on Washington Heights, to manufac ture toys and novelties of all kinds employing 100 or more persons.

-Newbern Sun: The Board of County Commissioners met last night in special session to settle the question whether the county offices should remain fee offices or be put on a salary basis. At this meeting the commissioners decided that on January 1, 1910, the offices would become salaried, and the holders of these positions shall receive the following salaries, out of which they are to pay all clerk and deputy hire: Sheriff \$3,700; clerk of the court, \$3,000; Register of Deeds \$2,500; and treasurer, \$1,000 a year.

-Salisbury Post: Mr. Walter Geo. Newman has again become president of the Union Copper Mine at Gold Hill and has resumed operation of the mine. Mr. Newman talked interest ingly of the Union mine to the Post man while waiting here for his train. He says the Union Copper Mine is the richest in the world-he has always believed it and will stick to it. The company has been reorganized, all the indebtedness canceled, and it has now in the bank a working capital of \$50,000, besides some \$150,000 subscribed and not yet paid.

-Wilson Times: Deputy U. S. Marshal John D. Mears brought to Wilson Edmond D. Hart, the negro postmaster at Princeville, in Edgecombe county, who is under the charge of embezzlement. Hart admits that he is guilty of the charge, but says the amount of his peculations were made good and that he was under the impression that the matter had been dropped. S. H. Vick, a wealthy negro and ex-postmaster, of Wil son, went on his bond for two hundred dollars for Hart's appearance at Federal court which convenes in Raleigh next May.

-Statesville Landmark: As stated in the last issue of The Landmark, the superintendent, Prof. L. O. White, who is working in co-operation with the State Department of Agriculture and the Farmers' Co-operative Demonstration Work of the National Department of Agriculture, has been pushing the organization of Boys' Corn Clubs. The value of this work is apparent to every one and need not be discussed here. Suffice it to say that the main object is to stimulate an interest in farm work by studying soils, crops, fertilizers, plant breeding, methods of cultivation, etc.

-Statesville Mascot: A mineral known as manganese has been found on the lands of Mr. W. H. Deal, of Eufola Route No. 1, about eight miles from this city. This is a new mineral product for Iredell, and it was discovered by Mr. C. M. Bower, a mining engineer of this city. Mr. Bower stated that this mineral covered a large area of land, and it runs in sheets varying from one-half to one inch

thick, and has appearance of iron. It

is used in hardening steel, also for the phosphorus properties it contains. It is a very much needed mineral by the large steel works, and Mr. Bower claims that with the proper working it could be made a fine paying mine. -Goldsboro Argus: Kirby Watson and Nellie Anderson, the young couple who disappeared Saturday night, were married Sunday in Selma, after securing a marriage license in Smithfield lite Saturday night. They experienced much difficulty in securing the necessary legal paper, but finally succeeded in being married. The young bride has just passed her 14th birthday. She is a daughter of Mr. and Mrs. W. H. Anderson, who notified the police authorities of the disappearance of their daughter. Watson is 18 years of age. It is now thought the young man will be forgiven by the bride's parents.
