DON'T MAKE THE WRINKLES DEEPER.

(MRS. FRANK A. BREEK)

Is father's eyesight growing dim, Is form a little lower?

Is mother's hair a little gray, Her steps a little slower?

Is life's hill growing hard to climb? Make not their pathway steeper,

Smooth out the furrows on their brow.

O do not make them deeper! There's nothing makes a face seem younger,

As joy, youth's fairest token; And nothing makes a face grow older

Like hearts that have been broken, Take heed lest deeds of thine should make

Thy mother be a weeper; Slain peace upon a father's brow—

Don't make the wrinkles deeper In doubtful pathways do not go,

Be tempted not to wander; Grieve not the hearts that love you so,

But make their love grow fonder. Much have thy parents borne for thee,

Be not their tender keeper. And let them lean upon their tender love—

Don't make the wrinkles deeper. Be lavish with thy loving deeds,

Be patient, true and tender; And make the path that ageward leads

Some day, thy dear ones, stricken low,

Must yield to death, the reaper; And you will then be glad to know

You made no wrinkles deeper. —Lutheran Evangelist.

NEWS FROM RALEIGH

U. S. Court of Appeals Reverses One of Judge Simonton's Decisions.

STANLY COUNTY BOND CASE.

A. and M. College—The Textile School. State Farmer's Alliance—Peabody School Fund—Colored Teachers' Institute.

[Special Star Correspondence.] - RALEIGH, N. C., August 11.

The executive committee of the A. and M. College is in session here. The committee met yesterday afternoon and for two hours at the college discussed principally the establishment of the textile school and selecting a site for the building. Last night they met at the Yarrowburg and were in session till after midnight. The most important action taken was to authorize the President of the board, Mr. Primrose, to borrow \$10,000, to be used in the erection of the Textile School building and to place such revenues of the college as may be necessary to secure payment of interest on the same. The president of the college is also authorized to secure such funds for this purpose as he may be able.

The Farmers Alliance.

The State Farmers' Alliance, which has been in session this week at Hillsboro, adjourned yesterday. One of its most important acts was the appointment of a committee consisting of the most energetic and able members of the three political parties, to draft an address to the farmers of the State urging them to join together to build up a great fraternal organization, such as the alliance was 18 years ago. As an experiment, State Superintendent Mebane, has this year spent \$300 of the Peabody school fund, that is to say, colored Normal schools in holding institutes for colored teachers. He is so far greatly pleased with the result and thinks the expenditure will prove to be a wise one.

The Next State Fair.

Mr. L. A. Carr, of Durham, has been appointed marshal of the next State Fair and has accepted the appointment. He will name a corp of representative business men of the State as his assistants. The fair is to be held at the old site, extending from Mr. T. M. Hall, Line railroad, at Dunn, four miles west into the pine forests, together with Mr. Hall's lumber interest and mill, has been bought by Mr. J. C. Angier, general manager of the Cape Fear and Northern railroad, which runs from Apex, on the Seaboard Air Line, to the Seaboard, at Hazlett, county pine forests. The link between the two roads will shortly be built. The trade cost Mr. Angier about \$15,000 cash.

Stany County Bond Case.

A telegram from Richmond announced that the Circuit Court of Appeals has reversed Judge Simonton's decision in the Stany County bond case, and remanded it with directions to dismiss the bill. The title of the case is the Commissioners of Stany County against Coler and Co. Coler filed a bill in equity before Judge Simonton to enjoin Stany County from repudiating its indebtedness on county bonds. Judge Simonton decided in Coler's favor and appointed a receiver. Stany appealed the case and it was heard at Richmond last Spring.

SPIRITS TURPENTINE.

— Mount Airy News: Cabbage growing played out in this section almost entirely a few years ago, but has been essentially new, large quantities have been raised in Surry county.

— Red Springs Citizen: We learn that there are already about twenty prisoners in the county jail awaiting trial at the October term of the Court. It is probable that an extra sitting will be required unless there is a let up to crime.

— Durham Sun: At a recent meeting of the directors of the Inter-State Telephone Company all the old officers were re-elected for another year. The directors also decided to move the factory here for the purpose of manufacturing telephones, at an early date.

— Monroe Enquirer: Samuel McDonald, colored, accidentally shot and killed himself last Saturday. While crossing a fence the hammer of the shot gun he was carrying struck a nail in the gun fired and the load entered McDonald's stomach, killing him instantly.

— Washington Progress: The heaviest rain that has been seen here in many a day fell on Saturday evening last. Parts of the town were under water. In the Aurora section crops have been badly damaged by recent rains. Flour to these recent rains they have the best crop that had ever been known in that section.

— Wadesboro Messenger-Intelligencer: Mr. E. F. Fenton, the well known collector of curios, has in his possession a repeating shot gun, made by the patron of the Colt's repeater. This gun was made in 1853 by Colts Bros., Bridgeport, Conn. It has five chambers and is fired by caps placed on the cylinder. The cylinder, not withstanding its age, it is in perfect working order.

— Charlotte News: The News learns upon the most reliable information that the Charlotte within a few months will have one of the finest and best systems of automobiles to be found in the entire country. People have often remarked that the roads of Charlotte and of Mecklenburg county appeared to be only waiting for completion by having the automobile to run over their smooth surfaces, and now this important matter is to all intents and purposes as good as settled.

— Monroe Journal: The Oil & Fertilizer Company is sinking a well on the site of the mill. They have gone 32 feet and struck a tremendous quantity of water, the yield now being 12,000 gallons per day. An engine and pump is required to keep clear enough for the workers to go down.

— Indian Star: A man who had been mad last Friday. Before it was stopped it had bitten six persons, most of them children of Messrs. Doss Hemby, D. D. Stinson, Hamp Starnes, and Frank Smith. The children were carried to a mad house in Charlotte. The dog was killed, beside about twelve others which had bitten.

— A gentleman informs us that on one occasion before the war there were encamped at Pleasant Grove 7,500 persons, by actual count. This did not include those coming in and out, but only the persons actually living in the tents, of which latter there were then three rows all around the ground. Very recently had camp-meeting in those days. The people came from above Charlotte and below Lancaster, and as far down as Camden.

PLOT AGAINST FRENCH REPUBLIC.

Many Arrests Made of Political Leaders and Others in Paris.

AN ORLEANIST CONSPIRACY.

Backed Up by Anti-Semite and Patriotic Leagues and the Young Royalist League Defied Arrest.

By Cable to the Morning Star.

PARIS, August 12.—M. Droule, founder of the League of Patriots and a member of the Chamber of Deputies, for the Angouleme division of Charente, was arrested at 4 o'clock this morning at his estate at Crocy, near Paris. A number of members of the Anti-Semite League and Patriotic League were also arrested this morning. M. Droule was taken into custody by four gendarmes and was driven to Paris in a motor car. He was incarcerated in the conciergerie prison. The arrest of M. Mariel Habert is expected. The police have closed the offices of the Patriotic League, which are now guarded by gendarmes. Refused to Surrender. When an attempt was made to arrest M. Guerin, president of the Anti-Semite League, he refused to surrender and barricaded himself in his house. He says he is prepared to hold out for several weeks, having a good stock of food and firearms. The doors and windows of his residence are barricaded and M. Guerin announces he will blow up his house before he surrenders. On the application of M. Ferri, searches of various houses were made this morning, including the headquarters of the Anti-Semites, where many important papers were seized. Altogether sixteen members of the Anti-Semite and Patriotic Leagues and the Young Royalists have been arrested. M. Guerin, as a deserter, is sent, armed with revolvers and pistols, still holds possession of his apartments, the headquarters of the Anti-Semite League, to which entrance is secured only after passing the gauntlet of a strong guard of Anti-Semites.

Discovery of the Plot.

It is reported that M. Andre Buffet, president of the Young Royalist League, has been arrested. It is reported that the officials unearthed telegrams sent to the Duke of Orleans from Brussels and to the president Faure's funeral, the first saying: "All our men are ready." The second telegram was dispatched the following day, saying: "It is useless to resist." An attempt at an insurrection against the government had in the mean while failed. Later, during the trial of M. DeRoule, traces were discovered of a fresh plot and of consultations at which the question was discussed whether the attempt should be made to secure the form of government before or after the Rennes court martial. The government thereupon judging that the time for action had arrived, ordered a number of arrests to be made all of which apparently have not been effected. The ministry of the interior declines to give the names of prominent persons arrested or who are to be taken into custody. When arrested M. DeRoule shouted: "It is rascally on the part of the government, which is trying to implicate me in the same affair as the Orleans who addresses I am."

To Seize the Government by Force.

A semi-official note issued this morning reads as follows: "A number of arrests were made this morning as the result of a ministerial inquiry and by virtue of Article 89 of the Penal Code, regarding a conspiracy organized for the purpose of accomplishing a change in the form of government. Persons implicated belong to the group of Royalist Youth and the Patriotic and Anti-Semite Leagues. At the trial of the Meully barracks affair facts relating to that incident alone were used as the basis of the prosecution; but searches were then made and documents were seized which led to the discovery of an organization dating back to July, 1898, and of a plot to seize the government by force. The documents I leave no room for doubt, either in regard to existence of the plot or as to the chief actors therein. After very close watch organized proof was obtained that the same groups were preparing for a fresh attempt at an early date, the proof being such as to enable the disturbance to be averted by immediate measures. The investigation of the affair is entrusted to M. Fabre, examining magistrate."

RELIEF FOR PORTO RICO.

Appeal in Behalf of the Storm Sufferers Meeting With Hearty Response. Ship to Sail Monday.

By Telegram to the Morning Star.

WASHINGTON, August 12.—Response to the appeal of Secretary Root for aid for the suffering and destitute in Porto Rico are coming in from the Mayors of the different cities in the most gratifying manner. Promises of money, food and clothing are made, and it is said that the work of relief will be commenced immediately and pushed with all vigor. The War Department is already assured of having a full shipment for the McPherson, which sails next Monday. In addition to the peans and rice ordered by the subsistence department, the ship will be filled with donations that have been generously offered. The Secretary has designated the Bank of North America, New York, as the depository for funds, and Col. E. F. Jones, Chief Quartermaster, to receive supplies and provisions. His office is in the army building, Whitehall street, New York.

QUARANTINES RAISED.

Yellow Fever Situation—No New Cases and No Deaths at the Soldiers' Home.

By Telegram to the Morning Star.

NEWPORT NEWS, Va., August 12.—There is no change in the situation at the Soldiers' Home. "No new cases and no deaths" is the official report today. The quarantine against all points east of the North cities, as well as Norfolk, was resumed. Baltimore, Philadelphia, New York and Boston raised the quarantine at 6 o'clock today, against the coming of ginnia points except the Home and Phoebus.

THE ROUND BALE TRUST.

[Fairfield, S. C., News and Herald.] No one questions that the present system of packing cotton for the markets needs improvement. A casual observer will notice the great loss by wear and tare in handling the square bale as it is generally packed and brought to market. The round bale may be an improvement, though many competent authorities are condemning it. But the machinery for turning out the round bale is in the hands of a big trust, the American Cotton Company.

ADVICES FROM MANILA.

Town of Santa Rita Occupied by General MacArthur's Forces—Philippine Still Holding Angeles.

By Cable to the Morning Star.

MANILA, August 12.—Advices from Calulut, under date of August 11th, report that General MacArthur took the Ninth regiment, a battalion of the Twenty-second and detachment of the First artillery from Calulut to Santa Rita, near Bacolor, on Friday morning. The entrance of the troops into the town was not opposed, the insurgents fleeing as the American approached. The troops had a hard march of ten miles, in some places being obliged to wade waist-deep in water, and many of the men were sick. The troops will spend the night at Santa Rita and proceed Saturday. Lieutenant Hazard, of Gen. Wheaton's staff, with five scouts of the Iowa regiment, marched up the railroad into Angeles. A small force of rebels attacked the scouts outside the town, and Lieutenant Hazard sent for reinforcements. General Wheaton's orders were, however, that the Americans should not occupy Angeles, and a force of 600 or 700 rebels appearing Lieutenant Hazard retired.

MORE TROOPS NEEDED.

A Call for Volunteers Under Consideration at the War Department.

By Telegram to the Morning Star.

WASHINGTON, August 12.—Secretary Root has under consideration the question of calling for volunteers. While he has not decided definitely to do so, preparations are being made for the call should it be decided to issue it when the thirteen regiments now being called are advised. It is said that additional troops may be needed to relieve those who have served some time in the tropical countries. It is also suggested that it may be necessary to increase the army of General Otis. Secretary Root has under consideration suggestions from General Brooke for bringing home some of the troops now in Cuba. It has been practically determined to have five battalions sent to the United States.
