the specialist in the detection of crime, Sherlock Holmes, is a man who reads clues, as the Indian reads a trail. Every step he takes is a step to success.

It's much the same way in the detection of disease. While the amateur is blundering along over misleading symptoms, the specialist goes right to the real cause and puts an arresting hand upon the disease. It is in such a way that Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., succeeds in hunting out and arresting diseases, where the less experienced practitioners fail. More than thirty years of special study and experience have enabled Dr. Pierce to read symptoms as easily and as truly as the Indian reads a trail which is without a hint for a less acute vision than his. Any sick person can consult Dr. Pierce absolutely without charge. Each letter is read in private and answered in private. Its contents are held as sacredly confidential. It is answered with fatherly feeling as well as medical skill and the reply is sent sealed in a perfectly plain envelope, that there may be no third party to the correspondence. THE MOTHER HEART.

BY MARGARET E. SANGSTER.

Nobody sits in that little arm chair; It stands in a corner dim: But a white baired mother gazes there. And yearningly thinking of him. Sees through the dust of long ago The bloom on her boy's sweet face, As he rocks so merely to and fro,

With a laugh that cheers the place. Sometime he holds a book in his hand, Sometimes a pencil and slate; And the lesson is hard to understand. And the figures hard to make; But she sees the nod of the father's

THE INVESTMENT OF KIMBERLEY.

Boers' Artillery Shelled the Town But Caused No Great Damage.

THE SITUATION AT MAFEKING.

Boers' Attack Repulsed With Severe Loss. British Loss Was Slight -No Advices from Ladysmith - More Troops En Route to Durban.

By Cable to the Morning Star.

LONDON, Nov. 11.-The day has brought forth no great news, and little change has taken place either in Natal or on the North and Northeast ern frontiers of Cape Colony. The chief fact is the opening of the boin bardment of Kimberley on Tuesday by Free State artillery, which proved according to an official statement, ut terly ineffective. The Boer invest ment of the town, however, is said to

be lightening. Skirmishing between the Kimberley mounted troops and the Boers early in the week resulted in severe Boer losses, the British force losing one killed and one wounded

Advices from Orange river confirm the report of the Free State troops, advance upon the north of Cape Colony, but owing to the retirement of the British forces from the borderland, no serious collision has yet occurred The coming week, however, is cer tain to see important development in this district.

An official dispatch recording a skirmish near Belmont, in which Colonel Falconer was killed, three other officers were wounded-one dangerously-and two privates slightly wounded, is far from clear. It is not known whether Colonel Falconer was preparing for a British advance or was merely endeavoring to ascertain the numbers of the Boers. It is considered somewhat remarkable that four out of the six casualties should have happened to officers, and this is thought to need some explanation.

The British lost a good man in Colonel Falconer, who was a cousin of the Earl of Kintore. He did good service in the Soudan under General Kitchener, from the Dongola expedition to the capture of Berber.

The dispatch from Mafeking show, that Colonel Baden Powell's little force is still not merely holding its own, but is daily inflicting more or less severe punishment upon the Boers, whose artillery has apparently proved valueless.

Nothing has filtered through to-day from Ladysmith, which everybody expects to be the theatre of thrilling events during the coming week. Transports carrying 3,000 British troops are already enroute to Durban. having passed Cape Town and the Boers must strike a decisive blow at Lady smith now or never.

Situation at Colenso.

ESTCOURT, NATAL, Tuesday, Nov. 7.

-An armored train manned by an engineering staff and a company of the Dublin fusiliers under Captain Hensley returned here to night. It reports that it found the stores at Freere looted apparently by Kaffirs, and met cylists patrols who reported that the Boers were on the Springfield road five miles away. The train proceeded cau tiously and found the Blue Spruit bridge intact. The train frequently stopped and Captain Hensley examined the road before proceeding.

At Colenso, Capt. Hensley inspected Fort Nicholson, and proceeding, found the line cut a mile south of Colenso. Two lengths of the rail on each line had been lifted and placed out of

From information obtained from Kaffirs, it appears that the Boers left the vicinity of Colenso early this morning, proceding in the direction of Buluwan mountain, and that Captain Hensley found Colenso absolutely de

Bombarded Kimberley.

BARKLEY WEST, November 7 .- A dispatch received from Kimberley says: "General Cronje seut a message to Colonel Kekewich, calling on him to surrender before 6 o'clock in the morning (to-day); otherwise the town would be shelled, the women and children remaining at Kekewich's risk. The Boers, it was added, surround Kimberley in great force, with heavy artillery. PRETORIA, November 7.—The bom

bardment and attack on Kimberley began this morning. LONDON, November 11.-The follow-

Troops Arrive at Cape Town.

LONDON, November 11.-It is offi cially announced that the troop ships Yorkshire, Lismore Castle and Aurania have arrived at Cape Town with 3,676 troops. The two steamers first named immediately proceeded to Durcan. It is supposed the Aurania's troops will be landed at Cape Town. Shelling Mafeking.

CAPE TOWN. November 8.-News received from Mafeking, undated, says that on Monday the Boers shelled the town. One Boer gun was knocked out of action and the Boers retired but were reinforced, attacked again and were again repulsed. Tuesday they shelled the Cangan kopje, with little damage. Wednesday there was a gendamage. Wednesday there was a general attack under the cover of artillery, but it was repulsed by the maxims and Hotchkiss guns. The Boer loss was fifty killed. The British loss was slight. Thursday shelling by a heavy gun was renewed and the Boers massed with the intention of making an attack, but this was prevented by a thunder storm. Friday there was desultory rifle fire and an occasional shell, but there was little less of life, due to the excellence of the shelter in the trenches. The health and spirits of the troops are good.

PAINE'S CELERY COMPOUND RELIEVES PAIN.

Mrs. Margaret Bethel, of Brainerd, Minn., writes:

"For thirty years I have been a great sufferer from neuralgia in the head and also with rheumatism in the whole body, I began taking Paine's Celery Compound, and soon found that I was much better. Before taking the Compound, my life was such a burden that I almost prayed to lay it down. I was bedfast every two weeks with horrible pain in the head, back and neck until I was almost crazy. I am able to do harder work and more of it to-day than for twenty-five years. I am really enjoying life again, thanks to Paine's Celery Compound. am satisfied that my life has been prolonged many years by its use."

Paine's Celery Compound is a great reconstructant. The weakened, inflamed nerves are built up and the nervous force increased. The stomach, liver and kidneys are kept in healthy action. The body is kept free of acid blood and morbid waste material; is made healthy and free from pain.
