A WORD ABOUT REFORM.

Honest men of both parties desire reform in the administration of public affairs. Those supporters of Mr. Hayes, who are recognized generally as men of high tone and pure morals, demand this reform as strenuously as do the friends of Mr. Tilden.

THE MURDER OF STEPHENS.

The murder of the daughter of Sejanus first polluted the child in order that they might justify themselves in destroying her.

THE MURDER OF STEPHENS.

The annals of this Republic show the disgrace and censure of a Vice President, a late Speaker of the House of Representatives marked by his rulings as a presiding officer, three Senators profiting secretly by their votes as law-makers, five members of the leading committee of the last House of Representatives exposed in jobbery, a late Secretary of the Treasury forcing balances in the public accounts, a late Attorney General misappropriating public funds, a Secretary of the Navy enriched or enriching friends by percentages, levied on the profits of contractors with his department, an Ambassador to England censured in a dishonorable impeachment, the President's private secretary barely escaping conviction upon trial for guilty complicity in frauds upon the revenue, a Secretary of War impeached for high crimes and misdemeanors.

THE MURDER OF STEPHENS.

What a record is this of the present administration! If these charges be true who will have the hardihood to deny that change and reform are essential to the honor, as well as to the prosperity, nay even the continued existence of the Republic?

in our commercial policy with foreign nations, from the same men who contrived and carried into effect the present policy of restriction; in our civil service and expenses, from the men who have multiplied the number of offices, increased their salaries, and now rely upon carrying the decision by money contributed by these same office-holders.

THE MURDER OF STEPHENS.

Is not such an act like the calling of spirits from the vasty deep? You may call, but will they come? Peace in the land, and good feeling between the sections; and the race, are essential to restore prosperity, and to revive trade and commerce.

THE MURDER OF STEPHENS.

Where, then, must we look for reform? We say, to the only other organized party—the great Democratic party.

THE MURDER OF STEPHENS.

We are of course aware of the various and malignant charges against Governor Tilden, which have been preferred by the zealous partisan press politically opposed to him.

MURDER WILL OUT!

Holden's Confession! The Purposes of the Infamous Kirk War!

MURDER WILL OUT!

The reader will remember the fearful days of 1870, when W. W. Holden, then Governor of North Carolina, by reason of bayonets and threats, trampled upon the rights and liberties of the people, overthrew the civil law and substituted that of cut-throats and desperadoes, and sent to jail some of the purest and best men in North Carolina.

MURDER WILL OUT!

Holden organized his band of marauders and ruffians, gathered chiefly from Tennessee, under the command of the vindictive and villainous Kirk, how he dragged the counties of Alamance and Caswell, arresting old men and middle-aged men, without any warrant of authority other than such as was given by high-headed tyranny, among them the distinguished Judge Kerr, a member of the Baptist Church, the venerable Dr. Roan, a ruling elder in the Presbyterian Church, and Mr. Bow, the oldest steward in the Methodist Church in Caswell, and confining them in the Court House under a guard composed of the vilest miscreants that could be gathered from two States.

MURDER WILL OUT!

On Saturday morning Major C. W. McClammy, who had just returned from Jonesboro, Moore county, informed us that Holden had made a confession some time ago to Rev. C. T. Bailey, editor of the Biblical Recorder, published at Raleigh, in which he acknowledged that Stephens was killed by members of the Radical party—that this was done that the crime of murder might be fastened on prominent members of the Democratic party—that it might divert the attention of the public from the rascalities of the Radical party, and that such a tremendous impression might be created throughout the country as to induce the Northern States to sustain the policy of that party.

MURDER WILL OUT!

Can any game be more despicable than this? A leading paper, wilfully slanders a good and true man by placing in his mouth the words of a salubrious atheist, when it must have known that the speaker quoted them "to point a moral" and to show the animus of the Republican leaders who are madly bent upon destroying the kindly feeling that is steadily growing between the once opposing sections.
