SOME DAY. EUGENE FIELD.

Last night, my darling, as you slept, I thought I heard you sigh,

And to your little crib I crept And watched a space thereby; Then I stooped and kissed your brow For, oh! I love you so!

You are too young to know it now, But some time you shall know. Some time, when in a darkened place Where others come to weep,

Your eyes shall look upon a face Calm in eternal sleep; The voiceless lips, the wrinkled brow, The patient smile shall show-You are too young to know it now, But some time you shall know.

Look backward, then, into the years And see me here to-night-See, O my darling, how my tears Are failing as I write-

And feel once more upon your brow The kiss of long ago-You are too young to know it now, But some time you shall know.

The Corporation Commission-The Jim-Crow Car Law Goes Into Effect at Once-State Banks.

[Special Star Correspondence.]

KALEIGH, N. C., April 6. The New York Journal this morning sent by steamer, leaving New York at 10 o'clock, Mr. Walter Steward as a special commissioner to present to Capt. Coghlan and the crew of the Raleigh the congratulations and welcome of the mayor and citizens of New York and of Admiral John Philip, commander of the North Atlantic station. This commissioner will also present, on behalf of the people of this city, the following message from Mayor Powell:

The Corporation Commission is in session again to-day, prescribing rules and regulations for the trial of cases before it. Other preliminary work to be done at this first meeting is to make rules regulating freight and passenger tariff; rules regulating the transportation of freight and passengers; to fix telegraph, telephone and express rates; prescribe rules in regard to the banking and building and loan business of the State. This work will consume all of to day and probably part of to moreous part of to-morrow.

The Commission, being entirely a

new one, will not accept the rules of the Railroad Commission, or try any of the cases on its dockets. All complaints must be filed anew.

AFFAIRS IN CUBA AND PORTO RICO.

Gen. Gomez to be Reinstated as Commander of the Cuban Army.

PREPARATIONS TO DISBAND.

The Payment of Cuban Troops-Annexation Peeling in Porto Rico Strong and Unanimous, - Objections to Military Occupation.

By Cable to the Morning Star. HAVANA, April 8 .- The Generals have not yet officially notified Gen. Maximo Gomez of his reinstatement in the command of the Cuban army. Bartolome Maso and Mayia Rodriguez have been named as members of the executive advisory board. The wrangling over the naming of the third

member continues. Some of the Cuban generals who are not actually in command of forces met informally at the Hotel Ingletarra last night and protested against the action of the other Cuban generals, declaring that they, as generals, have as much right to assist in the de-liberations and to be heard as those in actual command of forces. The other generals insist that only commanders of forces have a right to take action. There is no doubt Gomez will eventu-

ally be reinstated. Dr. Brunner, the chief quarantine officer of Havana, has begun to use the plant established for the disinfection of outgoing ships bound to South-ern ports of the United States. This is the first use of disinfection at the port of departure. The health authorities of Louisiana and Alabama will admit such ships. Those of Florida and Georgia will not do so.

Payment of Cuban Soldiers.

General Maximo Gomez had a talk with Governor General Brooke to day, in the course of which he said that General Mayia Rodriguez and General Bartolome Maso, former president of the Cuban republic, would act as a committee of the army with him to aid General Brooke in the distribution of the \$3,000,000 advanced by the United States for the payment of the Cuban troops. The governor general replied that he would be pleased to have Generals Rodriguez and Maso take part, as they were representatives of the Cubans.

General Gomes will be formally as the company of the company of the cubans.

General Gomez will be formally no-

officially informed him of the contemplated action. Another meeting was held this morning, but several of the commanders had returned to the country during the night and consequently were not present. The whole matter has assumed a farcical aspect. The scoffers express doubt that any concerted action will be taken, but to morrow will probably determine the

Annexation Feeing In Porto Rico.

Senor Luis Munoz Rivera, former secretary of state in the Porto Rican cabinet, sailed for New York to-day on the steamer Seneca. Senor Rivera declares that the annexation feeling in Porto Rico is strong and unanimous and that the only thing that could alter it is the continuance of the American military occupation, which he considers incompatible with the progress of the island.

The Ninth Illinois regiment and a battalion of the Fourth Illinois are the only volunteer regiments left at Camp Columbia. The last six companies of the Sixty-ninth Iowa left to-day by the steamer Havana for Savannah. They will be quarantined at Pulaski. The Ninth Illinois will leave by the United States transport Logan for Tampa, as soon as the Logan returns from conveying the Third Nebraska regiment to the Dry Tortugas. The last battalion of the Fourth Illinois will go on the next trip of the steamer Yarmouth.

Believed to flave Been Caused by an Incendiary-Threatening Letters Sent - to a Servant.

By Telegraph to the Morning Star. NEW YORK, April 8.—Despite reticence on the part of the police, facts became public to-day which make it appear that the fire which yesterday destroyed thirteen persons was of incendiary origin. It transpired that a few hours before the flames were seen a policeman was sent for from the Andrews house and was mysteriously dismissed by a servant, who said he was not wanted. Letters threatening the lives of the Andrews family and the children of Mrs. St. John were found. It is believed that the motive for incendiarism was revenge, and that the affair arose out of a quarrel between the servants. Foley, the butler in the Andrews family, is under surveil-lance, and the police are hard at work investigating the clues, which chiefly rest upon the anonymous letters. Mary Flannagan, the dead maid servant, seems to have been a central figure in this alleged plot and the chief object of the supposed perpetra-

The police to day gave out three scurrilous, threatening anonymous letters which had been sent to members of the Andrews household. One was addressed to the servant, Mary Flannagan. The letters made charges against Mary Flannagan and the butler. In a letter addressed to Mrs. St John, the writer said: "I hope you and Mrs. Andrews don't think for one moment that I am reconciled or pacified with Mary Flannagan, for indeed I am not, and what is further, I will not be until I get my revenge. I feel that I have given warning enough, and I am going to fix her for life, and because you and Mrs. Andrews did not give heed to warning I am going to fix you too. I am going to make some one throw something in your nurses and children's faces that will disfigure them and eat all the flesh off the bone. This I will do for spite, because you did not let Mary go as I told you to do. You had just as well let her go first as last. You will have no girl alive when I get through with her."

An attempt has been made to assassinate the Czar's aide de camp, General Mauzey. He was stabbed in the throat by a servant, but the would-be assassin was overpowered. The wounds are not serious.
