SENATOR VANCE IS A DEM-OCRAT.

He is Not Opposed to Mr. Cleveland, but He is Opposed to His Administration.

Hon. Z. B. Vance, Black Mountain, Buncombe County, N. C .:

MY DEAR GOVERNOR -I have for some days contemplated writing you in regard to the published references to yourself since your departure from this city to your mountain home in the early part of March last. Several articles in the form of interviews have appeared in the newspapers, with the apparent purpose of injuring you at home or of damaging you in your relations with President Cleveland. As I know that you are out of the reach of interviewers and reporters, and that you are not out of of Raleigh approved. harmony with the Administration, I am at a loss to account for the fictitions and sinister articles which are almost continually reappearing, commencing, so far as I have noticed, in the St. Louis Globe-Democrat.

Such articles are commonly harmless; but in this matter I think that for your own sake you should make some statement in regard to these persistent and gratuitous misrepresentations.

I enclose one of these articles now rehashed with a lengthy addition. This is the most recent alleged interview that has come under my observation. Sincerely yours,

comparative Duliness on the Board of Trade - All Listless Expectancy - Kershaw Hopes to Pull Through, but There are Many Boublers-List of Broken Firms and Their Liabilities. (By Telegraph to the Morning Star.)

CHICAGO June 16 -C. J. Kershaw & Co. will, esys a local taper, met all de-mands for margins made on them to-day, notwithstanding their failure to go through the Clearing House yesterday. The money is in the American Exchange National Party to their gradit and will be checked Bank to their credit, and will be checked against as fast as demands are presented so that if the stability of the market is de pendent on that firm meeting obligations, a many claim, no violent fluctuations can ex; coted to-day. The announcement of the firm's complete solvency comes in su official way and from sources that cannot be questioned, although permission to use the names is denied. The parties making the statement stand close to the firm and to the officers of the bank in which the money is deposited, and are thoroughly familiar with the intentions and resources of Messre. Joseph Wiltshire and J. B. Hoyt, represen tatives of the Cincinnati end of the great wheat deal.

A notice was posted up in the window of Kershaw & Co.'s office this morning, stating that the firm expected to pay all differences to-day. When the market opened at 9.30 the first sales were at 71c for June and 73c for July. The latter then sold down to 724c, but quickly went up to 734c, and at 9.38 a m, is 73c.

The failures of yesterday number fifteen. The failures of yesterday number fifteen. They were as follows, with estimated lia-bilities: Crosby & Co., \$75,000; H. K. Mat-thews. \$60,000; J. A. Edwards & Co., \$50,000; M. B. Crafts & Co., \$40,000; B. J. McCleary & Co., \$25,000; Pickering & Co., \$20,000; S. D. Eldridge & Co., \$18,-000; Gregg, Son & Co., \$15,000; Hard Bros. & Co., \$10,000; Hibbard & Co., \$10,000; M. S. Robinson & Co., \$8,600: Yaut & Brearly, \$5,000; S. C. Orr & Co., \$5,000. Total \$361,000. Total \$361 000.

Included in the failures of the day before were M. Rosenthal & Co, Hamill & Brien and E W. Bailey & Co. These make a total of nineteen, with aggregate liabilities approximating \$2,000.000. Some of these failures were caused by the inability of the parties to reach their outside customers, while others were caused by the failure of Rosenfeld & Co. and the suspension of payments by Kershaw & Co. It is said that in a unjority of cases the embarrassed firms will be all right as soon as their trade can be settled, and that in one or two instances the books will actually show profits. In addition to those whose failure was brought about by either of the causes given there are some who were in the deal on their own responsibility and simply got caught where

hey could not help themselver. The following is the notice in Kershaw's window. It is in Mr. C. J. Kershaw's handwriting: "Nothing can be decided until 11 o'clock We are promised by that me positive knowledge whether remittances are on the way, which we are led to believe will come

CHICAGO, June 16, 10 A. M .- The exciting scenes of yesterday and the day before were not witnessed at the opening of the Board of Trade this morning. The few people who had gathered in the galleries before the opening tired of the calm which prevailed and departed. It was given out that Kershaw would announce at 11 o'clock whether he would be able to meet the claims against him or not. It is generally conceded that everything depends on Kershaw's action Some members are of opinion that he will pull through all right, but a majority are very doubtful

Hot Springs failed entirely to cure me of sev-eral terrible, indoient running nicers on my legs, with which I have been troubled for many years. Several doctors also attempted to cure me but failed. I have used only a few bottles of B. B. B. (made at Atlants, Gs..) and the effect has been truly magical, as they have all healed and I am cured. It is worth all medicines made for purifying the blood. This wonderfally quick cure has been effected after everything else had failed. Your medicine is a daisy, and has done the business for me. I have lived here twenty-five years. My general nealth is also improving, appetite and digestion good. I sleep soundly, could not be cured, but B. B. B. has cured me. blood purifier I ever used. It is abead of all others. As to my case and its cure I refer to every merchant or professional man of Pine Binf. Ark., May 12th, 1886. Hot Springs falled entirely to cure me of sev-
