MAJ. C. M. STEDMAN

Lumberton Robesonian.

Maj. C. M. Stedman, our candidate fer Lieutenant Governor, made one of the best speeches ever delivered in our town on last Saturday. We have never heard so much said in so short a time, nor have we ever seen an audience more thoroughly in accord with a speaker. The Major has the happy faculty of saying the right thing at the right time. His speech here is bound to be of great benefit to Roleson county politics. There was considerable apathy in the Democratic ranks until Saturday. We heard numbers of good old Democrats say that since they have heard Haj Stedman's speech they felt like pulling off their coats and go ing into the fight from now until November. The speech indeed has had an almost magical effect upon the spirit and hopes of the party in this county. It was not only inspiring to hear so good and eloquent a speech, but it was a source of honest pride and deep gratification to every Democrat present, to see their ban-ner so proudly carried, and their principles so fearlessly and ably expounded. Everybody was delighted with their candidate for Lieutenant Governor. The old and young alike were enthused by his eloquence. The ease with which every phase of the discussion was handled by Maj. Stedman was wonderful. His opponent was confounded, confused, overwhelmed. We have never witnessed a cleaner cut victory in political discussion, and we have heard many of the ablest orators in North Carolina in joint discussion.

He will there be defeated nearly two to one, and solely because of his failure to attend the funeral of his mother in 1871, because it would have involved a recognition of her Catholic religion. She was buried without any funeral ceremony from the Catholic Church near town. Washington county will give a majority against Blaine. This place, altough Republican by 65 majority, will give Cleveland a majority, and this county, Fayette, will give Cleveland from 1,500 to 2,000.
