In explaining how it came to be fin the platform instead of by itsel as a resolution the National Economist stated that it was offered late in the day just after the platform was read, and hurried through at the request of Gen. Weaver, by whom it had been presented. This is the same Gen. Weaver who was nominated by the People's party convention for President on the fourth of this month at Omaha.

To break the force of the plank or "resolution," which they call it, and make the third party people in the South believe it is not binding, the National Economist styled it a mere resolution expressive of the "sentiment of the convention," "a species of crude justice to the soldier," &c. Of course this is a mere transparent dodge, but whether it was a mere "tamession of sentiment" on the part of the convention or not, it was not a mere matter of sentiment with Gen. Weaver, who drafted and presented it, for that has been a hobby with him for some years. It was simply a reproduction in brief, of a bill introduced in Congress by Gen. Weaver when he was a member of the House of Representatives, which reads as follows:

Be it enacted by the Senate and House of Representatives of the United States, in Congress assembled, that there shall be paid to each private soldier, non-commissioned officer, sailor, teamster or musician regularly mustered into the service of the United States during the late war for the suppression of the rebellion, or to of death, as soon as his or their claim shall be examined and audited by the Second Auditor of the Treasury, the sum found due him or them, the amount thereof to be ascertained as follows: The Second Auditor shall ascertain the amount of currency paid said soldier or sailor at each date of payment during his term of service, and shall ascertain the gold value of said currency payment at the time by reference to the quotations of gold as compared with the currency in which said soldier or sailor was paid at the city of New York at that date; and said soldier, sailor or his legal representatives shall be allowed and paid the difference in value between the currency which he receives and the standard gold coin of the United States in which he should have

### HOW TO SETTLE DISPUTES.

Up to 1860 such things as strikes by workmen were of very rare occurrence, and when they did occur were When the St. Louis Convention as a general thing confined to a adopted its platform there was in it small number of men. They were a plank demanding that the Govern- strikes in one particular place, or against some particular employer, and were rarely if ever participated the war between the States the differ- in by men employed at other places ence between greenbacks and gold at or by other employers. But now it is not so, for labor is organized and sided a proposition as that was the organizations pledge themselves Southern delegates voted for it and it to stand by each other. This is was carried almost if not unanimous, true not only of this country, but of ly. In a short' while, however, they other countries, where labor is also discovered that it didn't take well, organized. Other countries have probably caught the idea from this country, where nearly every department of labor is more or less or-

look upon their workmen as mere necessary. No one will justify the nachines, from whom they expect so much labor, and further than that they have no interest in them, and many of them grind the workmen down to the very lowest cent he will bear, although some of these employers are enjoying princely incomes out of the sweat of their men, and the monopoly that the protective tariff

But these strikes and these unions or associations of workmen are not confined to the protected industries but extend to others, such as the telegraphs, express, mines, railroads, &c., and there is at least one instance of a strike in the Government mail service. Sometimes these strikes are peaceable and orderly and of short duration; sometimes they are protracted and result in much lawlessness and destruction of life and property, as the recent strikes at Homestead, Pa., and at the

One of the results of this is to put the employer and the employed further apart, to make one feel that he is employing an enemy who will take every advantage of him, and the other feel that he is employed by a taskmaster whose object is to squeeze as much out of him as possible for the very least pay. Neither employer nor employed take any interest in each other any further than their own personal interest goes, and there it ends. This should not be so. There should be the friendliest relation between the employ ers and their workmen. The employers should desire the wellbeing and the prosperity of those in their service, and the workmen on the other hand should rejoice in the prosperity of those in whose employ they are. With such a feeling the profits of the one would be as great, and in the long run greater, and the labor of the toiler would be lighter because more cheerfully done. There would be no lockouts nor strikes, both of which are based on real or imaginary injustice.

It is a remarkable thing that although those labor troubles have existed more or less for a generation, no serious attempt has been made by legislation to adopt a system to avert them, which is all the more remarkable because they sometimes assume such magnitude and become so far reaching in their effects that the public becomes seriously inconvenienced and the business interests of the country suffer material injury, as, for instance, when a strike takes by the same man who drafted and place on some of the great railroads presented this bill, the former being interfering with travel and the transsubstantially a reproduction of the portation of freight, or in the telegist of the latter, doesn't the senti- graph interfering with the transmis-

#### MINOR MENTION.

An investigation is pending in Washington to ascertain who is responsible for the recent bloodshed at Homestead, Pa., and public opinion, at least, will not hesitate to fasten it upon Mr. Frick, the manager of the works, and those interested with him who were cognizant of the steps which he contemplated taking, and did take, when he hired that band of three hundred armed Pinkerton men who came there paid to shoot if nec-Many employers have come to essary and did shoot before it was action of the workmen in taking possession of the works, but Frick, as it anticipating this, without appealing to the civil authorities, county or State, hired this Pinkerton gang to come when called. In his testimony before the Congressional Committee last Tuesday he said that he had made no application to the civil authorities for protection before he employed the Pinkerton men which he did by letter several days before he discharged the men, that he built the electric wire fence around the works several days before the lockout, all of which shows that he anticipated trouble and yet never called on the authorities for assistance or protection but took that matter altogether into his own hands More than this, the sheriff testified that he protested against these men being sworn in as deputies. And yet Frick, entirely ignoring the county and State authorities imported this gang of hireling shooters, who have established a reputation for the willingness with which they shoot those whom they are hired to shoot, and the consequence was a bloody collision precipitated by this hired gang, in which eleven people were killed and twice as many wounded. Frick may have thought he had a right to protect in any way he could the property in which he was interested, but he has shown throughout all this business, not only no disposition to a peaceable adjustment with his men, but a supreme contempt for the authorities of his State to which he and all other citizens were bound to look for protection. If any one man is responsible for the blood shed at Homestead

FIRST CAMPAIGN CLUB.

The Atlantic Coast Line Boys in the Lead -The Cleveland, Stevenson and Carr

Employes of the Atlantic Coast Line in this city, known as the Union depot force, have organized the Cleveland, Stevenson and Carr Club, with the following officers: H. T. Bauman, president; W. H. McGee, vice president; G. W. Cherry, secretary and treasurer; J. W. Cate and W. T. Savage, flag custodians. Messrs. G. W. Hobgood, W. T. Newkirk, L. M. Guttenburg, J. T. Runge, Seth Phillips and W. A. Edwards are the Committee of Arrangements. This organization is composed of conductors, flagmen, yard-masters, clerks, operators and agents. They are in the lead, and are "true Democrats, working hard for their party." They have erected a fifty-foot pole on which they will place a large flag, fifteen by eight feet, which has been ordered for them by Mr. C. W. Yates, and by the time the campaign fairly opens will invite speakers to address them at Union depot. The organization now has about fifty members, all earnest

Favetteville Observer: It is with sorrow that we announce this week the sudden and unexpected death of Major Duncan McRae O'Hanlon, at his home near Point Caswell, Pender county, on Sunday morning last, July 10, 1892, in the 55th year of his age. Maj. O'Hanion was a brother to our townsman. Maj. A. J. O'Hanlon; was a native of Fayetteville, highly esteemed by the entire community and leaves a widow and riends to mourn his death. By profession he was a civil engineer, and evidences of his skill and handiwork are everywhere apparent along the line of the great Cape Fear and Yadkin Valley Railway, stretching from the mountains to the seashore. By nature he was warm-hearted and generous, and made friends wherever he went. The remains were brought to Fayetteville on Monday morning and interred in Cross Creek Cemetery, the funeral services being conducted from the Presbyterian Church by Rev. Mr. McDonald.

GOOD SPORT.

Fine Fishing at the Seaside-An Angler's

Feat at the "Rocks." People fond of fishing can get all the sport they want now, at any of the seaside resorts near Wilmington. At Carolina Beach, they say sheephead are "biting like dogs," and the same is true of the "Rocks." A gentleman of this city, who came up from that place yesterday, boasts of catching and landing a welve and a half pound red drum last Friday with a nine-ounce rod.

At the Hammocks and Ocean View the fishing is said to be "superb," and is enjoyed by a great many visitors. Last Friday, a party of ladies and gentlemen from the Hammocks went outside on Capt. W. S. Gilligan's sharpie, and in a short time caught 275 fine fish.

A Thief Captured.

Lewis Jones (colored), who is wanted in Goldsboro for larceny, and at Faison's for robbing a smokehouse, was captured in this city last night by police officer B. F. Turlington and lodged in the county jail. He will, probably, be taken to Goldsboro to-morrow. A warrant for Jones' arrest was issued last March, but the officers to whom it was given to serve were unable to find him. Recently it was sent to the police authorities in Wilmington, and four days ago was given to officer Turlington, who soon found and captured the fellow.

Information was received here yesterday of the drowning of a colored man named Peter Furmey, about fifty years of age, in the Cape Fear river, about eight miles above Wilmington. Furmey fell into the river from a wood-flat on its way to the city. There were other men on the boat, and they attempted to rescue the drowning man, but were unsuccessful.

The American Sugar Refining Company of New York, Boston, and Philadelphia, and the wholesale dealers in the New England States, have for about a year followed out what is called the equality system, and the same plan has since July 1st gone into effect in the Southern

The basis for the daily sale of sugar by vholesale dealers is what is known as the New York card price. This price is fixed daily by the American Sugar Refining Company, and in making sales to retailers arbitrary figures have to be added at the rates of freight to the various points situated in the States named above. These arbitrary figures are given in private books of the equality plan turnished to wholesale dealers, and any allowance in any form of any part of the rebate made by the American Sugar Refining Company is considered violation of the terms of sale. The equality plan virtually furnishes a laiddown price for every town. It is based in a measure on the freight rates to the different points, and might be called a kind of combination freight rate, which is added to the New York card price. The Ladies Moving In the Matter of Raising Funds for the Entertainment of the State Pensioners.

The Clyde steamer Croatan went down the river late yesterday afternoon in tow of the tug Alexander Jones. The tug towed the steamer over the bar at the mouth of the river to meet the steamship Cherokee of the same line, which sailed from Charleston, S. It is expected the repairs to the Croatan's machinery will be completed in about ten days, and in the meantime another steamer of the Clyde line will take her place on the route between Wilmington and New York.

By tele raph to the Morning Star. WASHINGTON, July 14 .- The De ficiency bill-the last of the annual appropriation bills-as reported to the House bill of \$961,913 in amounts as follows: French spoliation claims, \$458,-965; judgments rendered by the Court of Claims, \$293,407; transportation of the army, \$77,069; compensation to postmasters, \$110,000, and minor items for fees of attorney's clerks and marshals of the U. S. Court. The largest reduction made by the Senate was that of \$910,000 for expenses of the eleventh census which, however, was provided for in the

Sunday Civil bill. Conferees on the Legislative Appropriation bill have reached agreement Conferees on the Naval bill have again failed to agree.

Conferees on the Legislative Appropriation bill have reached an agreement, by the terms of which the House accepts the Senate amendments providing for clerks to Senators and for the continu-

ance of the Utah Commission. Conferees on the Naval Appropriation bill are hopelessly at sea, and seem as far from getting the bill to a harbor of agreement as they were when it was first sent to conference. Another disagreement was reported to-day. The items which stand in the way of clear sailing are the appropriation of \$50,000 for a naval review next year, and the battleship authorized to be constructed, but for which no appropriation is made.

"Notice.-Individual applications for employment at Homestead Steel Works will be received by the General Superintendent either by telegraph or in person until 6 o'clock p. m. Thursday, July 21st, 1892. It is our desire to retain in our service all of our employes whose past record is satisfactory and who did not take part in the attempts to interfere with our right to manage our business.

HOMESTEAD, PA., July 16.—To-day has been the quietest that Homestead has known since the declaration of hostilities between the company and the men. There were undoubtedly new men introduced into the works, but their number was small, and the strikers are confident that they cannot without great difficulty be brought in. New men are looked for by river, and scouts of the Amalgamated Association located in Pittsburg were continually sending to headquarters information that no non union men can be found who have any purpose of coming to Homestead. A number of colored men from Virginia mills are said to be prepared to come here, but the strikers do not believe that the reports are correct. If the men come they will undoubtedly have the toughest time they ever saw in their

At the Carnegie mills all is quiet today, although smoke is rising from two stacks in the mills. A visit to the yards showed that about twenty non-union men were working. These men are mostly laborers, who have a most wholesome fear of committing themselves to of Confederate veterans at Wrightsville any statement whatever as to how they came here, or how long they propose to stay. The work so far done in the mill is in two of the three open hearth furnaces where blooms are prepared.

There is no relaxation in the thoroughness of military discipline and precautions. The Carnegie Steel Co. has advertised for bids for furnishing materials and building one hundred houses on the city farm lots at Munhall station. These houses will be occupied and will be for the use of men employed in the mill The location is inside of the inclosure and protection will thus be assured to the men, even in their houses. The houses will be from six to eight rooms, and each will be built sepa-

By Telegraph to the Morning Star.

NEW YORK, July 14 .- Grover Cleveand and Adlai Stevenson will be formally notified of their nomination for President and Vice-President of the United States, at Madison Square Garden next Wednesday night. This was finally settled at a meeting of the local reception committee at the Governor's room at the city hall to-day. C. C. Baldwin announced that after the meeting at the garden the Manhattan club would give a reception to the candidates, to both committees, and to distinguished Democratic visitors from other States, who may be in town.

But he who has taken his stand, who has drawn boundary line, sharp and deep about his religious life, who has marked off all beyond as forever forbidden ground to him, finds the yoke easy and the burden light,-Prof. Drummond.

 Thank God—there is one book the Book of books, which we all perforce hear, and in which day by day we read. In all great literature you may learn to see God, but best and clearest there; and we might be content to sacrifice the rest of human wisdom for all one sentence means-"Come unto me al ye that are weary and heavy laden. and I will give you rest." Oh, if you can read nothing else which is calm and good and true, read that book; its teachings will stay with you in lines of blessing when the world itself has begun to fade away.

WASHINGTON GOSSIP.

Denial of the Report that Mrs. Har rison is Dying With Consumption-President Harrison's Idaho Proclamation By Telegraph to the Morning Star.

WASHINGTON, July 16.-Private Secetary Halford was shown a Washinton dispatch in a Philadelphia paper to the effect that Mrs. Harrison is dying of quick consumption and that her friends has short legs and ears something like a have abandoned hope of her recovery. He said the report was cruel and contrary to all information received from the attending physician and others who are now with Mrs. Harrison. He said the President received reports from Loon Lake every day from the physician in charge and others and they were all of a favorable and encouraging character. The President will join Mrs. Smith, colored, went to the house of Harrison in the mountains soon after adjournment of Congress. This action is in accordance with his original plans, and is in no wise due to any unfavorable change in Mrs. Harrison's condi-

The President to-day issued a proclamation setting forth the disturbed condition of society in Idaho, resulting in and started to walk out of the house. At a call upon the Federal authorities for this juncture Ramseur whipped out his assistance, and commanding "all persons engaged in said insurrection and in resistance to the laws to immediately disperse and retire peaceably to their respective abodes."

The proclamation was telegraphed to the military authorities in Idaho, with instructions to publish it.

elected Chairman of the Republican National Committee. His place of Secretary has been filled by the selection of Chris. Magee, of Pennsylvania.

## SPIKITS TURPENTINE.

- Greensboro Workman : To-day Thursday) Charles Blackburn paid the penalty of death for the murder of his wife on the 17th day of April last. The execution took place inside the jail and was devoid of the hideous features which sometimes accompany hangings.

- Rocky Mount Argonaut: We learn that hundreds of men in Nash, who expected to support the Third party, have abandoned the concern, since the nomination made last Saturday. This is but the beginning. Where is the man who would vote for Lunce Loyd for the Legislature in preference to Nick Boddie? Of course they are ashamed of the nominations and will ashamed of the nominations, and will not vote the ticket, but come back and support the grand old party through which alone they can hope for the relief

they need and ought to have. - Goldsboro Headlight: A henegg weighing four ounces was shown us Friday by Mr. R. E. Elmore, of Stony Creek township. — After a ten days' illness of typhoid fever, Mr. Jesse Tindall departed this life Monday night at his home in Grantham's township, aged 60 years. — After a long and suffering illness with Bright's disease and pneumonia, Mr. Ichabod Grant, Sr., one of our most highly respected county-men, quietly breathed his last Tuesday night at 10 o'clock, at the residence of his nephew, Sheriff James H. Grant, in

this city, aged 60 years. - Raleigh News and Observer : It is stated that the price of Irish potatoes in the Newbern section has run down so low that the truck farmers say it does not pay to gather them for mar-ket, and thousands of barrels are being fed to horses, cattle and hogs. - The grape-growers' association has ordered about 30,000 baskets for this section and many more will be needed. Shipment will no doubt commence next week or week after. A half million pounds will probably be sent from Raleigh, and the prices are expected to be good, as the peach crops in the States of Delaware and Maryland is short, thereby increasing the demand for grapes.

- Tarboro Southerner: Hasel May s evidently a very desperate character. He is wanted now by the sheriff of Beaufort county; and the sheriff of Edgecombe also has papers for him for an assault upon Jim Parker, one of the N. & C. Railroad hands on the through freight. Last night near the W. & W. depot as Jim Parker was strolling along the road with his best girl, as he thought this same Hasel May stepped up behind the couple and dealt a heavy blow upon the head of Jim Parker with an axe, cutting a deep gash two or three inches in ength just behind the right ear. Jim Parker fell senseless and May at once took to the woods. He has not been seen since. This trouble probably grew out of jealousy between these two rivals.

- Sanford Express: A dyed-inthe wool Republican was heard to remark here a few days since that the Third partyites of Moore county were fools if they think the Republicans will vote their ticket in November. He most positively says they will not. Another Republican was heard to say that he would affiliate with the Third party the old party. - The Carolina Brownstone Company has been given the contract to furnish the stone for Mr. Talbot's private residence on Franklin street. Richmond, Va. It will be the most handsome house in the State. There is one stone that will weigh over eight tons after it is dressed, and the carving will cost nearly \$1,000.

- Greensboro Record: The "official" rope for the hanging of Charley Blackman reached the sheriff's office this morning. It is the same used in the execution of Lige Moore, and has done a similar work for numbers of other poor wretches, notably two of the Chicago anarchists. — Messrs, Fields and Patterson, of the Revenue Service. captured an illicit still the other day near Boyden, in Surry county, not 800 vards from the Wilkesboro Railroad. There were two stills and a furnace, a lot of beer, mash, &c., all of which was destroved. Two colored men. Lewis Kirk and Johnson Lewis, were at the house, but the parties to whom the still belonged made their escape. On this same

trip they destroyed three illicit stills. - Shelby Aurora: A young man of athletic frame on the threshold of manhood, Plato Durham London, son of Carlos London, deceased, died after a short illness at the Morganton Western Hospital on Sunday, July 10th, 1892, and was buried at New Bethel Baptist Church, in Cleveland county. For several months he had been the subject of hallucinations and his peculiar antics aroused the fears of his friends. Soon afterwards reason was dethroned, and he meditated suicide. The rope was prepared and adjusted for the fatal step, but his heart failed him. Then confinement was necessary for his health and life, and he was sent one month ago to Morganton. For several days last week he refused food and medicine and his condition was considered critical. Sunday death came to set the prisoner free.

house supply schooner Pharos, fell overboard from the schooner a few weeks ago, when south of this port, and was drowned. — Reports from the western part of Brunswick county show considerable damage to corn, potatoes and ground peas. Cotton is about half a crop. In the central and northern portions of the county there has been some damage done by the continued rains but clear weather from now on will restore the crops to a great extent. - The Canning Company of this place is busy at work putting up clams, which are being brought up from the bay, a few miles opposite Southport. The industry thus developed is proving a source of profit to the local boatmen who are actively at work each day bringing in clams by the load. The Canning Company are filling an order

for twenty thousand cans which will be

filled during August or September.

Fifteen or twenty boats has been en-

gaged during the past week in the clam

business besides the hands employed in

- Southport Leader: The report

comes that Capt. Anderson, of the light-

- Statesville Landmark: Mr. Wm. Head, of Gwaltney's township, Alexander county, recently captured a "varmint" which is an object of great curiosity in the neighborhood. It is about the size of a large house cat, heavy-bodied, squirrel, a short tail covered with long fur, and has long claws and teeth. It can climb trees but seems to make its home in the ground, being captured under a "clay-root." Parties in the neighborhood have seen a number of tracks similar to those made by the animal and it is thought there are others of its kind thereabouts. It has become quite tame since its capture. - Sunday Henry Dave Ramseur, colored, in the southwestern edge of town. He walked into the house and remarked to Ramseur that he was hot, and, lifting Ramseur's hat off his head, asked him if he was not hot. Ramseur ordered Smith to put his hat back on his head and the latter, seeing that Ramseur was mad, did so and started to walk out of the house. At pistol and shot Smith twice, the first shot taking effect in his back and ranging around lodged under his right shoulder; the second passed through the flesh of his right arm. Immediately after the shooting Ramseur left and has not since been heard of. Smith came up town and Dr. W. J. Hill cut the ball out of his back and dressed his wounds, Thos. H. Carter, of Montana, has been lected Chairman of the Republican Naing, but it is thought Ramseur was jealous of Smith's attention to some of

the female members of his family.
