STATE ASSEMBLY NEAR ITS CLOSE.

The House Adopted a Resolution to Adjourn To-morrow at Noon.

LITTLE WORK TO BE DONE

. The Penitentiary-Trustees for Colored and M. College-School Directors for New Hanover-Machinery Act. A Snow Storm in Raleigh.

[Special Star Telegram.]

RALEIGH. N. C., March 6 .- Th House to day adopted a resolution to adjourn Wednesday at noon, to meet wain on Tuesday after the second Monday of June, 1900.

At the close of to-night's session there is little really important work to be done beyond passing the appropriation bills, and ratification of bills, and · passage of some measures that will go through without opposition, Owing to some irregularities in the manner of holding elections, as compared with precedents set by former Legislatures, all elections of officers and boards were held again to-day and to night. As there is certain to be litigation over some of them, this was deemed advisable.

The following trustees were chosen for the colored A. and M. College: First district, W. R. Williams, Falk land; Second, W. W. Long, Littleton State at large, two years, W. L Kluttz, Salisbury; J. Y. Joyner, Greensboro, four years; M. C. Soble, Greensboro; Geo. T. Dunlap, Nor wood, six years; A. M. Scales, Greensboro; J. D. Currie, Carthage. A bill was to-night introduced to

appropriate \$50,000 a year for the next two years, to run the Penitentiary. A bill passed the House almost unanimously, only six votes being cast against it, to appropriate \$100,000 to the public schools of the State.

Other bills passed: To require county commissioners to revise jury lists at the June meeting and every two years thereafter. To authorize railroad commissioners to assess property that has escaped taxation. To require publication of applications for commutations. To charter of the Cape Fear and Northern railway. To make the law of negotiable instruments uniform with that of other States, being a revision and codification of the commercial law to prohibit the sale of liquor in certain localities (Omnibus bill). To put blind Confederate soldiers on first class pension list. To authorize the printing committee to meet during recess of the Legislature and re-award the contract for the public printing if the necessity arises. To protect sturgeon in New Hanover and Pender counties. To appropriate \$5,000 to the State Normal School at Greensboro for a gymnasium and library. To incorporate the Atlantic and Western Railroad, to run from Goldsboro to Concord. To appoint school directors for the State; those for New Hanover county are Donald MacRae, W. A. Johnson and P. B Manning. To repeal Chapter 103, Laws of 1879, relating to public wharves and depots. To authorize the town of Fremont to subscribe \$20,000 bonds of the Great Eastern Railroad. To request the North Carolina delegation in Congress to use its influence for the passage of a pure food bill. To appropriate \$7,500 for water works and sewerage at the University. To pre-

The Senate to night considered the machinery act and passed it on second reading, after defeating the section imposing a tax on gross earnings of railroads. The vote was 26 to 12. The Vance textile school bill was

tabled. The bill to issue bonds to pay the indebtedness of the penitentiary and buy farms passed third reading. They bear four per cent. interest and are payable in ten years after January 1st, 1899.

Bill to give courts of this State injunction relief against foreign corporations passed final reading, as did a bill in regard to removing cases from one county to another.

An act in respect to filling vacancies ic the Judicial department passed final reading. It provides that all vacancies occurring by death or otherwise in the office of Judge af the Supreme Court or Judge of the Superior Court, of this State, shall be filled to the unexpired term at the next general election for members of the General As sembly, held after such vacancies are created. That persons elected at such elections shall be commissioned by the Governor, immediately after the ascertainment of the result, in the manner prescribed by law, and shall qualify and enter upon the discharge of duties of the office within ten days

after receiving such commission. Late this afternoon Robert H. Jones, a citizen of this place, and Representative Powell, of this county, had a fight | behalf of members of the House, a solid in the rotunda of the Capitol. It grew out of the fact that Powell opposed the election of Jones on the Agricultural Board. The altercation caused a great sensation.

A snow storm began here to night at added another star to your crown." 11 o'clock and the thermometer is falling rapidly.

RALEIGH, N. C., March 7.-The House has been in session again all day, from 9 o'clock this morning to 11 o'clock to-night. A large number of bills have been passed, including the principal appropriation bills. These were as follows: For the statue of Vance in the Capitol square at at the conclusion of his remarks, which Raleigh, \$5,000, to be used in connection with money collected by private contribution. For sewerage at the A. and M. College, \$2,500. For Blind In- things expected of the Legislature and

port, \$12,000 contingent and \$15,000 other things he said: "In dealing or repairs. For Goldsboro Insane Asylum (colored), \$45,000 annually is a matter well worth careful considfor support. For State Penitentiary \$50,000 annually for support.

Other bills passed: To regulate trials before justices of the peace in New Hanover county. To require railroads to equip cars with automatic couplers and brakes. To allow sale of Nelson's Ferry in Craven county. To award contract for public printing. To pay expenses of Wilson investiga- of tion. To make null the act authorizing the issue of bonds for the Penitentiary in case the courts decide against | There is not a more interesting method the new directors. To provide for investigation of the Penitentiary and the Agricultural Department during the recess of Legislature. To provide plan for marking Confederate graves. To incorporate State Council Junior Order United American Mechanics. To establish meridian monuments at county seats of the several counties. To declare lower Little River, in Cumberland county, a lawful fence. To change the name of Hub, Columbus county, to Boardman. To prohibit games of chance. To make it a misdemeanor for persons to beat their way on railfoad trains.

The Senate to-day passed all the appropriation bills, disposed of the Revenue and Machinery acts and enacted a large number of bills into law. The bill appropriating \$100,000 to public schools of the State went through without a dissenting vote, and the Anti-Trust bill passed in an amended

Bill to authorize the corporation commissioners to assess railroads, telegraphs, canals, steamboats, express, sleeping cars, car lines, or any other transportation companies that have escaped taxation, passed final reading. A handsome silver service was to-

night presented to Lieut. Governor

J. C. L. Harris caused a sensation to-day when he appeared before the railroad commission as attorney for S. Otho Wilson, and stated that Otho did not waive his rights as railroad commissioner. The railroad commission met this morning. Chairman J. W. Wilson presiding, and Dr. Abbott and Mr. S. L. Rogers being present. The following was entered upon the record: "S. Otho Wilson, through counsel, J. C. L. Harris, protests against the assumption of duties of railroad commissioner by S. L. Rogers, as successor in said office of S. Otho Wilson, on the ground that said Wilson is, according to the law of the land, railroad commissioner, and by virture of an act. Chapter 320. Laws of 1891; and the fact that the said S. Otho Wilson, being not present in person to make this protest and at the time of assumption of these duties by Mr. Rogers is not to be taken as an abandonment by said Wilson to the title of office, and he does not abandon the same, but claims he is a railroad commissioner by provision of said act."

This is construed to mean that Otho Wilson will contest for the place to which Mr. Rogers has been elegted. It will be remembered that Otho wrote out his resignation and presented it to both the Speaker of the House and the President of the Senate before he was reinstated, and after reinstatement the resignation was accepted.

RALEIGH, N. C., March 8.-The General Assembly of North Carolina, for 1899, adjourned to-day to meet again Tuesday, after the second Monday in June. A few bills were passed by both the House and Senate, but none of them was of public importance. Most of the session was devoted to ratification of enrolled bills.

A resolution was adopted giving clerks and employes five dollars extra for night work. Another resolution thanked newspaper correspondents for their accurate and impartial re-

A handsome bouquet was sent Speaker Connor by ladies, teachers of Peace Institute.

Abbott offered a resolution appropriating \$100 for expenses of the funeral of any member of the Legislature who dies from sickness now suffered, and that this amount be payable to Rex Hospital, Raleigh. This was intended to cover the case of Representative Trotman of Gates, who is dying at that hospital of pneumonia.

The Speaker appointed the following twelve commissioners to represent North Carolina at the Paris Exposition: John S. Cunningham, John C. Drewry, Joseph'A. Holmes, T. K. Bruner, Charles E. Johnson, J. L. Currie, W. B. Council, Clayton Giles, Julian S. Carr, Nathan O. Berry, J. D. Murphy and Jas. A. Bryan; alternates: H. C. Wall, John Wood, Fred Phillips, W. R. Odell, R. H. Hanes, D. Y. Cooper, Ashley Horne, Charles W. Worth, J. S. Westbrook,

M. C. Toms, and Hugh Chatham.

At 11 o'clock Mr. Patterson, Robe

son, was called to the chair and Mr. Overman, in the happiest style, presented to Speaker Connor, on silver tea service. "Take it home with you," he said, "as a testimonial of your faithful service. You have won the lasting regard and esteem of all the members of this House. You have There was great applause from the floor and galleries. ters for such enterprises that we have been called upon to enact into law. It eration whether there should not be an improvement in the general law providing for the incorporation of private companies and associations, thereby saving much time which should be

devoted to the consideration of public measures. The large number of charters for cities and towns sent aus from different sections the State show a healthy interest among the people in regard to the problem of municipal government. of studying the history and development of a people than through their laws, and there will be few more interesting chapters in our history than the public and private laws of 1899. That much has been done for the welfare of the State the most critical will admit; that much has been left undone we recognize and admit.

YAs the presiding officer of this House I have had opportunity to watch with care the words and actions of its members. I have seen nothing said or done which did not proceed from an honest desire to advance the best interests of the State.

"We commit our work to the fair and just consideration of the constituency who confided to us their highest and best political interests. We must, however, keep in mind the great truths that States like individuals are in the keeping of the God of nations, and in so far as we live in harmony with this divine will, we will in our individual as well as national interest, grow in strength and prosperity.

"It affords me pleasure in this last hour of the session to say that in the discharge of the duties of presiding officer, I have had the kind and considerate support of every member of this body. No unpleasant incident mars the memory of our association. There has at all times prevailed deference and courtesy among the members. I am sure that without regard to party or political differences, we separate with naught but kindly sentiments one for the other.

The attendance has been unusually good. Numbers of the members have been detained from the House by sickness, and it pains us to note that one time in the Nineteenth century, the General Assembly of North Carolina has met, and is now ready to adjourn. For reasons deemed wise, to us, we have, as the constitution provides we may do, determined to adjourn to a day certain. In accordance, therefore, with the joint resolutions of the two houses, I'do hereby declare this House adjourned to the fifth day of

NEGRO SOLDIERS CAUSE TROUBLE.

The Tenth Regiment of Immunes Mustered Out at Macon, Georgia.

FIRED SHOTS FROM THE TRAIN

White Boy Wounded at Macon-Outrageous Conduct at Griffin-Police Powerless-Militia Called Out. A Trainman Shot.

By Telegraph to the Morning Star. ATLANTA, Ga., March 8 .- The Tenth mmunes, Colonel Jones, who were mustered out at Macon to day, began to show their ill-temper as soon as the train bearing the negroes home began to move out of Macon. Producing revolvers and other arms which they in some way managed to smuggle, with them they began firing from the windows. Bullets flew in every direction as the train sped on, and passers-by were compelled to seek shelter. Luckily only one person was shot in Macon, Will Goodyear, a 16 year old white boy, whose arm was badly fractured by a ball. As the train passed the various stations on the road the rioting was renewed, shots being fired from the train at the people standing on the platforms to see the train go

At Griffin, where the first section of the train stopped about 2 30 this afternoon, occurred the most serious trouble of the day. The regiment came over the Central of Georgia railroad in three sections. When the train stopped at Griffin the negroes who by this time had filled up on whiskey, began firing their pistols and yelling like Indians. Over two hundred shots were fired and the police were powerless to resist. The city was at the mercy of the negroes who kept up a fusilade until the train carried them beyond the city limits.

The news of the outrageous conduct spread rapidly over Griffin and it was determined that the next section of the regiment should be held in check. Mayor Davis telephoned Governor Candler, asking him to order out the Griffin Rifles. The Governor sent him word that he would consult the authorities and instruct him in a few minutes. Mayor Davis then ordered out the company on his own responsibility, as there was no time to lose. The Rifles were given five rounds of ammunition and under command of Lieutenant David marched to the depot. In addition to the militia the Mayor and Sheriff Morris deputized nearly one hundred citizens to assist the officers in preserving peace and

About 5:15 P. M. the second section came in sight and above the roar of the train could be heard the rattle of the firearms which were then being dis charged indiscriminately When this train came to a standstil the negroes saw 200 heavily armed men, who commanded them to keep quiet. The negroes were awed, and with a few exceptions were as docile as lambs. To those who proved fractious cracked heads were administered. When the train pulled out from the

depot and the negroes thought they were out of reach of the citizens, they began firing at houses. At the first shot a volley was poured into the train by citizens and militia. George Agee, a trainman, was fatally shot in the abdomen, and one negro slightly wounded.

There was no trouble in Atlanta, as the police prepared for them. LOUISVILLE, KY., March 8.-The Eighth U. S. Immunes presented a battered appearanced when it reached Louisville to-day. They reported an encounter in the depot at Nashville, and about fifty of them bear marks of the affair. Officers say the trouble was unprovoked, Captain Jacob, of this city, says that proceedings will be instituted in the United States court against the city of Nashville.

NASHVILLE, TENN., March 8. about five hundred men of the Eighth immunes, mustered out in Chattanooga, reached here just before midnight last night. Fifty police and detectives were at the station to preserve order. The sergeant who had shot two people at Chattanooga was searched for but not not found. The police used their clubs effectively in forcing the negroes to give up their pistols and remain in the cars, but there was no firing. The police were refused admittance in one car by armed negroes at the door. The forced their way in, demanded all weapons in this car and there was much clubbing, some negroes being badly clubbed.

APPEAL FOR AID FOR SUFFERING CUBANS.

General Ludlow, Governor of Havana, Tells of the Suffering and Desti-

tution in Havana. By Telegraph to the Morning Star. NEW YORK, March 8.-Brigadier

General William Ludlow, Governor of Havana, has written a lengthy letter to the Evening Post, describing minutely the conditions in the Cuban capital, and appealing for assistance for Cuban charities. General Ludlow refers to the local administration of Havana as a "serious and laborious task." Touching especially upon the matter of keeping Havana clean, General Ludlow writes that cleaning and sanitation are carried on "under every difficulty of a century-old accumulation of evils." The destitute. ie says, are found in greater numbers in Havana than in the other pro vinces. "In this department," writes the Governor, "which include the city of Havana and its suburban west, south and east the between rivers Almendares and Colimar, the desitute drawing rations approximate 20,000, who must for the present be fed or permitted to starve. Employment of the able-bodied males on street cleaning, collection of garbage, repairs to streets and road cleaning, disinfection of large buildings and military structures and the like work, have constituted an immense assistance in this respect by enabling the 2,000 or 3,000 employes to feed themselves and those immediately dependent upon them; but here is still a very large number for whom at present, occupation cannot be furnished. It is one of the distressing features that a great proportion of the destitute are women and chil dren, whose men have died or been killed in the waste of war, while 20,-

000 or 30,000 are aggregated as an army practically idle and dependent upon the country for their maintenance instead of being at work earning their living and supporting their families. It is almost impossible, in the average case of the women, to find anything for them to do, and this helpless class make special appeal to sympathy. The charitable institutions of Ha vana. General Ludlow declares to be quite inadequate to meet the emergency. He cites, as an instance, the 'Casa de Las Vidas" (home of the

widows), a structure in the capital occupied by the widows of Spanish of-Of this institution General Ludlow says: "Upon assuming direction of affairs it is found that the ensions of these women had not been paid for over a year and that they had been left bellind when Spanish forces abandoned the island, absolutely without the means of obtaining food. There are at present in the home a total of over 200, of all ages-seventy women, ninety girls and fifty boysare almost all entirely destitute, and, vation and the absence of medical or other supplies, are deplorably reduced and have much sickness among them. It can be imagined how this aggregation of a quiet, gentle, suffering, and almost silent class appeals to the sympathies. Many of them are well born. accomplished and educated, totally unable to do anything for themselves, and with the ignorance of children as to means of support. They profess themselves, and in many cases doubtess with sincerity, willing to do work, even the roughest; but without any qualifications they would be practi fally useless to an employer. They could teach, perhaps, but the schools are not open to them. They are alien to the community in which

they are compelled to live, with comparatively few friends. To meet the needs of these women. General Ludlow suggests that an association of women in the United States might take account of the matter and perfect arrangements by which the institution should be otherwise maintained than as a temporary military exigency. There are numer ous kindly disposed and charitable people in Havana-many who are busily engaged in charitable work with the sick and the orphans—but their means are quite inadequate, and assistance would be gladly received from the charitably disposed in the

United States." The Governor concluded by saying that Mrs. Ludlow, who was taking a strong interest in the matter, would be glad to receive any communication on the subject or such contributions of food, clothing or money as might be forwarded.

Half a Dozen People Injured in the Trouble

With the Eighth Immunes. By Telegraph to the Morning Star. CHATTANOOGA, TENN., March 8.

No one will die as a result of the rioting in which the men of the Eighth immune colored regiment engaged here last night. But half a dozen people injured will be laid up for several months. Inspector Harkins, policeman Poe and A. J. Lodford are severely wounded, but their injuries will not prove fatal. Three soldiers were, shot in the disturbance, but their names could not be learned. In addition to those injured here, three soldiers were shot on a Southern railway train between Chattanooga and Knoxville. The shooting was done by soldier who escaped from the train at Athens, Tenn.

By Telegraph to the Morning Star. NEW YORK, March 8.-The cotton market failed to improve more than one point advance, secured on the opening call, in the face of bullish caoles, more or less bad weather in the South and the list of favorable factors which have been the stock in trade of the bull interest so long, including the talk of wet lands, backward planting, good trade in cotton cloths, orders ahead at most spinning centres, firm Southern markets, etc. This failure was due to a more or less steady stream of liuidation orders, said to be in good part from Wall street, although the selling soon extended. Later, it was claimed that certain Wall street people were buying again; but as a rule liquidation was the order of the day. The selling pressure was chiefly directed against August and the nearer positions. The market closed steady at a decline of 5
