

Smash, smash, smash. Through station and car. O trunk! And I would that my strength were able To smash the thing into punk!

Oh, well for the flimsy valise. That was left safe at home far away! Oh, well, Samtoga, for thee, Thou art out of my clutches to-day!

And the piles of baggage come on. To be pounded and banged by me; But O for the strength of a Samson's arm, And then would I happy be!

COTTON.

New York Commercial Chronicle. NEW YORK, Oct. 6.—The movement of the crop, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening (October 6), the total receipts have reached 179,883 bales, against 136,479 bales last week, 77,223 bales the previous week; and 49,512 bales three weeks since; making the total receipts since the 1st of September, 1882, 476,840 bales, against 604,587 bales for the same period of 1881, showing a decrease since September 1, 1882, of 127,747 bales.

FARMERS UNDER THE BAN.

From Senator Vance's Baltimore Agricultural Address. "Strange to say, the owners of this great expanse of fertile lands and the producers of all this wealth on which the world depends are the victims and the prey of all other classes of society. The consideration given them and the influence exercised by them are by no means proportioned to their numbers, intelligence or usefulness. It is a remarkable fact that the remuneration of the farmer and the farm laborer is smaller than that of any other grade in human industry. In all lands it is honorable to plow, but everywhere all other men are better paid than the plowman. All men who handle the plowman's products get rich faster than he does in making them. The commission merchant, the carrier and the distributing factor far outstrip him in the race for wealth. Their palaces are built and obtained from his labor, and the great monopolies fatten upon the sweat of his face. The farm laborer who works in the sun receives on the average 50 cents per day, while the man who lifts his grain on shipboard or into the warehouse receives \$2 per day. The man who feeds our bodies receives about one-half that is paid to him who clothes or alarms them. He who furnishes us with the necessities of life is infinitely worse paid than he who furnishes us the luxuries. The inequality does not stop here. It is received become the custom to shift on his shoulders all the heavy burdens which the world that those who manufacture clothing, implements, &c., are justified in levying taxes most grievous and unjust upon those who manufacture food. They are made the beasts of burden of society. Instead of additional honor, there is a positive penalty imposed upon the growing of a bushel of wheat or an ear of corn. Disguise or sugar-coat it as you may it comes to this—that the bread-giver is under the ban. People affect to flatter him, but in truth they use and plunder him. Yet the value of this class is almost equally great in the maintenance of our political institutions as that of the feeding of our bodies. The very nature of their business tends to make them conservative and independent. They constitute the safest repository of the theories of freedom, the securest of wardens of law and order. No strikes, no communism, no riotings or incendiary burnings can arise or continue among the homes of the farmers. Sudden changes in Church or State, and all experiments, new or startling, have small chance with them. It is well worth the while of our best thinkers to inquire why things are thus with the man of the fields, and why it is his importance is not more esteemed. There is something wrong in the constitution of our society. Where is it, and what is it? Is it in our legislation? In part it undoubtedly is; though, after all, with us legislation but follows public opinion. Public opinion must, therefore, be corrected. To the farmers of America, therefore, I say you can shape this opinion and mould this legislation. You are in a vast majority. Agriculturists must emancipate themselves by education, by organization, by combination. The manufacturers promote their interests by close and effective association, the banks combine offensively and defensively, the railroads pool against their customers and smother competition, and the merchants keep the best

OHIO ELECTION.

talent of their profession, in organized boards, constantly on the outlook for the interests of trade. In truth, the tendency of the age is to the concentration of wealth, power, and business control in the hands of a few and to systematize all departments of affairs under great central heads. The only successful way to fight the evils of centralization, over any one department is to organize in like manner a rival department.

New York Comparative Cotton Statement.

Table with columns for Net receipts at all United States ports during the week, Total receipts to this date, Exports for the week, Total exports to this date, Stock at all interior ports, Stock in Liverpool, American allot for Great Britain.

It is the common observation that the standard of natural health and normal activity, among American women, is being lowered by the influence of fashions and habits of life, engendered by fashionable ignorance and luxurious living. It is a happy circumstance that Mrs. Lydia E. Pinkham has come to the front to instruct and care the sufferers of her sex.

COLORED PEOPLE'S FAIR.

Opening of the Annual Exhibition at Raleigh—Good Display and Large Attendance—Addresses, &c. Raleigh, October 11.—The annual fair of the colored people was opened here to-day by the State Commissioner of Agriculture (McGehee). To-day Gov. Jarvis delivered the annual address, which was well received by the large crowd of blacks in attendance. Congressman W. R. Cox also spoke. The fair grows better each year. The exhibits are more numerous and better. The display of stock, products, etc., is excellent. Notwithstanding the weather is inclement the attendance is good.

THE JAPANESE.

Carry their tooth-picks in their back hair, and always use them after eating anything. They take care of their teeth, and the teeth take care of their stomachs. Use tooth-picks freely, clean with SOZODONT, and bad teeth and breaths will be scarce.

ALABAMA.

Race Troubles in Lee County—Threatened Massacre of Whites by Negroes.

COLUMBIA, Ga., October 11.—Intelligence has been received from Lee county, Alabama, that a threatened massacre of whites by negroes is being planned. The news was brought by a number of families who have fled to this city and points near here, to escape the threatened danger. It is reported that the negroes intend to burn houses and massacre the whites on Friday or Saturday next. The trouble is said to have grown out of a disturbance caused by a negro shooting a white man some weeks ago. The wildest excitement is said to prevail all over Lee county, particularly in the vicinity of the Chevala lime works at Youngsboro. Reports coming from the negroes indicate that they are believed to have a good foundation. A dispatch to the Enquirer from Youngsboro, Ala., in a recent issue, also from the Chevala lime works, says there is no uprising of negroes in that section. Other families who reached this city to-night say that trouble is expected.

Money for a Rainy Day.

"For six years my daughter was sick from kidney and other disorders. We had used up our savings on doctors, when our dominion advised us to try Parker's Ginger Tonic. Four bottles cured her, and as a dollar's worth has kept our family well ever since, we have been able to lay by money again for a rainy day."—A Poor Man's Wife.

VIRGINIA.

A Norfolk Mystery—The Remains of Two Infants Found in an Old House.

NORFOLK, October 11.—Yesterday afternoon a man in a narrow coat, seen in front of the house No. 57 Main street, for repairs, discovered above the ceiling of the attic the body of a white male infant, dried up like a mummy, and the skeleton of another. The best preserved of the two had a yellow fever on its face, and a cord tightly around the neck, and had evidently been strangled soon after death. The house had recently been occupied as a boarding house. The opinion of the coroner is that the infants have been dead several years. The affair is shrouded in mystery.

The Distinguishing Charm.

A delightful fragrance of freshly gathered flowers and spices is the distinguishing charm of Florence's Cologne.

YELLOW FEVER.

Fifty New Cases and Seven Deaths at Pensacola.

PENSACOLA, October 11.—Fifty new cases of yellow fever and seven deaths have been reported to-day. Many of the new cases are of a more malignant type. Among those attacked is a son of the late Judge Hawkins, formerly member of Congress and one of the most eminent men of this city. A serious mistake in yesterday's dispatch made it read that the Board of Health had made a formal appeal to the country at large for aid, instead of no official appeal. It is believed they will be compelled to take that step. The whole number of cases to date has been 1,406; deaths 132. The weather is warm and settled, giving no hope of early frost.

Brown's Disease of the Kidneys.

Diabetes and other diseases of the Kidneys and Liver, which you are being so frightened about, Hop Bitters is the only thing that will surely and permanently prevent and cure. All other pretended cures only relieve for a time and then make you many times worse.

COTTON MARKETS.

October 11.—Receipts steady at 108,000 net receipts 6,006 bales; Norfolk, steady at 110 net receipts 5,771 bales; Baltimore, quiet at 110 net receipts 391 bales; Boston, steady at 110 net receipts 417 bales; Philadelphia, firm at 110 net receipts 40 bales; Savannah, firm at 109 net receipts 6,023 bales; New Orleans, steady at 110 net receipts 2,480 bales; Mobile, firm at 109 net receipts 2,480 bales; Memphis, steady at 110 net receipts 3,069 bales; Augusta, quiet at 108 net receipts 1,845; Charleston, firm at 109 net receipts 5,247 bales. Weak muscles and nerves, sluggishness of thought and inactivity, cured by Brown's Iron Bitters.

COMMERCIAL.

WILMINGTON MARKET.

STAR OFFICE, Oct. 5, 6 P. M. SPIRITS TURPENTINE—The market opened firm at 47 cents per gallon. Sales reported later of 115 casks at quotations. ROSIN—The market was firm at \$1 35 for Strained and \$1 45 for Good Strained, with small sales at quotations. TAR—The market was firm at \$2 00 per bbl. of 280 lbs, with sales at quotations. CRUDE TURPENTINE—The market was quoted steady at \$1 50 for Hard and \$2 50 for Yellow Dip, by distillers; \$1 70 @ 2 70 bid by shippers.

Cheering News from the Buckeye State—Probable Election of the Entire Democratic Ticket—A Majority of About 9,000 Indicated—West Virginia Holds Her Own and Elects Three Democratic Congressmen.

COLUMBUS, O., Oct. 10.—Returns from the State Election are coming in rapidly. The gains and losses reported are based upon a comparison with the vote for Governor in 1881, when the Republican majority was 24,300. There are 1,967 precincts in the State. Returns from 163 precincts and wards show a net Democratic gain of 9,300. CINCINNATI, Oct. 10.—Returns from Hamilton county, so far as received, show constant Democratic gains, which indicate at this writing the election of the entire Democratic ticket. From the few full returns received it is apparent that the Democratic ticket has many more votes than the Congressional and county tickets, but it is difficult to see how the difference can be great enough to elect the Republican candidates for Congress in the First and second districts. The vote of Marietta city and township gives the Democrats 219 for Congress, a majority of 345. Horne's (Rep.) estimated majority in Huron county is 400. COLUMBUS, October 10.—Three hundred and sixty-two precincts gave a Democratic gain of 6,256. At the same rate of gain the Democratic majority in the State will be 9,000. WEST VIRGINIA. WHEELING, W. Va., Oct. 10.—Ohio county, the home of the Democratic candidate for Congress and hitherto Democratic by about 300, has given a Democratic majority of less than 50. Reports from interior counties indicate the probable election of Goff, Republican to Congress from the First District by a small majority. The Second and Fourth Districts have been hotly contested and there is not much doubt of both of them being carried by the Democrats by majorities ranging from 1,000 to 1,500 each. WASHINGTON, Oct. 11.—Dispatches from Columbus, Ohio, received at 9:30 A. M., report that the best information that can be gained from both headquarters of the Republicans the 3rd, 8th, 11th, 14th, 17th, 18th and 19th districts—seven in all. The 12th, 4th, 5th, 10th, 13th, 15th, 16th, 18th and 19th districts are conceded to the Democrats; leaving the 6th, 7th, 9th, 12th, 15th and 20th districts in doubt. CINCINNATI, Oct. 11th.—The Enquirer, Dem., claims fifteen Congressmen in Ohio. As to the majorities in the several states, but refers freely editorially to its telegrams. It says the victory is decisive and overwhelming, and that it disposes of Foster in politics. It assumes that the campaign was won by the Democrats, and that the result is significant beyond mere local questions. That the Democrats are being cheated out of the Presidency in 1876, came near electing their man in 1880, and that this and probably similar votes in New York and Pennsylvania are prophetic of a Democratic victory in the next Presidential campaign. A special dispatch to the Cincinnati Gazette (Republican), from Columbus, gives the following as the probable list of Congressmen elected: Democrats—1st District, John F. Elliott; 2d, Isaac M. Jordan; 3d, Ben. E. Leflore; 4th, Geo. H. Zenger; 10th, Frank H. Hurd; 13th, George L. Converse; 16th, Beniah Wilkins; 21st, Martin A. Foran—total 8. Republicans—3d District, Emanuel S. Schultz; 8th, J. Warren Keifer; 11th, J. W. McCormack; 14th, R. A. Hart; 17th, J. T. Updegraff; 18th, W. McKinley, Jr.; 19th, Ezra B. Taylor; 20th, A. S. McClure—total 8. This leaves five Districts doubtful, and of these it is probable that James E. Campbell, Democrat, is elected in the 7th District, and Hurd, Republican, in the 12th. COLUMBUS, O., October 11.—Seven hundred and sixty-three precincts show a net Democratic gain of 24,800, indicating a Democratic majority in the State of 35,000. CINCINNATI, October 11.—Complete but unofficial returns from 30th and 31st counties show the following Democratic majorities: Newman, Secretary of State, 10,850; Okey, Judge of the Supreme Court, 9,050; Weibel, Board of Public Works, 9,704; Hawkins, Sheriff, 115; Dalton, Clerk, 897; Pugh, Prosecuting Attorney, 864; Robenstein, Recorder, 2,928; Kublin, County Commissioner, 3,177; Cosgrove, County Solicitor, 3,550; Fowler, Board of Control, 1,487; Spilger, Indemnity Director, 381; Folger, Congress, 1st District, 889; Jordan, Congress, 2d District, 788. The Republicans claim the election of Burford for Sheriff. Columbus, October 11.—Additional election returns are coming in slowly, as the Republicans are waiting for the services and conceding everything, except a few Congressmen. Estimates this morning put the Democratic majority in the State at 25,000, and make the Congressional delegation stand as follows: Democrats six; Republicans five. The election of McKinley in the 18th district, and of Robinson in the Ninth, are in great doubt, and the Republicans must carry both to get six Congressmen. A peculiar feature of the day is that while the Republicans were championing temperance, the Prohibition vote has greatly increased, and it is estimated has a larger per centage of gain than the Democrats. CINCINNATI, October 11.—A special dispatch to the Commercial says that Henry L. Morcy, Republican, is elected to Congress in the Seventh district by 29 majority. WASHINGTON, October 11.—The following telegram was received at Republican headquarters here to-night: Columbus, October 11.—To D. B. Henderson, Secretary—Things look worse than last night. We are sure of five districts. Bligh is defeated in the Sixth Congressional district; Hart in the Twelfth; Davis in the Fifteenth; Robinson elected in the Ninth; Morcy, in the Seventh, in doubt. McClure, Democrat, in the Twentieth, is defeated. Signed "S. K. NASH."

STAR OFFICE, Oct. 6, 6 P. M.

SPIRITS TURPENTINE—The market opened firm at 47 cents per gallon. Sales later of 75 casks at 48 cents, closing firm. ROSIN—The market was firm at \$1 40 for Strained and \$1 50 for Good Strained, with sales at quotations. TAR—The market was firm at \$2 10 per bbl. of 280 lbs, with sales at quotations, being an advance of 10 cents on last reports. CRUDE TURPENTINE—The market was quoted steady at \$1 50 for Hard and \$2 50 for Yellow Dip, by distillers; \$1 70 @ 2 70 bid by shippers. COTTON—The market was firm, with sales reported of 50 bales on a basis of 10 1/2 cents per lb. for Middling, 300 do. on a basis of 10 1/2 cents, and 40 do on a basis of 10 11-16 cents. The following were the official quotations: Ordinary..... 9 1/2 cents per lb Good Ordinary..... 10 1/2 " " Low Middling..... 10 1/2 " " Middling..... 10 1/2 " " Good Middling..... 10 1/2 " "

STAR OFFICE, October 7, 6 P. M.

SPIRITS TURPENTINE—The market opened firm at 47 cents per gallon. Sales later of 75 casks at 48 cents, closing firm. ROSIN—The market was firm at \$1 40 for Strained and \$1 50 for Good Strained, with sales later of 1,000 bbls Good Strained at \$1 53 per bbl. TAR—The market was firm at \$2 10 per bbl. of 280 lbs, with sales at quotations. CRUDE TURPENTINE—The market was quoted steady at \$1 50 for Hard and \$2 50 for Yellow Dip, by distillers; \$1 70 @ 2 70 bid by shippers. COTTON—The market was dull, being offered at 10 1/2 cents without buyers, 10 1/2 cents being the best bid. Later we hear of sales of 50 bales on a basis of 10 1/2 cents per lb. for Middling. The following were the official quotations: Ordinary..... 9 1/2 cents per lb Good Ordinary..... 10 1/2 " " Low Middling..... 10 1/2 " " Middling..... 10 1/2 " " Good Middling..... 10 1/2 " "

STAR OFFICE, October 9, 6 P. M.

SPIRITS TURPENTINE—The market opened firm at 48 cents per gallon, with sales of 100 casks at that price.
