**FARMERS HEAR ABLE ADDRESSES**

Valuable Discussions Before National Congress in Raleigh.

**NOTABLE DAY OF GATHERING**

Resumed Its Session in Raleigh Yesterday—Heard Addresses From Able Speakers—Success of the Gathering.

Raleigh, N. C., Nov. 6.—The Farmers National Congress at its three sessions held today heard many valuable addresses and discussions of matters affecting the interests of the farmers. The matter of the service of the railroads to agricultural interests came up frequently. There is an active fight being made to have Columbus, O. selected as the next place of the annual meeting and it looks as if that place would win.

At the afternoon session Professor H. E. Stockbridge, editor "Southern Ruralist," Atlanta, spoke on "A Study in Black and White" and discussing the negro question, saying inferiority in Southern farming is due to the preponderance of the inferior negro race, and that as the negro is here to stay there must be an effort to raise the ability of that race.

Dr. Joseph Hyde Pratt, North Carolina State Geologist, made an address in which the good roads movement was urged as an aid to farming, that had roads were an immense tax on agriculture. M. V. Richards, land and industrial agent of the Southern railway told of how the railroads had aided agriculture.

At the night session F. Gilbert Pearson, State Secretary of the Audubon Society, gave an illustrated lecture on "birds as related to agriculture" appealing to the farmers to protect the birds that aid them.

Raleigh, N. C., Nov. 6.—The Farmers National Congress returned here today after its visit to Durham and Greensboro, and resumed its sessions with an address by John Skelton Williams, former President and now director of the Seaboard Air Line.

Mr. Williams directed his remarks to the relationship existing between the farming industry and the railroads and entered a strong protest against the proposition of unlimited railway consolidation and combination. He urged the farmers to invest in railroad securities, that they might thereby aid in the control and management of the roads.

Andrew M. Soule, president of the Georgia Agricultural College, declared that schools of the present time were too far away from the actual needs of the people, and should be industrialized to suit the times. Chief Justice Walter Clark, of North Carolina, speaking of the South and its advantages, said that in addition to its need for more people it wanted a "square deal and fair play from the National Government."

**FIRE IN GOLDSBORO**

Midnight Blaze Caused Considerable Loss to Barn and Residence.

Goldsboro, N. C., Nov. 6.—About 11:30 o'clock last night people living in the northern part of the city were suddenly awakened by the startling cry of fire. The rear end of the home of Mrs. Sallie Register was aflame and casting huge sparks in every direction which threatened the destruction of the entire block in which the burning house was situated. The fire originated from the stables and barn in the rear of the burning house which were completely destroyed, including a fine horse and buggy belonging to Mr. R. M. Bowden. Mrs. Register's loss is estimated at \$2,000, which is fully covered by insurance, while Mr. Bowden's is about \$300 with no insurance.

**PELLGRA 20 YEARS.**

Has Existed This Long in South Carolina—Defined as Other Diseases.

Washington, Nov. 6.—There is a very general opinion among the local physicians of Charleston, S. C., that Pellagra has existed there for probably 20 years or more, but incorrectly diagnosed as eczema, dysteria, intestinal tuberculosis, etc., with dementia complication.

The above statement is made in a report to the Public Health and Marine Hospital Service by Acting Assistant Surgeon Sams, on duty in the South Carolina city. He says pellagra has been but recently recognized there, the first case having come under treatment in March, 1908. During that year there were five deaths and a similar number have occurred thus far this year.

A table is given showing conditions in 19 cases from the recognition of the disease in March 1908, but Dr. Sams thinks that to be less than the actual number of cases.

**A NEW COLONY FOR PENDER**

Dr. Frederick Holland Declares He Will Establish a Model Town. Gives Views on Practical Colonization.

Boston, Mass., Nov. 6.—Dr. Frederick F. Van E. Eden, of Holland, famous experimenter in operative colonies, poet, author, botanist and physician, told here today how he is going to bring over a ship load of sturdy honest hard-working dutiful colonists, and found in Pender county, about 20 miles north of Wilmington, N. C., a model town on a community of interest plan all his own.

Dr. Van E. Eden said he had talked with Secretary of Agriculture Wilson about his ideas, and that Mr. Wilson declared them impracticable.

This, however, Dr. Van E. Eden says has spurred him on to demonstrate that he has the right idea.

"A union for the common ownership of the soil is the underlying principle," declared Dr. Van E. Eden. "We will be there," he continued, "No devices of the rich whereby they may live on the labor of the poor. All will be equal and all will work for the common good. The plan for the North Carolina colony is based on the abolition of land-rod and is the control of the profits of the middleman. The colonists will not pay a nominal rental which will not increase, no matter how much the land increases in value and the colonists will hold this land as long as he makes it show a profit and can leave to his heirs. From the sale of our goods a small percentage will be retained as a sinking fund."

**ACCIDENT IN NASH COUNTY.**

Young Woman Dragged Considerable Distance by Calf.

Rocky Mount, N. C., Nov. 6.—On Wednesday afternoon when Mrs. Jim Harper of Nash county, went into the yard near her home to untie a several months old calf and return it to the stable, she became in some way tangled in the rope with the result that she was thrown from her feet and dragged a considerable distance before the frightened animal was finally stopped by the husband of the young woman. The young wife was picked up in an unconscious condition and carried into the house and medical attention was summoned, it was found that she had suffered a severe blow on her head in addition to the breaking of several bones in her body. The woman was naturally frail and the accident has gone extremely severe with her on this account, and it is feared that she will succumb to her injuries.

**ANGOLA SWAMP LANDS**

Party Left Raleigh for Burgaw to Look Over the Property.

Raleigh, N. C., Nov. 6.—John A. Stewart and Chas. L. Larson, of New York who hold an option from the Governor and Council of State on the Angola Bay State swamp land property in Pender county, left today for Burgaw, thence to the Angola swamp to inspect the property which it is their purpose to drain and convert into an immense farming property, the present plan being to operate it in farming as an entirety. The option includes 48,000 acres. With them went W. E. Hearn, of the soil survey department of the United States Department of Agriculture, and John R. Bowie, public agent of the Bureau of Soils. Mr. Stewart, who is promoting the enterprise, says a corporation will be formed to drain and cultivate the lands and that it is expected that something like one million dollars.

**DR. COOK'S RECORDS.**

University of Copenhagen Declines Offers From Washington.

Copenhagen, Nov. 6.—The proposal of the National Geographic Society that a committee representing the American body be present when the North polar records of Dr. Cook are first examined was declined today by the consistency of the University of Copenhagen.

A message was sent to Prof. Willis L. Moore, president of the National Geographic Society at Washington as follows:

"The University cannot accept the offered assistance, taking it for granted that the data and records after our disposal of other scientific institutions."

A member of the consistency said later that the University expects to receive Dr. Cook's records soon.

**BACKED INTO STATION.**

Coast Line Train Caused Smash at Fayetteville Yesterday.

Fayetteville, N. C., Nov. 6.—An Atlantic Coast Line passenger train, while preparing to leave here for Richmond this morning, backed into the north end of the passenger station, smashing through the wall and wrecking that side of the building. No one was injured. The engines had not been aware that an extra coach had been added to the train. Several trains were delayed as a result of the accident.

Bradley Barlow Smalley, formerly secretary of the National Democratic Committee, died suddenly last night at Burlington, Vermont.

**TAFT'S JOURNEY NEARING AN END**

President Spends an Interesting Day in Palmetto Capitol.

**AUGUSTA IS LIKE HOME**

Speaks of Columbia's Enterprise Since Civil War—Several Speeches Made Yesterday—Comes Here Tuesday.

Augusta, Ga., Nov. 6.—After spending the entire afternoon in historic old Columbia, S. C., with its many reminders of the withering blast of the Civil War, President Taft arrived in Augusta at 8:30 o'clock tonight to rest until Monday when he will resume his journey to Washington.

The President often speaks of Augusta as "home" and his reception here tonight as he rode through crowded and brilliantly illuminated streets leading from the train to the home of Major Joseph B. Cumming, whose house guest he is, was in the nature of a home-coming celebration. Mr. Taft has stated several times that he was a resident of Augusta when elected President of the United States; that is, when the electoral votes were cast at Washington. The name of Taft William H., President of the United States, Herrick, stage, service, appears in the current city directory. From Augusta last Winter the President-elect went to Washington to take the oath of office.

The residents of the city are going to make his stay as pleasant as possible. They have asked him to make only one speech during his two days in town. Tonight an informal reception at the Cumming home left the President free to retire early for a much needed long night's rest. Tomorrow he will attend services at the church of the Good Shepherd, Episcopal; will lunch with Landon A. Thomas and dine quietly at the Cumming home in the evening. Monday morning bright and early he will play golf at the country club where he spent so much time last Winter when the snows drove him from Hot Springs to a warmer climate.

**ALDRICH TO CHICAGO CLUB.**

Address on Operations of Monetary Commission.

Chicago, Nov. 6.—After an elaborate dinner tonight at the Congress Hotel, United States Senator Nelson W. Aldrich, of Rhode Island, chairman of the National Monetary Commission, explained to the members of the Commercial Club of Chicago, the organization of the commission and referred in a general way to its purposes.

There were about 250 men at the tables, among them a number of National renown, including former Senator Teller, of Colorado, who is a member of the commission; Senators Dick, of Ohio, Owen of Oklahoma; Spooner, of Chicago, and Justice of Oregon; Assistant Secretary C. D. North, of the Treasury Department; Professor A. Platt Anderson, director of the mint, and Governor Herrick, of Ohio.

The occasion was regarded as of especial importance because it brought out the first explanation by Mr. Aldrich of the plans of the organization which has been formed for the avowed purpose of reforming the financial system of the country. President Theodore W. Robinson, of the Commercial Club, presided and introduced Senator Aldrich.

**BRINGMAN GETS FOUR YEARS**

Manslaughter is Verdict of Jury in Asheville Case.

Asheville, N. C., Nov. 6.—After being out since Wednesday afternoon the jury in the case of the State vs. Grant Brigman for the killing of his uncle, John W. Brigman, near Banardsville last May came into court today to announce that they would accept a verdict of manslaughter for the client. The foreman of the jury stated that he would not agree to such a verdict unless the judge would consent to give the defendant the minimum sentence. Somewhat angrily the judge replied that he was not on the bench to make terms with a jury as to its verdict and he was about to order a mistrial when the foreman asked permission for the jury to withdraw. It shortly re-entered the court room with a verdict of manslaughter and Judge Adams sentenced Brigman to four years and six months on the county roads.

**OUTLINES.**

President Taft spent yesterday in Columbia, S. C., where he made a most pleasing address. He spends today in Augusta and will carry out the announced programme for this week, visiting Wilmington on Tuesday.

**FOUR DIE IN TRAIN CRASH**

Fearful Collision on Elevated Tracks in New Jersey—Six Passengers Seriously Injured. Towerman Arrested.

New York, Nov. 6.—Four persons, all of them railroad employees, were killed, and six passengers seriously and a score slightly injured in a collision between Pennsylvania passenger train from Philadelphia and an engine running light on the elevated tracks in Jersey City today.

The engines and all the cars except the rear one on the train left the rails and the smoking car and both engines were overturned.

A steel box containing \$40,000, the property of the Adams Express Company, in the express car, was immediately placed under guard when the collision occurred and later safely removed from the wreck.

The mail car of the wrecked train carried a consignment of gold said to amount to \$1,000,000 from the Philadelphia mint to the New York treasury, and was also guarded. The money was in the nature of a consignment. The consignment remained intact.

Daniel Harrington, a towerman, who was arrested, was discharged by the police after it had been shown that the switches were all properly set at the time the accident occurred. An investigation by the railroad officials led to the declaration that the accident probably was caused by a broken rail near the switch. The wreck caused a serious interruption to traffic, the tracks being blocked for several hours. The members of the Dartmouth College football team on their way to Princeton for the annual game with the Nassau eleven were among those delayed by the wreck. A number of excursion trains crowded with Princeton alumni on their way to witness the contest were stalled several hours.

**GOVERNOR OF PORTO RICO.**

Col. G. R. Colton Inaugurated With Naval Ceremonies.

San Juan, P. R., Nov. 6.—Colonel G. R. Colton was today inaugurated Governor of Porto Rico, succeeding Regis H. Post. The ceremony was held in the Municipal theatre, which was filled with an audience that manifested a keen and sympathetic interest.

The feature of the inauguration was the reading of a congratulatory cablegram from President Taft.

Colonel Colton's speech was well received. His reference to Porto Rican coffee, American citizenship for permanent residents of Porto Rico, who desired it, and that he would exercise his appointive power regardless of political or religious affiliations, were liberally applauded. The personality of the new Governor and expect that he will govern them firmly.

After his speech Colonel Colton reviewed the Porto Rico regiment, the marines and the police, and later held an informal reception at the palace which was attended by the distinguished citizens of the island. The inaugural ceremonies closed tonight with a grand ball at the Municipal theatre.

"We must stand and pull together for Porto Rico and things Porto Rican," was the keynote of Colonel Colton's address.

Governor Colton warned the country against "legalizing ourselves rich in power Governor Colton said in an engagement near Guatano, Chontales Province, on Thursday and Friday, General Fornes Diaz, of the revolutionary forces, won a decisive victory against 600 government troops. The reports state that a hundred of the Zelayan soldiers were killed or wounded and that the loss of the insurgents was slight.

Reports from Managua yesterday stated that the government troops had defeated the revolutionists in the engagement in Chontales Province, on Thursday and Friday with heavy losses to the Estrada followers. The same dispatch stated that General Fornes Diaz, who was defending Paso Las Lajas with 400 men, was routed.

**SENATOR CUMMINGS.**

Insurgent Addresses Chicagoans on Orthodox Republicanism.

Chicago, Nov. 6.—Before addressing the members of the Marquette Club here tonight Senator Cummings made a few remarks at the weekly luncheon of the Hawkeye Club, composed of former Iowans. He extolled the loyalty of the Iowa Republicans to their party and asserted that while they might admire the intellectual attainments of Senator Aldrich, Representative Payne and Speaker Cannon, they could never accept them as arbiters of Republicanism.

Senator Cummings touched on many of the points which he discussed in greater detail in his address and asserted his faith in the income tax and declared that he was opposed to the corporation tax which was added to it.

Dr. Wm. V. Ames, aged 88, a prominent physician, said to be the oldest member of the Elks in the United States, died at Fremont, Ohio, yesterday.

**VERDICT AT CLINTON**

Small Colored Boy Found Guilty of Manslaughter in Sampson.

Clinton, N. C., Nov. 6.—After being out all night the jury this morning returned a verdict of guilty of manslaughter in the case of State against Mat Simmons, a colored boy, charged with shooting his father in the edge of town some time ago. Judge Allen sentenced him to two years on the roads. The State docket consumed the entire two weeks term. Judge Allen hardly having time to hear the motion docket.

**DEPOSED OFFICIAL CHANGES TACTICS**

Deposed Treasurer of Big Four Railway Charged With Shortage.

**AMOUNT SAID TO BE \$100,000**

Admitted Responsibility in Forenoon Changed Tactics Later—His Attorney Makes a Statement of the Case.

Cincinnati, O., Nov. 6.—Charles L. Warriner, the deposed local treasurer of the Big Four Railroad Company, who is charged with the misappropriation of \$54,500 was released from custody late today on a bond of \$20,000.

During the day Warriner made a remarkable change of front. In the forenoon he gave out a statement admitting his responsibility for the shortage but declaring that there were others involved who were equally guilty. Later he changed his tactics and declared that he admitted nothing.

The \$54,500 named in the warrant for Warriner's arrest represents the present amount owing to the railroad, and not the entire amount of the shortage which is stated to be about \$100,000. The balance has been according to the statement of General Counsel Hackney, covered by property which Warriner has turned over to the company. Mr. Hackney also stated:

"Mr. Warriner has, with considerable frankness admitted the irregularity in his accounts. He has undertaken to account for the disappearance of the moneys taken."

"First—through speculation.

"Second—through efforts to recover losses sustained in such speculations.

"Third—through black mail levied upon him by a former employee, who claimed to know of some such irregularities.

"Fourth—through blackmail levied upon him by a woman friend of that employ."

**THE TRIAL IN PARIS.**

Former Servant of Mme. Steinheil on the Witness Stand.

Paris, Nov. 6.—In the trial today of Madame Steinheil charged with the murder of her husband and her stepmother, the first witness called was Remy Couillard, formerly a servant in the Steinheil household, but now in the military service. He appeared in the uniform of a dragoon. It was Couillard who discovered Madame Steinheil bound and gagged in her bed and the bodies of her husband and stepmother in adjoining rooms. He recounted today the story which he had told the police but nothing new was developed. Couillard was followed on the stand by police witnesses.

During the afternoon much contradictory testimony was given regarding just how Madame Steinheil was bound, the general appearance of things in the household on the morning after the crime was committed and also as to whether or not Couillard was following her with other men.

**REVOLUTIONIST VICTORY.**

Nicaraguan Troubles Seem Still to be Seething.

Bluefields, Nicaragua, Nov. 6.—News was received here this morning by General Estrada that in an engagement near Guatano, Chontales Province, on Thursday and Friday, General Fornes Diaz, of the revolutionary forces, won a decisive victory against 600 government troops. The reports state that a hundred of the Zelayan soldiers were killed or wounded and that the loss of the insurgents was slight.

**SHOPS BURNED AT NEWBERN**

Those of Norfolk & Southern Completely Destroyed, Entailing Loss of \$300,000—150 Men Out of Work—Insured.

Newbern, N. C., Nov. 6.—Fire early today almost completely destroyed the plant of the Norfolk & Southern Railroad here. The loss is estimated at \$300,000. In addition to the round house, foundry, blacksmith and boiler shops the flames reduced to scrap two locomotives, two passenger coaches and three freight cars. New machinery, valued at over \$23,000 is included in the loss.

The fire started at or near the boiler room and had made considerable progress before its discovery. By quick and skillful work a number of locomotives were fired and considerable rolling stock was thus moved out of danger. One hundred and fifty men are thrown out of employment. Many of the men lost their tools, and the loss from this source will be \$5,000.

Norfolk, Va., Nov. 6.—The Northern Railway of the Norfolk & Southern Railway were well insured. The company, through its receivers, carries blanket insurance premiums upon which more recently paid to the extent of \$14,000.

**DRAINAGE CONGRESS.**

Governor Commissions Large Number of Delegates to Newbern.

Raleigh, N. C., Nov. 6.—Governor Kitchin today commissioned a large number of prominent North Carolinians as delegates to the second annual convention of the Drainage Association at Newbern November 10 and 11. Among them are M. V. Grant, Sneed's Ferry; W. S. Chadwick, Beaufort; Plato Collins, Kinston; H. J. Rouse, Kinston; D. J. M. Faison, Faison; H. D. Williams, Kananawick; J. T. Bland, Burgaw; J. T. **CAROLINA LOSES FIRST OF SEASON**

Score Was 15 to 0 in Favor of V. P. I. at Richmond Yesterday.

**A. & M. WON EASY GAME**

Harvard Took Game From Cornell—Navy Tied With Washington and Jefferson—Virginia Wins From V. M. I.

(Special Star Telegram.)

Chapel Hill, N. C., Nov. 6.—In a hard fought battle today in Richmond, Va., Carolina had her goal line crossed for the first time this year and went down in defeat before the strong V. P. I. team by the score of 15 to 0.

Although the score would not indicate it, Carolina played an equally good defensive game as V. P. I. and a slightly better offensive game, having gained about 50 more yards than her opponents. The punting of Hodgson, of V. P. I., who averaged over 45 yards, won the game for the Blacksburg boys. The game started with a slight advantage for Carolina, the ball being for a short while in V. P. I.'s territory. As soon as punts were exchanged V. P. I. started to gain, making about 15 yards on every exchange. Carolina made several good gains but her gains were not steady and were frequently offset by penalizations. After 15 minutes of play the ball was forced back to Carolina's 10-yard line and there Belden's punt was blocked, V. P. I. receiving the ball and making the first touch-down of the game. Hodgson kicked the goal. The rest of the half the ball was kept in the middle of the field.

The second half was opened by Carolina kicking to V. P. I. who returned the kick and recovered the ball on Carolina's 20-yard line, Hodgson making a marvelous kick of 80 yards. A penalization of five yards, another of 7-12 yards and a line plunge of 7-12 through center netted another touch-down and Hodgson again kicked goal. There was no more scoring until late in the second half when exchanges of punts again brought the ball into Carolina's territory and Hodgson kicked a goal from the field from the 30-yard line. After this Carolina by brilliant playing against odds came twice into striking distance of V. P. I.'s goal but each time lost the ball, and Hodgson kicked out of danger. The score was not a total surprise as it is generally granted that V. P. I. has the strongest team in the South this year, and also one of the greatest punters in Hodgson's class that has ever played on a Southern football team. He really won the game for V. P. I. and without him it is quite probable that V. P. I. would have never defeated Carolina. Porter at full and Belden played a good game for Carolina. The line-up of the teams was:

Story of A. & V. Victory.  
Lexington, Va., Nov. 6.—Washington and Lee University was defeated today by the A. & M. College of North Carolina, 3 by 0. The "Varsity" team was somewhat crippled and the visitors scored only after the third attempt at a drop kick. The ball was in Washington and Lee's territory most of the first half, but in the second was kept in Tar Heel territory a good portion of the time.

The game was full of snap and hard football. Several costly fumbles were charged to each side and punting was frequently used by both teams. Goal from field was kicked by Hartaell. Referee, Mr. Moore, of Davidson; umpire Captain Doyle, of the Virginia Military Institute; halves 25 minutes, attendance 1,000.

Charlottesville, Va., Nov. 6.—Playing a much better game than when she defeated the Naval Academy a fortnight ago, Virginia today swamped the Virginia Military Institute 32 to 0. Four touchdowns were made in the first half, while in the second half, with practically a scrub team,
