Though his deeds be wrong or right. If his heart is full of sinning, 'Tis for you to set him right-If he walks in error's darkness, Your hand must let in the light Until on his darkened vision, The bright sun of truth shall rise And light up the rugged pathway That extends before his eyes.

You may stand with eyes averted, And may let him go his way-But at some time in the future, There will surely come a day When your soul must answer truly, Whether then, your hands did right, Are you not your brother's keeper-Did you lead him to the light?

Did you stanchly stand beside him In his saddest hour of need? Did you seek a chance of doing For his good some kindly deed? Mindful of his want and sorrow, Did you overlook his sin-Open the door of forgiveness. Let the weary wanderer in?

May be 'neath the tattered garment Is a soul of finer mould Than yours, who have lived in plenty And in peace, with shining gold. Can you feel that you are guiltless. If you now his need forget? You may say, "I am his keeper," But he is your brother yet. -Boston Globe.

Banks \$2,490. Railroads paid on property \$28,010.31 and on franchises 33,482.42. Without particularizing the entire amount of taxes received were \$629,920.90. This, however, does not include the fertilizers' tax of \$37,500. Other receipts were lividend from the N. C. R. R. \$162, 012. Penitentiary earnings \$147,

The school taxes which are pavable to the county treasurers were \$679,944 .-14: while the county taxes were 8945,917.13. The entire taxes paid by the people for State, county and schools were thus \$2,250,000. If city and town taxes amount to \$250,-000 more, the cost of supporting government in North Carolina is the rate of \$1.50 per capita. There were 148,527 white polls and 66,594 colored polls listed far taxation. The valuation of land is \$105,000,000, of town property \$31,800,000, of personal property \$75,000,000, and of railroad property \$11,713,000, making a total of \$223,673,000. The above figures show an increase which is substantial, and indicate what we know to be the case, that except in hose sections where the crop failures have been a drawback, the State is in a better condition than it was some years back, and county property is

While breaking new ground for a farm on the left bank of the Arkansas half a mile from Boonville, the laborers exhumed on the 6th the petrified body of a man, clothed in the habit of a Roman Catholic priest, The dress and shoes and hose had also become stone, and the figure might have passed for the cunning handiwork of some great master of sculpture. The two hands were clasped about an ivory crucifix, which hung from a rosary suspended about the neck, while the head of an arrow still protruding from the breast told the story of how the worthy father met his death, and the fact, so plain to be seen, that the body was hastily buried without coffin, and grave unmarked by the smallest token, showed that he and his brethren or some faithful friend were fleeing from the Indians when he was killed.

The petrified body was removed to the Church of the Annunciation, where it is now being visited by crowds from all over the county, and whence it will shortly be given Christian burial in consecrated grounds by the priest here. The face is that of a young man of refined and intellectual features, and the hands and feet are of elegant proportions. No Business Done in Either House-Mr. Randall's Death Announced and Committees Appointed to Attend his Funeral.

By Telegraph to the Morning Star

SENATE. WASHINGTON, April 14.-The Chaplain, Rev. J. G. Butler, in his opening Mr. Randall's death:

"We bless Thee for the long and useful life of Thy servant, now departed. whose departure we mourn. We bless Thee for his faith in the Lord Jesus Christ, for his patient suffering, and that his end has been easy. We commend to Thee those who now gather in the dark shadow of the home circle. Thou, judge of the widow and father of the fatherless, comfort them in their sorrow; lead them, keep them, and give unto them Thy peace."

Mr. Plumb introduced a bill for the disposition of certain funds in the Treasury, and asked that it be read in full as he desired to call the attention of the Finance Committee to it. It provides that the money required to be deposited for the redemption of national bank circulation shall be covered into the Treasury and treated as funds available for the reduction of the public debt, and for the current expenses of the Govern-ment; that all funds held for the payment of the matured debt and interest, due and unpaid, shall be similarly treated, and that hereafter no funds available above the sum of ten millions shall be retained in the Treasury-this not to be construed, however, as permanently diminishing the fund of one hundred millions now held for the redemption of Treasury notes. The bili was referred to the Finance Committee.

Mr. Hoar said that his notice about the Montana case would be applicable o-morrow. A message from the House announce ng the death of Mr. Randall and the

Every kind of sadness was expressed there at his home. I cannot say more to-day, but a few weeks from this

the principles of law and on ascertained facts. It would not be very loug, he said, until, the little cloud in Montana which seemed "no bigger than a man's hand," would sweep like a cyclone and tear the Republican party all to fragments. A comic turn was given to the debate by Mr. Vance saying that the moral impression from the action of the ma-

ap 19 W tf Scratched 28 Years.

Body covered with scales. Itching terrible, Suffering endless. No relief. Doctors and medicines fail. Speedily cured by Cuticura at a cost

Cured by Cuticura.

If I had known of the CUTICURA REMEDIES twenty eight years ago it would have saved me \$200.00 (two hundred dollars) and an immense amount of suffering. My disehse (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollors would drop off of me all the time, and my suitering was conless and without relief. One thousand dollors would
not tempt me to have this disease over again, I am a
poor man, but feel rich to be relieved of what some of
the doctors said was leprosy, some ringworm, psoriasis, etc. I took...and...Sarsaparillas over one
year and a half, but no cure. I went to two or three
doctors, avd no cure. I cannot praise the Curicura
Remedies too much. They have made my skin as
clear and free from scales as a baby's. All I used of
them were three boxes of Cuticura, and three bottles
of Cuticura Resolvent, and two cakes of Cuticura
Soap. If you had been here and said you would have
cured me for \$200.00, you would have had the money.
I looked like the picture in your book of psoriasis (picture number two, "How to Cure Skin Diseases"), but
now I am as clear as any person ever was. Through
force of habit I rub my hands over my arms and legs
to scratch once in a while, but to no parpose. I am
all well. I scratched twenty-eight years, and it got to
be a kind of second nature to me. I thank you a
thousand times. housand times, DENNIS DOWNING, Waterbury, Vt.
