HIGH PRICES FOR SPIRITS WILL CONTINUE FOR 1899.

Predictions of Prominent Naval Stores Men As to the Future of the Turpentine Market.

The following article from the Savannah Morning News regarding the condition of the spirits of turpentine market of that city will be interesting to Wilmington dealers:

"The days of 25 to 30 cents spirits of turpentine have ended," said a promi-nent naval stores factor to a Morning News reporter yesterday. "I am satisfied that last year reached the maximum. Had it not been for the freeze this year's crop would have doubtless equaled or perhaps excelled last year's and established the high water mark for the trade. As it is now, last year's crop is likely to prove the record crop. 'As the result of the freeze the yield

this year is estimated to be 20 per cent. less than it would otherwise have been and the crop is expected to fall 15 per cent short of last year. Both operators and factors were badly fooled by the freeze. There was some talk of damage to the trees just after the severe cold wave in February, but little impor-tance was attributed to it, and the mat-ter had teen almost forgotten until the noticeable shortage in the yield this sammer brought the report very forcibly to mind. Operators generally reported that their crops were yielding anywhere from 10 to 33½ per cent. less than they had a right to expect, judging from their experience in former years, and the reduced receipts have verified their reports."

The factors usually estimate that one half the crop will be received by Aug. 1. The four months of April May and June furnishing one-half the year's supply and the remaining eight months the other half. It is estimated that something over half the crop is now in. This causes the factors to believe that the present high prices will be maintained for some time to come. Spirits were quoted yesterday at 471 with a steady demand for do-mestic supplies and several transac tions were made at this figure. It was freely predicted that the price would go to 50 cents before the end of the week and that in all probability it would reach that figure to day.

With the exception of a few small contracts sold for September the work of filling contracts will be completed this month and a great burden will be rolled from the minds of factors and operators alike. The amount of contracts sold last spring was unusually large; and the unexpected shortage in the crap has forced the factors to strain every nerve in order to fill the contracts which they had sold for themselves and their customers. Many operators oversold their production, no allowances having been made for the effects of the freeze upon the yield, and the buying of spirits to fill these with the abnormal conditions of the "There will be less surplus to be car-

ried over April 1 than in any year for a number of years past. Hence I am inclined to believe that high prices will continue indefinitely. The day of 25 and 30 cents spirits has pass-ed. The crop has reached its maximum, and with the increasing demand every gallon of spirits which can be produced hereafter will be in demand. The high prices received this year will undoubtedly encourage the operators to make extra efforts next year, but there are a number of things which contribute to prevent any great extension of business. The main cause which will contribute to confine the business within present lines is the lack of labor. Turpentine men have more difficulty every year in obtain-ing a supply of labor. There is not sufficient labor in the turpentine belt at present, and the demand is not likely to be supplied. The Carolinas have been drained and agents who go there every season bring back fewer laborers each time." -

TO FIGHT THE ROUND BALE.

OPPONENTS OF THE GIGANTIC TRUST ORGANIZATION.

A Travelling Man Put On the Road to Answer the Farmers' Subject-S. M. Mcuall, of Florence, Selected for the

[Florence Daily Times.] Mr. S. M. McCall, a prominent cotton buyer, has accepted a position to travel the eastern part of this State in

the interests of the standard square bale, 24x54, and will soon enter upon his new duties. Mr. McCall is a warm advocate of the standard bale, and will no doubt do much good for it. The majority of exporters and cotton mill men, Mr. McCall says, have

adopted the square bale and mean to hold to it. The Savannah, Ga., Cotton Exchange also advocates it. Mr. McCall has received hundreds of letters from ginners in Georgia and other States, stating that the round bale system has been cast away as utterly worthless. There is a big fight on between the two systems of baling the staple, but the indications point to a victory for

the standard square bale, in South Carolina at least. This fight is made by the men that do not want to see the South under the yoke of a ginning trust that will have ample power to throttle every farmer. great or small, who raises cotton.

By Telegraph to the morning Star. CHICAGO, August 19 -The Affro American council resumed its session to day with the committee on resolutions deep in earnest conference, and the remainder of the body awaiting the result of the committee's deliberation. Numerous resolutions more or less in condemnation of the national administration, it is said, were shelved dur-ing the night. It was resolved to ing the night. Rev. Ransom and Thornton de nounced Washington as a traitor and trimmer, and the audience gave strong assent to the denunciations. An address was issued at the close of the convention to the American people, covering practically the same ground as has been covered in many of the resolutions passed during the meeting. It denounced lynch law, de-manded better protection for the colored man at the ballot box and in labor unions, and set forth a long list

FATAL FIGHT IN LOUISIANA TOWN

Three Men Were Arrayed On One Side and One Man On the Other.

**OUARTETTE KILLED** 

III the Participants in the Fight Were Men of High Standing-Trouble Grew Out of An Old Grudge Between Two of the Participants.

By Telegraph to the Morning Star. SHREVEPORT, LA., Aug. 19.-News has just reached here from Lake End, Natchitoches parish, of a desperate fight between Callie Brown, Robt. L. Brown and Dr. W. H. Glover on one side, and B. G. Freeman on the other. Freeman shot to kill, and with his first shots Callie Brown and Dr. Glover fell dead. The duel occurred in Free man's store. The third shot from Freeman's rev lver felled Robt. L. Brown, who pleaded with Freeman to spare his life The latter allowed Brown to leave the front door. Brown stepped to the door, firing at Freeman as he went. The latter, though wounded, sent a bullet through Brown's breast. Both then fell dead.

All the participants in the duel were men of high standing. Freeman was a relative of Sheriff Freeman, of Natchitoches parish. Dr. Glover enjoyed a large practice in the commu nity, and the Brown brothers were men of means and respected. The trouble grew out of au old grudge between Callie Brown and Freeman. About an hour before the tragedy cccurred Freeman and Callie Brown had a difficulty in which several shots were exchanged, but neither was hurt. The men summoned their friends and the fight was renewed.

DREYFUS' COURT MARTIAL.

Rumored That Orders Will be Given to Withdraw the Case Against the Prisoner-British Opinion.

By Cable to the Morning Star. LONDON, August 20.-The Paris correspondent of the Sunday Special

"The government, I understand, has decided to arrest General Mercier. It is rumored that orders will be given to withdraw the case against Dreyfus, it having been proved that the docuguilt are forgeries."

Thomas Terrell, Q. C., one of the leading jurists in England, who has attended some of the sessions of the

Dreyfus court martial, says: "There is an air of unreality about the whole proceedings. Dreyfus alone seems to be in earnest. No fierce conflicts of intellect occur between counsel as would be the case in England and in my opinion the president of the court has already decided the question in favor of acquittal. This appears to be the case from his evident anxiety to preserve an air of complete impartiality and though on occasions he is unable to conceal his hostility to the defence, his intention plainly is to ac

quit.
"The court martial is as fair as a special jury sitting without legal assistance can be. The opinions it will form must be feeble and its judgment cannot have the least weight to the

legal mind. "Much prejudice is confounded with patriotism on both sides, but instructions from the superior officials of state will outweigh considerations of legal evidence.'

TROOPS ORDERED TO MANILA

By Telegraph to the Morning Star. WASHINGTON, August 19.-Secre tary Root issued orders to day for the Twenty-seventh the Thirty-first and Thirty-fourth regiments of volunteer infantry to proceed to San Francisco an once. These regiments will sail for Manila when ships are provided.

The Twenty-seventh regiment, commanded by Colonel Bell, is at Camp Meade, the Thirty firstat Fort Thomas, Ky., the Thirty-fourth at Fort Logan, The quartermaster's department today directed that the Glenoble and Tacoma, of the Northern Pacific

By Cable to the Morning Star.

CAPE HAYTIEN, HAYTI, August 19.-The reinforcements of troops sent to the front by the government of Santo Domingo, in the efforts to suppress the revolution, have been defeated and driven back to Monte Christi.

PORT-AU-PRINCE, HAYTI, August 19.—A revolutionary group which as-sembled between Cupey and Esterovasa, in Santo Domingo, has dispersed without fighting and re-entered Haytien territory.
