AMERICAN WHEAT IN ENGLAND A large amount of American wheat is imported into Great Britain. In the course of an article on the subject, the London Pall Mall Gazette is anxious to know why Indian corn, which is so largely eaten by all classes in this country, finds no favor with Englishmen as an article o food. It thinks that in some ways corn is to be preferred to wheat, and that people who have acquired taste for it whilst touring to Ameri ca, certainly miss it when they re turn home. The Gazette does not think, however, that there is much hope of the British working classes taking kindly to this wholesome, nutricious and cheap food. The mere fact of cheapness operates in some measure against it, the English people, according to their own papers, not being willing to have it said that they consume cheap food.

Gen. Banks' disgust with the De mocracy, with which he has been co operating since the Greeley campaign, appears to be chiefly on ac count of his fear that the South will control Tilden's administration. The General's course in Congress, in the main, has been satisfactory to the people of this section, and they have not refrained from commending him. Indeed, his course has been more ac ceptable to this section than to his own. . THE PROCESSION. The rain somewhat deranged the pre viously formed plans in regard to the pro cession, but the various Ward Clubs, bearing banners, transparencies and torches, were finally marshalled in line, and at the corner of Third and Market streets the carriage containing Judge Fowle, Hon. PENDER REPRESENTED. The Steamer North East, Capt. R. P. Paddison, which arrived here from Point Caswell about 6 o'clock in the afternoon, brought down the Tilden and Vance Club from that place, with others from Pender, numbering something over one hundred, among whom we were glad to see that gallant son of New Hanover, now of Pender, Maj. Our friends from Pender, with their flags and transparencies, joined in the procession and helped to swell the number and stimulate the enthusiasm of

AT THE STAND. Arriving at the stand amid the cheerin strains of music from the Cornet Concert Club, the meeting was called to order by Mr. Charles II. Robinson, Chairman of the County Executive Committee, who called the Hon, George Davis to the chair.

Mr. D., in assuming the chair, expressed his pleasure in meeting with his fellowcitizens on such an occasion, and was more than gratified to see the spirit which caused so large a number to turn out in such unfavorable weather. Mr. D. referred to the campaign of 1870, and the glorious victory of that year, and was satisfied that not even on that occasion was the spirit and determination of the people equal to what is shown at present. Nor was so much at stake. The people must see that the true interest and honor of the country demand the success of the Democratic party. There was an earnest longing after peace by the entire people, not a peace from wars and bloody battles, but the true peace, which will bring an honest and tranquil government. When Gen. Grant said. "Let us have peace," the people expected a return nor, the man who, during that war and wh. 1: enthusiasm prevailed.

It was known to the Romans, and even the holy David made allusion to it in his psalms. It is a peace more destructive than the clash of arms on the field of battle. The succes of the Democratic party will bring back to us that grand old Anglo-Saxon rule of local self-government. Mr. Boutwell reported to Congress the other day that the South should be reduced to a territorial government until it can be brought to a proper state of education. THE RESOLUTIONS.

duty assigned to it, beg leave respectfully to report the following declaration as ex-pressive of the views of the members of the Conservative Democratic party of the city of Wilmington here assembled, and de unanimously recommend its adoption:

1. That we congratulate all lovers of good government in every station and of every race upon the near approach of the day of our redemption from the oppression and misrule that have so long afflicted us. 2. That the nomination of Samuel J Tilden, of New York, as the candidate of our party for the Presidency of the United States meets our cerdial approbation, and will receive our warmest support, not merely because it is a sure presage of victory, but because it is also an earnest of that reform in the administration of the govern-

prosperity so imperatively demand. 3. That recognizing in Thomas A. Hendricks, of Indiana, one of the ablest and purest of American statesmen, we regard his acceptance of the second position on our national ticket, when he was so well worthy to fill the first, as a crowning proof of that disinterested patriotism that has

ment of the country that its peace and

ever marked his life. 4. That the nomination of Zebulon B Vance and of the other candidates on our State ticket has not only satisfied the enthusiastic desires of the people in every section of the State to an unprecedented de gree, but has also secured the approval of their calmer judgment, and that on this occasion we remember with especial pleasure the recognition of the merits of our esteemed fellow citizen, Major Joseph A. Engelbard, by his selection as the candidate of our party for the office of Secretary of

5. That in the nomination of Hon. A fred M. Waddell as our standard bearer, for the fourth time, in this Congressional District, a deserved compliment was paid to a faithful public servant who, in the halls of Congress as well as in the walks of private life, has ever proved himself worthy of the great confidence his constituents have

so freely placed in him. 6. That we do hereby declare, in the most emphatic manner, our most earnest desire for the ratification of the amend ments proposed to the wretched Canby Constitution and now pending before the people; and that we do hereby reiterate the endorsement of those amendments so cor-dially given by our party in every section of the State through its delegates in Convention assembled; and that we do bereby repeat the earnest recommendation in their favor made by that body to the people.

7. That we denounce as absurd, as un constitutional and as subversive of every principle of law and liberty, the theory of the Radical party that there is no power under the Constitution of North Carolin to prevent or to resist the usurpations of the Governor who may choose to bring a military force into active service, even though it be in admitted violation of the

8. That we denounce the allegation of Judge Settle and the other Judges of the Supreme Court, that the power of the judiclary had been exhausted, as a flimsy and unworthy pretext for their refusal to interpose the strong arm of the law between Governor Holden and outraged citizens of the State, then sweltering in vile dungeous in mid summer's heat and in hourly danger of their lives from Kirk's cut-throats; and while we shall never cease to honor and praise that truly fearless and upright Judge, Hon. Geo. W. Brooks, for his manly and decisive vindication of the law of the State, whereby, those citizens were at once restored to liberty and saved from trial and death by drum head court martial, we are profoundly humiliated by the remembrance that citizens of North Carolina should be forced by despair to appeal from Judges of North Carolina to a Judge of the United States to secure to them the rights guaranteed to them by the Constitution and laws of North Carolina.

9. That in the recent selection by the Radical party of ex-Governor William W. Holden as a member of its chief executive committee and one of its honored chief advisers—a man incapable, by sentence of law, of holding even the meanest office in the State because of his part in that cruel the State because of his part in that cruel and shocking drama commonly called the Kirk war; in the appointment of John Pool, infamous and odious in the sight of all good men and true, to the office of Superintendent of Public Instruction, the man whose scheming brain devised that war; in the nomination of one Lindsay as a candidate for Congress in the First District, the man who was recommended for high military position in that war for the reason that he would "lose" prisoners if they became troublesome; in the nomination of Stephen A. Douglas as a candidate for Elector in the Fifth Congressional District, a man who, like Lindsay, first became notoricus in that war; and, lastly, the nomination of Thomas Settle as its candidate for Governor, the man who, during that war and whil:

been denied access, deserves and will re-ceive the severest condemnation of all right thinking men everywhere as an unfair and unworthy partisan trick.

Mr. Davis then introduced the Hon. D. G. Fowle, promising the audience, as he did so, a force of argument and a brilliancy of eloquence that had not been heard by them in many a day.

JUDGE FOWLE'S SPRECH. Judge Fowle took the stand amid a storm of applause; and it soon became evident to every one present that Mr. Davis knew exactly what he was talking about when he doubtedly expected to hear a good speech; but their expectations were more than re-

After paying a glowing tribute to the heroism and patriotism of the early settlers tration! Do they not furnish evidence that of the Cape. Fear, the speaker went solidly to work on Radicalism and Grantism in every shape. He showed conclusively that the Radical party, which claims to be par excellence the great constitutional Union party, was in point of fact composed of the most expert constitution-smashers in the world. They violated the constitution, which guarantees the right of trial by jury, in the judicial murder of Mrs. Surratt, who was tried, convicted and sentenced by a drumhead court-martial in a time of profound peace; they violated both the Federal and State constitutions in the case of W. J. Tolar and others, of Favotteville: likewise in the case of Major Gee, in whose behalf Judge Fowle himself issued a writ of habeas corpus, and which writ was disregarded by Gen. Rueger in command at Raleigh.

Holden, Kirk, Settle and other promient Radical lights were handled by Ju Fowle in a masterly manner. The "exhausted judiciary" were held up to merited contempt. The civil rights bill was discussed and denounced in a style that could not have been surpassed. Then came that abomination of the Jones county Radical Board of Commissioners, the hiring out of unfortunate white women (paupers) to the lowest bidder, the lowest bidders in many cases being negro men, and in some instances the negro commissioners them selves. The force and vigor with which the speaker denounced this horrible outrage produced a wonderful impression on the audience.

The proposed constitutional amendments were fairly, honestly and vigorously advocated. Judge Fowle had himself been opposed to the call of a Convention, mainly because the call was not first submitted to the people. Now, however, he favored the adoption of the amendments because one of them provides that no Convention shall hereafter be called except by a vote of the

It is nothing more than simple justice to say that Judge Fowle's speech was a magnificent effort. He enchained the attention of the meeting by the power of his reasoning, while his brilliant flights of eloquence thrilled every heart.

We regret that the very late hour at which we write prevents a fuller synopsis of his speech. It is worthy a verbatim report, and as a campaign document would be productive of much good.

THE FINALE. The speaking and demonstrations at the stand concluded, which embraced three cheers for each of the speakers, given with a will, the procession reformed and escorted Judge Fowle to the Purcell House, in front of which a large bonfire was blazing. Halting and forming in line in front of the hotel, Judge Fowle ascended the steps, from which, after the music from the band had ceased, he briefly alluded to the pleasure the visit had afforded, the enthusiasm he had witnessed in behalf of the great cause of reform and good government, &c., and then bid them adieu, upon which, after giving three rousing cheers for the speaker, the procession disbanded, the various clubs taking up the line of march for their respective Wards.

We should have said in the proper place that the stand, which was a well arranged structure for the purpose, situated in the centre of the street, was profusely decorated with flags and hung with Chinese lanterns, which, with the light from the torches, made quite a brilliant display. The band also had a neat and comfortable stand prepared for them.

The Meeting Thursday Night. A gentleman who was present during the entire meeting Thursday night, says at was one of the most quiet and orderly political gatherings he ever witnessed, taking into consideration the large number on the grounds. Every body seemed wrapped in attention, being so absorbed with what was being said and done that not even the cry of fire, the ringing of the alarm bells and the rumbling of engines, hook and ladder truch, &c., sufficed to distract their attention from the speaking, which may be taken as a high compliment to the oralors on the occasion. For so little preparation, it was one of the grandest affairs we have, ever had here, and shows that the Democrats and Conservatives of Wilmington are united and enthusiastic for Tilden, Vance and reform.

Meeting at Point Caswell, do and at 1 We learn that the Democrats and Conservatives of Pender had a spirited meeting and flag raising, at Point Caswell, last Wednesday. Maj. C. W. McClammy and others addressed the meeting, which was some four or five hundred strong. Great

MINERTING. On Saturday, the 5th day of August, the Democrats of Bladenboro Township had a grand rally at Bladenboro.

About 10 o'clock, A. M., we proceeded to raise a Tilden and Vance flag-pole, the pole being one hundred feet high, up which amid the deafening cheers of two hundred staunch and tried Democrats was run a beautiful National flag, seven and one half feet wide by fifteen feet long, bearing the inscriptions, "Tilden and Hendricks, Vance

and Jarvis." The flag and pole were procured mainly through the energy of Messrs. Woodberry Lennon and Geo. W. Tait.

After the flag raising, the crowd proceed-ed to the store of Mr. Lennon, and formed Tilden and Vance club, numbering over sixty members, with the following corps of officers: President, C. O. Mercer; Vice Presidents, Ervin Johnson, Geo. W. Jones, Monroe Hester, J. K. Singletary and James E. Kelly; Secretary, G. W. Tait; Working Committee, C. W. Williams, Roland Singletary, Woodberry Lennon, J.

W. Singletary and Dennis Lennon.
Immediately after the club was organized, the crowd retired to a cool grove near by, where we had very good and effective speeches from Messrs. C. C. Lyon, N. A. Stedman, Jr., of Elizabethtown, and J. H. Currie, of Wilmington, who so ably represented Cumberland county in the Legislature a few years since. Mr. Currie's speech was conciliatory, and had a fine effect up-on the people, making for him many friends, and, we feel sure, doing much good

for our party.

We would be glad to have Mr. Currle among usagain—he is the very kind of man we want in our county.
