drowned forty-eight hours before at Market street dock while engaged in dipping up a bucket of water from the river while standing on the ferry flat at that point, was recovered yesterday afternoon shortly after 5 o'clock. The body came to the surface of the water a few feet from where he went down and was seen floating almost in an erect position by some one at the store of the Brunswick Grocery Company, immediately on the river front. The body was brought into the dock and ashore as quickly as possible and the father, a well known blacksmith of the city, was notified. Dr. Bell, the coroner, was summoned and viewed the body but an inquest was deemed unnecessary and the remains were turned over to the family for burial. The body was in a good state of preservation. It will be recalled that the boy was drowned Wednesday afternoon when he was sent to the river with a bucket in which he was to dip up water to clean some spittoons from the store of Mr. William Goodman, where he was employed as an errand boy. He had stooped down with the bucket and was about to lift it up full of water when he lost his footing and plunged overboard. He cried for help but the river was very rough and he went down in a very short time. Green lives on Red Cross street, near Tenth, and the remains were taken there yesterday afternoon.

### TEACHERS' CERTIFICATES

#### Five Year Applicants and Those for the State High Schools.

Professor Washington Catlett, county superintendent of public instruction, has received from State Superintendent Joyner directions as to applicants for five-year State Teacher's Certificates and State High School Teacher's Certificates, which are provided for under the act of the last Legislature.

All applicants for five-year certificates are required by law to file with their applications a statement from the county superintendent under whom they last taught that the applicant holds a first grade certificate and has taught successfully at least one year. The examinations will cover all the subjects named in Sec. 4087 of the Public School Law and will be held at the regular time and place fixed by Sec. 4162 of the law for examination for county certificates.

All applications for the High School certificates must be filed with the State Superintendent on blanks to be furnished on or before July 11th and the examinations will take place before the various county superintendents on July 25th. These are for teachers in any high schools established under the act of the late Legislature and it is a misdemeanor for any person to teach any subject in one of these schools upon which he has not been examined. The examination covers the usual high school branches with Greek, Latin, German and French.

### Last Day of Tax Listing.

There will be a great rush with the tax listers today. They are holding forth in the entrance to the City Hall building and this is the last opportunity for persons to list their taxes, failure to do which subjects the delinquent to indictment in the court and double tax. The county listers were at the Court House all day yesterday for the convenience of property owners in the several townships who live in this city. The listers will complete their work at the City Hall at 6 o'clock this evening and a great rush is expected.

### Little James Chadwick Better.

Dr. C. T. Harper, the attending physician, said last night that young James Chadwick, who was so painfully injured at Carolina Beach Thursday, was doing very nicely and that he had every chance for recovery. As yet no symptoms of internal injuries have developed and the little sufferer remains perfectly conscious. He is bearing up well through his misfortune and it is hoped that he will get well.

—The Southport Herald says: "On account of the scarcity of fish the Ocean Fisheries has shut down for some time. The season up to the present time has been a very good one, but it is at this time of the year that the menhaden are more scarce in these waters than at any other time. The factory will probably open again by the middle of July or the first of August."

—Mr. Jake L. Solomon and bride returned yesterday evening from their wedding trip which embraced a large number of points of interest in the North. They will be at home at the cottage of Mr. A. Shrier, on Wrightsville Beach.

Week-End Dance Tonight at gay Lumina. Trains every half hour.

Annual Mill-end Sale Starts Monday at 10 o'clock at Rehder's.

## ADJOURNED MEETING

### Wilmington Presbytery in Session With First Church in This City Yesterday.

### EDUCATIONAL AFFAIRS

#### Two Young Ministers Received into the Presbytery and Assigned to Charges—Faison Male Academy and Sprunt Institute.

An adjourned session of Wilmington Presbytery was held in this city yesterday at the First Presbyterian Church. This was in pursuance of adjournment of the regular meeting of Presbytery some weeks ago. There were present Rev. K. McCaskill, of Ivanhoe; moderator; Rev. J. S. Crowley, of Wilmington, clerk; Rev. W. P. M. Currie, Wallace; Rev. P. McIntyre, Faison; Drs. Wells and McClure, Wilmington, and Ruling Elders B. F. Hall, Wilmington; W. H. Sprunt, Wilmington; J. L. Boney, Wallace.

The important business of the session was receiving into the Presbytery two young ministers just from the seminary and their assignment to charges in this section. Mr. P. H. Clark was received from Roanoke Presbytery and he and Mr. E. B. Carr, of Wallace, were examined, preached their trial sermons and were duly licensed to preach. Mr. Clark will take charge of the Clinton, Warsaw and Oak Plains churches and Mr. Carr will be evangelist serving the churches in Brunswick county with his home at Southport. Mr. Carr will move there with his family next week. This evangelist is supported by the First Church, of Wilmington, and yesterday Rev. Mr. Carr was presented a horse, a buggy and harness by Mr. W. H. Sprunt and Mr. W. B. McCullin, elders of St. Andrew's Church, of this city.

At the session of the Presbytery the interests of Faison Male Academy and James Sprunt Institute were considered. Professor Spencer, of the Faison Academy, was present and gave a good account of the work and prospects of that institution. It was decided by Presbytery to increase the supporting fund of both these institutions and to pay off all indebtedness on the Faison school. A fine system of water works and sewerage is now being installed at James Sprunt Institute and this work will be completed in time for the Fall opening.

### An Afternoon Wedding.

Mr. Lester G. King, of this city, a son of Mr. and Mrs. Nick King, of Pender county, and Miss Minnie D. Buie, a daughter of Mr. Hugh Buie, of Delgado, were married yesterday afternoon at 3 o'clock at the home of Mr. J. S. Singletary, No. 705 South Front street, Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church, officiating. It was a quiet but very pretty wedding and was witnessed by a number of friends of the young people. The groom's sister and Mrs. George T. Smith were the only members of the bridal party. Mr. King and bride left on the afternoon Seaboard train for a wedding trip to Charlotte. Later they will be at home to friends in this city.

### Salvation Army Services.

The regular meetings will be held by the Salvation Army tonight and Sunday. Tonight the usual outdoor service will be held at the old stand Front and Princess streets, at 7:30, followed by a song and praise service in the hall at 8 o'clock. Sunday at 10:30 Adjutant Yates assisted by a number of workers from the local corps will conduct the usual services at the State convict camp. At 8:30 P. M. Sunday School will be held in the hall to which all children not attending any other Sunday School will be welcomed. At 7:30 another outdoor service will be held, followed by an old time revival service in the hall at 8 o'clock, to which the public are invited.

### Bids for Central Fire Station.

Bids for the erection of the new central fire station near Fourth and Dock streets according to plans prepared by Messrs. McMullen & Cooper, architects, were received by the fire committee up to 6 o'clock yesterday evening and these will be opened today or tomorrow by Chairman French. The contract will award upon the recommendation of the committee probably on Monday night at the regular meeting of the Aldermen.

### One Cent Surprise Sale.

Monday morning at 10:30 o'clock J. H. Rehder & Co., will have a thirty minute Surprise Sale at which time they will hand to each customer for one cent a package containing a useful article worth from 50 to 50c. We would advise our readers not to miss this novel sale and remember the sale lasts only thirty minutes from 10 to 10:30 o'clock; then starts their great annual Mill-end Sale to last about ten days. During this sale great bargains will be offered in every department of this large and up-to-date establishment.

Ten yards good cotton twirling for 19c. Mill-end sale at Rehder's Monday.
