From Andrew's American Queen. CLEOPATRA

Queen of Sheba's Beauty, WAS BUT SKIN DEEP.

The renowned Queen of Sheba, with all her royal pomp, magnificent apparel and brilliant retinue, would never have appeared within the presence of the grandest of the monarchs of the past, had she not also possessed that which is the crowning glory of the female person-a skin unchallenged for its Oriental softness and its almost transcendental purity. Cleopatra, holding emperors at bay, and ruling empires by her word, had quickly lost her charm and power by one attack of blotches, or of pimples, or of horrid tan and freckles.

WOMAN BULES THE WORLD by her beauty, not less than by her purity of character, loveliness of disposition and unselfish de votion. Indeed, in the estimation of perhaps too many men beauty in a body takes precedence over every other consideration. Beauty thus forms an important part of woman's "working capital," without which too many (if not bankrupts in what relates to influence within the circle where they move), are powerless for great good. Hence we see not only the propriety but the duty of every lady preserving with zealous care that which to her is essential to success and Influence and usefulness in life. And, since, beau ty is but skin deep," the utmost care and vigilance are required to guard it against the many ills that flesh is heir to. Among the great and annoying enemies of beauty, OF EITHER SEX,

as well as of comfort, happiness and health, are those pestiferous and horrid skin diseases-tetters, humors, eczema, (salt rheum), rough and scaly eruptions, ulcers, pimples, and all diseases of the hair and scalp. For the cure of all these, Dr. C. W. Benson, of Baltimore, after years of patient study and investigation devoted to diseases SKIN CURE, which has already, by its marvelous cures, established itself as the great remedy for all diseases of the skin, whatever be their names or character. Raleigh News-Observer.

To the People of North Carolina: This committee, being the only body representing the organization of last year, formed to defeat the class legislation embodied in the prohibilegislation embodied in the prohibi-bition act, do hereby call a mass con-vention of the liberal, independent voters of the State, without regard to former political affiliations, to be held in the city of Raleigh on the 7th of June, to present to the people of the State a platform of principles, and candidates for the State offices to be filled in the coming November elec-

In the opinion of the committee such action is right and proper, that those who honestly stood for the right then, shall have the opportunity to ratify their action by the adop-tion of principles and the election of men opposed to the party organiza-tion which forced this unjust legisla-

tion upon them. The leadership and methods of this organization, the channel through which it speaks to the people, and the spirit of dictation and abase with which it attempts to drive into its support those choosing to act for themselves, demands the presentation of this movement. A majority of the press of the State which supported this odious legislation of last year continues to misrepresent us. Our manhood and self respect require us to rebuke once more this insulting minority, that it may learn to respect the people's rights and liber-

In this movement principles are involved which should be cherished by every freeman, and it is our duty to see that they are protected against this intolerant spirit which strikes not only at the personal freedom of the citizen, but also at the principles of local self-government. LONDON, No. 132 PICADILLY, March 3, 1882. DEAR SIR:-I am glad to hear that you are discussing the question of free trade. The American tariff is so incapable of defense that discussion of the strange burdens it lays upon your people can only end in some great change and great reform. Such a reform will bring our two great nations nearer together, but the advantage will prove to be much more for your people than for ours. Free trade in England since 1846 has been of great service to other nations, but of ten times greater service to us than to them. So it will be with you. Your people will be the chief gainers, and in a few years after your tariff has, been made rea-sonable it will be as easy to persuade the United States to go back to the times of slavery as to the days of the mischiefs of protection. I wish you every success in your efforts in behalf of free trade, and am very re

spectfully yours, JOHN BRIGHT Mr. M. M. Trumbull, Dubuque, Iowa, United States of America.
