The Weekly Star.

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.

Woman can Sympathize with Woman. Health of Woman is the Hope of the Race.

Yours for Health
Lydia E. Pinkham

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Is a Positive Cure

for all those Painful Complaints and Weaknesses so common to our best female population.

It will cure entirely the worst form of Female Complaints, all ovarian troubles, Inflammation and Ulceration, Falling and Displacements, and the consequent Spinal Weakness, and is particularly adapted to the Change of Life.

It will dissolve and expel tumors from the uterus in an early stage of development. The tendency to cancerous humors there is checked very speedily by its use.

It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion.

That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use.

It will at all times and under all circumstances act in harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND is prepared at 233 and 235 Western Avenue, Lynn, Mass. Price $1. Six bottles for $5. Sent by mail in the form of pills, also in the form of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlet. Address as above. *Mention this Paper.*

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They cure constipation, biliousness, and torpidity of the liver. 25 cents per box.

☞ Sold by all Druggists. ☜

Rheumatism

Neuralgia, Sprains,

Pain in the Back and Side.

There is nothing more painful than these diseases; but the pain can be removed and the disease cured by use of **Perry Davis' Pain Killer.**

This remedy is not a cheap Benzine or Petroleum product that must be kept away from fire or heat to avoid danger of explosion, nor is it an untried experiment that may do more harm than good.

Pain Killer has been in constant use for forty years, and the universal testimony from all parts of the world is, **it never fails.** It not only effects a permanent cure, but it relieves pain almost instantaneously. Being a purely vegetable remedy, it is safe in the hands of the most inexperienced.

The record of cures by the use of PAIN KILLER would fill volumes. The following extracts from letters received show what those who have tried it think:

Edgar Cady, Owatonna, Minn., says: About a year since my wife became subject to severe suffering from rheumatism. Our resort was to the PAIN KILLER, which speedily relieved her.

Charles Powell writes from the Sailors' Home, London: I had been afflicted three years with neuralgia and violent spasms of the stomach. The doctors at Westminster Hospital gave up my case in despair. I tried your PAIN KILLER, and it gave me immediate relief. I have regained my strength, and am now able to follow my usual occupation.

G. H. Walworth, Saco, Me., writes: I experienced immediate relief from pain in the side by the use of your PAIN KILLER.

E. York says: I have used your PAIN KILLER for rheumatism, and have received great benefit.

Barton Seaman says: Have used PAIN KILLER for thirty years, and have found it a *never-failing* remedy for rheumatism and lameness.

Mr. Burditt writes: It *never fails* to give relief in cases of rheumatism.

Phil. Gilbert, Somerset, Pa., writes: From actual use, I know your PAIN KILLER is the best medicine I can get.

All druggists keep PAIN KILLER. Its price is so low that it is within the reach of all, and it will save many times its cost in doctors' bills. **25c., 50c. and $1.00** a bottle.

THE ALMOND TREE.

MAY PROBYN.

My love was out in the garden
Under the almond tree,
All in the blush of blossom
That blows for the honey-bee.
I came up over the daisies,
Before she could turn to see—
I caught her hand and kissed it
Under the almond tree.

She flushed like a rose in summer—
She stepped aside from me—
"I am young," she said, "and happy,
And I pray you let me be."
"To be happy," I said, "it needeth
That a man and a maid agree"
And I turned and left her weeping
Under the almond tree.

She made a step through the daisies—
She called with a sob to me—
She said, "how can I be happy
If you are not there to see?"
I looked in her eyes and lingered—
Like blossoms in May blushed she!
I clasped her close, and I kissed her
Under the almond tree.

A BRAVE COLORED MAN.

Raleigh Farmer and Mechanic.

From Capt. Sam. Webb we learn the particulars of a marvellous affair last week, near Oaks, in Alamance. Logan Kirkpatriek, colored, went down into a well, 56 feet deep. It was full of foul air, and he instantly wilted. The alarm was given, and his father rushed upon the scene so frantic that he had to be held by main force until a rope could be tied around his waist. He then descended and found his son with arms and legs clasped around a cross beam near the bottom of the well. The unfortunate youth had clutched the beam as he was losing consciousness, and his limbs had stiffened until it seemed impossible to detach them. In a few seconds the father shouted to be drawn up, as he was fainting. The rope broke! But he had time to wrap the end around his wrist, and was drawn out, perfectly senseless, hanging limp, by one arm.

Meantime another colored man named Turrentine had been making efforts. He went down, and was hauled up senseless. After recovering he went down again and made a strenuous effort to dislodge Kirkpatrick, but was hauled up senseless. By this time hundreds of persons from the neighborhood were gathered around the well mouth. A large bucket full of lighted pine splints was lowered into the well, but was extinguished by the gas ere it got half-way down.

Again Turrentine made the effort, and again he failed! Many brave men were there, but the negro's pertinacious courage could be discounted by no man. When restored once more he made one more effort, and this time brought up the body of his black comrade. A corpse? So it seemed; for had he not been five hours in that foul abyss? But there were intelligent physicians present, who proceeded to burn the senseless negro along the soles of his feet. At length he moaned, and finally returned to consciousness.

Taken altogether the rescue was the most noteworthy within our recollection, and is creditable to the African race.

WHAT THE VIRGINIA PAPERS SAY.

Richmond State.

The Democratic party of Virginia is the one founded upon the immutable basis of good faith, but it has allowed itself to be attacked by caste prejudice and by skilful organization, and thereby suffered a disastrous, albeit a temporary defeat. Adroit use of the poll-tax and of the debt, together with a shameless alliance with the negro, has enabled Mahone to place his creatures in power. The party led by and comprised in Mahone has for the next two years absolute control of Virginia's political affairs. It has power to elect a Senator of the United States, to reconstruct the Supreme Court of Virginia and the Bench of the Circuit Court, together with all necessary changes in the county courts, and also the basement offices, so called. This power is great; great also is the corresponding responsibility, and it may well be that our people should watch closely the performance by this coalition of the duties which they have accepted, along with the power which they have gained by a combination never seen before in the history of Virginia politics, nor contemplated by the founders of our institutions.

Petersburg Index-Appeal.

No campaign since the restoration of Virginia to the Union has been conducted with more vigor, earnestness and ability on both sides than the one which culminated in the balloting of last Tuesday, and no matter what may be one's opinion as to the result, or the means by which it was brought about, it cannot be denied that the people expressed most emphatically their will on the important question submitted to them. By the people we mean the whole people, regardless of color or previous party associations, and if they have erred the consequences of the error must be upon them and their children. Throughout the whole canvass the debt question rose conspicuously and commandingly above all others, dwarfing into a mere demagogical expedient the popular alliterative of a "free vote and fair count," and on it the people divided irrespective of other issues. The result now leaves it to be determined whether or not it is practicable or possible to readjust the debt without the consent of the creditors—the great moral principle which underlaid the Democratic platform, and to which we tenaciously clung from first to last. We do not believe that the incoming administration will venture upon the experiment of forcible readjustment.

—The Raleigh *Recorder* reports 25 baptisms in Bertie and Hertford counties.

DR. C. W. BENSON, OF BALTIMORE, MD.

We give above a correct likeness of this well-known and successful physician and surgeon, who has made a life-long study of Nervous Diseases and the Diseases of the Skin, and he now stands in the highest rank, as authority on those special and distressing diseases. In the course of his practice he discovered what now are renowned in medical practice, viz: a combination of Celery and Chamomile in the shape of Pills. They are used by the profession at large and constantly recommended by them.

It is not a patent medicine. It is the result of his own experience in practice. They are a *sure cure* for the following special diseases, and are worthy of a trial by all intelligent sufferers. They are prepared expressly to cure sick headache, nervous headache, dyspeptic headache, neuralgia, paralysis, sleeplessness, dyspepsia and nervousness, and *will cure* any case.

Sold by all druggists. Price, 50 cents a box. Depot, 196 North Eutaw Street, Baltimore, Md. By mail, two boxes for $1, or six boxes for $2.50, to any address.

DR. C. W. BENSON'S

Dr. Craton's

IRON TONIC

Is a preparation of Peruvian Bark and the Protoxide of Iron, associated with the Vegetable Antiseptics, endorsed by the Medical Profession, and recommended by them for Dyspepsia, Chronic Diarrhœa, Chronic Dysentery, Want of Vitality, Nervous Prostration, Debilitated Systems from Fevers and Chronic Diseases, and serves every purpose where a Tonic is necessary.

Manufactured by The Dr. Harter Medicine Co., St. Louis.

Having taken one of the very many testimonials as a private remedy, for some three months ago I began the use of Dr. Craton's IRON TONIC, upon the advice of many friends who knew its virtues. I was suffering from general debility to such an extent that my labor was exceedingly burdensome to me. The use of a month did not give me much relief, but on the contrary, was followed by increased prostration and sinking spells. At this time I began the use of your IRON TONIC from which I realized almost immediate and wonderful results. The old energy returned and I found that my mental tone was not permanently abated. I have used three bottles of the TONIC. Since using I have done twice the labor that I ever did in the same time during my illness, and with double the ease. With the tranquil nerve and vigor of body, enabling a clearness of thought never before enjoyed. If the TONIC has not done the work, I know not what. I give it the credit.

Most gratefully yours,

REV. T. W. ANSON, Pastor Christian Church.

NORTH CAROLINA AT THE COTTON EXPOSITION.

The Wonderful Resources of her Forests, Fields and Mines—An Unexplored Empire of Hidden Wealth—A Large and Creditable Display.

From a Staff Correspondent of Charleston News and Courier.

ATLANTA, Nov. 7.—North Carolina deserves praise for making one of the largest and most creditable displays of agricultural, mineral, and manufacturing products in the entire Exposition. In extent and variety, excellence of arrangement and thoroughness of preparation, it is an honor to the State. The display occupies one-half of the western wing of the Railroad Building, and shows the vast range of minerals, woods, soils and products contained in the State—the achievement of the present and the possibilities of the future.

The timbered wealth of North Carolina has not been developed, and no effort, worthy of the name, has been made to utilize the product of the forests. There are fifty thousand square miles of territory in the State covered by forests which have scarcely been touched.

Of the specimens of native woods on exhibition there are 142 distinct species, embracing all the commoner varieties and the ornamental woods. In Western North Carolina there are immense belts of cherry, and the supply of black and white walnut is practically unlimited. The western walnut, which has heretofore held the market, has been largely exhausted, and now commands high prices, thus affording ready sale to the large supply in this new field.

Of the different kinds of woods most valuable in the arts in the United States, there are 22 species of oak, 19 of which are found in North Carolina and so on, as follows:

United States.		*North Carolina.*
Pine	8 species	8
Spruce	5 "	4
Elm	5 "	3
Walnut	2 "	2
Birch	5 "	3
Maple	5 "	5
Hickory	8 "	6
Magnolia	7 "	7

Perhaps no other State in the Union can make such a showing.

In Western North Carolina there are immense bodies of white pine timber that have not been touched. The extension of the Western North Carolina Railroad, now being built, particularly the Ducktown branch, the Yadkin Valley Road, and the road from the East Tennessee line to the Cranberry works are now in process of construction, and numerous other projected lines will throw this country open and make a market for the timber for which there is now no demand. The price per acre for the timbered lands in the State ranges from five to fifteen dollars—no price has been fixed on them as timbered lands.

In Eastern North Carolina there is an almost inexhaustible

SUPPLY OF PITCH PINE,

the belt of country extending from Virginia to the South Carolina border, and averaging at least from sixty to seventy miles in width.

In the coast country there are large quantities of cypress which are so surrounded by swamps as to be comparatively inaccessible.

It is worthy of special note that all the woods of the State can be highly polished.

THE MINERAL WEALTH

of North Carolina is unbounded, and as shown by the specimens on exhibition of more varied richness than that of any other Southern State. Minerals exist in the greatest quantities, from the simply useful to the form of precious gems. Of the useful copper and iron there are valuable deposits all over the Piedmont country and the western section of the State. The Ore Knob Copper Mine is the most largely worked and yields a large product, for which there is ready sale. The Conrad Hill Mine, in Davidson county, is also a very valuable property, and in Mecklenburg, Rowan, Ashe and Guilford counties there are miles in successful operation.

Iron in the highest forms exists in the central and western parts of the State. Extensive mines are now being successfully operated and new ones are being opened. The greater part of their product is worked up outside of the State, there being but few foundries and no rolling mills of large capacity in the State.

Among the ores most largely worked in North Carolina are the gold ores, some rich specimens of which are on exhibition. Their existence has long been known, and the gold-bearing belt covers almost two-thirds of the State, extending from Franklin county in Eastern North Carolina, entirely across to the western boundary of the State. The mines most extensively worked are situated in Mecklenburg, Rowan, Cabarrus and Gaston counties.

It is estimated that since the North Carolina mines were opened they have yielded at least $12,000,000.

Coal is found in three localities in the State. Extensive beds of bituminous coal are situated in Chatham county, about forty miles from Raleigh. Other beds of semi-bituminous coal lie in Rockingham and Stokes counties. It frequently crops out on the surface, and underlies the bed of one of the principal tributaries of the Dan river. These deposits have not been worked to any great extent, as wood is abundant in this section of the State and there are no means of transportation.

Graphite is also widely distributed throughout the State, and specimens have been found in Burke, Yancey, Catawba, Person, Cleveland, Gaston and Lincoln counties. There is a most extensive bed in Wake county.

[Other extracts will be given in our next issue.—STAR.]

KINGS MOUNTAIN and Its HEROES.

A History of the Battle, Oct. 7, 1780, and the events which led to it, after two years spent in preparation, is now published and ready for delivery. The author, LYMAN C. DRAPER, LL. D., has spent 40 years in gathering materials for this work, which abounds in stirring recitals of adventures and hair-breadth escapes, alike interesting to old and young. The descendants of such men as Campbell, Shelby, Sevier, Cleveland, Lacey, Williams, Hambright, McDowell, Winston, Hammond, and their officers, now living by the thousands throughout the South, will welcome this permanent record of that glorious event which turned the tide of the Revolution. The work contains 612 pages, on fine paper, beautifully bound, with seven steel portraits of the Heroes, and numerous wood cuts, with index of 5,000 references. **Price, $4.** Sent post-paid on receipt of price, or may be had of Agents in every county.

PETER G. THOMSON, Publisher, No. 179 Vine Street, Cincinnati, O.
