The Most Infamous That Ever Appeared in Print in This State.

The Alarmed Politicians are Trying Break the Force of it by Resorting to Various Dodges, But b They are Too Thin.

The infamous assault on the white women of this State which appeared on the 18th of August in the Daily Record, the negro paper published in this city, has aroused a storm of indignation from one end of the State to the other. We have received so many requests for copies of the STAR containing this article that we herewith reproduce it in full, the accuracy of which is certified to by Col. John D. Taylor, Clerk of the Superior Court of New Hanover county, and by a number of our well-known business men. The article is headed:

Mrs. Felton's Speech.

"A Mrs. Felton, from Georgia, makes a speech before the Agricultural Society at Tybee, Ga., in which she advocates lynching as an extreme measure. This woman makes a strong plea for wamanhood, and if the alleged crimes or rape were half so frequent as is ofttimes reported, her plea would be worthy of consideration. Mrs. Felton, like many other so-

called Christians, loses sight of the basic principle of the religion of Christ in her plea for one class of people as against another. If a missionary spirit is essential for the uplifting of the poor white girls, why is it? The The morals of the poor white people are on a par with their colored neighbors of like conditions, and if any one doubts the statement let him visit among them. The whole lump needs to be leavened by those who profess so much religion and showing them that the preservation of virtue is an essential for the life ot any people.

Mrs. Felton begins well for she ad-

mits that education will better protect the girls on the farm from the assaulter. This we admit and it should not be confined to the white any more than to the colored girls. The papers are filled often with reports of rapes of white women, and the subsequent lynching of the alleged rapists. The editors pour forth volleys of aspersions against all negroes because of the few who may be guilty. If the papers and speakers of the other race would conlenn the commission of crime because t is crime and not try to make it apcriminals, they would find their strongest allies in the intelligent negroes themselves, and together the whites and blacks would root the evil out of both races. "We suggest that the whites

guard their women more closely, as Mrs. Felton says, thus giving no opportunity for the human fiend, be he white or black. You leave your goods out of doors and then complain because they are taken away. Poor white men are careless in the matter of protecting their women, especially on farms. They are careless of their conduct toward them and our experience among poor white people in the country teaches us that the women of that race are not any more particular in the matter of clandestine meetings with colored men, than are the white men with colored women. Meetings of this kind go on for some time until the woman's infatuation or the man's boldness, bring attention to them and the man is lynched for rape. Every negro lynched is called a big, burly, black brute,' when in fact many of those who have thus been dealt with had white men for their fathers, and were not only not black' and burly' but were sufficiently attractive for white girls of culture and refinement to fall in love with them as is well known to all."

"Mrs. Felton must begin at the fountain head if she wishes to purify

"Teach your men purity. Let virtue be something more than an excuse for them to intimidate and torture a helpless people. Tell your men that it is no worse for a black man to be intimate with a white woman, than for a white man to be intimate with a colored woman.

You set yourselves down as a lot of carping hypocrites; in fact you cry aloud for the virtue of your women while you seek to destroy the morality of ours. Don't think ever that your women will remain pure while you are debauching ours. You sow the seed—the harvest will come in due

THE AFFIDAVIT OF THE CLERK.

An effort has been made by some of the politicians to fool the people by representing that this slander was a Democratic trick or was garbled, but the following affidavit from the Clerk of the Superior Court settles the question as to its accuracy:

M. L. Flow, Esq., who has been one of the leading Populists of the county, says that he wants it to be known that he is no longer a Populist and that he is now a Democraand will vote a straight Democratic ticket in November. - Monroe Journal.

TOO MUCH RUSSELLISM. Every day we hear of some promi-nent Populist who declares himself done with anything or any party that endorses Russellism. They are coming back home to the Demo cratic party, which is the only place for the white men of this country. - Nashville Graphic.

COLORED INSURGENTS. While in Greensboro yesterday the writer was informed that there are a large number of insurgents in Guilford, many of whom are colored men. They have sworn vengeance against the "court house ring," as the pres-ent Republican officials are termed, - Winston Sentinel.

MOST OF THEM WILL RETURN. We are glad to believe that most of the Populists in this county will return to Democracy and help to restore white government. We know. of quite a number of leading Populists in this county who will hereafter vote the white ticket-are in

There is not a pre cinct in the county, from what we have heard, in which the honest Populists will not aid the Democrats this year. - Washington Gazette.

FOR WHITE SUPREMACY. J. N. London, Esq., of No. 5 township, brings encouraging reports from his section of the county. He says Populists and old line Republicans are going to vote the Democratic ticket. They are for white supremacy and are tired of fusion rule. No. 5 will do better this year than she has ever done before .-Skelby Star.

HOW IT WORKS IN IREDELL. M. W. White, Esq., of Iredell, late chairman of the Populist executive committee of the Seventh Congressional district, has resigned as such and returned to the Demolist has shown the Observer a letter from a prominent Populist of Iredell, in which he says that fusion with the Republicans has destroyed the Populist party of that county, and that Iredell is good for an oldtime Democratic majority of 500 to 1,000 this year .- Charlotte Observer.

A CHARACTERISTIC PIECE. A characteristic piece of North Carolina fusion was in evidence at our last week's term of court, when a felon, previously convicted of theft, and whose rights to citizenship had not been restored, was found on the jury selected by our board of commissioners to hear and pass upon causes between the free citizens of our own county. And this is no uncommon occurrence in North Carolina during these days when felons are imported for their votes and paid in the dearest right belonging to the free and honest citizen.

-Snow Hill Standard. DISGUSTED WITH NEGRO SUPREMACY. In Martin county there is such a change among decent white folks as has never been seen. From every section of the county comes the most encouraging news, for the people are disgusted with negro supremacy. Never before have negroes sat in judgment on our school boards to say to whom our children should go to school. We never thought we would live to see a negro magistrate in Martin county. In some townships that cast over forty votes last election there is not one white anti-Demooratic vote now. They are coming home to their first love, the white man's party .- Green-

SEVENTH ARMY CORPS.

Parade of Gen. Pitz Lee's Command at Jacksonville, Pla.-An Ovation to Col. W. J. Bryan.

By Telegraph to the Morning Star. JACKSONVILLE, FLA., August 31 .-The parade of the Seventh Army Corps to-day was the most magnificent military pageant ever seen in Jacksonville, Nearly thirty thousand men were in line and every regiment presented a fine appearance. Fortunately good weather favored the soldiers and not a drop of rain fell during the day. The procession started past the reviewing stand occupied by General Lee and staff at 3.10 and it was 5.30 before the last regiment marched by. The streets along the line of march were lined with thousands of people who cheered and applauded the soldiers, each regiment seemingly getting its full share of applause. The First Wisconsin regiment, which is to be sent home to be mustered out, was excused from the parade and was the only one that did not appear. Colonel William Jennings Bryan, in command of the Third Nebraska regiment, received a continuous ovation all along the line of march. The march was a very tedious one for some of the regiments that are encamped outside of the city limits and the ambulance carried a good many men back to camp. So far as reported, however, there were no serious effects as the results of the

vear. 4. The soldiers made a splendid ap-pearance in their khaki trousers and blue shirts. All carried their ponchos as well, but for the first time in a great parade in the city had no use for them.

YELLOW PEVER.

Four Deaths at Vera Cruz, Mexico-The Disease at Tampico.

By Telegraph to the Morning Star. LAREDO, TEXAS, August 31 .- Within the last week four deaths from yellow fever have occurred at Vera Cruz. Mexico. The authorities there are making every effort to prevent its spread. The physicians at Tampico state that the yellow fever there has attacked only those persons who do not take proper care of themselves. There is no danger of the fever breaking out here, or hardly at any other point on the Mexican border, due largely to the climatic conditions and the elevation of the important towns.

By Telegraph to the Morning Star NEW YORK, August 31.—The situation in the local cotton market is without important change or new feature, To-day's market was very dull during the greater part of the session, with fluctuations restricted to a matter of two points. A decline in futures at Liverpool instead of an expected advance and predictions for heavy reeipts caused a decline at the opening of one to three points. The market, however, showed a fair amount of steadiness, a small bunch of continental buying orders being in evidence and crop accounts as well as weather reports being anything but satisfactory. Business in the afternoon came to a complete standstill. The market glosed dull at a net loss of one to three points.
