Ex-Judge Womack has caused to be issued the first volume of his dollars the product will weigh over digest, upon which he has been most diligently at work for several months. Your correspondent was told this morning by one of our most prominent lawyers, who had examined it, that it will rank well with any ever compiled in North | each, or 5500 two-horse wagons car-Carolina.

Grand Sire Busbee has about apparently regained his usual health. He appears daily on the streets, and speaks cheerfully of the future. It is particularly gratifying to note that he has almost entirely recovered the use of his hand, and, so far as his mental capacities are concerned they are in no wise impaired.

The chain of evidence is tast being wound around George Uttley, the negro man in jail here for the assassination of Atkins. It is almost certain that the Grand Jury solid column of pure silver a foot will find a "true bill" against him.

The institutions for the deaf and dumb (white and colored), are now feet. crowded to their utmost capacity. Indeed it is almost impossible to accommodate the inmates to that extent of comforts desirable. Many applicants in the next year must necessarily be denied, and the completion of the new institution at Morganton is anxiously awaited.

Although it would seem to be somewhat premature, there is already much speculation and some wire pulling, relative to the candidacy for Congress, on the Democratic side, from this district next year. It is urged by the friends of Mr. N. B. Broughton, that, by a tacit understanding, he has the "right of way" for 1892, but there is a considerable element here disposed to kick at what they consider any preconcerted arrangement. It may, therefore, be safely asserted, that the doctrine of the "longest pole will sweep the simmons," is likely to be adopted. There is no scarcity of patriots to serve the people in Wake, and they are about as comparatively numerous in other counties of the district. So far as the opposition is concerned on the Republican side, it is evident that no definite line of action has been mapped out. From what your correspondent can learn from the leading element of the party, the still hunt policy will be continued, and the man put forward will be one of the "catch penny" order, with instructions to gather up such disaffected elements as are in reach.

A syndicate of our wealthy citizens are understood to have under consideration the matter of a fine Opera house in this city. This is a badly needed want here, as our people are bereft of the enjoyment of many fine theatricals for want of proper accommodations. It is hoped, that the scheme will assume definite shape at an early day.

A scheme has been set on foot here which is causing some little excitement in real estate circles. It seems that a proposition is made to rent or lease from the State the park known as Moore Square in the eastern section of the city on which to erect vast a building to be used as permanent museum. To this it is designed to removed the exhibits of the Inter State Exposition. In view of the fact to a vast amount of property has recently changed hands at fancy prices, in the western suberbs, it can well be imagined that a constir has been developed.

GREAT SNAKE. A Regular Anaconda Killed Near Lynch

Richmond Times. Yesterday evening Dr. Wendlinlinger came to town from up the Richmond & Alleghany railroad with a dead snake that was a regular monster. It was fifteen feet long and as large in proportion, and was evidently an anaconda which had probably escaped from some of the many travelling ten cent shows which have lately frequented this part of the world. His snakeship was left at the cafe of Mr. Gus E Delarue, where a number of people gazed in silent awe upon the deceased gigantic reptile.

It was killed at Lorraine on the Richmond and Alleghany railroad, about six miles from Richmond, by Mr. Lane, section foreman on the road. It is stated that it crawled out of the woods and silently approached from behind a negro boy who was working near the track. It seized the overalls which the negro had on in its mouth and began chewing on them. Some one called to the negro to look behind him, and as he did so he saw the snake and fell over paralyzed with fear. Mr. Lane then seized an axe and dispatched the creature.

Whether the reptile intended to get a firmer hold on the negro's ground floor. clothing and then throw him down for the purpose of winding around him and afterwards crushing him to a jelly preparatory to eating him, or whether it was a tame snake that approached the boy only with friendly intent will never be known. An engineer of the road says he saw the monster about two years ago and reported the fact, but since then nothing was heard of it till yesterday, when the above facts transpired.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any Throat, Lung or Che. Trouble try it. We guarantee satisfaction. Trial bottle free at R. R. Bella.

WIND AND RAIN.

TERRIBLE STORM AT WASHING-TON, D. C.

Houses Unroofed and a Great Deal of Damage Done-People Buried By Falling Walls-One Life Lost-The Storm in Virginia. By Telegraph to the Morning Star.

WASHINGTON, D. C., Nov. 28 .- A terrific wind and rain storm amounting to almost a hurricane, passed over this city about 12.80 o'clock to-day, doing a great deal of damage to buildings, in the ruins of one which several people were buried, and completely prostrating telegraph wires. The storm seems to have been quite general. The worst damage was done to the fine Mezerott Music Hall, the walls of which were well advanced to completion, and were at that stage of progress when they offer the last resistance to a storm. The wind swept into the high wall of this building and part of the structure went down in a crash, breaking in several stores on F. street near Twelfth adjoining the Matzerott music store. One of these stores was occupied by George White, ladies' tailor, and the second by Gude & Beattier, florists. Four persons were in the rear of White's establishment and were buried in the ruins. Three persons were taken out not very seriously injured, but life in Proprietor White's body was extinct when he was reached. A number of persons had narrow escapes, but the accident occurring at the noon hour, workmen and others were fortunately at lunch at the time of the

COMPARATIVE STATEMENT

W. W. W. Of Stocks, Receipts and Exports of Cotton By Telegraph to the Morning Star. NEW YORK, Nov. 20 .- The following is the comparative cotton statement for

1891 Net receipts at all United States ports during the week ... 328,669 259,726 Total receipts to this Total exports to this date......1,770,453 1,896,711 Stock in all United States ports.....1,175,654 Stock at all interior 186,149 698,000 American afloat for Great Britain .... 450,000 305,000

the week ending this date:

Right Hon. Edward Robert Bulwer Lytton, Earl of Lytton, British Ambassador to France, died suddenly at Paris vesterday, from heart disease

BABY ONE SOLID SORE.

Tried Everything without Relief. No Rest Night or Day, Cured by Cuticura Remedies.

My baby, when two months old, had a breaking out with what the doctor called eczema. Her head arms, feet, and hands were each one solid sore. I tried everything, but neither the doctors nor anything

else did her any good. We could get no rest day or night with her. In my extremity I tried the CUTICURA REMEDIES, but I confess I had no faith in them, for I had never seen them tried. To my great surprise, in one week's time after beginning to use the CUTICURA REMEDIES, the sores were well but I consores were well, but I continued to use the RESOLVENT for a little while, and now she is as fat a baby as you would like to see, and as

ound as a dollar. I believe my baby would have died if I had not tried CUTICURA REMEDIES. I write this that every mother with a baby like mine can feel confident that there is a medicine that will cure the worst eczema, and that medicine is the CUTICURA MRS, BETTIE BIRKNER, Lockhart, Texas.

Cuticura Remedies

Sure every humor of the skin and scalp of infancy Cure every humor of the skin and scarp of infancy and childhood, whether torturing disfiguring, itching, buraing, sealy, crusted, pimple, or blotchy, with loss of hair, and every impurity of the blood, whether simply scrofulous, or hereditary, when the best physic ans and all other remedi s fail. Parents, save your children years of mental and physical suffering Begin now. Cures made in childhood are permanent. CUTICURA REMEDIES are the greatest skin cures, lood purifiers, and humor remedies of modern times, re absolutely pure, and may be used on the youngest nfant with the most gratifying success.

Sold everywhere. Price, CUTICURA, 50c.; SOAP 25c.; RESOLVENT, \$1. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.
