Thousands have been cured of palpita-tion, liver trouble, shortness of breath, pain in the side, backache, and numerous other complaints by the use of Dr. Pierce's Golden Medical Discovery. This medicine acts directly upon the stomach, the organs of directly and patricips and the blood rich digestion and nutrition and the blood making glands, and the fact that it cures so many forms of disease is the best proof that these diseases originate in the stomach and must be cured through the stomach.

"I had been a great sufferer for several years, and my family doctor said I would not be a living man in two years, but, thank God, I am still living," writes Mr. George W. Trustow, of Lipscomb, Augusta Co., Va. "Dr. Pierce's Golden Medical Discovery is what saved my life. I had heart trouble so bad that I could not lie on my left side without a great deal of pain. I was nearly past work when I commenced your medicine, but I can do about as much work now as any man. I cannot say too much for the benefit I have received."

# STATE PENITENTIARY FOUND GUILTY

Summerell Still Retains His Old Place As Supervisor at the Northampton Farm.

ANOTHER HABEAS CORPUS.

Judge Montgomery Reverses His Decision in Summers Case-Baptist Female College-The Mormons-New Cotton Seed Freight Rate.

[Special Star Correspondence.]

RALEIGH, N. C., Sept. 7. Though it was announced a week ago that Superintendent Day, of the penitentiary, and Governor Russell had held a conference and decided that Summerell must go, he still remains in his old place as supervisor of the Northampton farm. Captain Day is now understood to be determined to take no action in the matter until the investigation of the penitentiary is completed. He says he is "afraid of prejudicing Summerell's case before the committee." Whether the Governor seconds him in this vindicating business cannot

The A. and M. College opened to day with the largest first day attend ance in its history. Already every room in the dormitories is taken. Entrance examinations were held yes terday and 171 stood the examina-Out of this number twenty five failed and were rejected.

Penitentiary Habeas Corpus Case.

At 10 o'clock this morning another habeas corpus case came up before Judge Montgomery, brought by a prisoner in the penitentiary, named John S. Mahan. The case is similar to that of Lee Summers, who was last week released on a similar proceeding. Mahan also, like Summers, is represented by J. C. L. Harris. McMahan was convicted of murder

in 1889 and sentenced to be hanged. Governor Fowle commuted his sentence to life imprisonment and on April 15th, last, Governor Russell commuted it to twelve years. This term Mr. Harris contends is now out if five days per month for good behavior be allowed from the date of the incar-

Heretofore, when a Governor wanted to turn loose a prisoner he would pardon him. Now he simply commutes the sentence of prisoners instead of giving them a pardon, and they go free, while Harris gets the commutation money in the way of fee. This amounted to \$76 in the

Activity of the Mormons. Many people are alarmed at the activity of the Mormons in this and other sections of eastern North Carolina as already noted in the STAR. The elders candidly confess that it has been decided to push the work of spreading their faith in this State with all possible vigor.

The new cotton seed and cotton seed hull rate, promulgated yesterday by the corporation commission, will go into effect on the 15th day of September. It applies to the three principal railroad systems of the State—Seaboard, Southern and Coast Line—and their branches.

Two Negro Rapists.

Melville Parker and Andy Mc Adams, the two negro rapists brought here for safe-keeping from Durham, have been taken back to be tried this week for their crimes. True bills were found against them by the grand jury within an hour after they reached Durham. They will probably be tried

The city recently gave out the con tract for purchase of new road and rock quarry machinery at the cost of over \$3,000. The contract was awarded to an alderman of the city against a number of other bidders. This has caused much criticism, the people generally protesting against permitting any alderman or other officer of the city trading with the city. It opens the door to endless jobbery.

Infected Cattle.

Splenic fever has again broken out iere. Four cows were yesterday discovered with it in a pasture beyond the A. and M. College. One of them is dead and another is very sick. Ticks two weeks old were found on them. Another cow at the Fair grounds was found infected. She was brought last Spring from Moore county. Prompt steps have been taken to stamp out the

[Special Star Telegram.] Judge Montgomery's Decision.

In the habeas corpus case of the convict John Mahan, Judge Montgomery to day reversed his decision of last week in the Lee Summers case. He refused to grant the habeas corpus asked by Mahan, on the ground that the act of the Legislature says shortening of sentence by good behavior shall apply to convicts "sentenced for a term of years." A man whose death sentence is commuted is not sentenced for a term of years. Mahan's term will, therefore, not expire till next December.

The Executive Committee of the Baptist University to day bought property adjoining the University for \$25,000. It is known as the Adams residence, built about fifteen years ago, and was probably, the finest in the city at the time, being made of pressed brick and containing twenty-six rooms. It will be used as a dormitory. The rooms in the building just completed were found insufficient for a large number of boarders. At is ex pected by the president that the number of boarders at the opening will reach one hundred and twenty-five. This will be unparalled in the history of any sectarian school in the South or the first year.

ATLANTIC COAST LINE.

The Recent Purchase of An Interest in the Georgia Railroad Lease.

In an editorial commenting on the recent purchase of a half interest in the Georgia Railroad lease by the Atlantic Coast Line, the Charleston News and Courier says:

That system of roads is operated in its own interest in the first place, and in the interest of Wilmington and her merchants in the second place. It is to its advantage to carry to that city rather than to Charleston every pound of freight, originating from Florence to Atlanta, upon which it can lay its hands, and that it does so cannot be questioned by any one at all familiar with the facts in the case. Charleston has no special reason to complain of this; business is business the world over, and the managers of the Atlantic Coast Line are under no obligation to build up Charleston at the expense of their stock and bondholders.

## AND SENTENCED

Conclusion of the Court Martial of Captain Dreyfus at Rennes.

TEN YEARS' IMPRISONMENT.

May be Pardoned—At All Events Will Not Long be a Prisoner-Verdict Received Without Demonstrations in Paris or Elsewhere in France.

By Cable to the Morning Star

RENNES, September 9.- The expected has happened. Dreyfus has been condemned, but though a majority of those in the court room this afternoon fully expected the verdict they were completely stupefied when it was given, and the silence which prevailed in the room and the way men turned pale and caught their breaths was more impressive than any other mani festation could have been.

As the audience left the court room fully ten or fifteen men were crying openly and the majority of those present walked quietly down the street for more than a block without speak ing a word It was like a funeral pro-

Dreyfus Receives the Verdict.

Meanwhile a tragedy was being enacted in the little room off the court room, where Dreyfus listened to the reading of the verdict. He had been told the result by his lawyers and had wept-bitterly, but when in the presence of the officials of the court martial he listened impressively to the sentence. His wife, who was waiting in the court room in suspense for her husband, bore he news bravely, and visiting Dreyfus, showed the in-lookers who were in the streets no signs of sufferings as she walked from the carriage to the prison.

Matthieu Dreyfus was not present in court this afternoon but visited his brother after the verdict had been ren dered. He found him perfectly calm and without any manifestation of surprise at the finding of the court. The prisoner simply shrugged his shoulders, uttering an expressive "Bah!" adding, as he embraced his brother as the latter was preparing to

leave, "console my wife." Belief That He Will be Pardoned. The general belief is that Drevfus will be pardoned; but this will not satisfy his friends, who vehemently declare that they will continue the battle until the judgment is reversed. The verdict, they say, is directed more against the Jews than against Dreyfus. and if allowed to stand will make Maitre Labori and Maitre Demange took the midnight train for Paris They drove to the station in a closed

The road was practically deserted and no demonstration occurred M. Demange and Labori will to morrow sign an application for a revision of the case although there is no hope that the verdict will be changed Both are much upset, though it can hardly be said that they are surprised.

carriage, escorted by four gendarmes.

The News in Paris.

Paris, September 9.—The boule vards this evening presented an ani nated scene, but on the whole the Rennes verdict was calmly discussed The news that Dreyfus had been convicted was greeted with a deep hum of

approval and joy.

A number of fellows in a cafe tonight started to sing the Marseillaise, and then formed a procession, which the police soon dispersed, and the eaders were arrested and taken to the station. By 11 o'clock the boulevards were deserted.

The representative of the Associated ress here learns on good authority that one of the members of the cab inet to day told a friend that Dreyfus probably would not have to undergo further imprisonment, and that if he was sent to prison his place of confinement would probably be the island of St. Marguerite, near Canais, where Marshal Bazaine was incarcerated and thence escaped. It is generally believed that the

government's attitude toward the court martial rendered the president and members of that body indisposed to accept the instructions and limitations given at the outset of the court martial's proceedings, and that the subsequent request sent to Major Carriere, the government's commissioner, at the trial, to confine himself to the limits laid down by the Court of Cassation, and finally the request that the verdict be delayed until Monday, stiffened the backbone of Colonel Jouanst, who replied that he would not receive orders from any one, and thereupon closed the case.

The Socialists groups met this afternoon and passed resolutions protest-ing against the Rennes verdict and declaring their determination to coutinue the struggle for the protection of republican liberty.

No Disturbances Anywhere.

Reports received at the ministry of the interior indicate that no disturbances have occurred anywhere in the provinces. At Rennes two anti-Dreyfusards insulted La Dame Blanche and afterwards incited a mob to march on the Dreyfusard headquarters, the Hotel

Moderne, but the police and gendarmes quickly and effectually squelched the Newspaper Comment on the Verdict. The Libre Parole says: "The soldiers at Rennes, without fear of reproach. have given the world a fine spectacle and have saved the honor of the army.

The verdict was equal to a second Henri Rochefort, in the Intransi-geant, says that France at last has taken revenge on foreigners. The Petit Journal warns the Dreyusards to accept the verdict quietly, "else the nation, despite the scoundrelly government, will find means to

The Croix, the Jesuit organ, says: 'The verdict proves that in France the army will not prosecute an innocent man. The judges decided without fear of favor as their conscience dictated. The Soir describes the result as "a national victory; all the more striking because won in spite of scandalous government pressure, the expenditure of fabulous sums by a syndicate and

the cynical intervention of Germany. Sympathy for Dreyfus. London, September 9.—A special dispatch from Rome says the sentence pronounced against Dreyfus has produced enormous excitement there and

to Maitre Demange and Maitre Labori. A special dispatch from Berlin says "It is now permitted to be said that the War Office holds documents conclusively proving that Esterhazy and Henry betrayed their trusts, and only the permission of Emperor William is awaited for the publication of documents showing the sentence of Dreyfus to be a brutal act of injustice.

Will Be Soon Released. RENNES, September 9. - It is reported here this evening that as Dreyfus has been condemned to ten years detention and as he has already suffered five years solitary imprisonment, which counts as double the ordinary detention, he will be released at the end of

Meanwhile, unless the president of the republic pardons him, which many think certain, as being the only solution of the present situation, Dreyfus will have to be degraded here again within eight days.

SHOOTING AT SEA GIRT.

President's Match Won by Wilson, of Georgia-Protest In the Hilton Trophy Match.

By Telegraph to the Morning Star. NEW YORK, September 9.-The 'President's match," at Sea Girt, was won by Lieutenant F. C. Wilson, of Georgia, with a score of 267 for both stages, which includes the shooting of

yesterday as well as to-day. Austin

and Richmond, of Savannah, were

second and third respectively. The Georgia team made a formal protest in the Hilton trophy match, but the New Jersey Rifle Association refused to recognize it on the ground that the ranges were visited by the Georgia marksmen between dark and midnight on the night of the match, unauthorized and unaccompanied by a range officer, in violation of the rules. The charge made in the Georgia protest was that the marker scored the shots incorrectly. Governor Voorhees backs up the association in its refusal to entertain a complaint.

After repeated efforts the National Glass Company, the combination of glass table ware manufacturers, is at last a fact. It is to be capitalized at \$4,000,000. Sixteen factories are included in the deal.
