RALEIGH, N. C., March 13,-Already steps are being taken for the erection of the Vance statue in Capitol Square, for which purpose the Legislature appropriated \$5,000. At a meeting of the executive committee of the Vance Monument Association, Mr. R. H. Battle, the president, and Mr. Joseph G. Brown, the treasurer, were appointed a committee to act with Mr. J. D. Busbee and Mr. S. L. Hart, the committee, to select the location for the monument. It is probable that the east entrance to the square will be chosen the Confederate monument being on the west and the Washington Statue on the south. The Worth Bagley monument will probably be at the north entrance. Artists are invited to submit plans and designs for the Vance statue.

Tom Jones, a white farmer, living near Cary, four miles from here, was killed Sunday morning by the 2.30 Southern vestibuled train. The man was drunk and had sat down on the track near the penitentiary. The engineer saw him in time to reverse his engine and apply the brakes, but before the train could be stopped the pilot had struck the sleeping man, breaking his neck and crushing his chest. About two miles from this spot, a year ago, a passenger train killed Jones' little child who was playing on the track near its home one afternoon.

"I am told now that I. T. Avery has been appointed by Judge Stevens solicitor for Burke—that W. C. Newland is to be appointed for Caldwell; G. G. Eaves for McDowell; W. L. Lambert for Mitchell, and G. E. Gardner for Yancey. This leaves a district composed of three counties—Ashe, Watauga and Catawba, a district of which I am not a citizen. Since the Legislature has seen fit to take five counties, including my own, out of the district, and place other solicitors over them. I will make no contest for the little that is left. Mr. Harshaw can have it, undisturbed, at least until the Legislature convenes again.'

This is \$40,000 more than it had been supposed to be.

"It is hard," continued Mr. Newland, "to conceive the affairs of an institution in a bigger tangle or worse condition. It seems as if every man connected with it, from bell-boy up, has been ordering goods and supplies

[Special Star Telegram.] Labor Commissioner Hamrick's term expired to-day, but he has refused to surrender the office. This morning B. R. Faison assistant commissioner, and together they made formal demand for the office Hamrick refused, contending that the Legislature had no right under the constitution to elect a commissioner. or any officer, except those of the two respective bodies. This contention is based on the decision of the Supreme Court, Volume 68, in the case of the people of North Carolina ex-rel. John Nichols and others vs. Wm. H. Mc-Kee and others. In this opinion the court holds the Legislature, like other departments of the State government acts under grant of powers and cannot exceed that grant. There is no express grant of power to the legislative department to appoint to office; but there is an express prohibition. The general appointing power is given to the

# **SMALLPOX IN** NORTH CAROLINA.

The Disease Rapidly Assuming the Proportiods of an Epidemic.

CASES IN TWENTY COUNTIES.

State Board of Health Has Appointed as Inspector to Visit Infected Districts. Vaccination Will be Ordered Unless Disease is Checked.

By Telegraph to the Morning Star

RALEIGH, N. C., March 15,-Smallpox coutinues to spread in this State. Up to to-night its appearance has been reported in twenty counties of the State. The latest cases reported are from Guilford, Moore and Warren. The counties in which cases have

been reported to the State Board of Health are: Currituck, Pasquotank, Perquimans, Gates, Bertie, Tyrell, Edgecombe, Warren, Wayne, Ala-mance, Guilford, Buncombe, New Hanover, Northampton, Johnston, Wake, Columbus, Halifax, McDowell, and Moore.

So rapidly is the disease assuming the proportions of an epidemic that the State Board of Health has appointed a smallpox inspector. Dr. Henry F. Long, who successfully treated seventy-five cases in Iredel county last Summer, was selected. He will visit infected districts, compel quarantine of patients and direct their treatment. He began service this morning, going first to Warrenton. From there he will go to Burlington. The disease is worse at these points than anywhere else. It is especially bad among the mill operatives at Burlington. Compulsory vaccination in the town and county has

been resorted to. Compulsory Vaccination. At Greensboro the authorities have given the people three days' notice to be vaccinated, and failure to comply

with the ordinance will subject the offender to twenty dollars fine. There is one case in Wilmington and it is rigidly isolated. The town of Clinton, in Sampson county, has quarantined against Wilmington and Norfolk.

The greatest secrecy prevails in in-fected districts as to the extent and fatality of the disease, and this is one of the reasons that induced the Board of Health to appoint an inspector. Unless the epidemic is speedily checked, compulsory vaccination will be ordered over the entire State.

Many Cases in Virginia.

RICHMOND, VA., March 15,-There are a good many cases of smallpox scattered throughout the eastern part of the State, but the disease is of a mild type. Deaths are rare. In a few counties it has not been deemed wise to hold the courts this month. Prisoners from communities where the isease prevails are not being brought to the penitentiary here, lest it should be introduced in the prison, and this policy has been entirely successful The information obtainable to-night as to quarantines that have been established is meagre, but no quarantine is maintained here.

A certain nervous tension and uneasy restlessness, especially during the evenings, is noticeable in the vicinity of Central Park, where the men congregate and talk politics. The police have orders not to allow groups to assemble, and are dispersing them. This causes uncomplimentary comment about the force, the people declaring that the police are interfer ing with their rights and freedom. General Gomez conferred with Gov

Duel Declared Off. By Telegraph to the Morning Star. NEW YORK, March 15 .- Without showing special activity the market for cotton ruled generally firm all day. The loss sustained yesterday was recovered within the first few minutes, and a further gain was scored later in the morning on a small rush of shorts to cover, together with moderate buying in the deliveries by foreign representatives, inspired by unfavorable news from the cotton belt and unmistakable evidence of a better feeling in speculative circles abroad. In the afternoon, however, interest in the market fell off to narrow scalping business, except at the close, when the usual spurt of activity occurred. The opening was steady, with prices one to three points higher, and almost immediately the to ten points. The close was steady at a net gain of four to five points. An advance of one to two points in futures and sales of 12,000 bales spot cotton at well sustained prices in the Liverpool market to-day, had hardly en-tered into the calculations of shorts at the close last night nor had widespread precipitation in the cotton belt been anticipated.
