COL. ALFRED ROWLAND.

A Prominent Citizen of Robeson County Died at His Home in Lumberton.

Col Alferd Rowland, ex-member of Congress from this District, and one of the most distinguished citizens of Robeson county, died at his home near Lumberton on Tuesday night, August 2nd. He was a gallant Conederate officer, a prominent lawyer, a ruling elder in the Presbyterian Church, and a leading Mason. A man of fine judgment and ability, he commanded the confidence of all who knew bin, and his genial courtesy and affability combined with rare

Yesterday was a big day for Democ racy in Duplin county. It had been advertised throughout the county that the campaign would be opened by a big Democratic rally, and the people came in great numbers. When Hon. chas. R. Thomas arose to address the crowd fully three thousand faces met his gaze, and he made one of the ablest Democratic speeches that has been delivered in Duplin county in

many years. He impressed upon his hearers the importance of maintaining the supremacy of the white men and white metal, and discussed ably the national issues in the coming campaign.

chiefly State issues and exposed the extravagance of the last Legislature and the scandals of the present Republican administration. He showed hat the Republicans in Duplin county could and do dictate the officers that the Populists nominate and no Populist could go to the Legislature who did not have the stamp of Abe Middleton on him. Not a word was said that would offend anybody, and the speak-

KINSTON TOBACCO MARKET.

Prices High and Farmers Well Pleased. Acreage Greater Than Last Year.

[Star Correspondence.] KINSTON, N. C., August 2 .- The Kinston tobacco market opened yesterday, the three warehouses selling

60,000 pounds of tobacco. Prices were high, and the farmers were well pleased with them, not a tag being turned during the entire sale. The acreage is about 50 per cent. greater than last year, and Kinston will sell 5,000,000 pounds this year. Many new and strong buyers have come in. Also, since last year, three stemmeries have been built, three prizeries and one sales warehouse, so that now we have seven prizeries, three stemmeries and three sales warehouses, and this market is now in a position to command its share of the Eastern North Carolina tobacco.

ELECTRICAL STORM.

Many Buildings in Philadelphia Struck by Lightning-Heavy Rainfall. By Telegraph to the Morning Star.

PHILADELPHIA, August 3.-The excessive heat of the last three weeks or more culminated to-day in one of the most terrific electrical storms that has ever visited this city. The rainfall was the heaviest in the history of the local weather bureau. In one hour and three-quarters five and four tenths inches of rain fell. The heaviest previous rainfall was five and one-fifth inches in twenty-four hours, about twelve years ago. There was an almost continuous flash of lightning and many flag poles and bnildings in nearly every section of the city were struck, causing several small fires and doing great damage. Telegraphic and tele phone service throughout the city was practically at a standstill for several ours. The cellars and first floors of hundreds of business houses and dwellhigs were flooded.

TYPHOID FEVER PATIENTS.

A Train Load of Sick From Tampa Landed

at Fort McPherson.

By Telegraph to the Morning Star. ATLANTA, GA., August 3.-166 sol diers, brought from the camp at Tampa, Fla., were landed at Fort Mc Pherson to-day by Major Taylor with his hospital train. Nearly every man aboard the train had typhoid fever and was unable to rise from his berth and with a very few exceptions every man on the train was carried on stretcher to his ward in the hospital. Major Rubb, at Fort McPherson, eceived orders from headquarters to send to Newport News all recruits who belong to regiments in Porte Rico. They will be sent forward.

Meanwhile, in work. with the declared purpose of the Presi dent at the beginning of the overtures, this conference is not operating to restrain military operations in any degree. Orders went out to day for a conference of leaders of the regiments to accompany General Wade to Porto

Rico and within twenty-four hours some of the troops of this expedition will be boarding the transport at New-port News. It is felt that should an armistice be declared before these troops see active service at the front, it will be beneficial for them to have made the trip. Profiting by its last expe-

Thus there may be some delay in getting the troops away with General Wade, in view of the determination to have everything shipshape before the men are on board, and the transporta-

tion department was taken somewhat by surprise by this suddenly announced decision of the Secretary of War. To start this expedition some days must elapse before the necessary transports can be gathered at the ports of transportation.

The Sick at Santiago.

Shafter's daily health report failed to show any improvement in health conditions of the Fifth Army Corps, so that it is a matter of congratulation that the War Department was able to announce to-day that it had ordered five of the cavalry regiments of that corps to be embarked at once for the new camp at Montauk Point, Long Island. Gen. Shafter has sent the following

ter's army and the eight companies of Roosevelt's Rough Riders have been ordered to proceed to Montauk Point. L. I., for encampment. Gen. Shafter has been directed to use all the transport facilities he can command to send the troops North as rapidly as possible. The regular cavalry with Shafter comprises eight companies each of the First, Third, Sixth, Ninth

and Tenth cavalry, all dismounted and four mounted troops of the Second cavalry.

The Philippines Question.

An interesting question and one of vital importance to the administration is the attitude to be assumed by the United States towards the Philippine insurgents in the event that we reach an agreement for the suspension of hostilities with Spain. It is stipulated in our peace terms that the United States military forces shall occupy and establish a military form of government over the city of Manila and the bay with the surrounding territory. This involves an immediate surrender of the Spanish forces, not to Aguinaldo,

but to Gen. Merritt, and there is some apprehension that the insurgents will resent this very bitterly and that it would be necessary to expel them forcibly from the territory described. Beyond this, it is said in some quarters that pending the decision of the peace com-missioners as to the future of the Phil-
