A PLEASANT DAY IN CAMP.

VETERANS AND PENSIONERS HAVING A GOOD TIME.

Many Lady Visitors-Feasting and Fun-The Camp Formally Opened-Meeting of the Disabled Veterans' Association-Yesterday's Arrivals-A Badge Presented Col. E. D. Hall.

Yesterday morning was cloudy, but the weather otherwise was all that could be desired. The men had a good breakfast and then gathered about camp in shown them that our city by the sea is groups to renew again memories of the war, to meet and cordially greet the new arrivals and to make the morning hours pass as pleasantly and agreeably as possibly. A BLIND MUSICIAN

was in the camp with a small melodeon, with which he accompanied his voice in several songs of a sacred character. He was possessed of a good tenor voice which would have been quite rich and sweet had he not indulged at times in so much of the nasal tone in his effort. As it was, he had a good many listeners and picked up quite a pile of nickels from the music-loving veterans for his performance.

During the forenoon many of the soldiers paid a visit to Wilmington, while a much larger portion went over to Ocean View to enjoy such pleasures as might be found there. They all

DELIGHTED WITH THE CAMP and were especially gratified at the kind and cordial treatment they had received on every hand.

The morning train carried to camp an abundance of good commissary stores, so that the veterans had no excuse for being hungry. Between 400 and 500 rations are issued every day, and it is all of an excellent quality, and no one need go hungry unless he is a most fastidious epicurian, whose dainty appetite cannot be satisfied without the aid of the dozen courses of a first class metropolitan hotel table, with plenty of servants to do his bidding. These are not the sort of men in Camp Fowle and, consequently, there was no grumbling and every one had all he wanted, of a kind that was good enough for anybody.

Next in point of importance to the commissary department is that of the quartermaster, and the next most important duty has been that of Capt. Cazaux in providing good and comfortable quarters for the men. This he has accomplished almost to perfection. The tents are in excellent order, board floors have been laid to keep the sleepers from the dampness of the ground and good rice straw in all of them, so that the veterans slept as soundly, comfortably and sweetly, comparatively, as if they were at home and upon their own home-made beds. In fact, there is no default in the quartermaster's department, and nothing lacking to make the veterans comfortable so far as their tented homes are concerned.

The banjo player was in his element during the morning hours as seated on spare dining table he sang and played a great number of camp and marching songs, some of which were full of pathos while others were ludicrously funny. He demanded a nickel for every song he sung, and as he was himself a veteran, he was well patronized and his pockets were made considerably heavier by coming to Camp Fowle to attend the re-union of the Confederate veterans.

Surgeon General Holliday having been called home on account of a case of sickness, Dr. J. F. Harrell, of Whiteville, was appointed Surgeon in charge of the camp yesterday morning. He at once assumed the duties of the position, which is equivalent to saying that all those needing medical attention will be promptly and efficiently cared for. There was, however, but very little sickness in camp, and the few cases needing medical attention were slight in character. There were but three or four cases yesterday, none of which was serious,. LADIES IN CAMP.

Quite a number of ladies visited camp yesterday during the day, and made the veterans feel that if they had become old and gray they were not forgotten nor forsaken by the fair sex. Mrs. E. Warren, the popular confectioner, was

one of the visitors and she made herself especially agreeable by announcing that she would send to camp to-day five gallons of ice cream and a cake as her contribution to the veterans. It is needless to say that her kind and generous offer was gladly and gratefully accepted, and if the fact had been generally known throughout the camp lusty old throats would have cheered her to the echo. She wore a Confederate badge that eclipsed all we saw during the day, being composed of a number of old Confederate bank bills, as a remind-

er of old times. At 10 a. m. the following proceedings were held:

CAMP FOWLE, July 30, 1891. According to annyuncement, W. H. Hamilton, Chairman Disabled Veterans' Association, called the Association to order, there being present about 450 members, and read the following, which was adopted:

REPORT OF THE STATE EXECUTIVE COM-MITTEE. FELLOW COMRADES-The delegates n convention assembled in Raleigh in January, 1891, elected a committee with instructions to do all in their power to establish a small home for disabled Confederate soldiers, and make it self-supporting; also, make arrangements for an annual reunion of the maimed and dis- | tarv. abled veterans of the State. As chairman of that committee, I have the pleasure of reporting to you what has been accomplished.

Your committee were invited to be present on the 10th of May, 1889, to attend a meeting of the Veterans' Association of this State. As chairman of the committee I attended the meeting. It was presided over by Hon. J. S. Carr, a gentleman well known in the State of North Carolina, and President of the Association, one who has done much to relieve the sufferings of the old Con-federate soldiers. That committee desired to know the plans that the Pensioners' Association proposed to carry out. I stated

much importance, as all the dis-abled soldiers and veterans may

At about 4 p. m. the Germania Cornet Band, under the leadership of Prof. J. G. PRESENTATION TO CAPT. PATRICK. During the forenoon, Capt John T Patrick was presented with a testimonial by the pensioners, through Sergt. Hamilton, who said:

Capt. John T. Patrick: At the request of my fellow comrades it becomes my pleasing duty to present you as a token of our esteem. We are greatly indebted to you for your aid in calling the Convention in Raleigh in 1889. On that occasion you secured transportation for the delegates from all parts of the State. Since that time, as our trustee you have done all in your power to aid us by carrying out the wishes and instructions of the State Executive Committee in bringing about this glorious re-union, where we can meet with and clasp the hand of our fellow comrades whom we fought with side by side in the late war. Bringing into mind the rem-

iniscences of the dark days of our his-We belong to an age that is rapidly passing away. As North Carolinians we are proud to see our young men rising up and coming to the front all over the State. Possessing like yourself, energy and ability which gives us the assurance while we are going out that our noble old State-Heaven's blessings rest upon her-will be kept in the front rank of our sister States of the South

There is an old adage which says: A wise man always carries an umbrella, alike serviceable in rain and sunshine. Mr. Patrick, you will please accept this one. It is not a costly article yet it is an expression of gratification to you for the valuable services you have rendered to the maimed and disabled veterans. Your name is now associated with the annual re-union of the Pensioners and will become a house hold word in the homes of the maimed and the disabled.

CAPT. PATRICK S REPLY. Sergeant Hamilton and My Friends: f I have served you, this token of your esteem more than pays the debt. To serve the men who went forth at North Carolina's call is the duty of every young man of to-day, and what I have done was only a duty, and therefore, you more than repay me for all the labor you have received at my hands. Human nature is a strange thing. We

soon forget promises made and obligations due. I was a boy eight years old when the war was going on, but I recollect that the young ladies said: "You must be a brave soldier before you can claim the fair hand of a North Carolina lady." "Go forth," said the old men of means to the husbands and fathers. "If you are killed in battle, your wives and children shall not suffer. If you are maimed you shall not want." You went forth, and history says: "Never did men

more credit upon their homes." Not only were you encouraged by promises, but the State of North Caroina bid you go forth, and you went. and did not only your duty, but honored those who were to come after you.

show more valor as soldiers. At no

time and in no clime did men reflect

Why is it you do me this great honor -for simply performing part of my duty? Surely, my old friends, it is not an odd thing for North Carolinians to render unto you a duty; surely this purpose and purity of government has not so far forgotten herself as to dered to Mrs. Edward Latimer and make it such an extraordinary occasion Frederick Poisson for the gratuitous that you must show distinction to one Onslow.

who has served you no more than I have? Surely the men of means have not forgotten their promises? If they have, then the ladies who were so partial to the soldier boys must go to work and see that the promises made by their fathers and friends, years ago, are

Dear old Confederate soldiers, with a grand and glorious record written in blood and made dear by untold suffering, I fear-I know-that in these your latter years, there are days of want and suffering when your heart almost faints within your tired bosom, and there are days when hunger and cold almost impoverishes and chills the very blood that thrilled and quickened as you went forth with Lee and Jackson.

At this time, when the South is on the great progressive march, with North Carolina second to no State, I hope to do my full share for her development. But I shall never forget the boys who wore the gray; and side by side let the army of veterans march with the army of workers, and as prosperity comes to the army of workers, let a just share of that prosperity be unhesitatingly bestowed upon the army of brave men whose ranks can never be increased, whose great leader stands on the other side with a just God, who acts for the best and who knows why he saw proper to let their marvellous victories be turned into naught and their banner furled forever.

To-day I know your hearts are lighter, for you have met among friendsnot that all North Carolinians are not friends to you. I believe they are, if they would only stop to think of your condition; but the people of the Cape Fear section, they never forget you.

When it was decided by the commit-tee that they would call you together once more this side of eternity, the worthy Chairman of your Executive Committee asked me to suggest the place. My reply was: "Meet with the ladies of the Cape Fear, and you will meet with a reception that will make your hearts glad and your burdens light."

You will see that you have not been forgotten, and though the cause you battled for stands only in History your welfare, your honor and your bravery to the State and to our people is a living, burning reality in the hearts of the ladies of the Cape Fear.

May god Give me strength to work for the development of this Southern Land of ours, to aid in making it prosperous and powerful; and a memory sufficient to recollect and a will to do my duty to you, grand Confederate soldiers.

LADIES' MEMORIAL ASSOCIATION. The Ladies' Memorial Association of Wilmington went down on the 10 a. m. train, and were conveyed from Wrightsville to camp in carriages that were awaiting them. Upon reaching the gate leading to the grounds they alighted and marched in couples between two lines of veterans (that were drawn up to receive them) to the pavil-, ion, where the veterans soon followed, making the grove resound with their hearty cheers for the ladies. Ice cream and cake were forthcoming in due season and was highly appreciated by all. At the proper time a sumptuous and substantial dinner, prepared by the fair hands of the patriotic ladies of the Association, was served and enjoyed by all-the ladies of the Association as well as by the veterans.

After dinner had been disposed of another meeting was called, to express the gratitude of the veterans for the kindness they had received while in Camp Fowle, and a series of resolutions were passed, unanimously, giving expression to that feeling substantially as in those just adopted.

NEW HANOVER VETERANS' ASSOCIA-

A little before 4 p. m. the veterans, under the command of that accomplished and experienced Col. W. L. DeRosset, formed in line and marched down to the parade ground where they halted to await the arrival of Senator Ransom and the New Hanover Veterans' Assoclation, which soon appeared, headed by the Second Regiment band, and marching into camp to the inspiring strains of "Dixie" which were nearly drowned by the deaining cheers of more than 500 old Confederates.

SENATOR RANSOM. Immediately after the arrival of the expected visitors the throng repaired to the pavilion and after the band had dis coursed a piece of music Senator Ransom was introduced and made a speech to the eagerly listening crowd. It was a fine address; full of patriotic fire and enthusiasm. While there was nothing in the sentiments he uttered at which the most ultra Northern man could reasonably cavil, it was full of love and admiration for the old soldiers of the Confederacy and their heroic deeds on many a hard-fought and bloody battle-field.

LADIES DELIGHT. The ladies of the Memorial Association were especially delighted at the grateful manner in which the veterans accepted and enjoyed the bounties provided them, and desire to express their pleasure at the knowledge that their efforts were so gracefully and gratefully appreciated. It was a most pleasant episode on both sides.

The day was pleasant and the crowd from the city, especially in the afternoon was immense, as large nearly as at any time during the recent encampment of the State Guard. During the day quite a number of the veterans were obliged to leave for home in order to make railroad connections, to enable them to get there by to-night; but not one left without expressing his great delight at the pleasures he had so heartily enjoyed.

- Mr. J. S. Carr, who was so thoughtful as to present \$50 towards paying the expenses of the encampment, was unable to be present on account of sickness in his family. Though not present, he was often thought and spoken of by the "vets."

- Mr. Thos. J. Capps, of Onslow county, one of the litter-bearers who carried Gen. "Stonewall" Jackson from the field at Chancellorsville after the great State that boasts of honesty of General was wounded, called at the STAR office yesterday. Mr. Capps is one of the substantial farmers of
