## Hopeless and Helpless.

The consequences of a diseased condition of the stomach and digestive and nutritive system are most disastrous to the whole body. One by one every organ may become involved. The misery is maddening. The most extreme cases of "stomach trouble" and the evils resulting from it have been cured by Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, purifies the blood and builds up the body with sound healthy flesh.

"I was taken with severe headache," writes Thomas A. Swarta, Box 103, Sub-Siation C. Coumbus Ohio, theu cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my back got weak so I could scarcely get around. I just gave money to the doctors whenever I thought they would do me any good, but the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of chair, and I got so thin I had grown by to die, thinking that I could not be cured. Then I saw one of my mightor boys and he said, "Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself." The first bottle helped me so I thought I would get another, and after I had taken eight bottles in about six weeks I was weighed and sound I had gained twenty-seven (2) pounds. I have done more hard work in the past eleven months than I did in two years before, and I am as stoutand healthy to-day, I think as I ever was."

MARGARET E. SANGSTER.

Sometimes I am tempted to murmur That life is flitting away, With only a round of trifles Filling each busy day; Dusting nooks and corners, Making the house look fair. And patiently taking on me The burden of woman's care.

Comforting childish sorrows, And charming the childish heart With the simple song and story Told with a mother's art; Setting the dear home table And clearing the meal away, And going on little errands In the twilight of the day.

One day is just like another! Sewing and piecing well Little jackets and trousers, So neatly that none can tell Where are the seams and joinings Ah! the seamy side of life is kept out of sight by the mag Of many a mother and wife!

And oft when ready to murmur That life is flitting away. With the self-same round of duties Filling each busy day, With the grace of a thought divine:

"You are living, toiling, for love's And the loving should never repine. 'You are guiding the little footsteps In the way they ought to walk; You are dropping a word for Jesus In the midst of your household talk;

Living your life for love's sake

Till the homely cares grow sweet, And sacred the self-denial That is laid at the Master's feet."

## Shipped to Japan for Service in China or the Philippines.

By Telegraph to the Morning Star. Washington, July 7.—Quartermaster General Ludington has just shipped to Japan, for service either in China or the Philippines, two complete American pack trains of fifty packs each. The animals and attendants sailed to day on the steamship Lenox from Portland, Oregon, direct to Kobe, Japan, where further orders will be sent as to the ultimate destination of the outfit. The pack trains are similar to those that proved so useful in the Luzon campaigns, representing the type of transportation developed on the prairies of the West, and are expected to prove of the greatest service in case United States troops are

## A DECLARATION OF PRINCIPLES.

Platform of the Democratic Party Unanimously Adopted by **National Convention** 

WITH GREAT ENTHUSIASM.

Chicago Platform Reaffirmed Specific Declaration for 16 to 1-Opposition to Imperialism the Paramount Issue--Trusts Condemned.

By Telegraph to the Morning Star The following is the official text of the platform as agreed upon by the Committee on Resolutions and presented to the convention:

We, the representatives of the Democratic party of the United States, assembled in national convention, on the anniversary of the adoption of the Declaration of Independence, do re-affirm our faith in that immortal proclamation of the inalienable rights of man, and our allegiance to the constitution, framed in harmony therewith by the fathers of the republic. We hold with the United States Supreme Court that the Declaration of Independence is the spirit of our govern-ment, of which the constitution is the form and letter. We declare again that all governments instituted mong men derive their powers from the consent of the governed; that any government not based upon the consent of the governed is a tyranny; and that to impose upon any people a government of force is to substitute the nethods of imperialism for those of a republic. We hold that the constitution follows the flag and denounce the doctrine that an executive or Congress, deriving their existence and their powers from the constitution, can exercise lawful authority beyond it, or in violation of it. We assert that no nation can long endure half-republic and half-empire, and we warn the American people that imperialism abroad will lead quickly and inevitably to despotism at home.

## Porto Rico Law.

Believing in these fundamental principles, we denounce the Porto Rico law enacted by a Republican Congress, against the protest and opposition of the Democratic minority, as a bold and open violation of the nation's organic law and a flagrant breach of the national good faith. It imposes upon the people of Porto Rico a government without their consent and taxation without representation. It dishonors the American people by repudiating a solemn pledge made in petition, control the price of all matheir behalf by the commanding gen terial, and of the finished product, eral of our army, which the Porto Ricans welcomed to a peaceful and unresisted occupation of their land. It doomed to poverty and distress a people whose helplessness appeals with peculiar force to our justice and magnanimity. In this, the first act of its imperialistic platform, the Republican party seeks to commit the United States to a colonial policy, inconsistent with republican institutions and condemned by the Supreme Court in

## Cuba and the Philippines.

We demand the prompt and honest fulfillment of our pledge to the Cuban people and to the world, that the United States has no disposition nor intention to exercise sovereignty, jurisdiction, or control over the island of Cuba except for its pacification. The war ended nearly two years ago, profound peace reigns over all the island, yet the administration keeps the government of the island from its people while Republican carpet bag officials plunder its revenues and exploit the colonial theory to the disgrace

of the American people.

We condemn and denounce the Philippine policy of the present administration. It has involved the republic in unnecessary war, sacrificing the lives of many of our noblest sons, and places the United States, previously known and applauded throughout the world as the champion of freedom, in the false and un-American position of crushing with military force the efforts of former allies to achieve liberty and self-government. The Filipinos cannot be citizens without endanger ing our civilization; they cannot be subjects without imperilling our form of government, and as we are not willing to surrender our civilization or to convert the republic into an empire, we favor an immediate declaration of the nation's purpose first, a stable form of government; second, independence; and third, protection from outside interference; such as has been given for nearly a century to the republics of

Central and South America. The greedy commercialism which dictated the Philippine policy of the Republican administration attempts to justify it with the pleathat it will pay, but even this sordid and worthy plea fails when brought to the test of facts. The war of criminal aggression against the Filipinos, entailing an annual expense of many millions, has already cost more than any possible profit that could accrue from the entire Philippine trade for years to come. Furthermore, when trade is extended at the expense of liberty the price is always

We are not opposed to territorial ex-pansion when it takes in desirable territory which can be erected into States in the Union and whose people are willing and fit to become American

The Paramount Issues.

We favor expansion by every peace ful and legitimate means, but we are unalterably opposed to seizing or pur-chasing distant islands to be governed outside the constitution and whose people can never become citizens.

We are in favor of extending the republic's influence among the nations, out believe that influence should be extended not by force and violence but

through the persuasive power of a high and honorable example. The importance of old questions now pending before the American people is in no wise diminishing, andthe Democratic party takes no backward step from its position on them, but the burning issue of imperialism, growing out of the Spanish war, involves the very existence of the republic and the destruction of our free institutions. We regard it as the paramount issue of the campaign

mount issue of the campaign.

The declaration in the Republican platform, adopted at the Philadelphia Convention held in June, 1900, that the Republican party steadfastly adheres to the policy appropriate the parameters and the parameter than the publican parameter than the para heres to the policy announced in the "Monroe Doctrine," is manifestly insecure and deceptive. This profession is contradicted by the avowed policy of that party in opposition to the spirit of the Monroe Doctrine to acquire and of the Monroe Doctrine to acquire and hold sovereignty over large areas of territory and large numbers of people in the Eastern hemisphere. We insist on the strict maintenance of the Monroe Doctrine and in all its integrity, both in letter and in spirit, as necessary to prevent the extension of European authority on this continent, and essential to our supremacy in American affairs. At the same time we declare that no American people shall ever be held by force in unwilling subjection to European authority. For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle-hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's-its superiority excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States No Cure, No Pay. Price, 50c.

Oppose Imperialism.

We oppose imperialism. It means conquest abroad and intimidation and oppression at home. It means the strong arm which has ever been fatal to free institutions. It is what millions of our citizens have fled from in Europe. It will impose, upon our peace-loving people a large standing army and unnecessary burden of taxation and be a constant menace to their liberties. A small standing army and a well disciplined State militia are simply sufficient in time of peace This republic has no place for a vast military service and conscription.

When the nation is in danger the volunteer soldier is his country's best lefender. The National Guard of the United States should eyer be cherished in the patriotic hearts of a free people. Such organizations are ever an element of strength and safety. For the first time in our history and co eval with the Philippine conquest has there been a wholesale departure from our time honored and approved system of volunteer organization. denounce it as un American, un-Democratic and un republican and as subversion of the ancient and fixed principles of a free people.

Trusts Vigorously Condemned. Private monopolies are indefensible and intolerable. They destroy competition, control the price of all mathus robbing both producer and con sumer. They lessen the employment of labor and arbitrarily fix the terms and conditions thereof and deprive individual energy and small capital of their opportunity for betterment. They are the most efficient means yet devised for appropriating the fruits of industry to the benefit of the few at the expense of the many, and unless their unsatiate greed is checked all wealth will be aggregated in a few hands and the republic destroyed. The dishonest paltering with the trust evil by the Republican party in State and national platforms is conclusive proof of the truth of the charge that trusts are the legitimate product of Republican politics, that they are fostered by Republican laws, and that they are protected by the Republican administration in return for campaign sub-

scriptions and political support. We pledge the Democratic party to an unceasing warfare in the nation, State and city against private monopo ly in every form. Existing laws against trusts must be enforced and more stringent ones must be enacted providing for publicity as to the affairs of corporations engaged in inter-state commerce, and requiring all corporations to show, before doing business outside of the State of their origin that they have no water in their stock and that they have not attempted to monopolize any branch of business or the production of any articles of merchandise; and the whole constitutional power of Congress over inter-state commerce, the mails and all modes of inter state communication shall be exercised by the enactment of laws upon the subject of trusts. Tariff laws should be amended by putting the products of trusts upon the free list to prevent monopoly under the plea of

The failure of the present Repub lican administration, with absolute control over both branches of the national government, to enact any legislation designed to prevent or even curtail the absorbing power of trusts and illegal combinations or to enforce the anti-trust laws already on the statute books, prove the insincerity of the high sounding phrases of the Republican platform.

Corporations should be protected in all their rights and their legitimate interests should be respected, but any attempt by corporations to interfere with the public affairs of the people or to control the sovereignty which creates them should be forbidden under such penalties as will make such attempts impossible.

The Tariff.

We condemn the Dingley tariff as a trust breeding measure skilfully 'derised to give the few favors which they do not desire and to place upon the many burdens which they should

We favor such an enlargement of the scope of the inter state commerce law as will enable the commission to protect individuals and communities from discriminations and the public from unjust and unfair transportation

Chicago Platform Reaffirmed We reaffirm and endorse the principles of the National Democratic platform adopted at Chicago in 1896, and we reiterate the demand of that plat form for an American financial sys tem, made by the American people for themselves, which shall restore and maintain a bimetallic price level as part of such system, the immediate restoration of the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1, without the aid or consent of any other nation.
We denounce the currency bill en-

acted at the last session of Congress as a step forward in the Republican policy which aims to discredit the sovpolicy which aims to discredit the sovereign right of a national government to issue all money, whether coin or paper, and to bestow upon national banks the power to issue and control the volume of paper money for their own benefit. A permanent national bank currency, secured by government bonds, must have a permanent debt to rest upon, and if the bank currency is to increase with population and busito increase with population and busito increase with population and business, the debt must also increase. The Republican currency scheme is, there fore, a scheme for fastening upon the taxpayers a perpetual and growing debt for the benefit of the banks. We are oppose to this private corporation paper, circulated as money but without legal tender qualities.

We favor an amendment to the Federal constitution providing for the election of United States Senators by a direct vote of the people.

We are opposed to government by

injunction; we denounce the black list and favor arbitration as a means of settling disputes between corporations

and their employes.

We recommend that Congress create
a department of labor in charge of a secretary with a seat in the cabinet, believing that the elevation of the American laborer will bring increased prosperity to our country at home and our commerce abroad.

We are proud of the courage and fidelity of the American soldiers and sailors in all our wars; we favor liberal pensions to them and their dependents. We favor the immediate construcion, ownership and control of the Nicaraguan canal by the United States. We condemn the Hay-Pauncefote treaty as a surrender of American

by the American people.

We denounce the failure of the Republican party to carry out its pledge to grant statehood to the territories of Arizona, New Mexico and Oklahoma. We favor home rule and a territorial form of government for Alaska and Porto Rico.

ights and interests not to be tolerated

We favor the continuance and strict enforcement of the Chinese exclusion law and its application to the same classes of all Asiatic races. We especially condemn the ill-con-

cealed Republican alliance with England, which must mean discrimination against other friendly nations and which has already stifled the nation's in Africa. We denounce the lavish appropria

tions of recent Republican Congresses which have kept taxes high and which strengthen the perpetuation of the op pressive war levies. We oppose the accumulation of surplus to be squandered in such bare faced frauds upon the tax-payers as

the false pretence of prospering American shipbuilding, would put unearned millions into the pockets of favorite contributors to the Republican campaign fund. We favor the reduction and speedy repeal of war taxes and a return to the time-honored Democratic policy of

PRACTICAL FUSION AGREED.

Bryan and Towne May Be the Presidential Ticket in Some of the Western States.

By Telegraph to the Morning Star. KANSAS CITY, Mo., July 7 .- Practical fusion between the Populist and Democratic parties on the Presidential ticket has been decided upon by the Populist National Committee. Unless

present plans are changed, however,

the Democratic Vice Presidential can

withdraw his name as the candidate of the Populist party, as this, it is feared, would result in a large defection to the middle-of-the road Populists.
In case Mr. Towne decides to with draw his name as the Vice Presidential candidate of the Populist party the National Committee will select an-other candidate. The sentiment apparently is against the endorsement of Mr. Stevenson on account of the peculiar conditions existing in several of the Western States, notably Kansas Nebraska and South Dakota, where the Populist vote is larger than the Democratic, and where the Populist leaders fear the straight endorsement of the Democratic ticket nominated would jeopardize the success of the ticket. But the parties will work together in this way: The States where the Populist strength is the greater, the understanding will be the electors on both tickets will favor Bryan and Towne. This will apply specially to the Western States.
