New York Commercial Chronicle. NEW YORK, April 7 .- The movement of the crop, as indicated by our telegrams from the South tonight, is given below. For the week ending this evening (April 7), the total receipts have reached 44,-467 bales, against 54,035 bales last week, 61,916 bales the previous week, and 57.454 bales three weeks since; making the total receipts since the 1st of September, 1881, 4,335,107 bales, against 5,176,322 bales for the same period of 1880-81, showing a decrease since September 1, 1881, of 841,215

The exports for the week ending this evening reach a total of 84,365 bales, of which 55,734 were to Great Britain, 18,735 to France, and 9,896 to the rest of the Continent, while the stocks as made up this evening are now 794,826 bales.

The continued small movement of the crop caused on Tuesday an advance, owing to a demand to cover contracts; but it was more than lost on Wednesday, under an absence of demand and the anxiety of holders to place stocks, together with strikes in New England and dull trade accounts generally. Yesterday the market was slightly better, but closed dull and unsettled. Yesterday the market was steady, middling uplands closing at 12 1-16c.

Astonishing Case of Fatality-Three Sisters Die Within Half an Hour from Natural Causes. [By Telegraph to the Morning Star.]

PHILADELPHIA, April 9.—An astonishing case of fatality, in which three sisters died within half an hour, was reported to the coroner to-day. About 10 o'clock last night Mrs. Winsmore went to her bedroom to retire for the night, when she heard a noise in her sister's room. Upon reaching her room Mrs. Winsmore found Mrs. Watson in a dying condition. Medical assistance was promptly summoned, and Mrs. Smith was also sent for. The physicians found Mrs. Watson in a comatose condition and administered ammonia, but she did not recover, and expired in a few minutes. Before they had recovered from their astonishment Mrs. Winsmore was overcome and fell to the floor in an unconscious state and in ten minutes she died; and ten minutes later Mrs. Smith, the third sister, was a corpse. All are supposed to have died from natural causes.

Progress of the Political Trials a Charleston.

[By Telegraph to the Morning Star.] CHARLESTON, April 10.—In the United States Circuit Court to-day, District Attorney Melton announced that he was ready to proceed with the case of the United States against Joseph Bates and others, managers of election at Acton Precinct, Richland county, charged under sections 5515 and 5522 of the U.S. Revised Statutes with obstructing a U.S. Supervisor of Election in the discharge of his duty, and with the performance of other unlawful acts to affect the result of the election at said poll.

The District Attorney asked and ob-

tained leave of the Court to amend the intained leave of the Court to amend the in-formation as to its phraseology; the counts for conspiracy being excluded under the rulings of Judge Bond on Saturday. The work of organizing a jury was then com-menced. The names of thirty jurors in attendance were placed in hats and were drawn. The first juror drawn was a white man. District Attorney Mel-ton told the juror to stand saide. Counsel ton told the juror to stand aside. Counsel for the defendants objected, claiming that in misdemeanor cases the Government had no right to order witnesses to stand aside, as had been decided by Chief Justice Waite in the election trials; and, further, claimed that Judge Bond himself a few days ago, in the case of the State of South Carolina against Cane and others, tried for murder, had decided that the prosecution had not the right to stand jurors aside. Col. J. C. Haskell and Attorney General Youmans were heard in support of the objection, and District Attorney Melton and Mr. Dallas Sanders in support of the right of the Government to stand aside jurors. At the conclusion of the argument Judge Bond said he would not decide then, but would allow the prosecution to stand the jurors aside and proceed with the case, and if after considering the question he agreed with counsel for the defendants, he would grant a motion in arrest of judgment in case of conviction. The jury was then or-ganized, with three white Democrats and the rest colored Republicans. The Court then adjourned until 10 o'clock to-morrow, when the evidence will be taken.

The hearing of the Star Route cases was resumed in the Criminal Court this morning, the question under consideration being a special plea in abatement, made yesterday by reference, in which it is claimed that the grand jury was unduly influenced by the statements of the postoffice inspectors who were illegally allowed to present evidence and pamphlets to the jury. Col. Totten, of counsel for the defence, said that he intended to prove that the jury had been unduly influenced. Judge Wylie-You can't prove that. Continuation of the Trial of the Elec tion Cases in the U. S. Court at Charleston. (By Telegraph to the Morning Star.)

CHARLESTON, April 11.—In the United states Circuit Court to-day, Judge Bond presiding, the case of the United States vs. Bates and others, managers and clerk of election at Acton precinct, Richland county, at the election of 1880, was resumed. Before going into the testimony the District Attorney stated the case to the jury, and read and explained several counts of the information. The examination of witnesses for the presention than began nesses for the prosecution then began.

Addison J. Forrest, United States Marshal at Acton precinct on the day of the election, and Hugh P. Love, United States Supervisor at the same, both stated that the managers, upon request of the Supervisor, opened a box before the voting began, but did not open it wide; that the election proceeded quietly all day, and that when the box was opened 68 more ballots were found in the box than there were names on the poll list; that the managers, in accord-ance with the State law, drew out the excess from the box through the medium of the clerk, who was blind-folded, and then

destroyed them. Kane, on cross-examination, testified that he came to South Carolina as a body ser-vant of ex Gov. Franklin J. Moses; that he had never been naturalized, but had never-theless taken the oath as U. S. Supervisor, and voted at Acton on the day of election

At the conclusion of Kane's testimony the Court adjourned until 10 o'clock tomorrow morning.

CHARLESTON, April 12.—In the U.S. Circuit Court to-day, Judge Bond presiding, the trial of the case of the United States vs. Joseph Bates and others, charged with a violation of the United States election laws. was resumed. The testimony of the col ored witnesses examined to-day was merely corroborative of the testimony given yester

M. H. Berry (white) testified that he had made the ballot boxes for Richland county, and that the box produced in court was not one of the boxes he had made.

M. Richbourg (white), chairman of the Board of Election Commissioners for Richland county, testified to turning over the ballot box for Acton precinct to Joseph Bates, defendant, as chairman of the Board of Managers of Election of that precinct. So far as he knew there was nothing save nstructions to managers in the box when he delivered it.

Mr. J. T. Seibels (white) testified that he was present when the box was delivered to Bates. The box in court was the counterpart of the box delivered to Bates. There was nothing in the box so far as he knew

when it was given to Bates.

The District Attorney then sought by introducing testimony as to the conduct of the election at other precincts in Richland county, to connect the defendants with a general combination to commit fraud. The Court ruled that such testimony would be inadmissable, there being no count for conspiracy in the information. The defendants could only be held accountable for what was done at the Acton poll. The District Attorney then announce prosecution would close its direct case. The court then adjourned until to-mor-row morning at 10 o'clock, at which time

the defence will open their case. SKINNY MEN .- "Wells' Health Renewer" restores health and vigor, cures Dyspepsia, Impotence, Sexual Debility. \$1. Depot, J. C. Munds, Wilmington. N. C.

## MUNIFICENT BEQUEST.

The John T. Slater Fund-A Million Dollars for the Education of Colored People. ALBANY, April 12.—Assemblyman Pat-

terson to-day introduced a bill "to incorporate the Trustees of the John T. Slater Fund." The bill names Rutherford B. Hayes, Ohio; Morrison R. Waite, District of Columbia; Wm. E. Dodge, New York; Phillip Brooks, Massachusetts; Daniel C. Gilmore, Maryland; John A. Stewart, New York; Alfred H. Colquitt, Georgia; Morris K. Jessup, New York; James P. Poyce, Kentucky; and Wm. A. Slater, Connecticut, as the incorporators of the fund to be called the "John T. Slater Fund." Rutherford B. Hayes is named as First President. The fund is to consist of one million dollars Mr. Slater is a wealthy gentleman of Norwich, Connecticut. In a letter to the Board of Trustees, Mr. Slater writes as follows: "The general object which I desire to have exclusively pursued is the uplifting of the lately emancipated population of the Southern States and their posterity, by conferring on them the blessing of Christian education. The disabilities formerly suffered by this people and their singular patience and fidelity in the great crisis of the nation, establish a just claim on the sympathy and good will of humane and patriotic men. I cannot but feel the compassion that is due, in view of their prevailing ignorance, and which ex-

ists through no fault of their own."

Mr. Slater purposely leaves the trustees
the largest liberty in making such changes in methods of applying the fund as may from time to time seem wise. He suggests that the education of teachers for the colored race may be the wisest purpose to which the fund can be put. If after thirty-three years three-fourths of the trustees shall for any reason agree that there is no further use for the fund in the form it is now instituted, he authorizes them to apply the capital to the establishment and subsidizing existing institutions of high education, so as to make them more freely accesable to poor colored students. Under the present institution of the fund he specially wishes that neither the principal nor income be expended in land or buildings for any pur-pose other than that of a safe and produc-tive investment for income.

#### OBITUARY.

The demise of Mr. JOSEPH H. DERHAM, which occurred at his residence, at Fair Bluff, N. C., at 1;15 P. M., on Friday, 7th instant, is an event seriously to be deplored, and will doubtless prove disastrous to the community in which he lived, as well as to his distressed and bereaved friends. Mr. Derham was born in Ireland, on the — day of February, 1838, and at the time of his decease was forty-four years one month and — days old. Having begun the battle of life without means, he had, by untiring industry and indomitable enne nad, by untiring industry and indomitable energy, acquired a handsome living, providing well
for his family, and constantly disseminating his
benefits to meritorious acts of charity. The community realizes the loss of one of its most useful
citizens, and deeply deplores the untimely death.

WHO IS NRS. WINSLOW !—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do RISE UP and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DALLY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No Mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. About ten years ago Dr. Richmond came to St. Joseph. He was then a poor young man, with but little money, and no friends to assist him. He rented a small office on Francis street, and commenced the struggle for success single-handed and alone. He has achieved a grand triumph, in the face of stubborn opposition on every hand, and is to-day one of the wealthiest men in our midst. This fact alone is amply sufficient to show the merits of his invaluable preparation, even though there were no other sources from which to procure valid and reliable testimony.

But besides the money which this great medicine has been the means of bringing to the inventor, the doctor receives daily the blessings of thousands of patients restored to health and happiness through his instrumentality. A Card.

In the Morning STAR OF APRIL 7th, a business notice appears over the name of E. Porter, M. D., which seems to me to be personal in its nature, and does me injustice so gross and apparent that I cannot pass it by unnoticed.

For instance, his notice bears date "Jan. 5th. 1882," and yet is not given to the public until April 7th, 1882, showing that his intention was not so much to notify the public as to make an attack much to notify the public as to make an attack upon me.

Again, the notice fails to state that the dissolution of the firm of Porter & Hocut was by mutual agreement, which was the fact.

But, further, the writer of said notice, by such terms as "nominal partner," and "so-called firm," labors to create the impression that I have never been any thing more than a mere figure-head in mis business, and that he has now demolished and kicked out the useless thing, and that all transactions under the firm name of Porter & Hocut, were a gigantic farce.

Strange that he would be a party to such an imposition! imposition!

Whether I was a real or nominal partner, as whether the firm of Porter & Hocut was actuor so-called, let the public judge from the following articles of agreement, drawn by said Porter and signed by him and myself on the 14th of Feruary, 1875, when we commenced business to
