MASKS AND FACES.

BY F. E. WEATHERLY.

The stage was bright, the plaudits rang,
The play was nearly o'er;
With happy voice the player sang
"Love is forever more!"
"She never sang or looked so fair,"
The people whispered low;
But the real tale of the woman there,
Nobody cared to know.

The circus crowd was gay and glad,
And loud the whirling ring;
Huzza! the rider rode like mad,
As jocund as a king.
Huzza! to watch him laugh and leap,
They cheered him high and low;
But tears that lay in his bozom deep,
Nobody cared to know.

And we all are players for our day,
On the stage of life we fare,
Each with his little part to play,
Each with his mask to wear.
And what is real 'tis vain to ask,
And what is only show;
For what lies hidden behind the mask
Only ourselves may know.

WILMINGTON DISTRICT CONFERENCE.

THIRD DAY.

WHITEVILLE, N. C., May 26.—The Conference opened with the Presiding Elder in the chair.

The divine services were conducted by Rev. W. I. Hull.

The minutes of the previous session were read and approved.

Report from Clinton circuit was received by letter, the pastor having been detained at home in consequence of sickness. Report good. There was no report from Coharie Mission, owing to the absence of the pastor and delegates. This also applies to Bladen circuit.

Brother Schulken gave an interesting account of his work on Fair Bluff Mission. The outlook is good for a grand work.

Waccamaw Mission was reported by its pastor. He thinks it at present cannot be self-sustaining. There is improvement in a spiritual point. There are six Sunday schools and one hundred and sixty scholars.

Rev. J. W. North preached an earnest and forcible sermon on the Christian race last night.

The next District Conference was placed at Goshen, on the Clinton circuit, by request of that church.

Written report was received from Cokesbury circuit, Rev. C. M. Gentry in charge. Reports spread upon the minutes.

Reports from Elizabeth circuit, by Rev. J. B. Baity, pastor in charge, showed a growing interest in all church work. Congregations large and attentive.

Brother North, of Smithville Station, gave a pleasing report of his work. A fine Sunday School and well organized, is succeeding well in a financial way in the work on the assessment or Conference plan; the Ladies Sewing Society is doing a good work for the parsonage, &c.

Brother Wookins, of Brunswick circuit, reports favorably of his work; congregations large and increasing; financial system well worked in most places, and we shall meet all our obligations. The Presiding Elder spoke of this field as a growing work, and hopes the day in not far distant when this circuit will be divided. Said that one minister was licensed to preach last year from that circuit, and this year another. Further stated that Quarterly Conferences were always well attended, all the board present showing faithfulness and a general interest in church work.

Rev. — Smith made an interesting report from Onslow circuit; indeed, he made a fine impression upon the Conference. He is a young man of pleasing address and we expect to hear well of him in the future.

AFTERNOON SESSION.

Conference opened at 3 o'clock, Rev. Mr. Tart conducting divine services. The minutes were read and approved.

Three o'clock having arrived, the hour fixed for the election of four delegates to the annual conference, which convenes at Statesville in November, ballots were taken with the following result: C. C. Lyon, W. M. Parker, J. D. Shackelford, H. B. Moffitt; alternates—J. B. Mercer, D. A. Culbreth.

Brother Black, editor of the Raleigh *Christian Advocate*, presented the interests of his paper, prefacing his remarks by expressing the pleasure it gave him to be with us, and to look into the faces of those with whom he once mingled as Presiding Elder of this the old Wilmington District. He had come amongst us not in the interest of his paper, but to gain spiritual strength as well. Many faces he missed that were once familiar, who now sleep the sleep of death—they had passed over the river. He had taken hold of the *Advocate*, which had long been recognized as the organ of the Conference, as a matter of duty, in the hope of accomplishing good to his church. The paper had increased in circulation largely, and has a fine corps of correspondents, such as Bishops Pierce and Wilson, Rev. Jno. E. Edwards and others, whose talent was known to the whole church. Their object in the publication of the *Advocate* was not to make money, but to save souls. They had spent largely for the improvement of the paper in a mechanical way, and they expected the hearty cooperation of the preachers and the brethren in order that the doctrines and usages of our church should be fully known by our members. It was an organ that we ought to put in the hands of our children. Through this medium, he said, we will travel with you all over your circuits, meet you at your district conferences and will tell you of your missionary work, and when you die and pass triumphantly over the river we will publish it for the encouragement of those left behind. Our object is to give you the best paper we can and try and encourage you in your dreary moments. Brother Black closed by inviting the Presiding Elder to become a correspondent.

Rev. F. H. Wood presented the claims of the *Advance*, stating that the *Advance* was not a Conference organ and that they did not ask any endorsement of this Conference—did not want any. Preachers were paid a commission for services. It was a Methodist paper fully in the interest of Methodism. It was a pure paper; a paper full of pure literature. He was glad to hear brother Black say that there was an increase in his circulation. It showed a growing desire to read pure literature; the world was filled with immoral and demoralizing influences. Such reading was leading young boys to go in the far west, running away from home to be become brigands. Hundreds of boys were gathered up at St. Louis of this character, and acknowledged that it was through this kind of reading that has led thousands to leave home. They were publishing this paper to counteract the vicious influence of this trashy reading. The *Advance* stood alone upon its own merrit. Brother Wood preferred to go to a subscriber who was already taking a paper, for only such men appreciated good reading. How, says he, shall we allow our children to read the loose literature of the day, or will you put religious literature into the hands of your children.

Brother Puett followed, urging the importance of taking our religious papers, and offered a resolution recommending all the literature published by our Publishing House at Nashville, and also the papers published by the brethren of the North Carolina Conference.

Resolutions of thanks to the citizens of Whiteville, for the hospitable manner in which they have entertained this Conference; also, to the Baptist and Presbyterian Churches, for the tender of the use of their churches; also, to the railroad authorities, for courtesies extended.

To-night there will be a missionary mass meeting. Sunday morning there will be a love feast, and preaching at 11 o'clock at the Methodist church by Rev. Dr. Burkhead; Communion immediately after preaching. Rev. W. J. Hull will preach at the Baptist church at 11 o'clock; Sunday school mass meeting at 3 p. m. at the M. E. church; at 8 p. m. Rev. F. H. Wood will preach at the M. E. church. P.

THE EPISCOPAL CONVENTION.

Third Day.

Daily Church Messenger.

CHARLOTTE, N. C., May 25.—Rev. C. G. Curtis said the clergy had been challenged to give their testimony on this question from actual experience. Complaint had been made on this floor that the minds of the clergy were made up, and if it were so it was because they had been studying the subject for ten years, and they were not restricted to the debates of the last fifteen hours for information. The question of the division of the Diocese had been discussed from too low a standpoint—it was not on the right basis—the basis of faith in God, and his promise to His holy and apostolic church. This ought to regulate the question. Expediency and caution were ghosts that were ready to start out from ambush by the wayside.

Rev. Jarvis Buxton called on Col. J. W. Atkinson to tell the convention what his father, the late Bishop Atkinson, thought of the division of the Diocese.

Col. Atkinson came forward to the chancel rail, in responce to the call, and said he regretted that the opinion of his father had been called for, but he was willing to state what he knew about it. Shortly after the war, Bishop Atkinson realized the fact that his health was declining and, that the wants of his Diocese were increasing. He had not the physical strength to meet the demands upon him. At the second or third convention of the church, after the war, in his annual address he alluded to the subject, and urged additional Episcopal supervision of the Diocese, and that he believed the true remedy was in division. In the convention of 1867 at Fayetteville, he still entertained the same opinion, but the law of the church prevented the division of the Diocese at that time, and the only alternative was the election of an Assistant Bishop. After that the question was no longer pressing. Here in Charlotte, six years ago, a committee reported a resolution looking to the division of the Diocese, and Bishop Atkinson said then that by division was the best mode of obtaining increased Episcopal supervision, but he doubted if the time had come as we had an Assistant Bishop. The condition of his health admonished him then that he might not minister to the Diocese much longer and in the event of the entire failure of his health, the Diocese would require three Bishops, and under these circumstances he recommended that the *status quo* should remain as it then was during his lifetime. That he was very loth to have the Diocese divided during his lifetime, but that it would be done after his death.

[The vote on Division has been given already.—STAR.]

The Rev. John Huske offered a resolution providing for an equal division of the permanent funds of the present Diocese of North Carolina between the two hereafter to exist in the same territory.

The Rev. J. B. Cheshire, Jr., offered a resolution pertaining to the steps to be taken by the deputies to the general convention relative to the consent of that body to the division of the Diocese.

Raleigh News-Observer Special.

CHARLOTTE, May 26, 12 M.—The Conference committee of seven appointed by the Convention yesterday to confer with the Bishop about the dividing line between the dioceses reported last evening. The report precipitated a long and interesting discussion, which consumed the whole evening session without any result being reached. At this morning's session Bishop Lyman said that owing to the objections of some who feared that the Eastern diocese would be too weak if the line were run as he thought it best it should be run, he would yield the point in regard to embracing Cumberland and Robeson counties in the Western diocese. Thereupon the following was unanimously adopted: Commencing at the Virginia line at the intersection of the Virginia line and the eastern line of Northampton county, and following the eastern lines of Northampton, Halifax, Edgecombe, Wilson, Johnston, Harnett, Moore and Richmond. This puts the counties of Northampton, Halifax, Edgecombe, Wilson, Johnston, Harnett, Moore and Richmond and all the counties to the west of them in the diocese of North Carolina. The Eastern diocese will be the new diocese. Its name is not yet announced. The permanent Episcopal fund, amounting to $35,000, and yielding an income of about $2,500, is to be equally divided between the two dioceses.

The utmost harmony prevailed, and the members of the Convention feel greatly relieved at the satisfactory conclusion of this important matter.

CHARLOTTE, May 26.—Bishop Lyman this evening gave his formal consent to the division of the diocese on the line adopted by the Convention as telegraphed you this morning. The consent of the general convention now follows as a matter of course. The Convention adjourned to-night after a very harmonious session. The following were elected delegates to the general convention: Rev. Dr. Watson, Rev. Dr. Huske, Rev. Dr. Marshall, Rev. W. C. Hughes, Maj. John Hughes, Dr. DeRosset, John C. Henderson, Esq., and Col. J. W. Atkinson.

Burnett's Cocoaine.

A Lady's Hair Saved by Its Use.

BURNETT'S COCOAINE will keep the hair in a strong and healthy condition *by stimulating the roots of the hair and restoring the natural action upon which its growth depends.* Twenty years ago a single bottle saved a lady's hair in a desperate case where every other treatment had failed; and since that early success thousands of cases of Baldness, Dandruff, Loss of Hair and Irritation of the Scalp have yielded to this remedy.

The superiority of BURNETT'S FLAVORING EXTRACTS consists in their perfect purity and great strength. ‡

Seven Men Terribly Burned by an Explosion of Gun Powder.

[By Telegraph to the Morning Star.]

QUEBEC, May 30.—A frightful accident occurred at Bitchuan, a small village twenty miles below Point Esquimaux, on Monday last. Fourteen men, who had just returned from the seal fishery, were dividing two kegs of gun powder in one of their houses. One was smoking, and it is supposed a spark fell into the powder. The house was blown to atoms and two of the men were carried about one hundred yards. Seven of the party were terribly burned, but none was killed outright.

Ask the druggist about Phenol Sodique if your young chickens are sick. It is the great remedy for pip, gapes, cholera, lice, etc., which kill millions of young chickens every year. It has many other uses. A bottle will save ten times its cost. See advertisement. o

Disastrous Fire in Lynchburg—Number of Large Business Houses Destroyed—Loss Half a Million and the Flames Still Raging.

[By Telegraph to the Morning Star.]

LYNCHBURG, May 30, 11 A. M.—The most disastrous fire that ever visited this city, broke out at 10 o'clock this morning, and is now raging furiously. Half a million dollars worth of property has already been destroyed, including the *Daily Virginian* building and fixtures, the Commercial Bank, the large warehouse establishment of Jones, Watts Bros. & Co., the large tobacco manufactory of Flood & Peters, and other business houses. Several residences have also been destroyed. A strong wind is blowing and the fire department is unable to cope with the flames. Telegrams have been sent to Richmond for assistance.

A Voice from the Press.

I take this opportunity to bear testimony to the efficacy of your "Hop Bitters." Expecting to find them nauseous and bitter, and composed of bad whiskey, we were agreeably surprised at their mild taste, just like a cup of tea. A Mrs. Creswell and a Mrs. Connor, friends, have likewise tried, and pronounce them the best medicine they have ever taken for building up strength and toning up the system. I was troubled with costiveness, headache and want of appetite. My ailments are now all gone. I have a yearly contract with a doctor to look after the health of myself and family, but I need him not now.

THE HONEST BARBER MAKES A CLEAN SHAVE—NEXT! Henry M. Kiessling, a barber, of No. 188 Dearborn st., Chicago, bought a fifth ticket for one dollar in the April 10th drawing of the Louisiana State Lottery, and wiped off the capital number of $2,887, and received $15,000 by the American Express shortly after for his foolhardiness in braving fortune. He is 31 years old; born in Weisdorf, Germany, has a wife and five children, and tells every one they had better send $10 to M. A. Dauphin, New Orleans, La., before June 12th (Tuesday), when $522,200 will be distributed in like manner, in sums from $155,000 down, in the Grand Semi-Annual (the 157th) Drawing. Next!

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the *German Reformed Messenger*, at Chambersburgh, Penn.: A BENEFACTRESS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething siege. Mrs. WINSLOW'S SOOTHING SYRUP relieves the child from pain, and cures dysentery and diarrhœa. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists, 25 cents a bottle.

IS YOUR BLOOD PURE?—Now this is an important question, for without pure and wholesome blood there can be no perfect health, and without good health life is a mere burden and a waste. For impure blood the best medicine known is ROSADALIS. It is the great Southern time tried and true Remedy, and may be implicitly relied on when every thing else fails. Take it in the Spring time especially, for the impure secretions of the blood incident to that season of the year, and take it at all times for Cancer, Scrofula, Liver Complaints, Weakness, Boils, Tumors, Swellings, Skin Diseases, Malaria and the thousand ills that come from impure blood.

Talking about the Liver, we presume that ill temper is more often caused by a disordered liver than anything else. To insure a cheerful disposition take ROSADALIS, the Great Southern Remedy, which will remove the prime cause, and restore the mind to its natural equilibrium.

EARS for the MILLION!
Foo Choo's Balsam of Shark's Oil
POSITIVELY RESTORES THE HEARING, AND IS THE ONLY ABSOLUTE CURE FOR DEAFNESS KNOWN.

This Oil is abstracted from peculiar species of small WHITE SHARK, caught in the Yellow Sea, known as CARCHARODON RONDELETTII. Every Chinese fisherman knows it. Its virtues as a restorative of hearing was discovered hy a Buddhist Priest about the year 1410. Its cures were so numerous and many so seemingly miraculous, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for over 300 years no deafness has existed among the Chinese people. Sent, charges prepaid, to any address, at $1.00 per bottle.

Hear What the Deaf Say.

It has performed a miracle in my case.
I have no unearthly noises in my head and hear much better.
I have been greatly benefited.
My deafness helped a great deal—think another bottle will cure me.

"Its virtues are UNQUESTIONABLE and its CURATIVE CHARACTER ABSOLUTE, AS THE WRITER CAN PERSONALLY TESTIFY, BOTH FROM EXPERIENCE AND OBSERVATION. Write at once to HAYLOCK & JENNEY, 7 Dey Street, New York, enclosing $1.00, and you will receive by return a remedy that will enable you to hear like anybody else, and whose curative effects will be permanent. You will never regret doing so."—EDITOR OF MERCANTILE REVIEW.

BROWN'S
Improved Distributor
Is Just What You Want.

With it you can put out Evenly and Uniformly your Stable Manure, Compost, Muck, &c., on Eight or Ten Acres Per Day.

It is the cheapest and most efficient machine of the kind known, and will distribute broadcast, single drill or in two rows at once any width and in any desired quantity. The farmer will, in one year, get back many times the price of the farm right and machine in the increased yield of his crop alone, to say nothing of money saved which he has been paying for fertilizers, and the permanent improvement of his land.

Read the following certificates from Louisiana planters, where the machine was invented and has been thoroughly tested for the last four years:

OUACHITA PARISH, LOUISIANA, July 20, 1881.

This is to certify that we have used Brown's Patent Distributor, and can say EVERYTHING in its praise, as it distributes stable and barnyard manure, cotton seed, etc., evenly and uniformly, in any desired quantity, both in single drill and two rows at once, any width. We further recommend it for its cheapness and simplicity, as there is not a piece about it but what can be had on every farm, which enables every one to be his own repairer. Signed,

THOS. WOOD,	D. FAULK,	M. L. BOWMAN,	J. R. MERIDETH.

And a host of others.

This machine took the first prize medals at all Western State Fairs in 1880, where it was exhibited.

Single Machines, $12.00. In Clubs of Two or More, $11.00.
