Investigation showed who wounded. Jas. Warwick was shot in the left leg. painfully it was thought at first. He was carried to Dr. Stokes' drug store, and Dr. Stokes found that the wound was a mere scratch. The other man struck was J. H. Burriss who had a finger-nail slightly grazed by a ball.

There are conflicting statements as to who fired the pistol. Officer George says it was James O. Gerdineer, that he saw him when he fired both times. Gerdineer had a pair of brass knucks on his person when arrested, but no pistol. Warwick and Burriss, the two men shot, declare that a negro did Warwick says he was standing several feet from the negro when the latter drew his pistol and fired at the Gerdineer was arrested and carried

There had been several little dispurbances in that section of the city during the early evening and night and at the time of the shooting the police were on the hunt for offenders. The oilicers went first to Front and Castle streets. Here they found a negro with his clothes partly torn off and showing other evidences of having been caught in a cyclone. He claimed that a white man had beaten him and gone back down the street. Then

to the guard house.

the police went to Church and up Church to Fourth. At Fourth and Church they found, among others, Rriston Hurst, a negro who was stabbed in a gambling den last Winter. Hurst had a big jaw, both literally and figuratively, and without having noticed the arrival of the ing beaten the - d-d policeman had run off. Officer Smith placed him under arrest, and with the aid of officer Gerganus, escorted him to the

After the arrests already mentioned had been made the officers with Deputy Sheriff J. P. Flynn went after Mr. "Bill" Watson who had nothing to do with the shooting scrap but who was wanted for having a hand in a trouble earlier in the night and also on a warrant sworn out before Justice R. H. Bunting. He was placed in the county jail. He broke up some glasswear in the Klondike saloon near the corner of Fourth and Castle streets.

TO BE TRIED FOR HIS LIFE.

Ed. Foy, Colored, Accused of Burglarizing the Residence of an Ex-County Commissioner.

Ed. Foy, colored, who resides near

Scott's Hill, was committed to jail yesterday by Justice J. M. McGowan to await the next term of the Circuit Criminal Court; when he will be tried for his life on the charge of burglary. On last Saturday morning, between 2 and 3 o'clock, he was caught in the dwelling of Jordan Nixon, colored, who was a member of the Foster Republican Board of County Commissioners. The evidence was to the effect that about 1 o'clock Saturday morning Nixon left home for the Wilmington market, his horse gave out and he decided to go back home. When he entered the house he heard some one in a front room. He aroused his wife and they went together to see what was the trouble. They found Foy, and he and Nixon had quite a struggle, during which Foy was struck over the head with a stick and a deep

escape and was arrested Sunday morning and brought to the county jail. A peculiar feature of the case is that on Saturday afternoon Foy came up to Wilminglon and went before Justice R. H. Bunting and swore out three warrants against Jordan Nixon; one for assault and battery, another for cruelty to animals and the otherfor some kindred offence. 'Squire Bunting dismissed the cases.

gash inflicted. He finally made his

There seems to have been a fued between Foy and Nixon for some time. They are near neighbors. It appeared in evidence that after Foy was arrested he said that he went into Nixon's house to get some camphor. In the trial yesterday Herbert McClammy, Esq., appeared for the prosecution and C. P. Lockey, Esq., for the defence. Counsel agreed that such a plain case was made out against Foy that argument was needless.

RENOUNCES REPUBLICANISM.

Dr. Perkins Believes White Men Should Rule North Carolina-Pledges Sup-

[Raleigh Post.] NEWPORT, N. C., Sept. 12. I wish through your excellent paper to renounce my connection with the Republican party. My reasons for doing so are that I believe that white men should rule North Carolina, and I was convinced at the last Republican State Convention, which I am sorry to say I attended as a delegate, that the Republican party is composed chiefly of negroes, and the trend of this party is to place the negro more and more over the white race. And now I pledge myself to vote and use all my influence for the success of the

white man's party.

BALING COTTON

A New System in the Preparation of the Crop for Market.

There is a wonderful improvement in cotton baling by the farmers this season. A large proportion of the cot-ton now being received at this port is uniform in size, being the output of the new standard square baling-box of which so much was written during the Summer months. The result is most atisfactory to all concerned.

it is learned that the railroad cars are stowing four bales more of the standard bales than formerly of the regular sizes. Hitherto every ginner has been a law unto himself as to the size of a bale and consequently there was much lost space in stowing and much difficulty and tare in handling; many bales arrived abroad in bad condition, and allowances were made in the price by the spinner for loss of weight thereby. The new system will revolutionize the manner of preparation of the crop for market and the standard bale, 24x54; inches, has

come to stav. Messrs. Alexander Sprunt & Son were among the leaders of this movement and they are trying to induce all ginners in their territory to adopt the new system. A difference in price will govern the trade, and it is confidently predicted that the farmers who use the standard dimensions will be much the gainers by it.

GLENN AT WARSAW.

Hundreds of Democrats trathered to Hear this Eloquent Campaigner. A correspondent of the STAR wrote

vesterday: To-day was a love-feast for the Democracy of Duplin. It had been advertised only a few days that Bob Glenn would speak here to-day, but the people heard the news through the country and came. About 500 people gathered around him to hear him deliver the greatest speech ever heard in Warsaw. It was a great effort. When he arose to his feet perfect quiet prevailed, which continued during the speech, except when broken by shouts

The record of the Republican party after the war and the present fusion party was stripped bare so no one could fail to see its awful hideousness. When he pictured the awful condition of af-fairs under which we now live and foreshadowed the horrors of the future, the eyes of eld men were filled with tears. Many ladies were present and showed much interest in the speech. When he closed he called upon every white man who would pledge to work in this campaign for the party to rise. The entire audience arose with a shout. The speech will do much good here.

YOUNG MAN WAYLAID.

Two Negroes Were in Wait for Him and Knocked Him Down.

Mr. Walter Baggett, a young man from Sampson county, who works at "The Unlucky Corner." had an exciting experience with some negro roughs Monday night at 8.30 o'clock. He was on a bicycle near the corner of Fifth and Bladen streets on his way to visit a friend. As he turned the corner going up Bladen he was knocked from his wheel by a blow from a stick which caught him over his right eye. He sprang up and managed to get a billet of some sort with which he went for his assailants with a vengeance, routing them completely. He describes them as being two negro boys, one of them about eighteen years of age and the other slightly younger. He does not know their names and would hardly be able to recognize them again.

The camp of the Second regiment is named "Shipp-Bagley Camp." Col. Burgwyn consented for the Second regiment to give a grand final parade through the city Friday. It will be made a great occasion.

Fight on a Street Car.

Mr. Joe Bryant, one of the conduc tors of the Wilmington Street Railway Company, had trouble with a negro on his car last night. The negro gave the conductor some insolence and called him a ____. Mr. Bryant then struck the negro several times and did not let up until he had knocked him off the car. Subsequently, he went before Squire McGowan and submitted for assault and battery. It was learned that the negro was badly hurt with perhaps some bones broken.

Yellow Jaundice Cured. Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by R. R. Bellamy, Druggist.

Senator Marion Butler arrived in the city yesterday morning and left in the afternoon for Jacksonville, where he will make a speech to-day. He said he had been away from the State so much that he was not informed as to the political situation in the State. He has made a tour of several Western States and made a number of speeches.

IN HARNETT TOWNSHIP.

Large Gathering of Democrats-Speeches by Mr. Geo. L. Peschau, Mr. B. G. . Emple and Mr. Iredell Meares.

There was a large gathering of Demerats at Shepard's school house, Harnett township, yesterday. The meetng was called to order at 12 o'clock by Mr. George Shepard, who intro-duced Mr. Geo. L. Peschau, one of the candidates for the Legislature. Mr. Peschau spoke thirty minutes, and made a very forcible presentation of the issues involved in the present campaign. He urged upon the white men to stand together in the present fight for white supremacy, and thus rid our State of the present disgraceful administration.

Mr. B. G. Empie was then introduced by Mr. Barney Humphrey. Mr. Empie spoke forty-five minutes. He. also, urged the white men to show their manhood by standing by the Democratic party, and by working and voting for white supremacy. He advised them to lay aside their party prejudices and factional feelings, and to unite with the white men, present a solid front to the enemy and march to victory in November.

After the conclusion of Mr. Empie's speech, the good people of Harnett township invited all present to partake of dinner. The feast was exceed ingly tempting, consisting of fish shrimps and other edibles from the briny deep.

After dinner Mr. Iredell Meares was introduced and spoke about one hour and a half on the political issues of the day. He made a strong and vigorous arraignment of the present incompetent State administration, showing the disgraceful state of affairs that exists under and by reas n of the administration in Eastern North Car-

There were something like 200 people present and there was every sign that the people generally are thoroughly aroused and anxious to hear political questions discussed. Eight or ten Populists were present and some were heard to say that they intended to vote with the Democrats for white supremacy.

Several candidates for office were present. In addition to Mr. Peschau there were Mr. W. G. McRae, candi date for treasurer; H. McL. Green. candidate for treasurer; W. H. Biddle candidate for register of deeds; and Wm. Sheehan, Sr., candidate for constable.

MR. JAMES FAIRFAX PAYNE.

Died Yesterday at His Home Near Maxton. Aged 48 Years.

Mr. James Fairfax Payne, who was known to many Wilmington people, and who was quite a prominent man, died yesterday at his home at Alma, Robeson county, at the age of 48 years. He was a native of Virginia, but had been living in this State for many years. He was a lawyer by profession and had been a member of the State Legislature. The Payne election law of which he was the author gave him a good deal of prominence. He practiced his profession at Monroe where he was a member of the firm of Payne & Vann. Of late years he had been practicing at Maxton.

Mr. Payne married a daughter of the late Alexander MacRae, Jr., a brother of the late Donald MacRae. His wife and five children, one of whom is Miss Fair Payne, so well known here, survive him.

The funeral will take place at o'clock this afternoon from St. James Church. The interment will be at Oakdale.

Office Hunter Dockery. It is said that Office Hunter Dockery, the candidate of the negro party for Congress in this district, is to make one speech in Wilmington. This speech of course, will be to the negroes, for the corporal's guards of socalled white men here who will support him need no appeals from Dockery the Dodger. It is further stated that he will speak at Burgaw, and also at Southport. Why does not the noble standard-bearer of the Republican party, that will give him ten negro votes to one white vote, meet John D. Bellamy in joint discussion before audiences of white people? Bellamy is anxious to try con-clusion with the Republican who has so often voted for negro candidates in preference to white candidates; but it is safe to say that the old Office Hunter will never meet Bellamy on the

Discovered By a Woman.

Another great discovery has been made, and that, too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on tion, and was so much relieved on taking the first dose that she slept all night, and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottle free at R. R. BELLAMY'S drug store. Regular size 50 cents and \$1.00. Every bottle guaranteed: †

POINTS POLITICAL.

SMITHFIELD HERALD. From all parts of the country we receive gratifying reports of the coming together of the white men. There is one great issue confronting the people—good government by the white man,—Smithefield Herald.

NOT THE ONLY ONE. The way some folks are trying to shield John R. Smith arouses the suspicion that that worthy man may not be the only person who has profited by his scandalous management of the penitentiary .- Wadesboro Messenger.

THE FIRST DEFENDER. Judge Spencer B. Adams, one of the non partisan judiciary, enjoys the dual distinction of being first judge in the State to make a political speech in a court room and to appear as a defender of a negro rape fiends. - Jacksonville

FOR WHITE SUPREMACY. Reports are daily to the effect that Populists are returning to the Democratic party. If there are any in this part of Robeson county, except two or three old fogies who want office they are ashamed to say so. When it comes to the question of

white supremacy the people seem to all one way.—Red Springs Citizens Tom Settle's friends, some of them t least, claim that his defeat for the Republican nomination for Con-

gress in this district was dictated by the fusion junta at Raleigh. We do not know how this is. We noticed in the papers that the Populist bosses in Raleigh pledged the Populist vote of the district to Adams, but said it should not go to Settle.

AFRAID OF THE LIGHT.

What does this mean? The Republican State executive committee adopts a resolution advising that Republican candidates hold no joint debates with Democrats. Why is this? Are the Republicans afraid to meet Democrats in public discussion? It looks that way. Well we do not blame them for not want. ing to hear the truth. But be sure your sins will find you out.—Henderson Gold Leaf, OVER A HUNDRED PARTICIPATED.

From reports already in hand over hundred former Populists participated in the Demogratic primaries on aturday, and not more than half of the precincts have been heard from. The reports in this issue make the best of reading for Democrats. In ome of the primaries more people participated than the Democrats cast es in the precincis two years ago and in no single instance, so far as heard from, was there a primary in which not a former Populist was present.—Lumberton Robesonian.

DISCREDTED MARION.

To-day, Marion Butler stands revealed in his true character to the Farmers Alliance. This man who claimed himself to be a second L. L. Polk, is known to be a most unsavory and unprincipled political demagogue. He has sold the farmer and his interests to keep himself in office. He has betrayed any and every one when by so doing he was helped, politically. He stands discredited by every white man in North Carolina who believed in Anglo-Saxonism. - Neabern Jour-

BECOMING INTOLERABLE, Negro insolence is becoming intolerable here. It is also frequent, growing bolder. A few days ago four ladies were out riding. After two got out the other two were returning home and in passing Parham's prize house, where a lot of negro women were congregated, some one of them velled to the ladies to let them ride-let them ride on that little seat. Such is the result of Alfro-popism and such must be stopped or some day there'll be fewer negroes, white and black, in Greenville. - Greenville Weekly.

UNITING IN CHATHAM. We are pleased to state that the true white men of Chatham are rapidly coming together and are uniting for the Supremacy of the white people in North Carolina. On last Friday Messrs. H. A. London and R. H. Hayes spoke at Siler City and on Saturday at Harper's X Roads. There was a good crowd at each place and much enthusiasm. Not only were the Demo-crats more hopeful and determined than heretofore, but many former Populists are uniting with them. At each place there were several good, honest, substantial farmers who had been voting the fusion ticket since 1892, and who declared that it is now time for "all white men to get together." They de clared that they could not stand "fusion" rule any longer and would vote with the Democrats next November .- Chatham Record.

CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY,

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved

July 23d, says: "We all had diarrhos in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoa Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to \$1.15, \$1.20; tar firm, \$1.30, for if the packers had been unable to work there would have been no way of getting supplies to the front. By Telegraph to the Morning Star NEW YORK, September 14.-The cotton market opened steady, with prices lower by 3 to 5 points, cables being unsatisfactory and the market without speculative support. Following the irst call there was a further recession of 4 to 5 points in the face of conflicting and generally unfavorable crop & Pearsall.

reports from the cotton belt, following the unmistakable bullish report yesterday by the Washington authorities. Local sentiment however, was mixed, with some of the maders inclined to look at the idag side of the account for opportunities rather than to the short side of the account the theory being that the market is a tortheory being that the market is over-seld, possibly heavily so. At best, however, trading was slack and the mood of all classes of operators evidently fickle. The small receipts at the interior towns and at the ports checked whatever disposition was to sell in connection with the uncertain status of the crop. The mar-

ket was finally steady at a net decline of 9 to 10 points. NEW YORK, September 14.—Cotton steady; middling uplands 5%c. Cotton futures closed steady; September 5.42c, October 5.44c, November 5.48c, December 5.51c, January 5.55, February 5.58c, March 5.62c, April 5.65,
