devoted to the culture of best sugar...

It is true that the rough refuse of the brewer's, the distiller's and sugar mill's can be utilized to some extent as food for animals, but there is no disputing the fact that these three forms of manufacture neutralize to an important degree the food producing power of German agriculture.

While the population of Germany has nearly trebled the productivity of the soil has increased fourfold, and the question with Germany is, in view of the probable steady increase in population, if the relative increase in the productivity of the soil can be kept up. The main object in encouraging intensive farming is to produce a sufficiency of food supplies at such a price as the average people who are dependent upon their daily earnings can afford to pay for, and at the same time give the producer of the food stuffs reasonable compensation for his industry and labor.

The diversion of much of the food supplies given to other purposes, will reduce to that extent the available supplies of food, which will be the case not only in Germany but in other European countries whose populations will continue to increase, so that they will be compelled to look to this hemisphere to supply the shortage, as it is doing now on a less extended scale.

In view of this fact, and of the increasing demand for home consumption resulting from the natural increase of population supplemented by a large annual increase by immigration, there is no room for doubt that in the near future there will be a large demand for food supplies which will tax the productive capacity of the soil no matter how fertile it may naturally be, and therefore it will be the part of wisdom to encourage the intensive system of farming and make it as general as possible.

A TRIUMPHAL BEGINNING.

Last Monday the campaign for White Supremacy in this State was formally opened at Burlington, Alamance county, historic ground, where the Regulators more than a century and a quarter ago regulated things and struck to right wrongs.

Nearly all the nominees for State offices, from Governor down, were there and were enthusiastically welcomed by thousands of earnest, patriotic white men and women, dwellers in the towns and on the farms, all animated by the same high purpose and inspired by the same cherished hope and filled with the same stern resolve that North Carolina shall and must be governed by her own white sons.

Speeches were made by Charles B. Aycock, candidate for Governor, and by other gentlemen on the ticket with him, which met with a hearty response by the large assemblage of people, showing that even thus early in the campaign they are alive to the importance of the great issue on which the battle will be fought.

It is the intention to continue this triumphal tour throughout the State, visiting all such points as practicable. From Burlington the candidates went in a body to Winston, continuing on to towns in the Western part of the State, after which other sections will be visited.

Cumberland and adjoining counties will give them a royal welcome on the 30th inst., and on the 2nd of May they will be with us in this city when the stalwart Democracy of this section and the white men who are in accord with us in this battle for white supremacy must give them a royal welcome, too. And we will.

ANTI-IMPERIALISM WITH A STRING TO IT.

Senator Hoar is an anti-imperialist. He is opposed to the McKinley policy of forcible expansion, and opposed to the un-American doctrine of taking in and ruling any other people without their consent, a doctrine to which his party is now fully committed.

In the conclusion of his anti-imperialistic speech in the Senate Tuesday he reiterated with emphasis all he had previously said in opposition to imperialism, and laid down the platform on which his party should stand in its treatment of the expansion question, a platform which is substantially in accord with the Democratic position, a platform which he knows his party will not adopt because it is irrevocably committed to the policy of powder and shot and brute force, but yet he declares that he looks to the Republican party to right the wrong he decries and establish in the Philippines the liberty and independence which his party is fighting to destroy.

Senator Hoar and his voluble mouth have as little influence in shaping the expansion policy of his party as the bullets fired by British soldiers in South Africa have on the boulders they hit and are flattened against. In his theory the old gentleman is all right, in the line of action he proposes to follow he is all wrong.

KNOCKED DOWN AND ROBBED.

A White Man Procured Warrant for the Alleged Highwayman.

Mr. A. Odum, a white man, formerly of Brunswick county and aged about 50 years, reported to Justice Borne-mann last night about 10 o'clock that he had been knocked down, his pockets cut and robbed of between \$5 and \$6 in money. Mr. Odum lives on Eighth between Queen and Wooster streets, and says that he was returning to his home when he was set upon about 9 o'clock on Queen between Seventh and Eighth streets by a negro and a white man with the results as stated.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting, and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run-down people. Only 50 cents. Sold by R. B. BELLAMY, druggist.

PRODUCE EXCHANGE.

First Meeting of the New Board of Managers for the Fiscal Year.

MR. WORTH'S RESIGNATION.

Declines to Serve as President of the Organization—Important Ruling as to Spirits of Turpentine in Oil Barrels—Other Matters.

There was a meeting yesterday afternoon of the Board of Managers of the Produce Exchange, but very little business of public interest was transacted. It was the first meeting of the new fiscal year, and therefore the regular time for the appointment of committees and for the election of a secretary, but it was thought best to postpone these matters until a subsequent meeting, and the board adjourned, subject to call of the chairman.

It is understood that Mr. C. W. Worth, the newly elected president of the Exchange, has declined to serve in that capacity on account of a press of other business engagements, and it is expected that at the next meeting another president will be elected. Col. Walker Taylor presided at the meeting yesterday afternoon and besides the transaction of a number of routine matters, Mr. D. McEachern was elected to a position on the Board of Managers in place of Mr. John E. Crow, who declines to serve.

MARRIED IN ST. JAMES.

Miss Kate DeRosset and Mr. Charles Scott Plighted Their Troth at Hymen's Altar Yesterday Evening.

Historical old St. James' Church was thronged last evening at 6 o'clock with friends, relatives and others, who gathered to witness the marriage of Miss Kate DeRosset, the accomplished daughter of Col. and Mrs. W. L. DeRosset, of this city, to Mr. Charles Alonzo Scott, a popular and prominent cotton mill man of Graham, N. C.

Prevented a Tragedy.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are the positive proof of the matchless merit of this grand remedy for curing all throat, lung and chest troubles. Price 50 cents and \$1.00. Trial bottles 10 cents at R. B. BELLAMY'S drug store; every bottle guaranteed.

BUTLER TALKING "ROT."

Says the Rep-Pop. Conference Could Not Agree on Fusion in North Carolina. There Will Be Only One Ticket.

WASHINGTON, D. C., April 16.—Although the conference of Republicans and Populists, held in this city, could not agree to a fusion, it is very probable that there will be but one ticket nominated.

Senator Butler to-day, in speaking of the conference, said he was very sorry they had not reached an agreement. He said that the Populists presented the name of Cyrus Thompson for Governor, but that Senator Fritchard and his friends wished Congressman Linney nominated, and in support of their claim set up the fact that they polled the largest vote and were entitled to the head of the ticket. The Senator said this point kept them in session two days; that he tried to impress upon the Republicans that without fusion the Democrats were sure to win, but that his argument was of no avail.

DIED IN JACKSONVILLE, FLA.

Mr. John Prigge, Formerly of Southport, Passed Away Sunday Afternoon.

News was received in the city yesterday of the death in Jacksonville, Florida, on Sunday last of Mr. John Prigge, who for a number of years was engaged in merchandising at Southport, and who has a number of relatives here and in Brunswick county. Mr. Prigge was a brother of the late G. Prigge, of Wilmington, and was in the seventy-first year of his age. He was highly esteemed by all who knew him and was a member of the Southport Methodist Church and of Pythagoras Lodge No. 249 A. F. & A. M., of that town, in both of which he retained his membership until the time of his death. He was never married and moved from Southport to Jacksonville in 1882. The only surviving members of the immediate family are four nieces, Mrs. George K. West, of this city, Mrs. Asa Dasher and Mrs. C. J. Piver, both of Southport, and Mrs. L. P. Swan, of Suburb, Brunswick county. He also has two nephews, whose residences are unknown.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives.

A prominent Republican is authority for the statement that one of the causes of the Republicans and Populists not agreeing at the recent conference held in this city was caused by the action of the Republican National Committee, who informed Senator Fritchard that they did not desire a fusion and could not understand why the Republicans should fuse with a party that was an ally of the national Democracy and a supporter of William Jennings Bryan. Also, that the fusion was but a scheme to help Senator Butler and could not possibly help any one else.

ADJOURNED AT 12.40 P. M.

The Important Hearings for the Most Part Have Been Continued Until the Next Term—Suit of Mrs. Hales Against Captain Harper.

The Superior Court convened again yesterday morning at 9.30 o'clock, but as on the previous days of the term, there was a dearth of interesting cases in hearing. Albright, and the one excused was Mr. D. O'Connor.

The following is the docket as disposed of during the session and at 12.40 o'clock in the afternoon a recess was taken until this morning at 9.30 o'clock. George P. Cotchett vs Virginia-Carolina Chemical Company—continued for the defendant on account of the absence of H. A. M. Smith on affidavit.

Laura Gertrude Hales vs J. W. Harper—continued on affidavit of Capt. J. W. Harper as to the absence of Wm. Kure; defendant to pay costs of this term. Case set for first Monday of next term. W. F. Alexander vs J. W. Plumer Jr.—Questions submitted to jury and answered as follows: "Did the defendant surrender possession of the leased premises to plaintiff or his agent, Smith, at expiration of the lease?" Answer, "No."

"What sum for rent is plaintiff entitled to recover?" Answer, \$118.50. The following jury was summoned by Sheriff MacRae for duty to-day: W. W. Lemmond, J. W. Branch, J. T. Burke, H. B. Shepard, David C. Clark, J. C. Stewart, A. J. Shepard, W. L. Parsley, J. T. McCumber, R. P. McClammy, Edward Hansley, O. D. Owen, W. J. King, Jas. G. Walton, M. Brewer, D. B. Holland, W. B. Savage and H. H. Kelley.

The cases for hearing to-day are not of special interest and a short day's session is contemplated.

SEVEN RUNNING SORES CURED

Johnston's Sarsaparilla

THE GREAT SPRING MEDICINE. JOHNSTON'S SARSAPARILLA as a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered. It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "tired feeling," those "sinking spells," the languor and despondency which arise from badly nourished nerves, from thin, vitiated blood and an underfed body, vanish as if by a magic spell. The weariness, lassitude and nervous prostration which accompany the spring, time and the heat of summer, are conquered and banished at once. For every form of neurosthenia, and all ailments of the brain and nerves, hysteria and nervousness generally, it is almost a specific. It furnishes the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action; it makes rich, red, honest blood. Newness of life, new hope, new strength follow its faithful use. It makes the weak strong, and the old young again.

It was the antiquated (but now happily exploded) method in the good old times, to treat Salt Rheum, Scrofula, Cancer and other troublesome disorders arising from BLOOD TAIN with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing can be more terrible than a severely destructive blood taint. It not only attacks and destroys the different structures of the body, but many times the bones are honey-combed and decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint, that is, PURIFICATION! Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then peaceable." The great restorative, reconstructive and vitalizer of the blood, JOHNSTON'S SARSAPARILLA, not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other mineral poisons and fills the veins and arteries with the ruby, glowing current of vitality. "The blood is the life." Good health means pure blood. The old and reliable remedy, JOHNSTON'S SARSAPARILLA, is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

BLOOD POISON CURED BY JOHNSTON'S SARSAPARILLA. By Mrs. M. C. Smith, October 31, 1894. Williams, Davis, Brooks & Co., Detroit. Gentlemen—After I had used JOHNSTON'S SARSAPARILLA for Blood Poison, cured by me and entirely cured. I know it is what cured me. Yours truly, M. C. SMITH, 1207 BROADWAY, NEW YORK.

NEWBERN FAIR OPENED.

Fine Weather—Large Crowd—Opening Address—Street Parade—Exhibits. Special Events.

NEWBERN, N. C., April 17.—The thirteenth annual exhibition of the Newbern Fair Association was opened to-day under the most auspicious circumstances. The weather is all that can be desired and the crowd is large. Col. Jno. S. Cunningham delivered the opening address, the greater portion of which was devoted to farming interests in Eastern North Carolina. His address was well received. Col. Cunningham was introduced by Hon. D. L. Ward, of Newbern.

The street parade was the best ever seen in this city. There were a great many decorated carriages in which rode a hundred or more of the young ladies and children of the town. The evening trains coming to Newbern were crowded with visitors. Tomorrow there will be special over both railroads, and an enormous attendance is expected. The exhibits are very good in all the departments while the race programme is complete and names some of the best horses in the State.

The first dance given the visitors was held to-night at the Planter's washhouse. Wednesday evening Hon. Jas. A. Bryan, tenors Col. Cunningham and reception in which there will be present many of the prominent Democrats of the State.

Newbern, N. C., April 18.—To-day's attendance at the Newbern Fair was the largest ever known for Wednesday in the history of the Association. Nearly all of the Eastern towns of the State are represented among the visitors and the citizens of the town have thrown their doors wide open for the reception of the strangers.

The military companies of Goldsboro, Elizabeth City and Washington are here upon the invitation of the Newbern company. To-day there was a competitive drill among them for a flag. The Goldsboro company, for general excellence in appearance, conduct and efficiency in military tactics, was awarded the prize. The other companies did so well that it was a hard contest to decide. The officers of the Goldsboro company are Captain C. J. Griswold and Lieutenants T. E. Tudor and F. M. Miller.

The best of good order prevails. Notwithstanding there are several thousand strangers in town, only two arrests have been made to-day. A grand ball will be given the visitors Wednesday evening. President J. A. Bryan's reception to Col. Cunningham and other well known Democrats was a brilliant affair. Thursday will be the biggest day of the week.

When others fail, take ROBERTS' TALESTEE CHILL TONIC. It cures chills, fevers, malaria and general bad health. It gets rid of the malarial material that makes ROBERTS' a success. Don't take a substitute. R. B. BELLAMY.

DEMOCRATIC RATIFICATION MEETING.

Fayetteville, N. C., April 30th.—Mounted Procession—Old Time Welcome. The Democratic candidates for State offices—Governor, Lieutenant Governor, Secretary of State, Treasurer, Auditor, Attorney General, Commissioner of Agriculture, Commissioner of Labor and Printing, two Corporation Commissioners—will address the people of this section of North Carolina at Fayetteville, Monday, April 30th, and the people of Cumberland, Robeson, Scotland, Richmond, Sampson, Bladen, Harnett and Moore, and other counties are invited and expected to join in extending these representatives of the white womanhood and manhood of North Carolina an old time Highland welcome, such as we used to give the lamented Vance in the days of yore.

A mounted escort will attend the candidates to the grounds, and it is likely that many a "red shirt" will be seen among the crowd, as it will tend to emphasize where we stand on the burning question of White Supremacy. The ladies are cordially invited to come out and hear these advocates of all that is noble and good in our civilization, as special provision will be made for them. The men should come prepared to join the mounted procession; but come anyway and give one day to the white women and men of North Carolina, and let us declare to the world thus early in the campaign how this section shall go.

Chas. H. Cook, Hon. Chm. Exc. Com. E. R. MACKETHAN, Secretary. Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at R. B. BELLAMY'S drug store.
