WHAT CONSTITUTES A STATE. What constitutes a State?

Raleigh News-Observer.

We congratulate the people of North Carolina on the era of peace, prosperity and good government, which has been unbroken since the incoming of a Democratic State administration; upon the pure and impartial administration of justice and the honest enforcement of the laws; upon the efficiency of our common school system and great advance made in education, and the general improvement and enterprise manifested in every part of the State; and we pledge ourselves to exert all efforts to advance the material interests of all sections of the State in the future as we have done in the past. And we challenge a comparison between a Democratic administration of our State affairs and the crimes, outrages and scandals that accompanied Republican misrule. Affirming our adherence to Democratic principles as defined in the platform adopted by the National Democratic Convention, held at Cincinnati in

Resolved, That we regard a free and fair expression of the public will at the ballot-box as the only sure means of preserving our free American institutions, and we denounce the Republican party and the inter-ference of its federal officials for their gross frauds upon the elective franchise, whereby whole districts, States and the Union have been deprived of their just political rights; and we believe the corrupt and cor-rupting use of federal patronage and of public money drawn by taxation from the people, in influencing and controlling elections, to be dangerous to the liberties of the State and the Union.

Resolved, That we are in favor of the entire and immediate abolition of the internal revenue system, with its attendant corruptions, and that we denounce the present tariff laws as grossly unequal, unjust and vicious. We favor such a revision of the tariff as will produce a revenue sufficient for the economical support of the government, with such incidental protection as will give to domestic manufactures a fair competition with those of foreign produc-tion. That there should be an immediate repeal of all laws imposing a direct tax for the support of the government of the United States, but if it should prove impracticable to abolish the internal revenue system, with all its attendant demoralization, fraud and corruption, then we urge upon our Senators and Representa-tives in Congress the importance of so amending the law that the reve-nue officers, who now receive in salaries in North Carolina alone more than \$500,000, shall be elected by the people of the localities to which they

are assigned.

Resolved, That the course of the Democratic party since its accession to power in North Carolina in fur-therance of popular education is a sufficient guaranty that we earnestly favor the education of all classes of our people, and that we will advo-cate any legislation looking to an in-crease of the fund for that purpose that will not materially increase the present burdens of our people.

Resolved, That the question of prohibition is not now, and never

has been, a party question in North Carolina, and never been endorsed by the Democratic party; and the people of the State at the general election, in the year 1881, having by an overwhelming majority voted against prohibition, and the Supreme Court having decided that the prohibition set is not and never hear hibition act is not and never has the concurrent testimony of the public smedical profession, that Hostetter's Sto-Bitters is a modicine which achieves recedily felt, thorough and benign. Beside ing liver disorder, it invigorates the feequers kidney and bladder complaints, stens the convalescence of those recoverment enfeebling diseases. Moreover, it is the specific for fever and ague.

The winds of the people from the dangerous principles and corrupt dangerous principles and dangerous principles

practices of the Republican party.

Resolved, That while we are not wedded to any particulor form of county government, we recognize the fact that a large part of the taxes of the State are paid for the common benefit by the white people of our eastern counties, and that we consider it the bounden duty of the white men of the State to protect white men of the State to protect these people from the oppressive domination of ignorant blacks, and pledge ourselves to such legislation

as will secure this end. And, whereas it is seriously sug-gested that a vigorous effort will soon be made to compel the State, by judicial proceedings, to pay the fraudulent and unlawful special tax bonds,

The above is a good likeness of Bra. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be fruthfully called the "Bear Friend of Woman," as some of her correspondents love to call her. She is scalously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special barden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the utarus, Leucorrhese, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives near life and vigor. It removes faintness, fatalency.

the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatelency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloading, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only fil. per bottle or six for \$5., and is sold by druggists. Any advice required as to special cases, and

"Mrs. Pinkham's Liver Pills," says one writer, "are

the best in the world for the sure of Constipation, Billiousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity. All must respect her as an Angel of Mercy whose sole mbition is to do good to others.

STATESVILLE.

Ex-Congressman Robbins and State Solicitor Adams Assaulted and Severely Injured by Revenue Officers—A Brother of Collector Cooper Shot by a Dry Goods Clerk.

RALEIGH. N. C., July 8.—There is great excitement at Statesville. On Saturday last ex-Congressman W. M. Robbins made a political speech and commented on the administration of Dr. J. J. Mott, ex-Revenue Collector. On Thursday, W. L. Mott, son of Dr. Mott, assaulted Robbins, injuring him severely. From this sprang an assault by Wm. Stockton, a revenue officer, on Joseph Adams, State Solicitor, breaking Adams' arm. John E. Osborne, a dry goods clerk, expressed indignation, when C. S. Cooper, a brother of Thomas Cooper, the present Revenue Collector, abused Osborne roundly, when the latter drew a pistol and fired twice at Cooper, wounding him twice, painfully but not dangerously. The matter is to be at once investigated in court.

WASHINGTON.

The Boyle Counterfeit Bonds. WASHINGTON, July 8.-The Secretary Washington, July 8.—The Secretary has exhausted every means of setting at rest the many disputed questions involved, and has taken much time, and rests satisfied that the charge that the counterfeiters had confederates in the employ of the Bureau of Engraving and Printing of the Trensury Department is false.

Secretary Folger says that so much has been said in the public prints about the Doyle bonds that it is well to make an explicit statement in regard thereto. The

plicit statement in regard thereto. The counterfeits were of United States bonds known as the six per cents of 1881, and only of the \$1,000 denomination of that issue of genuine bonds. There are issued in all \$110,650,000 in amount, which were separately numbered from 1 to 110,650 inclusive. When they were issued a record was made of all of them, wherein the number of each bond was entered, and the numbers of all of the bonds were shown. All of the genuine bonds have been redeemed and can-celled, except \$278,000, and interest ceased to run on all of them in 1881.

It has been stated in the public prinst that \$32,000,000 was the nominal amount of spurious bonds struck off by the counterfeiters, and that many of them have been put in circulation. Surely if that amount of bonds, or a tithe of it had been placed in the hands of innocent holders long ago would some of the bonds have been offered for redemption, but not one

The Freight Handlers Strike. NEW YORK, July 8.—Some of the Italian freight handlers were attacked early this morning in Battery Park, but they succeeded in worsting their assailants. The New York Central and Hudson river pier at Barclay street, is crowded with accumulated freight, very little being received and much less handled. The Erie piers were receiving no freight at all. At the upper piers of the Pennsylvania R. R., little freight was received, but as fast as possible it was loaded on flats to be taken away. At the St. Johns Park Depot no change was apparent. One train left this morning and another one was being loaded. The prospect of settlement is as yet in the remote future. NEW YORK, July 8 .- Some of the Italian

Eighteen additional bodies, victims of the Scioto disaster, at Steubenville, Ohio, were reported found at noon yesterday. The Secretary of the Treasury will on Monday next issue a call for \$16,000,000 of six per cent, bonds continued at 31 per cent., from January 1, 1881.

The Commissioner of the General Land Office has directed the issue of a patent to John Lowe and others, claimants to the Lowe mill grant, comprising 16,000 acres of land situated in Alachua county, Fla. The following is one of the very many testimonials we are receiving daily:

Gendesen:—Some three months ago I began the use of Dr. Harter's Iron Tonic, upon the advice of many friends who knew its virtues. I was suffering from general debility to such an extent that my inhor was exceedingly burdensome to me. A vacation of a month did not give me much relief, but on the contrary, was followed by increased prostration and shaking chills. At this time I began the use of your Iron Tonic, from which I realized almost immediate and wonderful results. The old energy returned and I found that my natural force was not permanently abated. I have used three bottles of the Tonic. Since using it I have done twice the labor that I ever did in the same time during my lilness, and with double the case. With the tranquil nerve and vigor of body, has come also a clearness of thought never before sulyed. If the Tonic has not done the work, I know not what. I give it the credit.

Most gratefully yours.
