

The divorce evil seems to grow with every year. 7,500 divorces were granted in the State of Ohio last year. We agree that there are faults on both sides, but the great problem is: Are those faults remediable? To a great extent there is no doubt the conditions which result in divorce may be remedied. Given a dyspeptic husband and a wife suffering from female trouble and we have the ready made elements of a divorce case. In view of the facts there can be very little doubt that many women look forward to divorce only because they seek relief from obligations they do not feel fitted to fulfill. Women are not to blame. They have looked forward to their home life as a dream of paradise. Then sease comes like a serpent and destroys

Women who suffer with debilitating drains, inflammation, ulceration, female trouble and bearing down pains, will find certain relief and cure in Doctor Pierce's Favorite Prescription. It so invigorates the organs peculiarly feminine and regulates their functions that they are established lished in a perfectly healthy condition. The old lightness of heart comes back; there's light in the eyes and a smile on the lips. The old irritation and nervousness are gone, and the husband comes to his home as a haven of rest and comfort.

"I was troubled with female weakness, and after taking three bottles of Dr. Pierce's Favorite Prescription I am free from pains," writes Mrs. May E. Jones, 529 Madison Ave., Ypsilanti, Mich. "I had suffered for two years when I began taking your medicine. I could not walk across my room without suffering dreadful pains. Now I do all my housework and walk where I please—thanks to Dr. Pierce's medicine."

MANY COASTING VESSELS LOST IN THE STORM.

Capt. Sanders Returned Yesterday From a Trip Around Stretch of Beach-No Losses of Life Reported.

Capt. W. A. Sanders, who returned from a trip around the coast to Little River, S. C., on his sturdy little steamer, the Seabright, last evening, in addition to bringing the crew of the stranded steamer Catherine Whiting, referred to in another column, brought news of great havoc wrought by Tuesday's storm along the coast.

The two masted schooner Bessie Moore belonging to Capt. Sanders went ashore at 'the mouth of Tubb's Inlet. She was loaded with clams for Wilmington and is probably a total loss. With the wreck of the Moore and a fish and oyster building belonging to him at Tubbs, Capt. Sanders' loss will be between \$350 to \$400. The crew The crew of the schooner Stonewall

consisting of Capt. Laucine Holden and three sailors, who were thought to have been lost with the vessel, are safe having drifted ashore in a small row boat. The Stonewall is bottom up in Shallotte inlet. She was light from Wilmington to Shallotte and belonged to Capt. A. A. Milliken. The schooner Gold Leaf, a two

masted vessel, belonging to Mr. R. R. Stone and Mr. Jesse Wilson is also ost. Capt. A. D. Bessent and crew of three men washed ashore on Futch's beach four miles from Little | delphia, in the presence of nearly 25, River, S. C., and barely escaped with their lives. The Gold Leaf was bound from this port to Little River, S. C., with a general cargo valued at \$1,500 shipped by Wilmington merchants.

The damage at Little River, Capt. Sanders says, is principally to crops. Much cotton growing on swamp lands and consequently slow to open, was badly injured. The clam, fish and oyster interests have also suffered heavily. Capt. Sanders lost another clam and fish house at Little River.

Mr. Ed. Taylor, of the firm of Brooks & Taylor, yesterday received telegram from his partner Mr. J. W. Brooks, stating that the little twomasted schooner Stella Lee, laden with cotton and naval stores from Tubb's, Brunswick county, to Wil mington, was on the beach near the point from which she sailed. It was thought Thursday that the Lee with all hands on board was lost in the recent storm and the STAR stated in this connection that Mr. Brooks, the owner, had gone to Southport to look after his interest in Capt. William Williamson and crew

of two other men, one of whom was a man named James Sommerset, are safe. The schooner encountered the gale, as stated yesterday, off Caswell. When it was seen that it would be impossible for her to ride the storm out safely, Capt. Williamson cut away the masts and sails, threw the deck load overboard and with his men shut himself in the cabin. Tuesday morning they came out and were surprised to find themselves drifting with the derelict near the shore. They steered for the beach and were carried high and dry on the sands.

FUNERAL OF DR. W. C. MCDUFFIE.

[Fayetteville Observer] From St. John's Episcopal Church, Thursday afternoon at 3:30 o'clock, the funeral of the late Dr. W. C. Mc-Duffie took place in the presence of a great concourse of people, gathered together to do honor to the memory of one who for years was a foremost citizen of Chumberland county, a physician of State reputation and a man beloved by all who knew him. Rev. I W. Hughes, the rector, conducted the services. The Independent Company, the physicians of the city, the Knights of Pythias and the Odd Fellows formed the nucleus of a great escort which followed the remains to the grave. NAVAL STORES COMBINE.

Movement in Savannah for a Consolidation of Interests to Dominate Markets at Home and Abroad.

By Telegraph to the Morning Star.

SAVANNAH, GA., November 4 .- A well defined rumor in business circles to day has it that all of the naval stores companies of Savannah, and probably at Brunswick, also, are to be brought into a combination with a large capital. The promoter of the enterprise is understood to be Mr. J. K. Garnett. He has been working up the scheme several days in company with a Mr. Barber, an attorney of Boston. The general plan as it is understood is for the organization of one large company with a capacity of twelve million or fifteen million dollars to buy up all the large factors and form one huge company. It is stated that some of the larger houses in Savannah have given options on their business already. A number of naval stores men give tacit confirmation to the rumor that the deal is on foot. It may consummated during the coming week. Savannah is the leading naval stores market of the world. A consolidation of interess here would dominate the markets at home and abroad.

Judge Simonton Announces Decision in the Railroad Asssessment Ininnction Cases.

By Telegraph to the Morning Star

RALEIGH, N. C., November 4.-U. S. Judge Simonton to-day filed his decision here in the petition of the various railroad companies in the State for an injunction against the North Carolina Corporation Commission and the State officials. Nine railroads in the State filed petitions with Judge Simonton, asking for an injunctio to prevent the Corporation Commission from certifying the 1899 assessment of railroad property to the State auditor and State treasurer, and to prevent the auditor and treasurer from collecting taxes on the 1899 as sessment, and commanding that the railroad assessment of 1897 stand, and that the companies petitioning pay toxes on the 1897 assessment. following were the railroads which prayed for this injunction:

The Southern Railway, the Carolina Central; the Raleigh and Augusta Air Line, the Raleigh and Gasten; the Seaboard and Roanoke; the Roanoke a d Tar River; the Wilmington a d Weldon; the Norfolk and Carolina; the Atlanta and North Carolina. Judge Simonton decides the case in

favor of the railroads. The 1899 assessment of railroad property exceeded the assessment of 1897 by over \$10. 000,000 This was one of the most important cases ever heard in North Carolina. It was argued in Asheville last September.

SERIOUS MATTER FOR THE BRITISH

The Evacuation of Colenso and Complete Investment of Ladysmith.

GEN. WHITE IN A BAD BOX

Boer Commander Has It in His Power to Prevent Any Relief Expedition Reaching Ladysmith-Bombardment of the Place Continues.

By Cable to the Morning Star. LONDON, November 5 -The evacuation of Colenso is andoubtedly a most serious matter for the British in Natal, as it not only testifies to the complete inv stment of Ladysmith by the Boers, but makes the relief of General Sir George Stewart White an extremely

Colenso is the point where the railway from Ladysmith crosses the Tugela town itself is of small importance. It is dominated by the hills on the north side of the river, and so was untenable if the Boers had advanced, as they seemed to have done; moreover, only a small naval and colonial force was stationed at Colenso.

d fficult operation.

The seriousness of the evacuation. however, lies in the fact that Com mandant General Joubert, while com pletely investing Sir George White at Ladysmith, can seize this Tugela bridge and if he has sufficient troops can detach a force and send it southward on Pietermaritzburg, and in any case, by destroying the bridge and railway, can prevent any relief expedition reaching Sir George White for some time.

Military men optimistically predict that General Joubert will withdraw from Natal immediately Sir Redvers Buller's force enters the Orange Free State, but the latter cannot be far on his way for at least three or four weeks, and even then General Joubert may not decide to intercept the British on the Free State's open veldt, which would suit the British admirably, but he may wait, until the last moment and then proceed by train back to Pretoria and take up strong defensive positions on the range of hills lying in front of Johannesburg

Thus General Joubert might re main in Natal several weeks longer, endeavoring to force Sir George White into capitulation, the destruction of the Tugela river bridge help ing him by cutting off Brtish relief. Position is Critical.

Moreover, another Boer terce is re land in the direction of Durban, and already to have reached the Natal frontier. Thus it will be seen the position in Natal, taking into considera tion a possible uprising of the dis affected Dutch, is most disquieting and in fact, may be described as critical. British reinforcements in any number cannot reach Durban before the end

A special from Ladysmith, dated November 2d, morning, says: "Dur-ing the night the boers moved closer to the Brittish positions, and mounted guns in fresh places. Meanwhile the naval guns have been moved to more favorable positions, near the town and commanding some of the Boer bat-
