This community was shocked Sunday afternoon by the startling news that Mr. B. F. Penny, a well known merchant of the city, had been dangerously shot by a negro youth while stepping off the A. C. L. southbound train at Leland, eight miles from Wilmington.

The name of the negro who committed the fiendish deed is Sam Carraway. He is about 18 years of age, and lives and works at Navassa, across the river. He shot Mr. Penny twice, the first bullet taking effect in his left side, just over the heart, and the other in the lower abdomen, the ball passing toward the left hip. The ball which took effect over the heart made only a flesh wound; the other one being much the most serious. The shots-were both fired into the crowd of passengers at the car steds with reckless abandon to gratify a grudge the negro had on account of a difficulty which he had with Captains Carmon and LeMott on the way from Wilmington to Leland.

The train on which both Mr. Penny and the negro Carraway were passengers, left Wilmington for Florence, S. C., at 3.45 Sunday afternoon in charge of Captain Carmon, Mr. Penny was going to his farm near Lelend. Captain Carmon told a STAR re-

porter yesterday that Carraway had asticket to Navassa and continued his fide to Leland. When he went to Carraway for his fare he was told that it had been collected. The Captain replied that only two fares to Leland had been collected, one a milage from Mr. Penny and the other, a ticket, from some other gentleman, and insisted that Carraway pay his fare. The negro called the Captain ad-d lie, appending an extremely vile epithet, and made a dash to aspainfully scratched or cut. Captain LaMott came to Captain Carmon's aid. and noticing that the negro was attempting to draw his pistol, presented his knife and told him if he drew the pistol he would "cut his heart out!" The negro quieted down and said that he had no pistol. Another negro, a friend of his, paid his fare (ten cents) for him, and nothing more was thought of the incident by either con-

ductor or the passengers. When the train stopped at Leland several passengers were quietly stepping off the front end of the car when Carraway passed quickly out at the rear and walked toward the front where both the conductors with Mr. Penny and other passengers were. As he went he was heard to say that he would "Have him one man anyway." When just in front of the crowd he drew his pistol and began firing. As he shot he retreated, holding the pistol over his shoulder. Three shots were fired, two taking effect on Mr. Penny as described, and the other one doing no damage at all.

The negro's conduct was so unexpected that every one was astounded and before a movement looking io his capture could be started he had dashed away and made good bis escape.

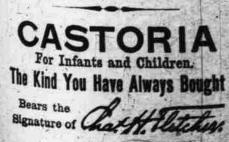

Mr. S. F. Williams, of Leland, was here yesterday. He was an eye-witness of the shooting. His two sons, Henry and Luther, heard the negro Carraway declare his purpose to "get him one man." Mr. Williams says the negro dashed into the woods before any one could get to him.

When the shooting occurred Mr. Penny was standing on the second step of the car and Capt. La Mott was just above him. It is thought that the negro really fired at Capt. La Mott. When it was ascertained that Mr. Penny was shot Capt. Carmon brought the train back to Wilmington with the wounded man. He was met here by Dr. Russell, who went with Mr. Penny to his residence, 109 South Seventh street, where Dr. Bellamy assisted him in giving the needed medical attention. It was almost 5 o'clock before the train again started on the trip to Florence. In the meantime the authorities had been notified of the crime committed.

The Atlantic Coast Line blood hounds at Florence were telegraphed for, but did not come until yesterday morning on a special train. They were met at Leland by Mr. C. W. Bidgood, of the Coast Line, police officers Murray and Rowan, of the Wilmington force, and several officers and citizens from Brunswick county. They hunted the greater portion of the day, but failed to locate the fugitive. The trail was too old for the hounds to follow, The officers went to the home of the negro's mother, about a mile and a half from Leland. She protested that she had not seen her son since early Sunday morning before the shooting oc-curred. It is understood that the fellow's father works at the Orton planand a close watch is

kept in that section. The Wilmington officers came back to town about 3 o'clock, and two of the hounds, in charge of their keeper, G. F. Dennis, were sent back to Flor-ence. Captain LaMott also went to Florence, where he is yard master. The Coast Line authorities seem conident that they will capture Carra-

AN AMUSING EPISODE

Illustrative of the Presumption and Arrorogance of the Negroes Under the Present Rep-Pop Regime.

An episode occurred in Justice Bunting's court yesterday which is significant as illustrative of the presumption and arrogance generated and being rapidly developed among the negroes under the present Russell-Republican-Negro rule regime.

The two street car conductors Messrs. Joe Bryant and T. B. Jackson. were being tried on the warrants sworn out by Elijah Gause, colored, charging Bryant with assaulting him with a deadly weapon, and Jackson merely with assault and battery, on a street car last Wednesday night. (Both cases were, by the way, dismissed.) Gause had employed A. W. Scott, a young negro lawyer, to prosecute the cases for him.

In the midst of the trial, while Conductor Jackson was on the stand, Lawyer Scott told the court that he proposed to show that there was an unfair discrimination by conductors and motormen against negroes in their treatment on the cars. He asked Jackson if it was not a rule of the company to treat all passengers alike. Jackson replied that it was. "Then," said Scott, You do discriminate. You don't help 'colored ladies' offand on the cars as you do white ladies. That is so, is it not?" Jackson repliedthat it was, and was promptly dismissed from the stand as though a telling legal point had been made. And a general murmer of approval swept through the court room. Gen. Mang'r Skelding, of the Street Car Co., insisted upon going upon the stand to make a statement and was allowed to do so, over the protest of the negro lawyer. Mr. Skelding stated that the conductors were required to collect fares and keep order on the cars, and the matter of extending courtesies was left entirely with

The taking of evidence concluded, Scott arose with much gusto to addres the Court. He said: "There seems to be a great and growing tendency, especially among a certain class of people in this section, to disregard the first clause of the Constiof the United States, tution which declares that all men are born free and equal with certain in-

alienable rights." He then turned his attention to the case in question and made an argusault him. During the scuffle which ment in keeping with his previous followed Captain Carmon's wrist was | vindictive style; concluding with the demand that probable cause be found and Bryant bound over to the Criminal Court, and Jackson fined to the full extent of the law. The Justice, on the other hand, promptly dismissed both

Long Creek Primaries.

For want of space a valuable communication giving particulars of the Long Creek (Pender county) precinct meeting Saturday is somewhat abridged. The main facts, however, will appear from the following:

Capt. Abner Roberson was called to the chair and Mr. L. D. Cherry was requested to act as secretary. There were several Populists present and they took part in the primary meeting. Five delegates and five alter-

nates were elected as follows: L. F. Clory, H. S. George, Wm. J Herring, Grattan Williams, M. I. Bordeaux; Alternates: R. H. Barnhill, J. B. George, C. W. Herring, L. M. Charles, A. D. Bordeaux.

More Negro Insolence. The little ten-year old daughter of widely-known Presbyterian minister and popular pastor of this city, was walking down Third street yesterda afternoon when two negro girls, much older than she, walked insolently by and deliberately pushed her against the wall of an adjacent yard. The child protested and told the negroes she would report them, but received in reply only jeers and derision.

A LAWLESS NEGRO. A HORRID SLANDER.

Senate Urges Negroes to Arm and Resist Arrest.

He Declares that Any Negro Who Votes the Democratic Ticket Should be Lynched.

Lee Person, (col.,) is the Repubican nominee for the Senate in Edgecombe, and the Populists have arranged to fuse with the Republicans. In a letter from Tarboro to the Charlotte Observer, Mr. H. E. C. Bryant, writes:

"Lee Person is the smartest politician of his race in the South. is well educated and intelligent, young and active. On the stump he arouses the negroes against the white people. He draws the color line. Last Monday night, the 12th inst., in a speech to negroes, at Mildred, this county, he said:
"'Go to the elections well armed,

with rocks in your pockets, clubs in your hands and carrying your pis-tols. And don't allow any officer to arrest you after you have registered until the day after the election, unless you have stolen something or killed somebody. Come to me if

they get after you."
"Mr. William H. Felton, being duly sworn before Mr. James R. Gaskill, Notary Public, says: "My name is William E. Felton, postoffice address, Old Sparta, N. C. I was in Old Sparta Monday night, October 29th, 1894, and heard a negro, Lee Person. a Republican candidate for the State Legislature for Edgecombe county, address some of the people of old Sparta and vicinity. During his speech he declared in substance that the

poor white man and the negro were now equal; that the poor white man had already begun to invite the negro into his house, and soon the poor white man would invite the negro to eat and sleep with him. Also in the course of his speech Person declared that any negro who voted the Democratic icket should be lynched, and he for one, would walk from Rocky Mount to Old Sparta to help lynch him. There were present during this vindictive speech probably fifty

or more people."
"This is the kind of negro that will go to the Senate from Edgecombe this year. Person has been holding negro meetings throughout the county for several weeks.".

ADAMS TYPE OF COURAGE

A Beastly Negro Outrages a White Girl in Mecklenburg County-He Is Arrested.

In his charge to the grand jury of Columbus county Judge Spencer B Adams said rape was a lesser crime than seduction, because it required courage to commit rape. Well, here is an account of a horrible affair in which the type of courage referred to by Judge Adams is prominent: The Charlotte News of the 19th

"News reached here to-day of horrible crime committed in Mecklenburg county.

"The pretty eighteen-year-old daugh-ter of Mr. Elmer Brown, a well known citizen who lives near Croft, was walking along the road yesterday afternoon on her way to her uncle's, which is about three-quarters of a mile from her father's house. She was ac-companied by her little brother who is only about 6 years old.

Just as they neared a cane-brake or the road side in a part of the road which cannot be seen at any great distance a negro emerged from the un-dergrowth beside the road. She was terribly frightened. He drew a pistol, put it to her head and scared her into submission while he accomplished his

hellish purpose. Her little brother was very much scared and ran away screaming. Miss Brown's screams were theard by a man named Johnson and his companion, who were walking along the road not far away. But they reached her too late to catch the vile wretch, who had made his escape. The two men saw the negro, who ran

into the woods Miss Brown was carried to her home. The nervous shock was so great that she is said to be in a critical condition. In fact, one gentleman tell the News that she may not

survive the shock. "As soon as the crime was discovered the alarm was given and a large crowd soon gathered. Before long a hundred and fifty men had surrounded the woods into which the negro ran. In the crowd were fifty mounted

men from Huntersville. The Observer of the 20th, says: At 3:30 o'clock this morning it was earned that the negro had been capmred and identified by the girl and Mr. Johnson and others. His name is Joe Jackson. He came from Yorkville, S. C. He works for Mr. Pope. He was one of those arrested in the morning, but turned loose because he had so disguised himself with a change of clothes that the girl didn't

recognize him.

The trial was held before Alexander, magistrate, in Elmer Brown's house. The evidence was most convincing. The negro didn't tell a straight story. He was bound over to October court.

Squire Alexander made a little speech to the crowd to let the law take its course. Deputy Sheriff Joe Black will bring the prisoner to Charlette this prisoner this priso lotte this morning.

A Negro Candidate for the State The Most Infamous That Ever Appeared in Print in This State.

> The Alarmed Politicians are Trying Break the Porce of it by Resorting to Various Dodges, But They are Too Thin.

The infamous assault on the white women of this State which appeared on the 18th of August in the Daily Record, the negro paper published in this city, has aroused a storm of indignation from one end of the State to the other. We have received so many requests for copies of the STAR. containing this article that we herewith reproduce it in full, the accuracy of which is certified to by Col. John D. Taylor, Clerk of the Superior Court of New Hanover county, and by a number of our well-known business men. The article is headed:

Mrs. Felton's Speech.

"A Mrs. Felton, from Georgia, makes a speech before the Agricultural Society at Tybee, Ga., in which she advocates lynching as an extreme measure. This woman makes a strong plea for wamanhood, and if the alleged crimes or rape were half so frequent as is oft-times reported, her plea would be worthy of consideration.

"Mrs. Felton, like many other so-called Christians, loses sight of the basic principle of the religion of Christ in her plea for one class of people as against another. If a missionary spirit is essential for the uplifting of the poor white girls, why is it? The The morals of the poor white people are on a par with their colored neighpors of like conditions, and if any one doubts the statement let him visit among them. The whole lump needs to be leavened by those who profess so nuch religion and showing them that the preservation of virtue is an essen-

tial for the life of any people.
"Mrs. Felton begins well for she ad nits that education will better protect the girls on the farm from the assaulter. This we admit and it should not be confined to the white any more than to the colored girls. The papers are filled often with reports of rapes of white women, and the subsequent lynching of the alleged rapists. The editors pour forth volleys of aspersions against all negroes because of the few who may be guilty. If the papers and speakers of the other race would confemn the commission of crime because it is crime and not try to make it appear that the negroes were the only criminals, they would find their strongest allies in the intelligent ne-groes themselves, and together the whites and blacks would root the evil

out of both races. "We suggest that the whites guard their women more closely, as Mrs. Felton says, thus giving no opportunity for the human fiend, be he white or black. You leave your goods out of doors and then complain because they are taken away. Poor white men are careless in the matter of protecting their women, especially on farms. They are careess of their conduct toward them and our experience among poor white people in the country teaches us that the women of that race are not any more particular in the matter of clandestine meetings with colored men, than are the white men with colored women. Meetings of this kind go on for some time until the woman's infatuation or the man's boldness, bring attention to them and the man is lynched for rape. Every negro lynched is called a 'big, burly, black brute,' when in fact many of those who have thus been dealt with had white men for their fathers, and were not only not black' and 'burly' but were sufficiently attractive for white girls of culture and

refinement to fall in love with them as is well known to all." "Mrs. Felton must begin at the fountain head if she wishes to purify

the stream. "Teach your men purity. Let virtue be something more than an excuse for them to intimidate and torture a help less people. Tell your men that it is no worse for a black man to be intimate with a white woman, than for a white man to be intimate with

colored woman. You set yourselves down as a lot of carping hypocrites; in fact you cry aloud for the virtue of your women while you seek to destroy the morality of ours. Don't think ever that your women will remain pure while you are debauching ours. You sow the seed—the harvest will come in due time,"

THE AFFIDAVIT OF THE CLERK. An effort has been made by some of the politicians to fool the people by representing that this slander was a Democratic trick or was garbled, but the following affidavit from the Clerk of the Superior

Court settles the question as to its accuracy: NORTH CAROLINA, NEW HANOVER COUNTY. I. John D. Taylor, Clerk of the Superior Court of New Hanover county. do hereby certify that the foregoing is an accurate and true copy of an edi-

As the Republican politicians in this county could not call this assault a Democratic trick, or say it was garbled, they tried to break the force of it by repudiating the paper as a party organ and characterizing the editor as a "simpleton" who represents no one but himself. old story of fifteen or twenty Populists forsaking the evil of their ways and returning to the only party which insures pure, white, economical government, is of almost daily occurrence. Messrs. M. E. and Jos. Rouse, of Kenansville township, Duplin county, in conversation with a gentleman gave the news that fifteen Populists in that one township have announced their intention of coming back to the

Demorcatic party. This is an evidence of a wide sprea revolution of feeling among Populists, and one of the most hopeful signs of Democratic victory.

The two gentlemen referred to are perfectly reliable and the news they bring is certainly encouraging.

[Special Star Telegram.] KENLY, N. C., Sept. 21,-This was red-letter day for the Democrats in this (Johnston) county. The citizens of Kenly and vicinity gave a big barbecue and picnic, and the political issues of the day were discussed by Hon. E. W. Pou, candidate for solicitor in this district, and Judge H. G.

Connor, of Wilson county. By early morning people from Nash, Wilson, Wayne and Johnston began coming in, until we had an audience composed of about fifteen hundred white men and five hundred ladies. It is useless to say that both speeches were powerful in argument and sweeping in effect. Mr. Pou paid his respects to the present administration and made good his assertions that "It is impossible to fuse truth and falsehood." Judge Connor appealed to the patriotism of his hearers with

telling effect. There were several Populists and Republicans present who will long re-member this day and who will date their return to the white man's party from to-day.

SICK OR WELL, A RUSH NIGHT AND DAY,

The Packers at the Battle of Santiago de Cuba were ail Heroes. Their Heroic Efforts in Getting Ammunition and Bations to the Front Saved

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhosa in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations but thanks to Chamberlain's Colic. Cholera and Diarrhea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

By Telegraph to the Morning Star. NEW YORK, September 21.—Speculation in cotton to-day was quite tame. It was purely a local market with a considerable portion of the business done; the evening-up of old ventures. Liverpool cables about met expectations. tations. Weather reports were about a stand-off. Almost perfect conditions in the eastern and western portions of the belt were about offset by the fact that the severe wind and rain storm had swept over an extensive area in the central portion of the belt. At Vicksburg and Mobile 31 inches fell within 24 hours time and private dispatches claimed considerable damage had been done to the crop as a result. Port and interior receipts were only moderate and considerably under the movement of even date last year. Shorts covered in a small way on foreeasts for rains to-night and to-morrov in the Atlantic States, where sunshine and warm weather are needed. At the close the market was quiet and steady

at a net loss of 1@4 points. NEW YORK, September 21.-Cotton quiet; middling uplands 5 9-16c.

The Croatan's Political Interest Identical With That of the Democrats.

[Lumberton Robesonian.] MR. EDITOR-The negro says that if the Populist party goes up he is going up, and if the party goes down he will go down. The Croatans see that if the Democratic party goes up they will go up, and if it goes down they will go down. But I don't think we will go down this time. The white man is working for the best interest of the Croatans and the Croatans are work-

ing for the white man. Respectfully, J. E. JACOBS. Ashpole, N. C.
