RAILROAD CELEBRATION.

SECOND DAY OF THE ENTERTAINMENT.

Excursion to the Hammocks—Oyster Roast at Ocean View—The Banquet, Etc.

The second day of the entertainment opened, as did the day before, with a cold, drizzling rain, but neither the weather nor their guests allowed this to interfere at all with the pleasures of the occasion...

WILMINGTON PRESBYTERY.

Reports of Committee—Home Missions—An Interesting Discussion on the Tithing Question—Other Matters.

The principal feature of the morning session and to which the time was mainly devoted, was the report of the Committee on Home Missions. The report mapped out a line of aggressive work, and urged it with zeal and earnestness...

Foreign Missions, on the report of Rev. J. W. Primm, gave the opportunity which was duly taken advantage of, and some excellent and soul-rending addresses were made.

The venerable Dr. Chas. F. Deems, pastor of the Church of the Strangers of New York City, casually dropped in and was heartily invited to sit as a visiting brother. Dr. Deems, in responding, in very touching terms referred to times when he was a pastor in this city.

Very little of importance remains to be done, and the Presbytery will adjourn to-night.

NAVAL STORES.

Comparative Statement of Receipts and Stocks at this Port.

Receipts of naval stores at this port since the beginning of the crop year—from April 1st to April 18th—was compared with receipts for the same time last season as follows:

THE DEAD STATESMAN.

Funeral Obituaries in Washington Over the Remains of Mr. Randall Before their Departure for Philadelphia.

WASHINGTON, April 17.—This morning at 8 o'clock the coffin enclosing the remains of Mr. Randall were borne from his house by a squad of Capitol police and deposited in the lecture room of the Metropolitan Presbyterian Church...

About half-past nine the carriages with the family and immediate friends reached the Church, and as Mrs. Randall, leaning on the arm of her husband's brother, Mr. W. H. Moore, on the right, and Miss Susan, daughter and namesake of the dead statesman, and other relatives, many of them from Philadelphia, moved up the aisle to the seats reserved for the family...

Soon afterwards the members of the Joint Committee of the two houses, also consisting of the Senate and the House, and took their seats in the left centre, the front row being occupied by four of Mr. Randall's oldest friends and colleagues, Mr. Halford, the President of the Senate, Mr. Carlisle and Holman. A little back of the Joint Committee sat Mr. and Mrs. Blaine, and near them Vice President and Mrs. Morton, Mrs. Harrison, Justice Brandeis, Mr. W. H. Moore, the Private Secretary, and Chief Justice Fuller and daughter, Mr. Wanamaker was in another part of the church.

A large number of Senators and members of the House, including the Speaker, and many ex-members were present. A deputation of thirty uniformed members of the Grand Army of the Republic, from Philadelphia, were in the church and afterwards acted as the escort to the funeral procession.

The closing address was delivered by Mr. Milburn, after which an anthem was sung and the benediction pronounced.

RIVERS AND HARBORS.

Appropriations Recommended by the House Committee.

WASHINGTON, April 17.—The House Committee on Rivers and Harbors today completed the River and Harbor Appropriation bill, which provides for a little over \$20,000,000. Among the items of importance in the bill are the following: Virginia—Norfolk, \$150,000; Cape Charles City and approaches, for dredging only, \$25,000.

North Carolina—Beaufort, \$15,000; inland waterway between Beaufort and New River, \$150,000. South Carolina—Charleston, including Sullivan's Island, \$350,000; Winyah Bay, \$100,000.

Georgia—Brunswick, \$35,000; Cumberland sound, \$12,500; Savannah, \$350,000; Darien, \$25,000.

Rivers—North Carolina—Cape Fear, \$150,000; Neuse river, \$120,000; Pamlico and Tar rivers, \$100,000; Roanoke river, \$20,000; Ocracoke inlet, \$90,000; Mackerley's creek, \$10,000; Fishing creek, \$10,000.

FOREST FIRES.

Great Destruction of Timber in Connecticut—Farmers' Homes in Danger.

PROVIDENCE, R. I., April 18.—A special to the Bulletin from Plainfield, Conn., says: Three thousand acres are now burned. The fire sprung up again to-day with renewed vigor on account of the wind. Several houses are in danger of losing their homes. The loss to timber thus far is about \$30,000. Nothing will stop the fire but rain.

SPIRITS TURPENTINE.

Franklin Times: Miss Polly Inscoc, aged 98 years, died in Sandy Creek township on Sunday last.

Winston, Republican: Tandy Harris, of Rural Hill, was killed by his mules becoming frightened at the train on the Wilkesboro extension Tuesday, April 24th. In attempting to control the team he was caught on the tracks and instantly killed. Harris was a man of family, aged 51 years, and a good citizen.

Concord Standard: E. D. Lentz, of Mt. Pleasant, sold last week to a man in Danville, Va., a steer that weighed 1,800 lbs., and had the horns of a baboon. Cotton is reported as coming up nicely in several sections of the country.

Elk Barnard died at his home in Mecklenburg county Sunday, Sunday evening, and his son, William Barnard, died Saturday evening, both of pneumonia. They were buried Monday evening in the Oak Grove cemetery. The iron ore men are here again to make further investigation in this county.

Kinston Free Press: A negro was in town Monday and Tuesday who had tramped here from Mississippi and was on his way to his old home at Washington, N. C. His descriptions of the suffering among the colored people in that State who left here last fall, from the South and West, were distressing. He says he knows of several negroes, who ran away from their masters, to whom they sold themselves as he did, that are tramping back to North Carolina.

Greensboro Patriot: S. Kirkpatrick, the wounded revenue agent, is in a hospital in Baltimore under the treatment of Dr. H. W. Moore. A splinter in one eye-ball is to be removed that the sight of the other eye may be saved. Lewis Thompson, colored, entered his name for a position as a day laborer in the morning and after locking the door drew his razor and attempted to cut his throat, because he refused to deed him some property. He escaped by jumping from a window. H. W. Moore, on Tuesday morning and after locking the door drew his razor and attempted to cut his throat, because he refused to deed him some property.

Burgaw Herald: Sunday, April 6th, the community was shocked by the death of Mrs. Jane Hines, aged 42, wife of D. F. Hines. The first shipment of strawberries this season from Burgaw was made by Mr. J. W. Moore, on the 15th inst. He shipped two crates. We regret to hear of a very destructive forest fire between Long Creek and Moore's Creek last Saturday and Sunday night. We learn that it did a great deal of damage to the lands of Messrs. F. H. Bell, W. F. Bell, Egbert Moore, Walter Moore, and others. The fire was started by a match, and it is believed that the fire was started by a match.

Charlotte News: The Charlotte bound freight train was flagged down by the section master about two miles from town on the 19th inst. at 9 o'clock this morning. The section master had found a negro who had been knocked from the track by the passenger train. The negro was on the ground and the wounded negro was put on the freight and brought to the city, when he was sent to the colored hospital. Dr. Gibson, the railroad physician, found that the negro was in a bad way. His recovery is doubtful. The negro gives his name as Squire Sutton, and says he is from Goldsboro.

Elizabeth City Economist: The negroes of this town have formed an educational association in which they discuss practical questions of interest to their race. The subject of debate at their meeting was the negroes' active participation in politics reduced to the best interest of the race. We learn from an authentic source that a passenger steamer is now under construction in Wilmington, Del., to run between New Bern and Elizabeth City tri-weekly. Her length, we understand, is 210 feet, beam 24 feet, room on front deck for 3,000 tons of cargo, and a saloon on the double propelled, state rooms on upper deck.

Monroe Enquirer-Express: The doctors report very little sickness in the county and the streets are free from Mr. Fletcher Nesbit of Buford township, died a few days ago. She was about 25 years old and leaves a husband and two young children. One of the children, a citizen of Lane's Creek township informs us that a cat belonging to one of his neighbors, has adopted and is raising a young pig, and seems to think more of it than she does of her own progeny. She found two young rabbits in the woods and brought and placed them in the bed with her litter of kittens: one of them died, but the other grew up and doing well, and she seems to take special delight in fondling it.

Rockingham Spirit of the South: And now it is proposed to light the town and the several cotton mills hereabouts by electricity. The street in this town, on the 15th inst., Mrs. Jane Duncan, aged about 67 years. The deceased was a daughter of the late Major John Smith of this county. Her husband, a man by the name of Bass was brought up from Laurinburg last Wednesday night by Deputy Sheriff Livingston and placed in jail to await trial at the next term of the Superior Court. A negro man by the name of Martin, being ejected from the train by the conductor, Capt. Harry Johnson, near Laurinburg, some nights ago, for the non-payment of fare, deliberately fired three pistol shots at the train, but without effect. He has not yet been caught.

Winston Daily: A party of forty-two visitors to the street railway noon train. They will go up on the Wilkesboro extension this evening to work on that road above Elkin. The Daily is informed as it goes to press that of the \$150,000 stock which was needed to guarantee the new hotel \$108,000 have been subscribed and the rest has been guaranteed, making the required amount virtually raised. The subscriptions will be published tomorrow. Let her boom—the Twin City. Col. Frank H. Fries returned last night from a short business trip to the interest of the Roanoke & Southern Railway Company. Col. Fries informed us this morning that his trip was the most successful he had ever made, and that matters were now so arranged as to insure the completion of the road to Roanoke. The work will be pushed forward rapidly.

Greensboro North State: There is one thing that has mitigated against the interest of our city, which has retarded its growth, and which is most difficult to overcome. That is, an erroneous impression current among the people of this city, that it is an unhealthy city. While in the city of Raleigh some months ago had the pleasure of meeting Mr. W. R. Williams, the Master of the State Grange, a very intelligent and clever gentleman. I invited him to hold the next convention of his body in this city. His reply was astonishing. We cannot do it, he said, as we hold our convention in the summer time, and if we should meet in your city during that season we would sicken and some of us would die. His remarks were in keeping with the general idea, though the cause of such an impression I am unable to ascertain. There is one thing however I do know, that there is no CONCLUSION ON FOURTH PAGE.
