Have you received a bill for subscription to the WEEKLY STAR recently? If so, is it correct? If correct, why not pay it? Is there a man on earth who can print a newspaper for nothing, and pay the postage besides? Can a farmer give away his corn, and cotton, and wheat, and eleckens, and eggs, and keep out of the poor-house? If so, let us have the recipe. It will be valuable to us just now.

In his Carnegie Hall (New York), speech Mr. Harrison said: "It is an impossible condition when times can be prosperous for some and disastrous for others." Perhaps Mr. Harrison never attended a horse race and bet on the wrong horse. But it is not an impossible condition, for that is precisely the condition which has prevailed in this country for from the people, who have grown poor as these interests have grown

Some one has been interviewing the U.S. Senators to get their views as to how a young man may succeed. Senator Power says he believes there is a good deal in luck, and that he has had the reputation of being a very lucky man. If he hadn't been lucky enough to have made a pretty big pile of money it is pretty safe to say he never would have been lucky enough to get into the U.S. Senate.

Mr. Todd, who is a Populist candidate for Congress in Georgia, bases his claim for statesmanship on two bills introduced by him when he was a member of the Legislature, one of which was to prohibit persons from picking blackberries on land belonging to others, and the other to prohibit fortune-telling.

The Augusta Chronicle advises cotton planters who do not want to sell their cotton at present prices not to haul it to the towns or railroad stations to be stored, for that makes a big show in sight and has a tendency to keep prices down. WILMINGTON, N. C., FRIDAY, NOVEMBER 9, 1894.

MAXTON FIRES. Colored Odd Fellows' Lodge and a Gin House Destroyed.

Yesterday at 3.25 a. m., at Maxton. flames were discovered issuing from the two-story frame building owned and occupied by the colored Odd Fellows of that town. In thirty minutes the entire structure was destroyed. The building and contents were probably worth \$800.00, with \$500.00 in surance. The festivities incident to a "colored" ball had closed about an hour before he fire was seen and it is supposed carelessness was responsible for the disaster. Sergeant King and officer C. E Wood, of the Wilmington police force, who had been on special duty at the Fair, were stopping at Mr. McCormac's, very near the fire, and were among the first on the streets. Officer Wood "turned in the alarm" in great shape, making a hideous serenade with the fire-bell, interspersed with sundry pistol shots discharged for the purpose of arousing the natives. But nothing could be done to stay the progress of the flames, as the fire apparatus of the town

is unfit for service. About 8 o'clock Thursday afternoon the gin house of Mr. James McBryde, two miles from Maxton, was totally destroyed by fire, together with about 20 bales of cotton, owned chiefly by customers, two gins and condensers and other machinery, entailing a total loss of \$1,550. There was no insurance. The fire is supposed to have been started by sparks from the engine. A young white man, whose name was not ascertained, was terribly burned, but he will recover.

A New North Carolina Road.

A survey has been made for a new railroad, which is to be built from Hendersonville to Brevard, N. C. It is said that the construction of the new road is to begin right at once, and its projectors claim that they will have it operating within two or three months. Sixtyyears. The protected interests have | pound rails, oak ties and iron bridges are prospered by the tribute exacted to be used. Transylvania county, through which the road is to be run, has voted a subscription of \$60,000 to it. When completed the road will be about twenty-five niles long

The building of the road will be of importance to a great many South Carolinians, especially in the upper portion of the State, where a number of people own property in Hendersonville. At one time there was a good deal of talk about building a road from Spartanburg to Hendersonville, but the project fell through. It may be revived again now that this new road is being built. It is reported also that a magnificent winter and summer resort is to be built at Brevard by a syndicate of Northern capitalists as soon as the new road shall have

been completed. argest Cargo of Cotton.

The British steamship Jeanara, 2179 tons net, Capt. McLaughlin, cleared yesterday for Liverpool, Eng., with 11,250 bales of cotton, shipped by Messrs. Alex. Sprunt & Son, weighing 5,560,657 pounds and valued at \$319,787.

The cargo is the largest ever sent rom this port, and is believed to be the argest from any port between Norfolk

and New Orleans.

Lodged in Jail. T. F. Willis, of Kingstree, South Carolina, was arrested here yesterday on a warrant charging embezzlement and

forgery. Willis is agent at Kingstree for the railroad and the Southern Express Combezzled packages of money left with him to be forwarded by express and has committed forgery in signing names of consignees for money packages sent to the office, which packages he also appropriated to his own use. The amount altogether is about \$900, including one package of \$500 sent from Wilmington to a merchant at Kingstree. The stealing has been going on since the 19th of October last. Willis came here yesterday, in com

pany with Mr. K. C. Barrett, of Florence, S. C., route agent of the Express Company, to see Mr. J. W. Crosswell, agent of the company in Wilmington. He attempted to explain matters, claiming that he was the victim of some one who had committed the robberies, but was told that the missing money, not explanations, was wanted. This he was unable to produce, and he left for Kingstree, but was arrested on the train before its departure, at the instance of the Guaranty Company of North America, his bondsman. Willis was lodged in jail, in default of bail in the sum of \$1,000, to await requisition from the Governor of South Carolina, on an investigation of the case before the committing magistrate, Justice R. H. Bunting, next Friday at 18 o'clock noon.

Opened Auspiciously-Large Attendance Many Attractive Exhibits-Politics. [Star Correspondence]

MAXTON, N. C., October 1. The Border Exposition was opened vesterday at 12 m. by Mr. McNair, the president, in a few well chosen remarks. There was a goodly number of the chivalry and beauty of this section on the grounds. The day was delightful, and the attractions and amusements varied and interesting. Floral Hall was beautifully decorated and full of worthy and attractive exhibits, while deft hands still were busy arranging belated arrivals. The Thomp-School display of art-penmanship, charts and drawings, and Sparger Bro.'s (of Mount Airy) display of tobacco, cigars, &c., received much attention. One lady, Mrs. A. A. Mc-

Lean, of this section, has over two hundred articles on exhibition. On the grounds the Cyclorama of the Battle of Gettysburg, Francis Morrissey's show, a Durham bull, and other stock from Occonechee farm, Hillsboro, were among the most attractive features. Politics are much discussed. The Republican Executive Committee of this Congressional district have placed in nomination John L. Matheron, of Liles-

Gaston Solomon, a negro 40 years of age, was knocked in the head and killed by Joe Nixon, a colored youth about 18 years old, last Wednesday night near Castle Hayne, a few miles from Wil-

mington. Solomon went to the house of John Nixon-Joe Nixon's father-Wednesday night and abused the old folks, whom he charged with stealing dog-tongue. While he was there Joe Nixon came home and ordered Solomon to leave the house Solomon had a gun and threatened to shoot Nixon, but he left the house and was followed by Joe Nixon. Solomon advanced upon him, when Nixon struck him with a stick of wood and fractured his skull. He was taken to a house in the neighborhood and died about two

hours afterwards. Yesterday morning a warrant was is nued by Justice Cowan, but before it was served Nixon appeared and gave himself up. In the meantime intelligence of the homicide had reached the city and Sheriff Stedman and several deputies went immediately to Castle Hayne, where they found Nixon, brought him to the city and lodged him in jail.

MAXTON, N. C., October 2. Yesterday was a grand success for the Maxton Fair. Large crowds from all sections of the surrounding country, were greatly enlarged when special trains from Charlotte, Fayetteville, Bennettsville and Wilmington came in, and by 11 a. m. the crowds on the grounds were variously estimated from 3,000 to 4,000. The weather was perfect, and the racing, pigeon shooting and balloon ascensions were greatly enjoyed by the large crowd, Floral Hall is equal to any former exhibits, and throngs of people crowd the hall all day. To-day the tournament will be added to yesterday's amusements, and indications point to a very good attendance. Hon. O. H. Dockery is booked to speak here to-day. WILMINGTON'S "FINEST."

Two of the most generally admired men on the grounds were Sergeant King and officer C. E. Wood, of the Wilmington police force, who were sworn in and acted as special officers during the Fair. They are both fine looking men, and in their bright uniforms made an attractive exhibit for Wilmington. It goes without saying that they demeaned themselves well and discharged their duties with complete satisfaction to the managers of the Fair.

FOOTBALL.

WASHINGTON, November 8.-Twentywo legs, blue striped with white, and twenty-two legs, striped blue and gray, were mixed into many an indistinguishable mass on the Georgetown College campus to-day, and after an hour of playing and about as much time spent in wrangling and the resuscitation of the players rendered temporarily hors de combat, the champions of North Carolina, the football team from the University of N. C. had added another game to their list of victories. The great similarity of uniforms of the two teams, aided by a liberal coating of mud, and, toward the last of the game by darkness. rendered it necessary at the end of each scrimmage for the reference to make a close inspection of the wriggling mass of players to determine which side had title to the ball. The grounds were liberally marked here and there with a mud or water puddle, rendering the footing very uncertain and probably accounting for the three goals missed, two of which were easy ones. The stand recently erected along the west side of the field was filled with pretty girls and football enthusiasts, who braved the rather cold north wind that blew all during the game. Not a few of the spectators wore blue and white, but once during the game was their college yell heard. Long before the game had ended shouts of praise were heard from even the most partisan of the wearers of the blue and grey, for Guion, left guard of the Carolina team. His running was nothing short of marvellous at times and on but one occasion did he fail to advance the pig-skin after it had been put into his hands. Guion and big "Mike" Mahoney were the pillows of strength of their respective teams, both

Collier pushed across the goal line after he had been carried about the length of the field by successive runs by Guion, Collier and the backs, and a peculiar run by Guion and Pugh, who secured the ball after a fumble, and arm in arm dashed through the opposing line for thirty yards, although tackled by three or four of the Georgetown's boys. Baskerville kicked an easy goal.

The first opening plays of the visit-ing team were fumbled by Stanley, the ball, when snapped, rolling along the ground. It took Carolina sixteen minutes to score the next touch-down, every inch of the way to the goal being fought for fiercely. Guion made several beautiful runs around the right end, during one of which Mahoney and four other Georgetowns failed to down him. In his next run he was tackled very high, and when the referee had cleared away the debris O'Brien's right cheek was hadly cut. Guion and two others of his team had bloody noses, and nearly all of the players were spotted with their own or some one else's blood. Moore was pushed across the line and Baskerville ailed on a rather difficult goal.

After another six minutes of play the ball was again rushed down to Georgetown's goal and Moore was carried over the line on the shoulders of the rushers. Baskerville kicked the goal. Time was called for the first half with the ball in

the centre of the field. In the second half, the Georgetown team was greatly strenthened by Carmody taking Smith's place at quarter. Carmody's interference was very fine and had the effect of greatly enlivening the players and after twenty minutes of the very hardest kind of playing the ball was forced across the Carolina goal. Murphy missed an easy goal. Carolina retaliated by adding another touch-down just before the end of the half. It was then very dark and Baskerville again failed on

the try at the goai. The final score stood 20 to 4. The teams lined up as follows: North Carolina. Position, Georgetown right end right tackle Walsh right guard Sharp center Bryant left guard Guion Davis Callahan Pugh left tackle Farley left end Gregory quarter Smith an Carmody left half Mahoney Stephens right half Baker Baskerville Murphy Reteree, Wells; Umpire, Burroughs

LIVIDIA, November 8.—Princess Alix was received formally into the Orthodox Church yesterday. After the ceremony she exchanged rings with her betrothed,

the Emperor Nicolas. WASHINGTON, Nov. 3.—The Japanese

egation has received the following cable rom the Japanese Government: "The first army under Marshal Yam agata has taken possession of Fom Far Chang. The Chinese fled toward Matienung. The second army under Marshal Oyana are now attacking King

Chow and Both La Tien Wan and Port Arthur will soon be taken." This information, coming on the anniversary of the Emperor's birthday, is giving much satisfaction at the legation the last sentence, to the effect that Port Arthur will soon be taken, seems to indicate that the dispatches last night that Port Arthur had been captured, were premature. As the press dispatches requently precede the official advices, however, it is regarded as possible that Port Arthur has in reality fallen, and that the above dispatch was written before the event cccurred. Kin Chow and La Tien Wan are outworks of Port Arthur and their investment is a pre-requisite to taking he main works.

Fong Fang Cheng, stated in the dispatch to have been taken by the Japanese, is said at the Legation to be a stronghold on the line of march to Moukden. Its occupation shows how close the Japanese are drawing to the Manchurian capital. PARIS, Nov. 3.—A Cabinet council was

A COLORED CHAPLAIN

Dismissed in Disgrace from the U. S. Army by Order of President Cleve land. By Telegraph to the Morning Star,

WASHINGTON, November 8.-The President has directed that Chaplain Henry B. Plummer, a colored Maryland preacher, who was appointed July 1st, 1884, be dismissed in disgrace from the army. Plummer was tried by court martial recently for getting drunk with enlisted men, to the scandal of the service, and disreputable conduct in the house of a non-commissioned officer of the Ninth Cavalry, at Fort Robinson, Neb. The charges were fully substantiated before the court, and Plummer, in admitting the truth of the charges, pleaded in extenuation that he was compelled to associate with the enlisted men of the regiment, which is a colored command, as the white officers avoided him. He claimed that the colored men led him astray. The Court recommended his dismissal, the President approved the finding and final orders were issued from the War Department carrying out the sentence.

Plummer had hitherto had a good reputation in the service, was well educated at Howard University, Washington, and his appointment was the resul of strong recommendations from many prominent statesmen,
