so can any man.

"But will they come when you do call for them ?"-SHAKESPEARE. How quickly Hotspur's wise and witty retort tears the tragic mantle in which Glendower stalks, and shows beneath the seer's robe, the motley of the mounte-bank. Most people would have taken the Welchman at his word, and called him seer, without noting the difference between to call and to command.

Certain points of comparison are suggested between Glendower's tragic claim and the comic claim made in some specious advertisements. "I am a woman, I know all about woman. I understand woman, and I can cure woman because I am a woman." The modern Mrs. Hotspur puts her finger right on the weak spot of that clamorous claim by saying: Why if you can cure woman simply because you are a woman, then so can and so can any woman." Which very plainly brings out the common sense fact that the cure of diseases does not depend upon being a man or being a woman but does depend upon being a trained and experienced physician.

There is, as far as is known, no quali-

fied woman physician associated with any proprietary medicine firm. It is certain that there is no one, man or woman, who can show an experience or record equal to that of Dr. R. V. Pierce; more than thirty years of treatment of women's diseases with ninety-eight per cent. cured out of more than half-a-million women treated. Sick women can consult Dr. Pierce by letter absolutely free of charge. Every letter is held as strictly private and sacredly confidential. All answers are mailed securely sealed in perfectly plain envelopes. Address Dr. R. V. Pierce, Buffalo, N. Y.

NEWS FROM RALEIGH. THE INDUSTRIAL

Reduction in the Price of Gas to Consumers Made by the New Management.

ANOTHER IMPORTANT DEAL.

ce Factory and Refrigerating Plant - Farina Flour Mills-School Bonds-Milltary Squabble-N. C. Railroad Directors-Smallpox.

[Special Star Correspondence.]

RALEIGH, N. C., June 22. It is the intention of the new management of the Raleigh Gas Company to spend \$25,000 in making improvements and reduce the price of gas one half. The plant here now is a very fine one, but only gas from coal can be made. A water plant will be put in and water gas will be made. This can be supplied to consumers at 75

cents. They are now paying \$1.50.

Another important deal is the sale of the Buffin Roles furniture factory property to W. S. Forbes, & Co., of Richmond. The purchasers will put in a twenty-five ton ice factory and refrigerating plant, at a cost of about The stockholders of the Farina flour

mills have directed new machinery to be bought and the capacity of the mill greatly enlarged to meet the growing demand for its product. The directors at a recent meeting elected Mr. J. A. Jones, of the firm of Jones & Powell, as president and general manager of he mill.

The new township school bonds (\$50,000) will bear 5 per cent. interest. They have not yet been issued. Durham comes with a military squabble. The old company—the one that went to Cuba-complains to the Adjutant General that in its absence a new company was formed that "took possession of the armory and its property therein, and now refuses to surrender the same." It is added that since their return they have been reated "as intruders and imposters." A meeting of the finance committee of the North Carolina railroad direc-

tors was held to-day at Burlington. It was attended by State Treasurer Elisha Webster, a white convict who escaped from Halifax State farm last Saturday, was captured at Forestville,

this county, Tuesday evening and brought here to the penitentiary yes-terday. He was still wearing his convict stripes, and said he had had nothng to eat, except blackberries, since his escape Saturday.

Grand Lodge Knights of Pythias Closed Its Session in Payetteville-D. O. K. K. Banquet Wednesday Night.

[Special Star Correspondence.]

FAYETTEVILLE, N. C., June 22. The 29th annual session of the Grand Lodge, Knights of Pythias, of North Carolina, finished work and adjourned at 11 o'clock this morning to meet at Durham on the fourth Tuesday evening in April, 1900.

This session has been one of great enjoyment to all who had the privi-lege to attend the sessions of the Grand body, and the social pleasures incident to the occasion have elicited from the representatives from all parts of the State the highest praise of the proverbially hospitable people of this city, and our people have certainly enjoyed the presence of so many noble and clever gentlemen. In points of good looks and gentlemanly deportment, the gentlemen who composed the Grand Lodge of 1899 cannot be surpassed.

The D. O. K. K. Parade.

The D. O. K. K. have had "a time," and were we to judge the order of Knights of Pythias by the exhibition made by the D. O. K. K. in their parade on Tuesday evening, we would be forced to the conclusion that there is a ridiculous side of Pythianism. The scenes presented, however, was a burlesque, and in the practice of the grand and noble principles which govern the order—dignity, harmony, concord, friendship, charity and benevolence—give a more serious and pathetic significance to the organization.

A Grand Banquet.

The D. O. K. K. met in secret session at the Castle Hall, of Cumberland Lodge, K. of P., last night, and conferred the degree upon several candidates. After which the entire body with a few invited guests, repaired to the Hotel LaFayette and partook of a sumptuous banquet, prepared and served by "mine host," Mr. McI. Mat-thews, Manager, under the auspices of the D. O. K. K. The

Address of Welcome

was delivered by Mr. J. K. Myrover, and it is unnecessary to say that the audience was entranced with his eloquence, fer he is indeed one of the most gifted orators the State has ever produced. The elegant dining hall of the hotel was decorated superbly, and the tables presented the appearance of a veritable fruit and flower garden. Not until the hour of 2 A. M. did the assembly leave the dining rooms, and the break of day found many participants still revelling in the ecstacies of the occasion.

The Grand Lodge will never regret its session in Fayetteville. Nearly all of the Knights left the city to-day. H. EYE.

COMMISSION

Testimony of Two Officials, Both of the Department of

Agriculture.

If Organization Among Cotton Growers Took Definite Shape It Would be the Most Gigantic Trust in the World-Farm Laborers.

WARNING AGAINST TRUSTS.

By Telegraph to the Morning Star. WASHINGTON, June 24.—There were wo witnesses before the industrial commission to day-A. C True, director of the office of experiment stations, and George K. Holmes, a statistical expert, both of the Department of Agriculture.

Dr. True advocated the government employment of travelling professors for the benefit of farmers' institutes, and advised instructions in nature, especially in rural schools, as preparation for agricultural instruction. The movement for agricultural instruction in the United States, he said, is only part of a world wide movement, including Egypt and Turkey. He pointed out that all this meant competition for

ita earnings of farm laborers was \$227 without board, against \$227 paid to persons in domestic service, \$427 to miners and \$445 in the mechanical arts. He concluded, the condition of the farm laborer was wretchedly poor, while the farmer was but little better. The farmer receives an average of only \$22.61 per month, counting nothing for interest, according to his estimate. He urged the commission to remember the agricultural trusts in their recommendations, citing numerous fruit associations, milk producers' associations, and said an existing tendency toward organization among cotton growers, if it took definite shape, would be the most gigantic trust in the world. He thought farmers' co-operative associations should be under State supervision

to safeguard the members. The Southern States, he suggested should take means to limit the percentage of liens on growing cotton crops. He considered the credit system in the South responsible for the

over production of this staple article. The commission then adjourned until September 5th.

PENITENTIARY CLAIMS.

Worth and the Executive Over \$200,000. Delaying Payment.

[Special Star Correspondence.]

RALEIGH, N. C., June 23. The dispute about payment of the penitentiary claims continues. The State Treasurer adheres to his determination not to pay them unless they are made out in accordance with the decision of the Attorney General, and the Executive Board declare they will make no change in the warrants; that f paid at all they must be paid as now drawn; that the remedy for those holding these claims is a mandamus against the State Treasurer. The State Treasurer's books show

that before the Attorney General made his ruling in regard to the penitentiary claims, there was \$455.33 of claims paid. Since the Attorney General's ruling that only claims could be paid for debts due on January 1st, the following have been paid: Rents for 1898, \$1,299.78, \$920.10, and \$830.64 December, 1898, pay roll, \$880.30. These make a total of \$3,930.82. The total payment of the claims to date,

RECRUITS FOR THE ARMY.

About 5,000 at San Francisco Awaiting Transportation to Manila. By Telegraph to the Morning Star.

WASHINGTON, June 24.—Recruiting officials at the War Department say the work is progressing with pleasing rapidity. Recruits have been received at the rate of 1,000 per week for the past three weeks, and there are now at San Francisco about 5,000 recruits awaiting transportation to the Philip-pines. Many of these are old soldiers, and the others are being rapidly drill-ed and broken in. The army is now practically recruited up to its legal maximum of 65,000 men, but it is understood that the recruiting at the present rate will be kept up for some time, or at least till the department receives further advices from General

WATER POWER OF THE ROANOKE RIVER.

Syndicate to Purnish Electricity for Light iug and Other Purposes-Grain Elevator-Penitentiary Claims.

[Special Star Correspondence.] RALEIGH, N. C., June 24.

A syndicate is being formed, headed by Senator Don Cameron, of Pennsylvania, for the purpose of utilizing the water power of the Roanoke at Weldon by furnishing electricity for lighting and power purposes to all the towns that desire it between Raleigh and Norfolk. A representative of the syndicate has been here this week making investigations in regard to the proposed enterprise. Senator Cameron is expected here next week.

It is the purpose of the Farina Flour Mills here to put in an elevator at a cost of \$10,000. Also, the old machinery will be replaced by the newest and latest improved machinery for making

Payment of Treasury Claims.

Chairman Travis, of the Executive Board of the penitentiary, to-day prepared a circular letter to be sent to all the holders of claims, in which he sets forth the position of the board in the matter, quotes the law requiring the vouchers to be made out by the board and points out that the same law requires the Treasurer to pay them, As this law leaves the Treasurer no discussion on the payment of these claims. Mr. Travis suggests that, the board having discharged its duty, the quarrel is now between the holders of the claims and the Treasurer, and that if he refuses to pay them they have their remedy in a mandamus by the courts.

Treasurer Worth says he hopes this course will be pursued; that he has the money and wants to pay it out, and that he suggested to the board a week ago that a friendly suit be brought to settle the dispute. The Methodist Orphanage.

Work will begin Monday on the Methodist Orphanage to be erected here-clearing off the site. The committee proposes to push the work now as vigorously as possible. Plans for the buildings will soon be prepared, and it is hoped that not many months will elapse before the home is ready to begin its great mission of caring for the needy.

Another large delegation of Kaleigh people to-day went down to Morehead to spend Sunday. Durham also sends good number. The building committee met here to-

day and awarded the contract for the Alumni building at the University.

Business Section of Laurel, Delaware,

DISASTROUS FIRE.

By Telegraph to the Morning Star. LAUREL, Del., June 24.-The most disastrous fire in the history of this town broke out early this morning in a pool room and with amazing rapidity wiped out most of the business section, aggregating an estimated loss of over \$200,000. The insurance scarcely reaches \$20,000. There were seventyeight buildings destroyed, including the two hotels, the bank building, the postoffice, two drug stores, nearly all the business houses and most of the homes of the most wealthy residents

of the place. When the fire was discovered a brisk wind was blowing and in a short time, the flames broke out in several other buildings. There being no fire companies or engines here, the town was soon at the mercy of the flames and nothing could be done other than attempt to move goods to a place of safety. Engines and help from Pocomoke City, Salisbury and Wilming ton were sent for and at 9:15 o'clock the flames were under control. By noon the fire was completely extinguished.

RIVER STEAMER SUNK.

Four Persons Drowned - Boilers Exploded As the Boat Went Down. Several Persons Injured.

By Telegraph to the Morning Star. COLUMBUS, GA., June.—The steam er Apalachee, of the People's Line, plying between Columbus and Apalachicola, Fla., which left Columbus last Thursday, was sunk in the Chipola river near Wewahitchka, Fla., late this afternoon and four persons were drowned. Mrs. S. E. Clark, of Chicago, a Mrs. McKnight and daughter, of Jackson, Tenn., and a deck-hand were lost. The Apalachee is a first class river boat. She struck an obstruction. The only information received here was in a brief telegram from the captain of the boat, John

Marcrum. The Apalachee had on board a list of one hundred passengers bound for different resorts in Florida. It is supposed here that the vessel got out of her regular course and struck a hidden obstruction. As she went down her boilers exploded, severely injuring several people The accident was seen from Wewahitchka and tugs were hastily dispatched to the scene. Their timely arrival prevented a greater loss of life. The Apalachee was built in Wheeling, W. Va., and was valued at

RACE TROUBLE AT TAMPA.

Himself Fatally.

By Telegraph to the Morning Star. TAMPA, FLA., June 24.-Tampa came very near having the Wilmington.

N. C., riot repeated here to day. Last week a negro woman was arrested by Officer Woodward for refusing to be vaccinated. The woman resisted arrest and a tussle was the result, the officer finally winning. M. J. Christopher, a negro newspa-

per man, who runs the Laborer's Union Recorder, severely criticised the officer, alluding to him as a sneaking cur and a tramp. To-day the men met by appointment in a negro restaurant and a fight ensued, the officer beating the negro man's head to almost a jelly with the butt of his pistol. The negro pulled his gun when the officer made his approach, but by some manner it was discharged, the ball taking effect in his abdomen and lodging in his spinal column, from which he died at 6 o'clock to-night. The negro population had been noti-

fied of the meeting of the two white men, and a large number of them were on the scene, loaded for any emergency, but when their principal was used so badly they weakened and a riot was avoided simply because the negroes had no leader.

that the chance to buy a FIRST-CLASS SHOE for a FOURTH-CLASS price, is not going to last forever, for the stock is selling faster and faster each day, and will soon be gone, and then you will have to wait until we can buy another Shoe house out at 25c on the dollar, before we can offer you the same bargain that we offer you now. The most stylish and best qualities of this stock is the part that is left,

to show the finest goods. We are going to sell this week a lot of Ladies' Fine Shoes in Black and Tan, from \$1.00 to \$2.00 that have been selling from \$3.00 to \$5.00. These are fine, stylish, up-to-date goods, whose quality and appearance will convince you quicker than our words. In Gent's Low-Quarter Shoes, both Black and Tan, we have that for which every one is seeking—"Something for almost nothing"—a \$2.00 Shoe for 90 cents.
