That a fusion will be effected there seems to be no doubt, both

on the State ticket and on electors. The Convention reassembled at 2.40 o'clock. The temporary organization was made permanent.

Judge Baldwin submitted the report of the committee on resolutions, reaffirming adhesion to the established principles of the Democratic party in national politics and hearty endorsement of President Cleveland's administration. The resolutions also declared opposition to the position of the Republican party and indorse the President's message and the St. Louis platform. PITTSBURG, July 20 .- A special to the Thronicle from Wheeling, at noon, says the loss of life from the flood last night is at least twenty-five. About fifteen bodies have been found so far. The money loss is about \$150,000. The greatest loss of life was along Wheeling creek and at Triadelphia. A search this morning resulted in the discovery of a number of bodies near the latter place Most of them were found among the drift which collected at Elm Grove. The body of William

Gaston, aged sixty years, a prominent and wealthy person, was found near Elm Grove; his wife's remains were found two miles below Elm Grove, hanging on a barbed wire fence; Chas. Caulbell, of the Wheeling News Letter, aged fifty, was found among the drift wood; Mrs. Jane Fay, and her two grown-up daughters, Alice and Mary, were discovered a short distance below Triadelphia; and the bodies

of two, brothere, named Gorman, were found in a meadow, where they had been hurled by the furious waters. WHEELING, July 20 .- Later and authenic details from Triadelphia show that the destruction was more appalling there than anywhere else. The report claims immense results. We are much inclined to regard the whole thing a huge humbug. It has kept 5,000 Republicans in office in

couraging for a pretty clean sweep in North Carolina this year. We believe the Democrats will elect their State ticket by a good healthy majority. They will elect the Supreme Court Judges and will probably elect every member of the Federal House but one. The Legislature will be Democratic and that will sure a U. S. Senator. Such are the signs now as we read them. But there

must be a vast deal of work done to make it certain.

In Minnesota Albert Scheffer is prominent candidate for the Republican nomination for Governor. He thus defines his position :

"I cannot support nor stand upon a platform which advocates a protective or, what a better term, a high tariff. My candidacy is backed by the farming element o Minnesota. I am pledged to them to world for a tariff reform that not only revises but reduces taxation. The system of taxation which maintains the government economi cally and at the same time takes from th people, directly or indirectly, the least mount of money compatible with mana ging a good government, is mine '

Mr. Arthur T. Lyman, Treasuren of the Hadley Company and of the Lowell (Mass.) Manufacturing Company, declines to subscribe to the Republican campaign corruption fund and writes a long letter. He concludes as follows:

"The position that the Republican party has taken makes it well for the country, as it seems to me, that it should not have the control of the Government for the next four years."

The N. Y. Press is an organ of Monopoly and Plutocracy. To make capital--cheap at that-it quotes from the N.Y. Times and brackets (printed on British presses). The Times was founded by Henry

J. Raymond, and has been a staunch supporter of the Republican party up to 1884. It could not stand Blaine. It is the best edited paper in the country, we think.

Lieutenant-Colonel Tipton, of the Third Regiment, is another advocate of Wrightsville as a permanent site for the encampment of the State Guard. If all the regiments will take suitable action it is believed the movement in that direction will succeed. It is the testimony of hundreds of the soldiers that no place in the State has the advantages possessed by Wrightsville for the purpose indicated. It is hoped that those who are so favorably impressed with the site of Camp Pender will bring the matter before the State authorities in such shape as to make it a success.

Burgaw and Onslow Railroad.

The meeting of corporators of the 'Burgaw and Onslow Railroad," held at Burgaw Wednesday, the proceedings of which should have been sent to the STAR, as ordered, was a very interesting one. Six of the corporators, Drs. E. Porter and S. S. Satchwell, and Messrs. J. H. Moore, J. H.
